Our apologies to our correspondent at Meservey, Mrs. Moody Quandt, as well as persons interested in the Stadtlander-Sido wedding. The story in the paper under the Meservey news was complete last week, but because of one of those things that happens sometimes in organizing and putting the news together, a couple of other items got mixed in with the wedding story.

Jim Mariga informs us that the first volunteer fire company in this country was organized three hundred years ago.

We have in our possession at the Independent office a complimentary ticket to "Retired Fireman" for the 29th annual Fireman's Ball which was held at the Belmond Opera House on January 27th, 1909 which would make Belmond's volunteer fire company 69 years old.

Bill McBride, student at State University of Iowa, who is on the Staff of the University's Information Service and also writes a column for the "Daily Iowan" sent us an account of the doings, scholastic and otherwise, of nine of the University's 11,000 students who come from Belmond. McBride's article may be found elsewhere in this issue.

Christmas cards were sent and received in Belmond by the thousands, but I think none were more appreciated than those given to his customers by Vernon Dippel, one of the local Des Moines Register carrier boys. Vernon is one of several young businessmen who are on the job every morning in all kinds of weather when most of us are getting the best hours of our sleep.

—M-S—

Ted Behrends remarked to me yesterday that he would like to have some free publicity on the dressing up the Shoe Shop is getting with a new paint job. His father, Milo Behrends from Emmetsburg, who is visiting here is doing the job.

A local car driver lodges this complaint: The other day I was on my way home about the time school let out. I had observed the STOP sign near the school house and proceeded about a block when a seven year old boy standing on the curb darted across the street in front of me. I narrowly escaped running him down. It seems to me that along with the teachings of safety practices to car drivers it might be well to drop the hint that the pedestrian has a part at least in the safety program.

The economists have explained everything to us except how it is that so many people can go on year after year spending more than they make.

Loyalty and a sincere active interest in the business are two things that no pay check ever fully covers. Pay a man what he is worth, for what he actually does and as much extra as you can afford for his loyalty and interest.

Burke Shows Wolf That Invaded Farm

Thursday morning, Dec. 23, when he was doing chores about 8:00 o'clock, Gerald Burk noticed in the field about 80 or 90 rods away what he first thought was a dog or a fox. He went to the house and got his field glasses and 22 rifle. Closer observation through the field glasses revealed the animal to be a gray wolf, about the size of a full-grown German police dog.

Burk took his gun, got into the car and drove along the road. He said, "The wolf saw me coming so he turned in another direction. Coming to a corner, I turned also and headed him off. I shot him when I got within about 40 rods."

Burk said the skin was worth about $2.50 and that there was a bounty of $10.00.

Kruse Services Were Saturday Was Nearly 100

Funeral services were held Saturday afternoon at the Fulton Funeral Home for Henry Kruse, who was this year approaching his 100th birthday on November 17. He died at the home of his daughter, Mrs. Anna Keller at Fort Dodge Wednesday evening, December 29, where he had spent the past few winters. Rev. W. L. Patterson officiated at the funeral service and burial was in the Belmond cemetery.

Mr. Kruse was born at Hanover, Germany, Nov. 17, 1849, followed the trade of cabinet maker for a while after two years in the German army during the Franco Prussian war. Deciding to take advantage of the opportunities of the New World, he became a pioneer resident of the Commonwealth of Iowa, eventually making a permanent farm home for his family in Wright county and becoming a familiar figure in the towns of both Belmond and Goodell.

His wife preceded him in death 27 years ago. He is survived by one son, William Kruse, of Belmond and one daughter, Mrs. Anna Keller of Fort Dodge, four grand children and two great grandchildren.

TWO TEACHERS UNDERWENT OPERATIONS DURING HOLIDAY VACATION

Two teachers in the Belmond Schools did not resume teaching Monday morning; Miss Alpha Johnston and Miss Mary Cahill, both having undergone appendectomies during the holiday vacation period. Both are expected back in their classrooms next Monday, January 10.

You Can't Get Independent 'Til Thursday Morning

Beginning this week, the Belmond Independent will not be for sale over the counter or distributed in the post office boxes until Thursday mornings.

For the past few months many people have been getting their copies of the Independent on Wednesday afternoon after the paper is off the press, although the publication day is Thursday.

Postal Rates Increased On January 1st

Effective On All Mail Except First Class

Post office patrons in Belmond and at all points in the United States are paying more for stamps and special services, with prices raised from one-half to 10 cents on everything except first class mail, according to Joe Duea, acting Postmaster here.

The new rates went into effect on Saturday, January 1, 1949.

For instance air mail letters weighing eight ounces or less which cost five cents an ounce are six cents under the new rate. Rates for air mail letters weighing more than eight ounces are figured on a zone pattern.

Third class postage is two cents for the first two ounces and one cent for each additional ounce. Former fee was one and one-half cents for each two ounces or fraction.

A new mailing permit, costing $10 and renewable every year is required for the sending of third class mail in large quantities at reduced rates. The new regular third class bulk rate is 14 cents a pound with a minimum of one cent for each piece compared with the former fee of 12 cents a pound.

Fees for several special postal services are higher with special delivery fees ranging from 15 to 45 cents instead of 13 to 35 cents.

Special handling of packages cost from 15 to 25 cents instead of 10 to 20 cents. Rates for money orders are from 10 to 35 cents as compared with six to 22 cents before, with postal notes boosted from five to eight cents.

Registration fees are 25 cents to $1.50 whereas they were from 20 cents to $1.35. The minimum insurance fee was raised from three to five cents and the maximum from 25 to 30 cents.

Reason for the increase is largely because of the ridiculously large amount of mail which is granted "free mail privileges" to colleges, farm organizations, etc., Mr. Duea stated.

FOREST CITY INDIANS HERE FRIDAY NIGHT

Belmond will take on the Forest City Indians in a conference game here Friday night. This game is expected to be one of the top games of the season.

On Tuesday, January 11, the Broncos will travel to Buffalo Center to play its team, which is considered one of the dark horses in the conference.

Mr. and Mrs. Paul Steenblock and family visited Sunday in Rockwell at the home of Mrs. Melinda Riemers.

Bill Mack and Crocodile Make "Box Office"

From "Box Office" (The Pulse of the motion picture industry.)

"There was a picture in the Belmond Independent recently of Bill Mack, manager of the New Belmond, and a crocodile. The crocodile was baring his teeth and Bill was standing over it clad in a sun helmit and armed with what apeared to be a tommy gun. The caption explained the crocodile, "which had been shipped by truck to Bill Mack from Des Moines," had got loose in the lobby of the theatre and that Fearless Bill had rounded it up again. The punch line explained it all. Bill had scheduled a new serial at the theatre and the crocodile was hired for exploitation purposes. It was a clever piece of advertising and for all we could tell from the picture, the darn thing might have been alive."

Adult Education Classes To Meet On Ten Consecutive Monday Evenings

General Meeting Jan. 10 In H. S. Auditorium - - Any Adult Is Eligible

Belmond's Adult Education Classes will get started Monday night, January 10. A general business meeting will be held in the high school auditorium at 7:30 o'clock when various problems pertaining to the adult school will be discussed and explained, according to a statement Tuesday by Supt. Don Faris.

This year's evening school will consist of ten meetings on ten consecutive Monday nights from 7:30 to 9:30. Classes have been divided into six groups as requested by the adults already registered and are as follows: agriculture, music appreciation, sewing, physical education for men, typing and shop.

A tuition fee of $2.50 will be charged to cover expenses on the course and incidentals that might arise during the school.

Directors for the various groups are: Shop, Lloyd Patterson; Sewing, Miss Dorothy Dillan; Agriculture, Duane Sandage; Typing, Miss Lillan Witte; Music Appreciation, Miss Cornelia Lunde; Physical Education for Men, Clair Hugh. Miss Josephine Wiley will act as treasurer.

An invitation is extended to the adults of the community to attend the meeting Monday night to decide upon the classes which they wish to take.

Any adult is eligible for these classes.

From the responses received so far by Supt. Faris, the school will be well attended, as around 150 have indicated that they are planning to attend classes included in the new program.

Wright County Had 2 Highway Deaths Past Year -- Highest Was 10 In 1935

Sheriff Roy E. Wilson has reported two highway fatalities in his jurisdiction in Wright county for the year 1948. Heaviest toll taken during his 15 years in office since 1933, was in 1935 when a total of 10 lost their lives on highways in Wright county. Lowest year was one in 1938.

Sheriff Wilson has a record of his first six years in office which shows yearly fatalities as follows from 1933 through 1938, since which no continuous record has been kept:

1933	3
1934	6
1935	10
1936	6
1937	3
1938	1

A map showing motor vehicle deaths in 1948 in Iowa's 99 counties, published in the Des Moines Sunday Register of January 2, listed three for Wright county. Sheriff Wilson explained that the third death occurred when an automobile driver crossed a railroad track on a private road in a field, and was not a highway fatality.

Five counties in the state had no highway fatalities including Mitchell, Shelby, Audubon, Adair and Mahaska, while eight counties were reported as having only one. Highest was Polk with 61 motor vehicle deaths for 1948.

Sportsmen Will Hunt Foxes Sun.

The Belmond Sportsman's Club will hold a Fox Hunt Sunday afternoon, January 9. All members are urged to meet at 1:00 o'clock at Berns D-X Station.

WATCH FOR DATE OF SCOUT PAPER DRIVE!

Both Belmond business men and housewives are asked to watch for the date of the local Boy Scout paper drive which will be coming soon. Old papers and magazines, of which they would like to dispose, should be gathered up and tied in bundles to be ready for the Scout pickup.

Dairy Farmers To Hear Specialist January 11

"Efficient Management of the Dairy Herd" is the subject for discussion at a county-wide dairymen meeting to be held at the I. O. O. F. hall at Clarion at 8:00 p. m. on Tuesday, January 11.

Floyd Arnold, dairy extension specialist from Iowa State College, will lead the discussion. Mr. Arnold is well known in Iowa dairy circles and just recently returned to Iowa from a few years in extension work in an eastern state.

All dairymen, whether large or small herds are invited to attending the meeting. Feeding rations, management of the breeding herd, artificial insemination, and some diseases important to the dairyman will be discussed.

To Hold Two Meetings On Corn Borer Control

Farmers of Wright County will have an opportunity next week to get advance information on European Corn Borer control at two meetings in the county.

Earl Raun, Iowa State College extension specialist will present this information at Clarion High School on Monday, January 10 at 7:30 p. m.

Mr. Raun will present the same information at the Eagle Grove High School at Eagle Grove on Wednesday, January 12th at 7:30 p. m.

Both of these meetings are held in connection with the Farmer's night school classes sponsored by the local vocational agriculture department.

Wright county had a corn borer count of 361 borers per 100 stalks to go into the winter this year. There are almost three and one half times as many as went into the winter last year.

All farmers are urged to attend one of the meetings in their community to get the latest information on corn borer control.

The Downs Texaco Cafe and Service on highway 69 are celebrating the completion of the remodelling of the interior of the cafe next Saturday, January 8, when they will serve free coffee and a variety of cheese and crackers all day and evening.

The interior has been completely remodelled and new restaurant fixtures installed including new booths, counters and stools, while walls have been refinished with knotty pine paneling.

March of Dimes Funds Depleted In The County

Big '48 Need Requires Generous Gifts In '49

There were 15 more cases of Infantile Paralysis ~~in~~ Wright County in 1948 than during the previous year, Robert Kay, of Clarion, county chairman of the 1949 March of Dimes announced this week. A total of 20 cases of polio were reported in the county this year compared with five cases during 1947.

According to a report from Mr. Kay, Wright county secured from the National Foundation over $6800 to take care of 1949 polio patients who needed financial help.

Throughout the entire state, the number of Polio cases was much higher, Mr. Kay said. Iowa was an infantile paralysis epidemic area during the past year with 1247 cases reported. This is 118 more than the combined total of 1129 cases reported during the entire three year periods 1945 through 1947.

Because of the tremendous expenditures during 1948 to fight the polio epidemic, the 1949 March of Dimes gains even greater importance, Mr. Kay reports. March of Dimes funds in Wright county are depleted, and the county chapter is issuing a challenging appeal to every resident to rally behind the fight against Infantile Paralysis by contributing generously to the 1949 March of Dimes, January 14th through January 31st.

Expect Dozen New Homes Built In 1949

According to reports from the managers of the two lumber companies in Belmond, Don Eulberg at Fullerton and Dennie Hood at Spahn and Rose, as well as Ted Zook, local contractor, there will be from 10 to 12 new homes constructed in Belmond during 1949.

According to contracts or plans made to date there will also be quite a lot of general home remodelling done, both in town and in the rural area together with the construction of granaries, cribs and other farm buildings.

At the present time there is no indication of new business construction here during the coming year.

"Junior" Kauffman Is Happy Over Admission to Boys Town

John Kauffman, Jr., 12, has been accepted for entrance to Father Flanagan's School at Boys Town, Nebraska. Mrs. C. N. Hildebrand, member of the Wright County Welfare Board, planned to accompany him by train to Boys Town Wednesday night, weather permitting.

Mrs. Hildebrand said Tuesday, "Much credit goes to the Wright County Welfare Office, of which Mrs. Margaret Bailey is Director, for arranging this admission." Work was started on the Kauffman application early in the summer before Junior's 12th birthday, and has necessitated the gathering of detailed information, making various reports, etc.

As far as records show, John Kauffman Jr. is the first child from the Belmond vicinity ever to be accepted at Boys Town. He will be among the younger boys there since none are admitted under 12 years of age.

Mrs. Hildebrand also reported Tuesday that Junior is very happy about his admission to Boys Town and is looking forward with a great deal of pleasure to the trip there and to his new associations and training.

The school gives training in various trades which goes right along with the regular elementary and high school classes. A wide variety of sports as well as music are carried on in the extra curricular field. The school has its own bank, post office, infirmary with doctors and nurses, and the boys administer their own town government.

Fred A. Gortons Observed Golden Wedding Anniversary

Mr. and Mrs. Fred A. Gorton observed their fiftieth wedding anniversary, Saturday, Jan. 1, 1949. Open house was held at the home of Mr. and Mrs. Herbert Mewes, one mile south and one and a half miles east of Kanawha, from 1:00 to 5:00 p. m.

Mr. Gorton was born at Toledo, Iowa and came to this area in 1884, previous to the founding of the present town of Kanawha. At that time, a store and postoffice were located two miles west and one mile south of the present Kanawha and was known as Mikesville. In addition to operating the farm one mile north of Mikesville, Mr. Gorton's father served as postmaster and storekeeper.

Elizabeth McNeish was born at Motherwell, Scotland, and came to the U. S. with her parents when she was but nine months old. They first settled at Monroe, Iowa, later moving to a farm two miles west and one and a half miles north of Kanawha.

Elizabeth McNeish and Fred Gorton were married Jan. 1st, 1898, attended by Kathleen McNeish, cousin of the bride, and John McNeish, brother of the bride. Rev. Fatland performed the ceremony. The Gortons operated a farm two and a half miles west, until March, 1925, when they moved to their present location, two miles north and one mile west of Kanawha.

The Gortons have five children: Jessie, Mrs. Herbert Mewes; Avril, Mrs. Martin Thompson; and John Gorton, all of Kanawha; Allen Gorton of Kellogg, Iowa and Merrill Gorton of Los Angeles, Calif. There are 10 grandchildren.

All of the children but Merrill were present to help in the celebration, Saturday. 53 friends called to congratulate them. The high light of the day was a phone call from Merrill from California.

Miss Adrianna DeWaard returned to her nurses training at Des Moines Saturday after enjoying a holiday visit with her parents.

Miss Marilyn Skouge visited Monday to Friday with her brother, Dr. and Mrs. Oren Skouge and Jimmie at Minneapolis.

Mrs. Ed Nelson accompanied James Johnson to Des Moines to spend a week with her daughter Mrs. Don Munzenmaier and family. James had completed his holiday vacation with his parents, the O. E. Johnsons and returned to Drake University.

WORMS HOLD BIRDS BACK

If your flock's production isn't "up to snuff," worms may be the trouble. To remove the large roundworms and cecal worms efficiently, use Dr. Salsbury's WORMIX in the mash. Give for 1 or 2 days—worming's done, easily and economically. Poultry eats WORMIX readily. It's easy to mix, too. Ask for WORMIX today.

Vocational Agriculture Re-installed In Local School

Announcement was made last week by Superintendent Don Faris that vocational agriculture is being re-installed in the Belmond Schools with the hiring by the local school board of Duane W. Sandage, a recent graduate of Iowa State College.

Dropping of vocational agriculture from the curriculum of the local school because of conditions of the war was unavoidable, but it did leave a big hole in the course of study of our school system, which had only a short time before been enlarged enough to add this very important department.

The Iowa farmer of tomorrow, in order to be personally prosperous and progressive as well as produce his fair share of the highly-demanded agricultural products of Iowa needed the world over, must keep pace with newer and newer. better and better farm practices.

Farm boys in the Belmond school system area have no better means of beginning an agricultural career than by combining the knowledge they will gain in vocational agriculture in the Belmond schools with the practical knowledge they learn in helping dad at home while they are in school.

In addition to his book learning in agriculture, Mr. Sandage has had the practical experience of several years work in 4-H and vocational agriculture which would seem to give him an excellent background for the job here.

Mansions Re-Built Into Apartments

To help solve housing shortage problems, American manufacturers are turning out supplies to re-model old mansions into apartment buildings.

The process is under way all across the country, from Boston to San Francisco and from New York to Chicago. The new apartments are generally walk-ups, built to rent at prices considerably below the charges for modern apartment buildings.

Of course many of the old houses are being torn down to make room for apartment buildings. But due to shortages of materials, many others are being cut into two to five-room flats. With modern plumbing and fixtures, the apartments enable families of moderate means to live on what used to be "millionaires' row."

Editorially Speaking--

We Want a "Peace Scare"

A war scare sends prices up. A peace scare sends prices down.

Farmers know that war prospects mean more government spending, bigger pay rolls, fewer goods for civilian use, continued inflation and strong prices for farm products.

They know that a turn toward peace would mean less government spending, shrinking pay rolls, more goods for civilian use, a turn toward deflation, and weakening prices for farm products

But still they want peace.

Farmers are sensible enough to know that war booms are expensive in the long run. And they know that World War III, if it should come, would be worse than 1932, 1920 and World Wars I and II all wrapped up in one package.

Two big obstacles to peace are the current rows over Berlin and the Ruhr.

Is there any way of getting the Berlin argument settled?

Herbert V. Evatt, of Australia, is president of the general assembly of the United Nations. differences between the U. S.He says that the and Russia have been narrowed to those between tweedledum and tweedledee.

Evatt says both sides are afraid to "lose face" by making a deal. He might have added that our generals and the Russian generals are not skillful negotiators. They don't know how to wind up a dispute.

Another peace obstacle is the Ruhr. During the war, we said we'd never turn the coal, iron and manufacturing area of the Ruhr—the industrial heart of Germany—back to the Germans or to the Nazi industrialists who backed Hitler.

Yet, today, the United States has turned the Ruhr back to the Germans, and has refused to put it under international control. The French and the British don't like it. Our own plans for a united Europe are blocked because we aren't willing to let the Ruhr serve a united Europe.

President Truman has a chance to make a new start on both these points. Settle the Berlin dispute. It is ready for final negotiation. See that the Ruhr serves all Europe.

A good "peace scare" is the kind of Christmas gift everybody wants.—From December 18, 1948 Issue of Wallace's Farmer.

There is an estimated 40,000,000 automomiles on the roads of America today, or one to every four persons. In 1939 a typical car could be bought for around $800. Today such a car costs about $1400, representing 27½ weeks wages. In 1939 the worker toiled 32½ weeks to buy his car.—Wright County Monitor.

Though all men fear the power of the atom bomb, it may be the only force today which is restraining Russia from demonstrating her might. Even though the secret of the atom bomb were known to Russia, which fact we doubt, she would be handicapped in that she cannot make the weapons in sufficient quantities as does America.—Ackley World-Journal.

We wish that official Washington would quit talking about controlling the inflation and do something about it. For one thing they could easily cut down the expense of running the government—which would help everyone and would tend to make available a few million additional workers who are badly needed in industry—Rock Rapids Reporter.

General Eisenhower has demonstrated the fact that when he says "no", that is exactly what he means. That alone would keep him from making a good politician.

AWAY BACK WHEN

TEN YEARS AGO—

A. W. Smith of Belmond was sworn in as a member of the board of supervisors to succeed J. D. Baker of Belmond. Mr. Smith was the only democrat who was successful in the last election.

—1938—

W. F. Hembd, aged Belmond resident, passed away at his home early Tuesday after suffering from ill health for some time. He had reached the age of 76 years.

—1938—

Belmond will attempt to break into the ranks of conference game winners Friday when they meet Manly on the local floor in the first post-holiday basketball tilt.

—1938—

The children of Mr. and Mrs. H. Lathrop were minus a Christmas tree this year. They were playing around the tree a few nights before Christmas when it suddenly exploded. It was believed that the lights on the tree ignited the chemical with which the tree was treated.

—1938—

F. E. Purcell had his finger badly smashed while at work one day last week when it became caught between two tile.

TWENTY YEARS AGO—

Following a meeting of the Belmond Fire Company with the City Council, the outlook for a pump fire engine for Belmond appears favorable.

—1928—

Miss Ursuline McGuire left on Sunday for South Bend, Indiana. She was accompanied on her journey by her father C. C. McGuire. She will take a six months course in nurses training in a hospital in South Bend.

—1928—

Roy Jenison, one of the most prominent breeders of pure bred Spotted Poland China hogs in this part of Iowa reports an excellent year.

THIRTY YEARS AGO—

Miss Gladys Barry visited with friends at Garner last week before going to Chicago where she will give instruction to a class in dramatic art.

—1918—

The matter of paving of Spruce street was before the city council for consideration at their meeting last Monday night but no definite action was taken.

—1918—

Those Belmond citizens who frequent the club room will appreciate the fact that the new year started off rather badly for Will Morse as on that day he lost a perfectly good hen and in a game of 500 lost his joker. Too bad, we'll have the legislature reimburse him for his hen and pass a law eliminating the joker.

—1918—

A crowd of young folks enjoyed a party at the M. H. Hanson home last Saturday evening. The evening was marred by an accident to Miss Anna Mae Aldrich who accidentally fell down the stairs, sustaining severe bruises and being rendered unconscious. She was removed to her home and is now recovering.

—1918—

A petition for and a remonstrance against the paving of the main street of the town have been circulated and filed with the city clerk for consideration by the mayor and council.

FORTY YEARS AGO—

G. N. Thompson has a curiosity in an incubator hatching out a lot of chickens. The hatch came off Tuesday. New hatched chickens in January with the thermometer below zero are something of a rarity. Norm is now making a specialty of White Orpingtons, a fashionable breed.

—1908—

J. C. Butterfield and C. A. Church returned yesterday from Chicago. While there both invested in brand new Overland automobiles. We believe Mr. Butterfield already has his car here.

—1908—

J. H. Reese's Belmond friends are glad to learn of his landing the plum he sought in the Iowa legislature this winter. He was selected by the Senate republican caucus last Saturday for the office of sergeant-at-arms by a vote of almost two to one over his county opponent the former occupant. Jake will make as distinguished looking sergeant-at-arms as the senate ever had and no doubt will be dubbed a brigadier-general during his official incumbency.

—1908—

Hal Luick went down to Ames last week to put in a part of his vacation in editorial work on the college paper of which he is editor-in-chief.

FIFTY YEARS AGO—

Lorraine Quigley Became Bride Of John Arthur Sparks Dec. 30

Lorraine Quigley, daughter of Mr. and Mrs. Frank Quigley of Belmond, Iowa, became the bride of John Arthur Sparks, son of Mr. and Mrs. Arthur Sparks of St. Paul, Minn., on Dec. 30. The wedding took place at the St. Paul Cathedral at 9:00 a. m., with the Rev. S. A. Sankovitch officiating at the Wedding Mass. The Processional and Recessional music was furnished by the Cathedral organist, with traditional Christmas hymns being played during the ceremony. The altar of the Cathedral was decorated with poinsettias, and holly covered the pillars surrounding the main altar.

The bride, who was given away by her uncle, John Nelson, of Minneapolis, wore a white slipper satin gown with long train. Her veil was of white net with a coronet of satin lilies and seed pearls. She carried a bridal bouquet of white roses centered with purple baby orchids.

The bridesmaids, Miss Shirley Kalz of St. Paul, classmate and roommate of the bride, wore a white satin and net gown with a short veil, and carried a shower bouquet of red roses.

The groom was attended by Thomas Woebke of New Ulm, Minnesota, now attending the University of Minnesota at Minneapolis.

The ushers were William Whelan and Arthur Soukup, both of St. Paul. All the men of the wedding party wore dark suits and white carnation boutonnieres. The bride's mother and bridegroom's mother wore identical corsages of red roses and white baby mums.

After the ceremony, a wedding breakfast was served to fifty guests at Renees' French Restaurant.

The bride is a graduate of Belmond High School and a graduate of St.. Catherine's College of Nursing at St. Paul and St. Joseph Hospital in St. Paul. She is at present employed in the office of Dr. Cecil Warren in St. Paul where she will continue her work.

The groom is a graduate of St. Paul High School and was in the Army Air Corps for three years, during which time he served with the Overseas Forces in England and Germany. He is associated with his father in the grocery business in St. Paul.

After the wedding breakfast the couple left for Chicago to spend the weekend. The bride chose for her going away dress a brown and gold crepe, with gold and brown accessories.

They will be at home at 1031 East Fifth Street in St. Paul after January 2.

Retired! But They Still Make Their Home On Mystery Farm 16

Rob and Mabel Morris, 85 and 62 years of age respectively, are retired from actual farming, but make their home on Mystery Farm 16 which is located four and a half miles south of Belmond on Highway 69.

"Right now I like to do as little as I can and still get enough exercise to keep well," Mr. Morris said in an interview about the farm. He does have about 29 pigs which he is feeding and about 60 to 65 mixed hens are kept on the place for eggs. In the summer they raise a garden and a good patch of sweet corn.

lives on another farm owned who lives on another farm owned by Morris one-half mile north of the home place, works the 80 acre home farm. Last year he had 60 acres of it planted in corn. Two other married sons, Glenn and Duane are also farming: Glenn on a farm one-half mile north and one east of the home place; Duane on a farm east of Clarion.

Considerable improving was done to the Morris home farm in 1915 when the large two-story house and barn were built. A new hog house was added in 1923 and new corn crib in 1930.

Since they have quit actual farming, Rob and Mabel have taken a lot of trips, having been through the western states as far as the coast. Mabel indicated she liked the Black Hills best. Last summer they made a trip to Kentucky.

Mystery Farm 17 will be found this week in an advertisement sponsored by the Belmond Cooperative Creamery. Occupants of farms pictured are reminded to call at the Independent office for free enlargement of farm shown in the paper and to give information about farm and family for publication the following week.

GRIMES LITTLE CATTLE FEEDERS HELD ANNUAL CHRISTMAS PARTY

The Little Cattle Feeders of Grimes Township held their annual Christmas party at the home of Billy Fisher, December 16.

We had a short meeting and the rest of the evening was spent in playing games and the exchange of gifts.

A very delicious lunch was served at the close of the party. The next meeting will be held at the home of Larry Hindman.

Trapping Season Closes January 10

The 1948-49 trapping season closes January 10 after what is described as one of the poorest seasons in recent years. Low populations on muskrat and mink necessitated a short season of 20 days, December 1 to December 20, with 30 counties in south and southwest Iowa closed. Although prices paid for these two fur-bearers were lower than the previous year, their value was well above the ten-year average.

The 60-day state-wide trapping season from November 10 to January 10 was below average, with the long-haired fur, including badger, skunk, oposum, spotted skunk, raccoon, weasel, red and gray fox, wolf, bringing prices below those of the 1947-48 season. The prices on beaver were also far below the $45 top of the year before.

Trappers are reminded that all fur must be sold to fur-buyers on or before January 10, unless a cost-free permit to hold them longer is secured from the State Conservation Commission. Trappers are also reminded that it is necessary to secure a permit from the Commission to ship furs for sale outside of the state.

Social Security Account Numbers Are Important

Social security account numbers are important. The use of a wrong number may result in the loss of benefit payments for a worker or his family, is a statement issued this week by the Social Security Administration.

"If you work for a business or industrial concern, your wages are reported to the Government every 3 months by your employer," George R. Replogle, field representative of the Fort Dodge Social Security Field Office, explained today. "The wages as reported are credited to your social security account. Payments of old-age and survivors insurance which you or your family receive, in the years to come, will depend upon your wage record."

Mr. Replogle maintains an itinerant office in Clarion in the basement of the Court House. He may be contacted there the first Wednesday afternoon each month on all matters pertaining to social security. His next visit will be January 5.

DUCK

Marlin Hinrichs of Rockwell City is drinking bitter tea these days. All during the duck hunting season, he failed to bag a single one and was twitted right merrily by his wife. The other morning as Mrs. Hinrich was out walking, she had to dodge to avoid a flying duck. The duck landed a few feet away. Mrs. Hinrichs caught it and presented it to her husband.

Fireless Furnace Course Offered By Practical Trades Institute

The Practical Trades Institute, Inc. of Minneapolis, Minnesota, has received the "go signal" to teach service and installation of the new fireless furnace. The school will offer to veterans and non veterans this new course beginning in January and the nine months training period will comprise refrigeration and the reverse cycle of refrigeration, the heat pump.

The fireless furnace or heat pump soon to make its appearance on the market, is looked upon as a revolution in heating and cooling of all types of buildings. Operated entirely by electricity, the heat pump, much like a refrigerator, extracts heat from the air or earth and moves it indoors. In summertime, the same machine pushes heat in the opposite direction, keeping the building air-conditioned and cool.

Practical Trades Institute, located at 25 University Avenue Southeast, in Minneapolis, is the first school in this locality to add the heat pump to their refrigerator course of training. Mass production of these new units will be started in May or June, 1949. Already, Minneapolis jobbers are asking that students with this training be given an opportunity to join their distributor organization.

9 of State University's 11,000 Students Hail From Belmond

By Bill McBride, of Information Service, University of Iowa

While snooping around the registrar's office the other day I learned nine (counting myself) of the 11,000 or so students at SUI are from Belmond. Some of them are from the community permanently, and others still have a toe-hold in the "Center of Friendly Service," returning there whenever vacations and budgets permit.

To prove the old cliche about what a small world it is, one of our neighbors in the apartment house we call home hails from Belmond and lets me read her Indedependent when she finishes it. Mrs. Bob Warrington (better known at home as Lila Jean Thompson) is the neighbor and fellow mountain climber.

I say mountain climber because our apartments are on the third floor. The three flights of stairs are bad enough, but the 33 steps leading up to the front porch of the place puts our domicle in the unique position of being the only house in Iowa City from which you can see all four outskirts of the town on a clear day.

Lila Jean works for the dean of the dental college where Bob is in his junior year, and we share the same incinerator chute. That is probably a poorly constructed sentence, since the incinerator chute has nothing at all to do with Bob's education. I just threw it in to indicate our close relationship.

Marshal Hake and Bill Parker dropped in on us the other evening for a cup of coffee after finishing a social science test. The abundance of students here makes it necessary to take some examinations at night. Both Marshall and Bill were quite jolly about the test, and it remains to be seen whether they were being genuinely optimistic or merely whistling in the dark.

Marshall is a sophomore in organic chemistry, and lives in a three room cabin on the south-east side of town. In point of fact, it is so far out on the south-east side that it is debatable whether or not he lives on the edge of Iowa City or is a commuter from the suburbs of Davenport.

Close interrogation of both men revealed that 5-month-old Rosemary Margaret Hake and 7-month-old Patricia Parker are the respective bosses of the two households. Marshall mentioned that he and Margaret (formerly Margaret Pals) get up and go to bed whenever little Rosemary makes the decision.

Bill and his family live out in Finkbine park, a student housing area, in a converted army temporary barracks. They probably have the nicest housing deal of all the Belmonders at the university.

Being within hollering distance of the university hospital, the odor of antiseptic drifting in once in a while probably takes Ann, Bill's wife, back to the days when she was Miss Evans, working for Dr. S. P. Leinbach in the Steele memorial hospital.

Marlys Parker, Bill's sister, is also down here. She is a senior in the school of nursing and will graduate in the spring

When I talked to her on the telephone (after listening to a chain of "Parkie -- telephone -- Parkie -- telephone" echoing throughout Westlawn dormitory) she didn't have much time to stand and chat. Nurses are always busy.

Dave Barry, who used to play a mean tuba for BHS, is here as an instructor in zoology. On the 19th of December Dave knocked his "bachelor standing" pot over tea kettle by marrying a Wappelo girl.

I can look into Dave's classroom as I walk to my office mornings, and it is always a bit of a shock so early in the day to see big Dave standing there quietly lecturing to sleepy students. Another distracting factor entered into the Barry case one day when I noticed a skeleton hanging to the right of the former tuba player. So far as I know, Dave is the only Belmonder who can claim a skeleton for his right-hand man. As his plans stand now, Dave will have a Ph. D. degree in 1951.

Two Belmonders are in the college of medicine at SUI. George Hogenson and Norris Wilson are both well into the business of learning cures for the physical ills of humanity.

I have seen Norris on the street several times, but he always wears a got-lots-of-work-to-do look, and is usually plowing along under a full head of steam. He has two years of schooling left before internship, and his wife, Lorraine, helps take a load off the budget by working as secretary to the head of Student Health.

George is so busy he could save money by having his telephone removed. I feel pretty certain that instrument gets little usage at the Hogenson home, because out of nine tries, never once did I find anyone home.

Norris tells me, however, that George will probably serve his internship in a Des Moines hospital after graduation in June Dr. George B. Hogenson . Dr. Norris J. Wilson. Imagine that in gold leaf on a plate glass door.

Phil Covington takes the prize for being the most studious Belmonder at the University. For a solid month I've been calling the Pi Kappa Alpha house and requesting to speak to Phil Covington. For a solid month I've been getting the same answer—"Sorry, Phil is down to the reserve library.' '

Either he spends all his time with his nose buried in a book, or is going steady wth the librarian.

Unless I've missed some one, that ties up the present report on Belmonders at SUI

COLD
January weather—
HI-V-I FLOWS FREELY!

Silence the cold "whoosh" of January winds with the comforting sound of a motor that turns over instantly. HI-V-I bathes car and tractor motors in a protective film of lubrication. It cleans as it lubricates, freeing motors of corrosion and sludge. This cuts fuel consumption to a new low . . . keeps motors ready for the "go" signal on the coldest January days.

For faster starts and better lubrication in zero weather, use HI-V-I, the free-flowing oil.

FARMING is our BUSINESS too!

It's our job to help make farm work easier and better paying. That means doing a lot more than just selling tractors and implements; it means that we must make farming our business, too.

That's why we like to spend as much of our time as we can out visiting our farmer friends. That's how we learn why and how one farm is different from another . . . and see how the many different problems can be licked.

If we haven't been around to see you lately, we're hoping to do it soon. We'd like to get better acquainted . . . both with you and your farm. The better we know you, the better we'll be able to serve you.

Meanwhile, next time you're in town, drop in and see us. Lots of folks do. You'll be welcome.

1948 Income Tax Lowered Under New Law

Husbands - Wives May Divide Income Equally

Three major changes in 1948 income tax returns will affect Iowa farm families, says H. B. Howell, economist at Iowa State College.

The new income tax law reduces individual income taxes through percentage reductions and through increased exemptions. It also permits husbands and wives to divide their combined income equally for filing joint tax returns. However, the new legislation, the Revenue Act of 1948, does not change, in any way, the method of computing net profits, Howell points out.

Dividing incomes equally gives farmers and their wives a chance to compute the amount of tax due at lower surtax rates. The divided income may be used only be persons filing joint returns. He thinks that joint returns are usually best unless the have high medical bills or other unusual expenses.

Howell reminds farmers whose business year starts January 1, that they have until January 15 to file their returns or an estimate of the tax to be paid. The amount of the estimate must be paid by January 15, if that method is used.

Two copies of all of the forms needed may be obtained at a post office or bank or from the Collector of Internal Revenue. One copy is for the taxpayer to keep for his records, and it's good business to keep a copy of all returns filed.

TEACHER

A pupil gave a box of candy to the teacher recently. The pupil was 83 year old Gabe Peterson of Waterville; the teacher was 94 year old Charles Dahl of Waterville. Dahl taught Peterson in rural school back in 1881 and the two have been friends ever since.

You, too, have perhaps noticed that although wheat has dropped a dollar a bushel since last January the price of bread remains the same. Remember how sensitive the bread market was to every advance when wheat was on the way up in price? The price matter doesn't seem to be working now that the price of wheat has started the other way.

It is noted that there are few complaints about sufficient parking space at the churches.

—M-S—

When I was a boy it seemed to me that every man I knew chewed tobacco. Every grocer and drug store had a big chewing tobacco department. I have seen many men who could take a plug of tobacco almost an inch thick and bite down through it, taking off a chunk slick and clean. The [illegible] used to cut it off with a knife. Since I have grown up, I don't see so many plug tobacco chewers.

—M-S—

A former Navy friend of mine, who lives in Newark, N. J. and is one of the top basketball officials on the east coast, received the issue of the Independent which carried the Main Street column written on basketball by Superintendent Don Faris. He informed me that the school system with which he is connected had quite a change in their basketball team. Before the season started they were tagged "the team to beat." After losing several games, the players got their heads together and decided "NO GIRLS" until the end of the basketball season. Since the new ruling, they have won all their games. Now it will be interesting to find out the result of their championship caliber ball team.

My friend also stated, "The girls are cooperating."

This from an exchange: A girl wonders who her husband will be, but a married woman wonders where her's IS.

We're constantly amazed at the many and varied requests that we get in this office and one that tickled us last week was that of Donald Waddington, the young son of Mr. and Mrs. Geo. Waddington.

Donald came in the door, held up a sheet of paper and said, "could I get this in the paper, it's free hand?" On the sheet was a penciled drawing of a horse. Although I can't pretend to be an artist, I can say that even for an adult who had practiced drawing, the sketch couldn't have been better. Come to think of it we've heard of Don's drawing ability before.

Several, especially some of men around town, are wondering what goes on in the Class of the Adult Education School. After the first sample meeting, at which more than half the attendance was women, instructor Lloyd Patterson was seen with a bandage over one eye. Then, the morning after the first regular meeting on Monday, it was reported by reliable authority that "Pat" didn't show up for school and even by early afternoon was still absent from his classroom.

Further information gained is that "Pat's" wife, who admits she hardly knows a screw driver from chisel and has never been around the shop room much, is among those signed up for her husband's largely feminine class!!!!

Mrs. A. W. Leonard and Arlene spent last Wednesday in Mason City.

Triple A Committeemen Will Represent Farmers In 1949

New Officers Elected At December Meetings

Triple A election meetings were held in the 16 townships of Wright county in December for the purpose of electing three committeemen for each township to administer the farm program in their respective localities for the year 1949. At these meetings delegates to the county convention were also elected and the delegates in turn elected a county committee later.

Committees elected will represent farmers in carryout the soil conservation and commodity loan programs. A large number of farmers who were signed up in the 1948 program or who could qualify for a commodity loan or purchase agreement were eligible to attend the meetings and vote in their respective townships.

Those elected to the county committee for 1949 include Oscar J. Hanson, of Clarion, chairman; Hiram B. Vanderlip, Dows, vice-chairman; C. C. Woodin, Belmond, regular member; Martin O. Thompson, Eagle Grove, first alternate; Donald I. Frakes, Woolstock, second alternate.

Iowa Township: Herbert L. Hadley, chairman; Howard G. Box, vice-chairman; Fred H. Stadtlander, regular member; Loran Hadley, first alternate; Paul M. Ketchum, second alternate.

Norway Township: Albert T. Thompson, chairman; Art Rietema, Sr., vice-chairman; Bert J. Brouwer, regular member; Lismore Maland, first alternate; Wiert Breuwer, second alternate.

Pleasant Township: Alvin Halfpap, chairman; Hio Goeman, vice-chairman; Dick Carl Smit, regular member; Rammer Goeman, first alternate; Lester Buseman, second alternate.

99 Enrolled In Adult School At First Meeting

Room For More In All Classes Except Typing

Ninety-nine men and women enrolled in the Adult Education Classes which were organized Monday night after a general meeting in the school house auditorium. A larger enrollment is expected at the second meeting, next Monday night, since 150 persons had indicated their desire to take advantage of the program before organizations plans were complete.

The 99 enrollment does not represent the total attendance at the first meeting since many who were there did not complete their enrollment cards and turn in the required fee of $2.50.

Adults may still enroll next Monday evening in any of the six classes except typing which has a capacity enrollment of 20 already and has room for no more. Other classes include shop, agriculture, music appreciation, sewing and physical education for men.

Belmond's first Adult Education Program will consist of a series of ten consecutive class meetings on Monday evenings from 7:30 to 9:30 at the school house, with graduation ending the program on March 21.

C. Of C. National Affairs Advisor Coming To Belmond January 20th

To Meet With Directors And Planning Board

C. Howard Smith, National Affairs Advisor of the U. S. Chamber of Commerce, who was present at a National Affairs meeting at Mason City Tuesday, will be in Belmond on Thursday, January 20, to meet with the Belmond Chamber of Commerce directors, planning committee, and any other interested local members.

The meeting will start with a noon luncheon at Quig's Inn. Those who wish to attend should make luncheon reservations with Luin Cox, Secretary, at the regular Chamber of Commerce meeting (today).

Spencer Shaw, Manager of the Northern Central Division of the National Chamber of Commerce of Chicago, is expected to be at the meeting also. Mr. Smith, who is a Legislative Analyist, received his education at Boston University. For a number of years, following his service in World War I, he was a director in the field of Market Analysis, Production Research and Distribution. A businessman in his own right, he knows the relationship and responsibility that Business, Government and Labor have for one to another. During the recent years —1942 through 1945, Mr. Smith was associated wth E. C. A. Director, Paul G. Hoffman. In his present capacity as National Affairs Advisor of the Chamber of Commerce of the United States, Mr. Smith will discuss ways and means and point the way, for local businessmen to acquire a better and more factual understanding of National issues and the immediate impact they have upon local conditions.

Delay Tax For Decision Of Legislature On Bonus

Expect Fight On Bill To Pay From Surplus

Although taxes are due in Wright county, Harold Sullivan, county treasurer, has announced that he will not take payment on any taxes until the legislature has definitely decided whether or not the bonus bill is to be paid by taxation or out of the state surplus as has been recommended.

A bill authorizing the state to pay the soldiers bonus out of surplus and to refund any tax payments already collected is expected to be introduced in the legislature. The bill is a controversial one and even though it is scheduled for early legislative consideration it is expected that a considerable fight will develop over it.

Treasurers who are not collecting taxes now will probably hold off until the legislature decides finally on the bonus payments. This may run into February or even later before a decision is reached.

In the case of Wright county the bonus levy is written into the tax statements of the various taxpayers in pencil. If the legislature decides to pay the bonus out of surplus then the bonus levy can be erased from the tax statements. If they do not and and the tax is collected locally then the county treasurer will be ready to go.

Should the legislature decide to pay the bonus out of the surplus and there would be no call for collections locally the bill authorizing this move will also include provision for return of tax payments made which included the bonus levy.

If taxes were collected now and the legislature decided to pay the bonus out of surplus then the treasurers would have to refund to everyone who had already paid their taxes as well as erase the charge from those who had not yet made payment.

Hancock, Cerro Gordo and Humboldt are also among counties delaying current tax pay.

F. Ross Henry's Chart Shows "Where Your Tax Money Goes"

Explains Equalization May Change Assessment

Local taxpayers will find an explanation of differences in tax assessments, that may arise because of the equalization tax program inaugurated last year, by studying a chart and accompanying information headed, "Where Does My Tax Money Go" which may be found on page four of this issue.

The chart with its explanations was prepared by Deputy County Assessor, F. Ross Henry, who asks the friendly cooperation of property owners in the assessment which started this week.

Present millage for each of the main costs including county, city, school, roads and bonus levy and also the millage levy for the year 1947 for taxes paid in 1948 are shown.

The chart shows that money needed for the various activities of government has been increased in several instancees without much increase in the millage levy and in some instances the millage levy is even lower this year than last. This was achieved by the equalization program, the assessor's explanation shows

You May Choose and Save Dates On Community Events Calendar

This week the Independent is changing the head on "Meetings" column to "Coming Events," and attention is called to the fact that anyone wishing to do so may announce coming events of community interest in this column one, two, three or more weeks in advance.

Acting on the suggestion of community - minded friends in this connection, a large calendar -- spread out to show the entire year -- will be placed on the wall of the Independent front office where dates for coming events may be chosen and written in. It is hope that duplication of events of general interest on a single day may be eliminated in this way. Anyone, therefore, planning a community event and wanting to find a free date, may then consult the calendar in the Independent office.

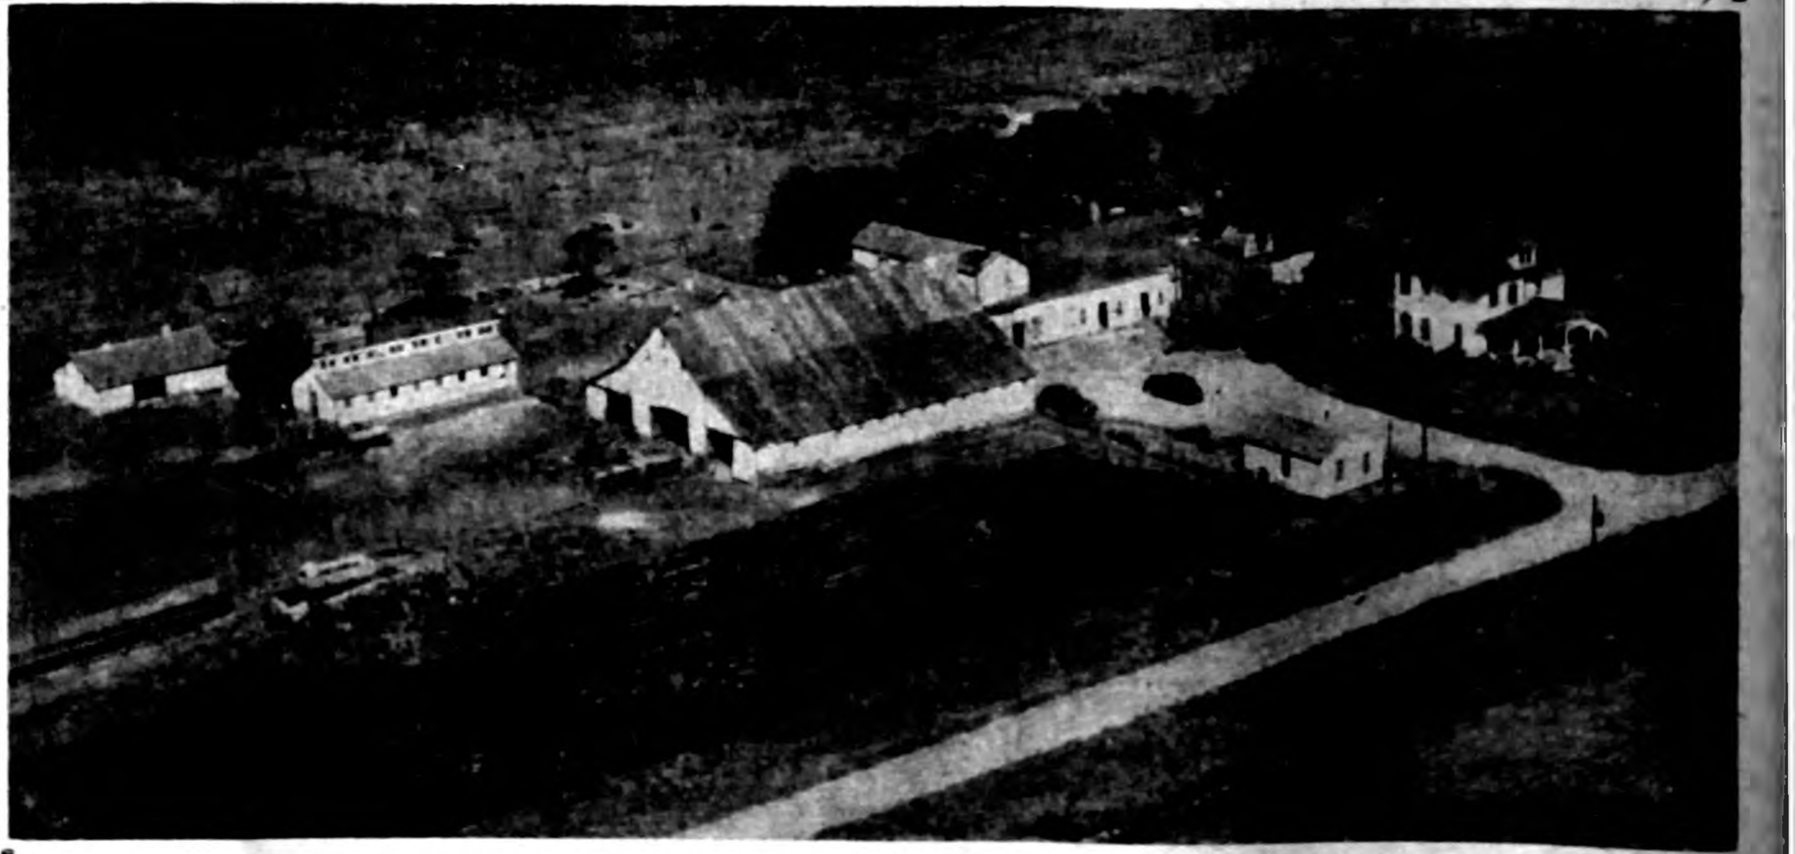
IDENTIFY THIS 'MYSTERY' FARM



Sigmond Aerial Photo No. 23

This is No. 18 in the "Mystery Farm" Photo series sponsored by the Belmond Independent and other Belmond business firms. This week the Belmond Cooperative Creamery, producers of pasteurized milk and cream and Belmond butter, is cooperating to bring Independent readers this feature. The occupants of the farm pictured last week were Mr. and Mrs. Norris Soma who live 2½ miles southwest of Belmond.

CAN YOU IDENTIFY THIS FARM?

If you live on the farm pictured above, stop in at the office of the Belmond Independent this weekend, if possible, where you will receive free of charge an 8x10 enlarged aerial photo from which the above engraving was made. It is a beautiful picture well worth having.

Must Deal With Cause -- Not Result

The inflation problem will not be solved until the public and our political leaders begin dealing with causes instead of "tinkering with results," according to Morris Sayre, president of the National Association of Manufacturers.

Managers, workers, farmers, consumers—all are left just where they were before the national election—with a batch of unanswered problems that will be solved "only when you and I get around to the job," Mr. Sayre said in a recent speech.

Something basic, drastic, and quick has to be done about inflation, he emphasized, adding that the story of inflation is simple and can be told in "5-cent words and two-and-two-make-four figures." Inflation, he said, is simply a condition where demand for goods and services greatly exceeds supply.

Demand is money, money owned by people, who use it to buy or bid for goods, Mr. Sayre continued.

"This demand—this money owned by the people—began to increase in the early '30's," he recalled. "Then came the war, and between 1939 and 1947 the money supply was trebled—increased from 33 billions to 108 billions.

"It was the only way we could finance production of war goods. The war goods were shot away, given away, and thrown away. But money that was printed to pay for war production is still in circulation."

The facts are, he said, that if all the 1947 profits of $13 billion, after taxes and adjustment for unreal inventory profit, were applied to price reductions, "the result would be less than 6 per cent on the $232 billion of our national product."

If the $13 billion of profit were added to wages paid workers by corporations, "the workers would get only about 16 per cent more," he estimated.

"And all of it," he added, "at the expense of investors whose money made the workers' jobs possible. Do that, and for how long does anyone think jobs would last?"

To help America toward economic progress, management must continue to explain that price controls did not and will not control prices; that increasing wages won't halt inflation, he concluded.

Editorially Speaking--

Only In America

SCENE I—Hot, sweaty July night in Philadelphia. Democrats have just nominated an unwanted candidate to the tearful lamentation of all he smart politicians: "He'll be the worst defeated candidate in history."

SCENE II—The day before New Year in almost any newspaper office in America. The telegraph desk is handling a story about the "Man of the Year"—that same Harry S. Truman.

There's the old success story. A bum in July and a hero in December. And it could happen only in a free America. — Mason City Globe Gazette.

———o———

Needs Honest, Competent Government

Americans cannot "write off" China. Neither can it put billions in the hands of a government that is weak and ineffective. The hope of China lies in a new, an honest and a competent government. The United States should insist that such a government be established before granting further financial support.—Davenport Democrat.

———o———

Take Your Choice—

Henry Ford's prediction that a fourth round of wage and price increases is "inevitable" brought a chill to our heart. Forecasting a new pay boost he said: "Prices must go up, too. There's no place else for them to go."

He went on to add that "We are living in a fool's paradise." Which is certainly true.

At the same time he stoutly denied that price controls could conceivably be of any help. As a matter of fact he maintained that price controls "would wreck the nation—and the auto industry included."

To which we reply that the same as there is more than one way to skin a cat there is more than one way to wreck the country. One way could be with price controls and the other with constantly increasing wages and prices. Take your choice.—Iowa Falls Citizen.

Recommend Varieties Of Alfalfa Suited To Iowa

Many Iowa farmers may waste money purchasing alfalfa or red clover seed that is not adapted to conditions in this state, C. P. Wilsie, research agronomist at Iowa State College, warned this week.

A serious shortage and high prices have led some farmers to substitute varieties adapted to other regions for recommended varieties.

In the case of alfalfa, Wilsie points out that such varieties as Arizona Common or California Common, reportedly being sold in the state, are not hardy and will winterkill in Iowa. He says that farmers can't rely on those varieties to produce one good crop of hay. Tests conducted by the Iowa Agricultural Experiment Station over a 13-year period show that Arizona Common yielded only 37 per cent that of Grimm.

Wilsie recommends Ranger, Ladak, Cossack, Grimm and Northern Common varieties. Kansas Common and Oklahoma Common can be grown in central and southern Iowa.

Red Clover in general has a fairly narrow adaptation. Strains best suited to Iowa conditions are those that have been grown in the Corn Belt for many years, according to Wilsie. He points out that Midland and Cumberland also have done well in central Iowa even though produced in the western states.

Wilsie does not recommend Altaswede red clover imported from Canada. Dollard and Ottawa, two others imported from Canada, are fairly satisfactory and in certain seasons yield as well as native strains, he says. Atlaswede, however, is an extremely late single-cut or Mammoth type adapted to the region around Edmonton, Alberta, Canada. If a single-cut type is desired, strains of Mammonth red clover from Iowa, Minnesota or Wisconsin are much better than Atlaswede, according to Wilsie.

State Crews Remove Million Pounds Rough Fish From State Lakes

State rough fish removal crews seined and trapped 919,822 pounds of rough fish in state lakes during the past year. Carp made up the bulk of the fish removed, totaling 702,259 pounds. 147,245 pounds of buffalo were taken. Gar, quillback, and shad made up the rest of the total. Lakes in which rough fish removal operations were undertaken included North Twin, Blue, Brown's, High, Silver, Mud, Lost Island, Blackhawk, Lower Gar, Iowa, Minnewashta, Spirit, Manawa, Storm, East Okoboji, Clear, Lotus, Tuttle, Templar's Park Slough, Ellis Slough, McClelland's Slough, and Hales Slough. The purpose of rough fish removal is to improve habitat for game fish by removal of competitive species.

"Mystery Farm" 17 Is Home Of The Norris Soma Family

Mystery Farm number 17, located one mile south and one and one-half west of Belmond, is the home of Mr. and Mrs. Norris Soma and family The Somas had lived for 12 years on a farm belonging to Mrs. Soma's father until it was sold, and have occupied Mystery farm 17 the past year.

The farm is owned by Carl M. Braun.

240 acres in size, Mr. Soma had under cultivation last season 105 acres of corn, 37 in oats and 56 in beans. He has 90 head mixed breed hogs, 10 shorthorn and Hereford milch cows, 22 head of Shorthorn and Hereford stock cattle. Mrs. Soma sells lots of eggs from her flock of 225 white Leghorns.

There are eight children in the Soma family, six girls and two boys. Two of the girls are married: Dorothy to Lyle Barkema and Eleanor to Alvin Pals. They both live on farms east of Belmond. The Barkemas have a daughter and the Pals a son.

Muriel Soma teaches school south of Forest City, Gilman helps his father at home. Betty is a junior and Lois a freshman in high school, while Shirley is in the fifth grade and Charles in first. All go to school in town.

Asked about her hobbies, Mrs. Soma replied, "By the time I get my work all done and keep my girls in clothes, I don't have much time left for anything else."

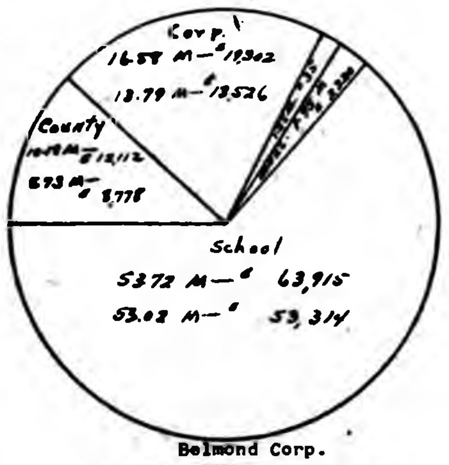
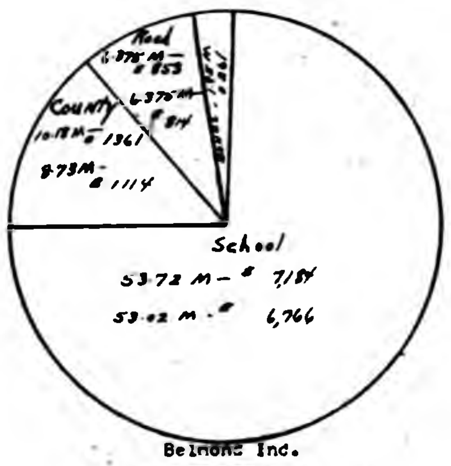
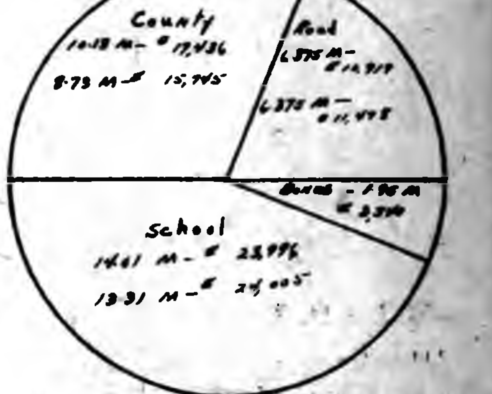
Where Does My Tax Money Go?



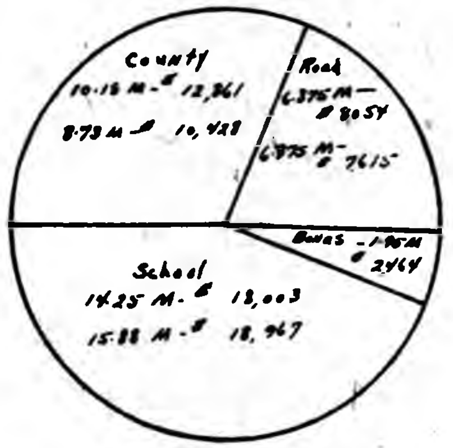
Belmond Corp.



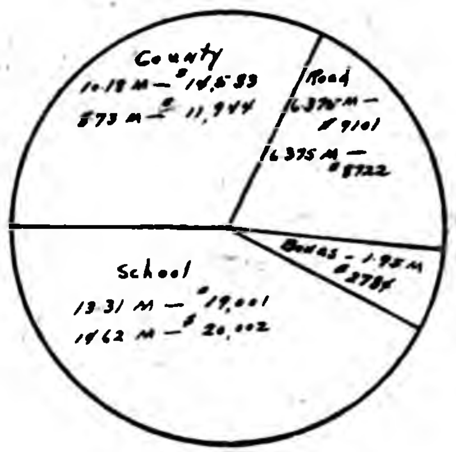
Belmond Ind.



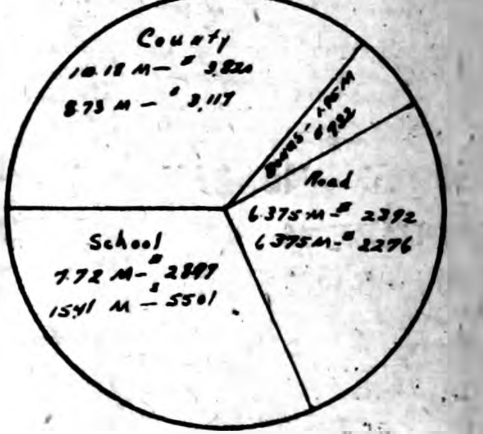
Belmond Twp.



Pleasant Twp.



Grant Twp.



Iowa Twp.

The above chart has been prepared with the thought that you wish to know, and we are equally desirous that you be informed as to where your tax money goes.

The 10.18 mills levied by the county covers the general operation of the offices in the court house, relief, Eagle Grove Junior Fair, care of patients at our state institutions, Bovine T. B., Bang's disease eradication, and also includes 3.118 mills levied against all property in the county for road construction and maintenance. In addition to this 10.18 mills, there are 6.375 mills levied against all property outside the corporate limits, which is used solely for road purposes.

Unless changed by the legislature, meeting this week, you will have 1.95 mills for soldier's bonus.

We believe that school and corporation levies are self explanatory. These charts are broken down so as to show the tax collected by each township school district, independent school district outside the corporation limits and the corporation proper.

Note that practically all our tax money is levied by local taxing bodies, after hearings to which we are each invited; and the money is spent for services that we as a public demand.

We have not attempted to show minor township levies, neither have we attempted to show any off-set accrued because of the monies and credits tax.

The top line of figures in each section represents the millage and the tax for 1948, collectible in 1949, and for your comparison we have shown, on the lower line, these same items for 1947, which were collected in 1948.

In spite of the fact that cost of government has increased, just as your personal living costs are more, you will find in a number of cases this increased cost has been accomplished on a reduced millage. This reduced millage is only possible b cause of increased valuations, which were a resu of a more equalized assessment, and even whe millages are higher, they would have been st higher on the old valuations.

We do not maintain our assessments are pe fect, in fact we know they are far from perfect, b we do maintain that these figures show we hav made progress and are on the right track in our a tempt to assess everyone on an equitable basis.

No doubt many of you will be paying more t than in former years, even though your millag might be lower, but when in order to equalize an assess on a fair and equitable basis, it becom necessary to raise assessments from $7,000 to $25 000—or from $3,600 to $15,800 etc., those indivi uals cannot avoid a raise in taxes.

We do not believe such assessments as tho given in previous years, can be defended by the ta payer as being either fair or equitable. As assesso we are sworn to uphold the law, to assess fairl equitably and impartially, to the best of our ab ity; this we aim to do, and as a taxpayer you a required to assist in the listing of all your propert

We covet your friendly cooperation that w may not be unfair to you or others, as representa tives of this office contact you for your person property assessment, in the near future. By wor ing together we can both give and get a mo equitable assessment.

Tax money comes from property, whether re or personal, and if any individual, firm or group individuals are not properly listed, then the rest the taxpayers must pay more than their just sha in order to raise the necessary funds.

We hope everyone will cooperate in the listi of their property, that we may each one carry o full share of the tax burden and that we may ea play fair with our neighbors and fellow citizens.

Numerous New Changes Present Themselves to '49

Everyone has heaved a big sigh of relief and has resigned himself to the fact that Christmas is actually over and that semester exams are not in the far distant future. Life in old B. H. S. has become considerably dull since everyone has told everyone else what they got for Christmas, how much fun they had over vacation, what they did New Years Eve, and how late they slept every morning. It's all just a wonderful dream now and I guess we'll all have to accept the sorrowful fact that Christmas comes but once a year.

With a new semester coming up shortly, I'm wondering how many changes will take place. Some will be dropping subjects to take others. I guess most of the girls would probably like to drop at least one subject to take up Agriculture (Ag. for short). I wonder why? It certainly couldn't be because of the teacher!

Something which definitely should be looked into is the system by which the girls coats are hung up. Have you ever noticed the mad rush around there at twelve and four o'clock? It looks as though everyone tries to knock down more coats than the next person. In some respects it's funny while in others it's not so funny. It is definitely the wish and hope of every girl, I'm sure, that the next semester will bring to Belmond High a better system than that which has been practiced so far.

I wonder if everyone has noticed the New Year's resolutions, written by the sophomores, that have been posted on the bulletin board in Miss Miller's room. My goodness, but those people will certainly be little angels if they keep all of them.

Did you notice the long faces when the new Mixed Chorus list came out last Thursday? Cheer up kids, there's always next year. And after all, this is the last year for our seniors and they should be entitled to a few priorities.

Well, I guess I could probably go on and on but I'm probably using space that could be used for something more important so I'll just sign off here and wish all of our steady and new readers a Happy New Year and goodbye.

In case you didn't know the Journalism class will be taking over the "Spurs" next semester. I would like to take ths opportunity to pay a small tribute to our editor, Marilyn Madsen, for her splendid job, the hard work and effort she put forth to make this paper a success. She certainly deserves a lot of credit for her endeavors which were not in vain. Take a bow, Ed.

G. A. A. Held Regular Meeting

A regular G. A. A. meeting was held Thursday night. The following problems were discussed: the coming parties and the change of date of the regular meetings. It will now be changed to every other Thursday night because of the night school on Monday night. It was also decided that anyone belonging to G. A. A. could come any Wednesday night and do whatever they wish to in the gym.

After the meeting the members played basketball until nine o'clock. They were divided into two groups, the captains of the teams being Lois Mehl and Janyce Larson. Marion Loats

RESOLUTIONS - FACT OR FICTION

The new year has come at last, treading on the toes of the old in its hurry to hold the age-old sceptre, the scythe.

With the new year always come "resolutions." A resolution, as defined by Webster's Dictionary, is "a determination of one's purpose"

Millions of resolutions are made each year, but very few of these are kept. The one and only reason for this is that there is no determination behind them. Without a determination nothing can become a reality; instead it remains a thought. A mere thought is useless unless there is a force put behind it and an object in view. Therefore, making a resolution even verbally, without keeping it is without good cause and remains useless — a mere thought.

This year with an object in view and the determination behind them, let's make some good resolutions — and live up to them.

THE TATTLER

Adelaide Jenison, how are you and this certain someone coming along? Could this "someone" be from around Clarion?

Jean Oberhauser, tell them all about your New Year's Eve party. Did we have fun or did we have fun!

Miss Lunde, why do you do everything with your left hand? That surely is a sparkler!

Donavon McClure and Rollie Kinseth have been seen with "Eagle Grove" lately. Tell us about it fellas

Ah, Romance! Dick Simpson and Vernadine Berns were seen together at the Christmas party.

Kanawha surely gets around doesn't it, Darlene Trager? Don't say you don't know what we're talking about because we know you do.

Bob Berns got a kiss under the mistletoe and guess where — the Home Ec. room, of course.

Nancy Johnson and Bob Jenison are really keeping a steady gait. So you have probably noticed

Say, we saw Joyce Waddington strolling along slowly toward Nancy's house after the basketball game the other night. He sure was a hunk of man, Joyce!

Dutch has the initials B. H. carved or dug on his hand and they don't stand for Belmond High either! Just ask Betty Henderson ...

Marilynn Madsen, people are talking about that diamond on your left hand, third finger. Is it real or just pretend?

Deryl Morris recommends the Toni Home Permanent; he thinks a lot of his curls—he keeps fluffing them up.

Percy and Tom Harty are teaming up with "Goodell."

Question of the Week

What New Year's resolution did you make and how long do you intend to keep it?

Paul Griesy: I made quite a few, (50 to be exact) but if you know me you surely know I won't keep many of them, especially being quiet in sixth period study hall I can't!

Bev Lerdal: I didn't make any because every other year I haven't kept them.

Kaye Tracy: Be good and get A's. Don't ask me how I'm going to keep them!

Rolland Kling: Not to make any resolution and I intend to keep it that way.

Roger Wagner: Go out only six nights a week. Keep it always..

Janyce: To be good and never be grouchy. I hope to keep them all year.

It Happened Last Year

What happened? That's what the teachers were trying to figure out. There wasn't a normal student in high school Assignments weren't in on time, (not too abnormal) some students were calm, some worried, some were happy, and some were sad

Mr. Squires put his foot down and said "What's going on here?" The answer was "We're busy trying to get dates for the Christmas Dance!

Well, everything worked out fine, because Wednesday evening, December 22, the couples started pouring in the gym.

The gym was elaborately decorated with red and green streamers and in the center of the ceiling hung a huge bunch of vari-colored balloons. On the baskets were balloon figures and there was mistletoe in the most inconceivable places (Conceivable only to the boys, that is).

Everyone swooned as Glenn Miller's eight piece band struck up and furnished the music for the evening. On each side of the orchestra Christmas trees with bright colored lights made it a very picturesque yuletide setting. The girls in bright colored evening dresses of red, green, yellow and blue added to the setting also.

Were we ever happy to have so many alumni with us and thanks for coming. You added a lot to the party. We hope you'll be with us again next year.

During the evening we took time out for a very entertaining program. It consisted of: a piano solo by Marilyn McNutt, two songs by the Senior Girls' Trio, two vocal solos by Marilynn Madsen, a tap number by Dixie Carstens and Joyce Waddington, and an impromptu skit which was furnished by Mary Louise, an alumnus. At this time we would like to thank her for her participation.

After the skit we had a lunch, pop and cookies, and after intermission a wonderful balloon dance at which time the balloons were loosened from the ceiling. Confetti added to the hilarity.

Although we girls were brushing confetti out of our hair for weeks we had a wonderful time and wish to thank the Juniors for the wonderful, wonderful party.

MUSIC NEWS

The vocal music groups are now preparing selections for Contest. It has been announced that March 12 is the date set for the preliminary contest for solos and small groups. Preliminary contest for large groups will be held April 8 and 9. Later announcements will be made as to place and participants.

Mr. Cunning is making selections of new materials for the concert band. Music of both concert and modern nature is being selected. He hopes to get music that will appeal to both the band and its audience.

There is hope of the band giving a public concert during the next semester. As soon as possible the date will be announced.

The pep band was unable to play at the Belmond vs. Forest City game held Friday, January 7 due to the need of more space in the bleachers. It is hoped that it will be able to play at all the future basketball games.

The stand sponsored by the Music Department is progressing very well at the local basketball games. Your patronage is welcomed and remember that when you want a snack at the game, you'll get only the best food and service available from this stand!

GRADE NEWS

KINDERGARTEN

This week each one has been telling the class the many nice things he received for Christmas. We all had a grand time at our Christmas party. We helped Miss Mahannah unwrap her gifts, too. We were all very thankful for the gifts we received from one another.

Two birthdays were celebrated this week. We thanked Diane Kessler and Dennis Hill for the candy bars and cup cakes which they brought for their parties.

We took our Christmas tree and other decorations down. We are going to make teddy bears and toy bunnies to put on our bulletin board.

Marie Steinwandt

SECOND GRADE

We were all glad to be back at work again after a nice vacation. With but two weeks 'til the close of the first semester the second group in reading is working hard to get through their readers and be ready to start in "More Friends and Neighbors." Please encourage your child to do a lot of home reading. Advancement is very noticeable in those who do extra reading.

The art work this week is "Winter Scenes" of which we have a number of very good pictures.

Ronald Hopkins left our room just before Christmas and moved to Whittemore. We were sorry to lose him as he was one of the best in our room.

Harvey Sturm has had a tonsilectomy so is absent for a few days.

THIRD GRADE

For opening exercises, we have been reading the little books we received for Christmas.

The Goldfinch reading class began the book "Streets and Roads." The Nightingales are reading in this book also. The Cardinals are reading in the Elson-Gray Basic Readers.

We are studying how to tell short stories in language. Yesterday we wrote a story about "Joan and Her Lost Rubber."

In arithmetic we are just learning how to borrow in subtraction.

Ruth Kalkwarf

FOURTH GRADE

School again, after a merry Christmas and working harder than ever. We are reviewing in history for our semester tests. We have completed the Discovery, Colonization Period, and the Revolutionary Period of America.

In language, during discussion period, we have been telling about our Christmas experiences, gifts, etc. "Thank you" letters are being written to persons from whom we received gifts.

In arithmetic we are finding the missing facts in multiplication problems. We have nearly perfect scores in our daily time tests.

Our reading chart "Books I Have Read" has a number of new books added. Reports of books read are given orally before being placed on the chart.

Judith Baker

FIFTH GRADE

The next semester we will alternate health with history and science with penmanship.

Mrs. Laudry of the Cicero Schools, a suburb of Chicago, visited our room recently and she asked us to write letters to her pupils which we were glad to do; her pupils, in turn, will correspond with us.

We are reviewing in all of our subjects preparatory to semester tests.

Judith Baker

EIGHTH GRADE

The eighth grade has been studying electricity in science. The most interesting has been wet and dry cells.

We are very sorry Mrs. Jones is leaving. We have enjoyed her for a teacher.

The semester tests we have taken so far are spelling, mathematics, civics, and English.

Wilma Johnson Married To Donald Friesleben At St. Olaf Church

At a beautiful candlelight ceremony performed at 7 o'clock on January 8, at the St. Olaf Lutheran church, Miss Wilma Johnson, daughter of Mr. and Mrs. Carlton Johnson of Kanawha, was united in marriage to Donald Friesleben, son of Mr. and Mrs. Christal Friesleben of Belmond.

The double ring ceremony was performed by the Rev. O. M. Severseike.

Baskets of pink snapdragons and white mums and candelabra with white tapers decorated the altar. Candle lighters were the Misses Lyola Pals and Marie Wagner. They wore gowns of blue and pink.

Miss Phyllis Braner played nuptial music before and during the ceremony. Mrs. Edith Lieuwen sang "Oh Promise Me" and "Because." Following the ceremony she sang "The Lord's Prayer."

The bride, who was given in marriage by her father, was attired in an ivory imported Brititsh slipper satin gown, with a fitted bodice, net yoke and a full skirt extending into a Junior train. Her fingertip veil was held in place by two beaded lovebirds. She carried a bouquet of red roses surrounded by white baby mums. Her only jewelry was a string of pearls, a gift of the groom.

Miss Marilyn Friesleben, sister of the bridegroom was maid of honor, and Miss Aileen Johnson and Mrs. Gaylen Johnson, sister and sister-in-law of the bride were bridesmaids. They wore pastel gowns of pink, blue and rose, and carried bouquets of pink roses surrounded by white baby mums.

Karen Shahan, niece of the bride, as flower girl, wore a floor length dress of taffeta and carried a pink and white crocheted basket which contained rose petals and white baby mums.

Keith Christensen, nephew of the bride, carried the rings on a red rose fastened to a white satin pillow.

The groom and Dudley Johnson, brother of the bride, who acted as best man, wore brown suits with white lapel carnations.

The bride's mother wore a grey dress with brown accessories and the groom's mother, a green dress with gray and black accessories. Each wore a corsage of red roses and white mums.

Following the ceremony a reception for 90 guests was held in the church parlors. The three-tier wedding cake was topped with a miniature bride and groom and a pink and white color scheme was carried out.

Mrs. Glenn Russell, cousin of the bride, was in charge of the guest and gift book.

The Misses Mildred Mehus, Ruth Zeiger, Imogene Halfpap and Sally Sarber waited on tables. The waitresses were presented with aprons as gifts from the bride.

For going away the bride wore a brown plaid suit with pink and brown accessories and wore a corsage of red roses and mums. After a short honeymoon to Chicago they will be at home at the parental Christal Friesleben farm home northeast of Belmond.

The bride is a graduate of the Belmond High School, class of '45 and formerly worked at Schultz Drug Store, and is at present with the Thompson Hybrid Seed Co.

The groom is also a graduate of Belmond High School, class of '42, and is at present at home with his parents.

Out of town guests included relatives and friends from Kanawha, Garner, Forest City, Britt, Latimer, Hampton, Alexander, Eagle Grove and Webster City; also from Winnebago, Hazel and Hayfield, Minn.

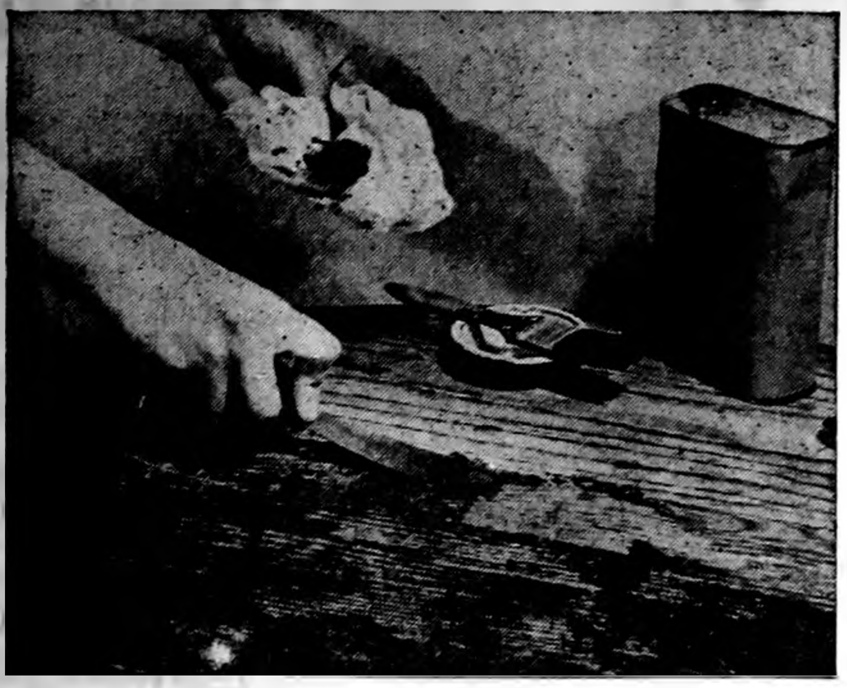
Refinishing Gives--
New Look for old Furniture



Many a good piece of old furniture looks weary because of years of hard wear. Refinishing at home can make it look almost as good as new.

Have you let your good, sturdy household furniture carry on all these years without really looking at it? If so, some furniture refinishing can be in order and you're just the person who can do it.

It's not a hard job, but you'll want to follow directions carefully. Be sure to put your efforts only on furniture that's going to serve for some time to come.

Refinishing Steps

Home furnishing specialists of Iowa State College say that furniture refinishing is done in three steps: removal of the old finish, preparation of the surface for the new finish, and application of the new finish.

Sometimes it isn't necessary to take off the old finish. Just sand the furniture lightly with fine sandpaper. Then sponge it with warm water and dry, or wipe it with a soft dry cloth.

To put a new finish over the old one, remove any old wax or oil by means of turpentine, benzine, naphtha, or warm water and soap. Use 4|0 sandpaper or pumice stone and water on the surface.

To take off old finish, use a good commercial paint and varnish remover. Apply the remover to a small space and wait until the old finish is soft. Then take it off with a putty knife, soft cloth, or a pad of steel wool and warm water. Clean the varnish remover from the surface, following directions on the container.

If you need to scrape off the old finish, use a putty knife or kitchen knife. Work carefully with the grain of the wood.

Here's how to get the bare wood ready for a new finish. Smooth the surface with fine sandpaper. Sand with the grain of the wood. Then remove any dark spots by sanding or by a household bleach. Apply the bleach to the spot with a soft cloth. Let it stand 15 to 20 minutes; repeat if necessary. Then bleach the entire surface so it will look the same. Rinse the surface with a weak ammonia or borax solution.

Fill up the cracks and holes. Sawdust and glue works fine in cracks, nail or screw holes. Plastic wood or cracker filler also is good.

Glue the loose joints and parts. Be sure to scrape off old glue first.

Then raise any dents or bruises in the wood. Apply a wet blotter or woolen cloth to the spot. Hold a hot iron near the wet blotter or cloth until steam rises. Be careful not to burn the surface. And most important, be sure not to use this process on veneered wood. It loosens the veneer.

Stains, Fillers, Paint

Apply stains if you wish to change the color of the furniture. Also apply filler. Any wood needs filler, either paste or liquid, to fill the pores and serve as a protective coating. Check with your local merchant to know what type of filler to use on the particular kind of wood you're refinishing. Follow directions carefully.

As to finishes, if you have a beautiful wood, you will want to show it. Use a natural finish. Remember that a dull, satin finish is nicer than a hard, glossy one. Natural finishes are raw or boiled linseed oil, varnish, shellac or penetrating seals such as floor seal.

OBITUARY

HENRY KRUSE

Henry Kruse was born at Hanover, German, on November 17, 1849, and passed away Wednesday evening at 8:30, December 29, 1948, at the home of his daughter, Anna Keller, in Fort Dodge, Iowa, at the age of ninety-nine years, 1 month and twelve days.

At the age of twenty-five years he was united in marriage to Sofa Festing. Three years later they came with their two small children to America. They landed at Baltimore, Maryland, at nine o'clock in the morning, and at 2 o'clock in the afternoon Henry was cutting corn. For this work he was paid six dollars a month and board. After a few short weeks in the Maryland cornfields he moved to Gilbert, Illinois, where he worked on a farm, and then on a section crew. Soon after he came on to Bulter county, Iowa; living there for a few years. He then moved to Wright county, where he made a permanent home for his family. After working here for eight years he bought forty acres of his present two hundred and twelve acre farm for twenty-six dollars an acre.

Mr. Kruse served two years in the German army during the Franco-Prussian war. He followed his trade of cabinet maker for a while after being mustered out of service, but before long he decided to take advantage of the opportunities of the New World and thus became a pioneer resident of the Commonwealth of Iowa. He was proud of his new country and became a naturalized citizen of the United States many years ago.

His wife preceded him in death twenty-seven years ago. He lived alone for many years, doing the house-work, and many household chores, his son, William operating the farm. His Model T Ford roadster provided him with the means of getting about, and he was a familiar figure in the towns of Goodell and Belmond, for he had many friends in both communities. For a long time Mr. Kruse has spent the winter months of each year in the home of his daughter at Fort Dodge, Iowa.

He is survived by one son, William Kruse, of Belmond; one daughter, Mrs. Anna Keller, of Fort Dodge, Iowa; four grandchildren, Mary Kruse of Belmond, Sergeant Henry Kruse, with the American Occupation Forces in Frankfort, Germany, Mrs. Albert Dettman of Kanawha, Iowa, Mrs. Peter Pals, Jr., of Belmond; and two great grandchildren, Marlett Dettmand and Billy Dettman.

Services were held on Saturday, January 1, 1949 at two o'clock at the Fulton Funeral Home, Belmond, with the Reverend W. L. Patterson, pastor of the Belmond Methodist Church, officiating. Pallbearers were Emery Thompson, William Diegger, William Eimbrink, Charles Mickesh, Arthur Ruka and Lee Shahan. Burial was at the Belmond Cemetery.

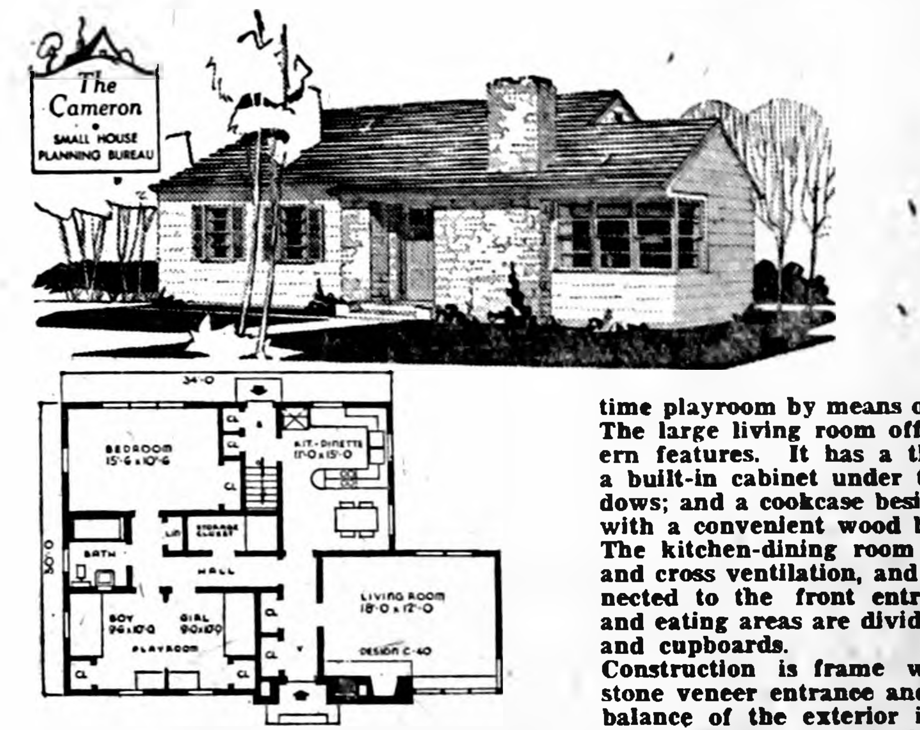
This Home Has Ample Closet Space

Spahn and Rose Lumber Company is prepared to help you with your planning, estimate of costs and many other details preparatory to the actual breaking of ground for your new home.

This is No. 2 in a special series of house plans to be published weekly. Blue prints of these plans are obtainable through this company at small cost. Feel free at any time to ask for the services we have available in the building line.



THE CAMERON is outstanding for its closet space. The front entrance vestibule has coat and storage closets. The rear entry has broom and coat closets. The bedroom hall has a linen cabinet and a handy storage closet that may be used for a sewing machine. Each of the bedrooms has ample closet space.. The children's bedroom, each with its own closet, bed and desk, can be opened into a daytime playroom by means of folding doors. The large living room offers many modern features. It has a three-way view; a built-in cabinet under the corner windows; and a cookcase beside the fireplace with a convenient wood box underneath. The kitchen-dining room has ideal light and cross ventilation, and is directly connected to the front entrance. Working and eating areas are divided by a counter and cupboards.

Construction is frame with a brick or stone veneer entrance and chimney. The balance of the exterior is finished with wide siding or shingles and asphalt shingle roofing.

Overall dimensions are 44'6" x 30' with a full basement. The house has 1193 square feet and a volume of 24,384 cubic feet.

Rev. Wintermeyer Gave Talk on Atomic Bomb at PTA

The P. T. A. met at the school house Monday evening. The following program was given: A group of small children sang three songs, "I Went to the Animal Fair," "Coming Round the Mountain" and "Polly Wolly Doodle" with Miss Laura Hassebrock at the piano; Rosemary Trager gave three piano numbers "Shortnin Bread", "Little Brown Jug" and "The Band Played Dixie" after which Rev. Wintermeyer of Latimer gave a very interesting talk. His subject was 'We Have Eaten from the Tree of Knowledge Before We Have Eaten from the Tree of Life" and likened it to the Atomic Bomb in that our scientists have become so highly skilled and highly educated that we are producing things we do not know how to handle after we have produced them. We are putting too much stress on something to produce destruction rather than on something which will be a great good to us. Rev. Wintermeyer also showed pictures of what could be done with the Atom Bomb as a destructive weapon and as a peace time project. Rev. Wintermeyer's talk was much enjoyed by all who were privileged to hear it. After a short business meeting lunch was served by the second and third grade mothers and their teacher, Miss Sorenson.

Farmers '48 Expenses Up While Income Was About Same As '47

A summary of records of the Iowa State College Agricultural Foundation farms shows that the dollar value of crops produced in 1948 was about the same as that of the 1947 crops and that 1948 was the first year in the 10 years of operation when expenses rose faster than income. James J. Wallace, manager of the farms, released the summary Wednesday.

Dollar value of the crops was about the same for the two years because 1948 yields nearly doubled those of the year before, while prices were about half those of 1947, according to Wallace.

Two things made 1948 the first year that expenses rose faster than income. One, the prices of things farmers buy rose faster than the prices of things they sell. Second, the short crop the year before pushed prices of feeds up.

The landlord's net profit per farm averaged $3,125 in 1948 compared to $3,880 in 1947. That represents a drop of $755 or 20 per cent. Higher expenses explain the reduction in the landlord's net profit, according to Wallace. The major factor was higher feed costs because feed was either purchased or inventoried at the beginning of the year when prices were still near their peak.

The average net income received by each tenant on nine farms was $6,078 this past year compared to $5,800 in 1947.

Tenants consistently have made more net income off the farms than the landlord. Wallace explains that the landlord's expenses of taxes, depreciation, and upkeep of buildings and fences are greater than the operating expenses of the tenant.

Livestock-Share Lease

The farms are rented on a livestock-share lease. Landlord and tenant divide the gross income equally. They own all livestock equally. The landlord matches the tenant's labor and equipment by providing the farm.

One enterprise common to all the foundation farms is hogs. The rest of the livestock programs vary from farm to farm. Each is designed to fit the specific farm and family.

The farms, varying in size from 120 to 320 acres, were given to the Foundation in 1938 by C. R. Musser of Muscatine. Purpose of the gift was to cooperate with Iowa State College in making a new approach to agricultural problems. The farms were selected so they would represent the major soil and type-of-farming areas in the state.

Farm Values Improve

The Foundation agreed to try to make the farms pay their way through proper land use and by encouraging full development of the native resourcefulness of the tenants. The farms represent case studies of what management can accomplish under normal limitations of finances and labor. They are not model farms, or experimental farms.

Results have been achieved in the 10-year period. Wallace points out that the farms are worth more now even if figured on the same price level as 1938. Crop yields have increased and more acres now will profitably grow corn.

He cites one 160-acre farm that typically shows the results of good soil management and cropping practices. An average of 19 acres would grow corn in the period from 1939 to 1943. During the period of 1944 to 1948 an average of 33 acres produced corn. Average yield in the first 5-year period was 29 bushels per acre compared to 49 bushels per acre from 1944 to 1948.

The Foundation trustees have spent no more in building up the farm's productiveness than the owner of any farm could normally spend, according to Wallace.

NEW BABY

Recently born, it hasn't been given a name yet, that is, not a personally, properly chosen name by the Independent family with which it will make its home.

Our newest baby made its appearance last weekend and has had so many visitors who have been coming in and staying to look it over to see what makes it tick that we have been thinking it would help the efficiency of our office to install some bleachers along the wall where the visitors could see well and yet give us enough space to get along with our work. You can be sure that visitors are always welcome.

Seriously, we are very proud of the new automatic job press which was installed last weekend and has already demonstrated its usefulness to us by quickly running off, with very little manual help, several nice jobs.

This machine, taking up no more room than the old one which was traded in, and operating far more quietly, does just about everything for us except eat, sleep and talk back. When it is in operation, it is difficult for the bosses as well as the employees to keep their mind on work that has to be done to meet the ever present weekly Independent publication deadline. The darn thing is so fascinating.

Equipped with two arms and what might be called hands on which are attached little vacuum cups (these do the work of human fingers) the machine slips in and slips out the paper, cards or what have you to be printed.

The New Craftsman Automatic will handle jobs all the way from a card as small as two by four inches up to a sheet as large as 13 by 19 inches and will make approximately 3,000 impressions per hour.

You would think, with all this new fangled equipment to help us boys get our work done that our worries should be over. But our wives have already remarked that this should eliminate night work. Now Dick and I are faced with another problem. What kind of excuse or reason can our new baby think of for keeping us out at night.

—M-S—

A letter from Mr. and Mrs. Ed Thompson corrects an error the Independent made the week before which stated they were at San Antonio. The Thompsons are having a winter vacation in Texas, but are at Weslaco, at the Parker Trailer Park, instead of San Antonio.

We quote from the letter: "Harry Sorenson's are also here in the same trailer park. Mr. and Mrs. A. E. Evenson of Goodell are here also. Many Iowans are here. We have had beautiful warm summer weather ever since we arrived. In fact, it has been up to 97 degrees. We are thoroughly enjoying it and are feeling fine. We are posted on Iowa weather for we can get WHO at 10:15 at night and when we hear about the snow and cold it seems impossible, for everyone is outside playing shuffleboard or visiting.

"Lots of entertainment in our camp, in fact it's the best trailer park in the Valley."

Appeal Urgent For Generosity In 1949 March Of Dimes Campaign

Containers Placed At 10 Main Street Spots For Convenience In Giving

An urgent appeal has been issued to the people of Wright County to support the 1949 March of Dimes with generous contributions.

Robert Kay, Clarion, who is county chairman of the March of Dimes, made the request this week.

For the convenience of contributors in Belmond March of Dimes containers have been placed in ten different places on Main street: First State Bank, Schultz Drug Company, Belmond Independent, Studebakers, Coffee Shop, Post Office, Liquor Store, the New Belmond Theater, Adams Pharmacy and Koppernagel's Recreation Parlor.

"With more cases reported last year than during the previous three years combined, funds are even more desperately needed to fight Infantile Paralysis," Mr. Kay said.

"National, state and local funds are depleted and we appeal to every resident of our county to rally behind this great humanitarian cause and put the 1949 March of Dimes over the top," Mr. Kay concluded.

The March of Dimes campaign, now in progress, is devoted to raising funds for the treatment of Infantile Paralysis victims in this area. This is the 11th Annual March of Dimes Campaign, and it will be concluded Monday, January 31st.

Weekly Movies Added To Boy Scout Program

According to an announcement by Glenn Martin, Scoutmaster, a new scouting program has been started with movies being shown every Monday night for all boys who are taking part in scouting. On Monday of this week the scouts saw a picture on basketball, and next week Monday evening the first of a series of 15 Jack Armstrong pictures will be shown.

The Scouts meet at 7:00 o'clock in the hall below Rowat and Murray.

The movies are a new feature of the scouting program and do not take place of regular work. The boys will be required to continue taking tests at regular intervals. One new tenderfoot, Keith Madsen, was added to the troop at the last meeting, Mr. Martin reported.

Broncos Won Twice: One In One Out Of NIC

The Belmond Broncos won two games during the past week: one from Northwood 49-32 who played here last Friday night in a North Iowa conference tilt; another from Clarion 47-30 where the Belmond team played Tuesday night out of the conference.

Belmond's victory over Northwood made more secure its third place standing with a 4-2 mark. At half time Belmond led 18-13. Roger Kinseth led the scoring with 16 points. Duane Trager got 9. The Vikings won the sophomore game 23-20.

Roger Kinseth again led the scoring in the Clarion contest, totaling 22 points. Half time score was 24-15 with Belmond taking a lead which it retained at the end. In the second team game, Clarion won 44-29. Half time score was 23-15 in Clarion's favor. Bob Boston, a new player for Belmond, played a good game, scoring 12 points.

PLAY BRITT HERE

Only one game is scheduled for the Broncos during the coming week with Britt traveling here Friday night. The Eagles defeated Belmond in a game played there, the first of the season.

Methodist Church Projects Develop In Northwest Iowa

Belmond Parish Canvass Is Friday, January 21

Two new service projects are being sponsored by the Methodist Churches of northwest Iowa, with the help of other interested people. "Friendship Haven," a home for retired people will be built at Fort Dodge, and two additions are to be completed at the Methodist Hospital at Sioux City.

In this connection, ministers representing the projects will visit Belmond to canvass the local Methodist parish on Friday, January 21.

Friendship Haven at Ft. Dodge will provide a home for 130 retired people in the first building of a series planned on spacious grounds given for that purpose. Construction is scheduled to begin in the spring. The Home will be one of the most conveniently planned in the country, with library, chapel, infirmary, and hobby rooms in addition to well appointed private quarters.

At the Methodist Hospital in Sioux City, the Carlotta C. Chrisman Students' Residence and Training School is already in use and will accommodate 76 student nurses, making possible a 50 per cent increase in enrollment. A wing to be added to the hospital will increase patient capacity to nearly two hundred and will add equipment and laboratory space for specialized medical and surgical services. The recent Tri-Hospital Campaign in Sioux City raised much of the fund needed for this Wing. Government aid and the contributions of interested people in the territory are expected to provide sufficient funds to complete it.

GOAL IS $400,000

The goal set by the Methodist Churches for their members and other interested people is the raising of $400,000 for those two institutions.

The current active fund raising period is known as "A Crusade for Health and Care", through the Methodist Hospital in Sioux City and Friendship Haven in Fort Dodge. Local Methodist pastors will be glad to answer inquiries concerning either.

Mr .and Mrs. Henry Beenken and Barbara Ann and Clark Broiller of Waterloo visited at the Jelto Beenken home Friday.

At the business meeting of the association, the board of directors announced that more than 18 million dollars of insurance was in force.

Members of the board of directors elected for the new year are: Kenneth Tillman, Lincoln township to succeed O. P. Morton; Henry Graepler, Dows to succeed himself; Henry Goeman, Belmond to succeed himself and Harry Sumners of Clarion to succeed himself.

Morse Lake Is Among 17 North Iowa Lakes Open For Winter Fishing

Because of low water and oxygen deficiencies which indicate serious winter fish loss in 17 northwest Iowa lakes, the Conservation Commission, by administrative order, has opened these lakes to winter fishing. The order became effective January 11 and remains in force until March 1. Anglers may take any species of fish with no size or bag limits applying in the waters listed below.

Morse Lake, west of Belmond is among the 17.

The administrative order, in part, follows: "The State Conservation Commission of Iowa . . . does hereby order and declare that . Marble Lake, Swan Lake, Prairie Lake, Little Spirit Lake, Hottes Lake, Minnewashta Lake, and Lower Gar Lake in Dickinson County; Tuttle Lake, Mud Lake, High Lake, Rush Lake, Elk Lake and Virgin Lake in Emmet County; South Twin Lake in Calhoun County; Crystal Lake in Hancock County; Morse Lake in Wright County; and Little Clear Lake in Pocahontas County are hereby opened to fishing to all persons having proper fishing license, and such persons may take, catch, or have in possession any and all species of fish from the above named lakes providing said fish are taken in accordance with the provisions of the state fishing laws for inland waters, except that size, catch, and possession limits shall not apply."

Dr. S. P. Leinbach and the Pulmotor Squad of the Belmond Fire Department were called to the scene of an accident near Meservey early Friday afternoon. Ernest Schlaman, 39, of Hampton, was burned on both arms while working on an REA electric line two miles northeast of Meservey. He was taken to the Lutheran hospital in Hampton where a doctor described the burns as serious.

MEETING TODAY FOR ALL C. OF C. MEMBERS TO HEAR NATIONAL AFFAIRS ADVISOR

C. Howard Smith, National Affairs Advisor of the U. S. Chamber of Commerce, will be in Belmond Thursday (today) to speak at a Chamber of Commerce luncheon at 12:00 noon at the Library basement.

Original plans announced last week were that Mr. Smith would come to Belmond to speak to the Belmond directors and planning committee. However, members of the local chamber who heard him in Mason City last week suggested that the information he gives would be of interest to the Chamber of Commerce as a whole, so plans were made for a luncheon meeting for the whole group. Any others who may be interested in hearing Mr. Smith are also invited to attend.

May Waste Money Planting Seed Not Adapted To Iowa

Discusses Alfalfa And Clover Varieties

Many Iowa farmers may waste money purchasing alfalfa or red clover seed that is not adapted to conditions in this state, C. P. Wilsie, research agronomist at Iowa State College, warned last week.

A serious shortage and high prices have led some farmers to substitute varieties adapted to other regions for recommended varieties.

In the case of alfalfa, Wilsie points out that such varieties as Arizona Common or California Common, reportedly being sold in the state, are not hardy and will winterkill in Iowa. He says that farmers can't rely on those varieties to produce one good crop of hay. Tests conducted by the Iowa Agricultural Experiment Station over a 13-year period show that Arizona Common yielded only 37 per cent that of Grimm.

Wilsie recommends Ranger, Ladak, Cossack, Grimm and Northern Common varieties. Kansas Common and Oklahoma Common can be grown in central and southern Iowa.

Red clover in general has a fairly narrow adaptation. Strains best suited to Iowa conditions are those that have been grown in the Corn Belt for many years, according to Wilsie. He points out that Midland and Cumberland also have done well in central Iowa even though produced in the western states.

Wilsie does not recommend Atlaswede red clover imported from Canada. Dollard and Ottawa, two others imported from Canada, are fairly satisfactory and in certain seasons yield as well as native strains, he says. Atlaswede, however, is an extremely late single-cut or Mammoth type adapted to the region around Edmonton, Alberta, Canada. If a single-cut type is desired, strains of Mammoth red clover from Iowa, Minnesota, or Wisconsin are much better than Atlaswede, according to Wilsie.

COAL VEIN

If Iowa runs out of coal, Harold Adams of Marenga knows where to find some. In drilling a well recently, he encountered an 18-inch vein about 75 feet below the surface.

KING SIZE

A hen belonging to Elmer Weitzell of near Tama turned out a three-yolked egg recently. It measured 9 inches around the long way, 6½ inches the short way.

BLEW UP

Christmas day took an unexpected turn for Mrs. Freeman Cockrel, of Toledo. While preparing the holiday dinner, a pressure cooker blew up in her face, resulting in severe burns to her face and neck. She says she has used the cooker a number of times but had "always been afraid of it."

43 YEARS

Oscar Tostlebe of Cedar Falls has been crying farm sales for about 43 years, which is perhaps not a record but probably close to it. And he is still going strong. Last year he cried $600,-00 worth of items. The smallest of the 50 sales he handled last year was twice as big, in money volume, as his biggest sales back in 1932 and 1933.

"Mystery Farm" 18 Is Home Of James McLaughlin Family

"Jim" Has Lived All Of His Life There

Mr. and Mrs. James McLaughlin and children make their home on Mystery Farm 18, the same farm on which James was born and reared and lived all of his life.

The 296 acre farm is owned by McLaughlin's father, J. W. McLaughlin. Jim and his wife, June, lived in a tenant house on the farm for a couple of years after their marriage, and then moved into the family home after the elder McLaughlin's moved to town four years ago.

McLaughlin operates not only the 296 acres of the farm, which is located one mile south, two west and one-half south of Belmond, but an additional 100 acres as well. Last year he had 140 69 in oats. He raises 300 to 325 hogs, a few cattle and keeps 10 Holstein milch cows. They raise about 300 Austra White chickens a year, keeping about 100 hens for eggs. Mrs. McLaughlin takes care of a large garden in the summer and her canning totals around 200 quarts.

The McLaughlins have two children: Phillip James nearly five years of age, and Marlys Jean, two. Jim and June are both kept busy—he with his farm work and live stock; she with her home and children, garden, canning, chickens, and the various other jobs that keep a farm wife from having much leisure time.

The farm has a completely modern house and a modern water system with water piped to the buildings. Latest improvements were new aluminum roof on the barn and the house shingled last fall.

Mystery Farm 19 may be found in this week's issue of the Independent in an advertisement sponsored by the Belmond Hatchery. Occupants of farms shown in the paper are reminded to call at the Independent office for free enlargement of farm pictured and to give information about farm and family for publication in the Independent the following week.

Wild Horse Picture Filmed In Canadian N.W.

Filmed amid the breathtaking grandeur of the Canadian Northwest, with all the beauty and impact of a thrilling wild horse stampede, Eagle Lion's Cinecolor spectacle "Northwest Stampede," which comes to the New Belmond Theatre this Sunday and Monday, January 23 and 24,, is an action-packed outdoor film.

The exciting story tells of the clash between the son of a recently deceased ranch owner and his father's lovely lady foreman.

They fight over whether the raneh should be sold or rebuilt to its former showplace status, the son favoring the former and the foreman the latter.

To pay off debts on the ranch, it is necessary to roundup and sell the wild horses on the range. First, however, the pair set out to capture the leader of the wild herd, White Outlaw, who has twice set free the entire pack.

The chase and eventual capture of the outlaw horse leads to an exciting, smashing climax.

James Craig, Joan Leslie and Jack Oakie star in this thrill-packed outdoor extravaganza, which was filmed in Banff National Park and on the Duke of Windsor's Calgary ranch.

TOOTH

Mr. and Mrs. Kenneth Woody of Harvey were extra-proud parents recently. Daughter Jewell Ann arrived in this world with her "first tooth" already developed.

GAS

At Clarion, two year old Danny Ketchum has already learned all about carbon monoxide gas. While in a garage with his father, Danny "passed out" as a result of breathing fumes from a truck exhaust pipe. He was quickly revived with no serious results.

SQUIRREL

A squirrel at Forest City is leading anything but a squirrel's life. Picked up as a pet by Phil and Bob Hansen, the squirrel now has the run of the house and makes an ideal pet. Yes, he's housebroken.

Cooperation

In our continued effort to obtain equalization of values in Wright County for assessment purposes, each place of business will be visited by representatives of this office, but who are also employees of the Cleminshaw Company, our appraisal engineers.

Commercial and personal property men are now at work in the county, and you will be contacted within the next few weeks.

Your full cooperation will be greatly appreciated by both the appraisers and this office, that equity may be obtained for all.

Golden Wedding Of Mr. and Mrs. Olaf Thompson Celebrated On Jan. 11

Mr. and Mrs. Olaf Thompson celebrated their fiftieth wedding anniversary on Tuesday, Jan. 11, 1949. Open house was held from 1 to 5 o'clock and 7 to 9 p. m. 140 friends and relatives came to the Thompson home to greet them and pass a few minutes chatting.

Mr. and Mrs. Thompson were born in Kendall County, Ill. They were married in the Lutheran parsonage at Lisbon, Jan. 11, 1899, with the Rev. N. G. Peterson officiating. About one month later they moved to a farm eight miles southeast of Kanawha, and two years later to a farm two miles west of Belmond. After two years they again moved, this time to Hancock County, where they purchased their present farm three miles northeast of Kanawha. They made their home on this farm for 41½ years. In 1944 they retired from the farm and moved to their present home in the northern section in Kanawha.

Twelve children came to bless the Thompson home, eleven of whom are living. One son died in infancy. There are 28 grandchildren and six great grandchildren.

The children were all able to be present and spend the day with their parents and enjoy the day's festivity. The children are: Mrs. R. E. Cole of Mattoon, Ill., Mrs. Emery Engh of Goldfield; Luverne Thompson of Corwith; Mrs. Howard Hanson of Independence, Kan.; Mrs. Robert Neighbors of Waterloo; Mrs. Harry Benson of Norcross, Minn.; Silas Thompson of Kanawha; Mrs. Oscar Nepstad of Batavia, Ill.; Mrs. Olin Engh of Eagle Grove; Oren Thompson and Mrs. Geo. Evans, both of Kanawha.

Another highlight of the afternoon was a long distant call from Mr. Thompson's niece, Mrs. O. Atcheson of Patterson, Iowa. Mrs. Atcheson is the former Ethel Gunsell.

Each visitor enjoyed the refreshments of ice cream, cake and coffee.

D D T As Fly Control Does Not Effect Grubs

Since the general acceptance by Iowa Dairymen of DDT as a fly-control chemical, it has been observed that grubs have been gradually increasing in the dairy herd, Harold Gunderson, extension entomologist at Iowa State College, informed Aaron R. Bowman, county extension director, this week.

Although DDT does a good job of controlling some kinds of flies, it has no effect on cattle grubs, heel flies or eggs they lay on the hairs of the animal's body. Dairymen are no longer using ordinary cattle fly spray which apparently had a killing effect on eggs that grubs come from.

Bowman says another reason for the increase in grubs among dairy cattle is the general opinion that grubs were on the way out. Dairymen observed that producing herd did not have grubs although heifers, dry cows and the bulls might be literally loaded. Therefore, they didn't pay as much attention to the problem as they should have.

No definite information is available on losses in milk production caused by cattle grubs. However, few experiments that have been conducted indicate immediate increase in milk production from 10 to 25 per cent following treatments, Gunderson points out.

The dairyman is in a much better position than cattle feeders to eradicate the cattle grub and heel flies on his farm. His cattle are in the barn twice daily where they can be examined and grub treatment applied easily and effectively. Area-wide control programs have shown individual farmers can protect their own herds by frequent, thorough treatment regardless of what their neighbor may do.

For the dairyman, 1.67 percent rotenone dust is probably best. One pound of dust will treat 10 to 12 animals once. Because of ease of application, it is suggested that grub treatments be applied to dairy cattle, every 2 weeks. Grub treatments in Iowa may have to be continued until the middle of May because of the species involved, according to Gunderson's information.

Services Held Saturday For Former Resident, Sister Of Wilmer Burk

Funeral services were held on Saturday afternoon from the Methodist Church for Mrs. Beulah Mae Danielson who died January 12 at Milwaukee, Wisconsin at the age of 59. Reverend Wm. L. Patterson officiated at the service and burial was in the Belmond cemetery. Funeral was conducted by the Boone Funeral Home.

Services were held in Milwaukee at the Independent Mortuary Chapel before the body was brought here.

Mrs. Danielson was a former resident of Belmond as a girl. She attended the Belmond schools and graduated from the local high school. In addition to an only brother, Wilmer Burk of Belmond, she is survived by three children.

Costly Tragedy

The Cocoanut Grove fire in Boston killed 492 persons. This loss of life was greater than that suffered by American troops in the invasion of North Africa.

Walter Grimm Farm-Home Ruined By Fire Thursday

Fire completely ruined the interior and furnishings of the large Walter Grimm farm home one and one-half miles west of the St. Olaf church last Thursday afternoon. Origin of the fire was thought to be from spontaneous combustion in the furnace room of the basement.

Mr. and Mrs. Grimm had left for Rochester, Minnesota early that morning and neighbors discovered and reported the blaze since there was no one in the building.

Fire trucks from Belmond, Clarion and Kanawha were at the scene of the fire shortly after the alarm was turned in and were able to confine the fire to the interior of the house. The blaze had spread from the basement and through the partitions in the center of the home into the second floor rooms.

Loss will probably run to several thousand dolllars.

BELMOND BUSY BEES HELD MEETING JAN. 8

Belmond Busy Bees met at Mary Ellen McClure's home at 2:00 p. m. Jan. 8. The meeting was opened by saying the 4-H pledge. Roll call was answered by 13 members, two visitors and two leaders. Several plans were made to make money for the treasury and plans were made for an ice-skating party.

Shirley Davenport and Sharen Strait gave a demonstration on "measurements", and Arlene Slining gave a talk on "labels."

In the workshop the girls paired off and took each other's measurements.

At the close of the meeting refreshments were served by the hostess and assistant hostess.

OBITUARY

BEULAH DANIELSON

Beulah Burk, only daughter of Mr. and Mrs. Ellis Burk, was born March 27, 1889, at Goodell, Iowa, and passed into eternal rest on January 12, 1949 at Milwaukee, Wisconsin, having attained the age of 59 years, nine months and 15 days.

She was educated at Goodell and Belmond schools, and following her graduation from Belmond high school with the class of 1907, she taught school two years.

On October 6, 1909, she was united in marriage to Andrew Danielson, of Coulter, Iowa, and resided in Rockford, Iowa, for a number of years.

To this union were born three daughters and one son.

During her early life she was a member of the Belmond Methodist church. She studied music, and served as organist on many occasions, both here and in Rockford.

After leaving Iowa, Mrs. Danielson resided in Illinois for a number of years, before moving to Milwaukee in 1937.

The past six years she was manager of the sterling flat ware department of the Schmanke-Kasten Jewelry Company Incorporated.

Mrs. Danielson was preceded in death by her parents and husband

She is survived by three daughters, Mrs. Erma Weatherford of Galesburg, Ill.; Mrs. Lucille Hawksworth of Peoria, Ill.; Mrs. Lois Roeming of Milwaukee, Wis.; one son, Stanley Danielson of Galesburg, Ill.; one brother, Wilmer Burk of Belmond, Iowa; and seven grandchildren.

Services were held on Saturday, Jan. 15, 1949, at two o'clock at the Methodist church, after brief services at the Boone Funeral Home, the Rev. Wm. L. Patterson, pastor of the Belmond Methodist church officiating.

Music was furnished by members of the Methodist church, Mrs. L. M. Helland and Mrs. Andrew Loats. Mrs. Paul Jenison was organist. Hymns sung were "In the Garden" and "Nearer, Still Nearer."

Pallbearers were William Eimbrink, Harold Smith, Ellory Purcell, Ben Fetrow, Frank Sandry and Henry Busse.

The body was laid to rest in the Belmond Cemetery.

We wish to express our appreciation to all of our relatives and friends for the cards, flowers, memorials, and many other acts of kindness extended to us during our bereavement. We especially thank the members of the Women's Society of the Methodist church and the Rebekahs for serving, and to Rev. Patterson for his ministry. The thoughtful consideration was greatly appreciated.—Mr. and Mrs. Wilmer Burk, Mr. and Mrs. Orris Weatherford, Mrs. Lucille Hawksworth, Mr. and Mrs. Karl Roeming, Stanley Danielson, and families. 14t1*

Soils Professor Will Speak On Fertilizer Need

Meeting Is At Clarion H. S. Assembly Jan. 24

Dr. Lewis B. Nelson of Iowa State College will discuss "Fertilizer Needs for Wright County Crop" at the Clarion high school assembly on Monday evening, Jan. 24 beginning at 7:30 p. m.

Dr. Nelson is Research Professor of Soils of the Iowa State College Experiment Station. He has charge of most of the field experiments on fertilizer conducted by the experiment station and is considered one of the best authorities in this field.

All farmers and fertilizer dealers and any others interested are invited to attend the meeting which has been arranged by the county extension service and will be held in connection with the night school program conducted by the Clarion Vocational Agricultural Department.

This meeting was arranged to give farmers first hand information on how Wright County crops respond to various types of commercial fertilizers. The recommendations are based on research experiments conducted by the Experiment Station. Some of the field experiments were conducted in Wright county.

Dr. Nelson worked with Dr. George Stanford in conducting the experiments in Wright county this past year using radio active prosphorus as a "tracer" in the tests. Heavy nitrogen was also used on experiments in the county to aid in nitrogen research experiments.

Farmers are using many times the amount of commercial fertilizer used a few years ago. About 4,000 tons was used in 1947 and the amount is increasing rapidly each year.

Information presented at the meeting on Jan. 24 by Dr. Nelson should enable farmers to make wise choice of fertilizer which will prove the most beneficial for efficient crop production.

Aid To Prisoners

Prison work of the Salvation Army in this country had its birth in a small "prison-gate" home in Hartford, Conn., in 1885, where newly - released prisoners were helped to readjust themselves to normal life and to take a useful and productive place in society. From these humble beginnings, the Salvation Army has developed an extensive program of year-round work inside prison walls. In addition, the Salvation Army undertakes to care for the less fortunate families of prisoners.

"Peddle'n Along"

Written by the Senior Class

THE NEW CONGRESS

On January 3 Congress met for the first time in 1949. Many matters were and are being brought up. But before they can make any important decisions they must get organized.

The Democrats now control both houses. The Senate is made up of 54 Democrats and 42 Republicans and the house has 263 Democrats and 171 Republicans and 1 American Leborite. The Democrats will naturally vote in their choice as speaker of the House. His duties are keeping order while in session and enforcing the rules of the house. Sam Rayburn, representative from Texas, is expected to be chosen as speaker since he has held ths post since 1940.

The presiding officer of the House is the Vice-President, Alben Barkley of Kentucky. He may not put in much of his time this way for President Truman's plans are to give Barkley some important administrative duties.

In each branch of Congress a majority and minority floor leaders are elected by the member of their parties. They manage important debates and hold their parties together in important issues. These floor leaders elect other men to help them keep the party members in line. These persons are known as whips. Their main duty is to secure the presence of all their members when important issues are being voted on.

Committees are the next important point. They are chosen from the House and Senate both and they sort out and reject the various bills introduced into Congress. It can be realized what tremendous job this is when it is known that in a recent two year session 17,000 bills were sorted by these committees. Public hearings may be held by the committees in order to obtain the views of the public.

To give an example of the trouble of passing a bill the steps of passing a bill follows: Introduced, to committee, to subcommittee, back to committee, put on calendar, debate and vote, sent to House, to committee, to sub-committee, to committee, put on calendar, debate and vote, back to Senate, to conference, to House again, to Senate again, speaker signs, Vice president signs, President signs, becomes a law.

If a lot of pressure is put behind a bill it may be handed from one to another many more times than this or it may only be voted on by the Senate and House and President signs and it becomes a law.

SENIORS AT WORK - - -

The Seniors have been working very hard on the outline for their annual. They have started on the Class Will, Class History, and Class Prophecy. Thursday morning Mr. Wilson of Wilson's studio at Hampton came and took pictures of the school children from the Kindergarten to the Seniors, who are having individual pictures taken. The pictures and all the written material have to be in by February 1 in order to receive our annual by May 13. The name of the annual will be "The 49'er." All are hard at work and pressed with time as there are only two weeks left for the material to be in. We are indeed "Busy Beavers."

Home Economics News

The Home Economics Club has received a very appreciative letter from the orphans home at Waverly. This letter from Waverly was in acknowledgment of the gifts received from the H. E. Club at Christmas time. The letter included an invitaton for our club to visit their orphans home at any time. The Home Economics Club does plan on accepting this invitation as a spring field trip. (Gifts for the Waverly Orphans home included the followng items: Stuffed animals, picture scrap books and joke scrapbooks.)

The tenth grade are studying milk and cheese cookery in their class and everyone seems to be enjoying it. Advanced Home Ec is now finishing the unit on Child care.

BAND NEWS

The Band Mothers sponsored a "Womanless Wedding" last Thursday evening at the school house. The Womanless Wedding drew a big crowd and loud, hearty laughter. The cast of 35 men seemed to enjoy their parts immensely. Several out-of-town folks were present. Lunch was served by the ladies.

The band was invited to play at the Franklin County Tournaments Thursday evening at Hampton. They are going to play several marches and will be dressed in full uniform. The band is directed by Mr. Stanley Bulka.

ATHLETICS

GIRL'S BASKETBALL

Since the last issue of the Alexander School News, five games have been played by the Alexander girls' basketball team. Following are the scores and the dates of the games.

Dec. 17—
Alexander 36 Franklin Cons. 66

BOYS' BASKETBALL

The boys' basketbal team also played five games since the last issue of the school news. Following are the scores and dates of the games.

Dec. 17—
Alexander 17 Franklin Cons. 47
Dec. 21—
Alexander 11 Hampton "B" 26
Jan. 4—
Alexander 31 Meservey 55
Jan. 7—
Alexander 30 Meservey 55
Alexander 30 Popejoy 25
Jan. 11—
Alexander 6 Sheffield 70

Alexander defeated Popejoy on Jan. 7 to win their first conference game of the season. The final score was 30-25. The Alexander team got off to an early lead and held it to win the game. Popejoy's man-to-man defense failed to stop the Bulldog's attack. For Alexander Paullus and Blau collected 10 and 8 points respectively. Anders hit 12 points for Popejoy. Alexander made 3 out of 14 free throws while Popejoy made 3 out of 13 free throws.

The High School Girl's Ensemble sang two numbers for the Band Mother's meeting last Thursday afternoon. The names of the songs were "Were You There?". and "Now The Day is Over."

Mr. Hussong, the director, has added three voices to the group making a total of eleven voices. The new members are Ruth Bensen, soprano, Denise Ainslie second soprano, and Beverly Smith, alto. More members will be added later in the year.

GRADE NEWS

KINDERGARTEN

The children are studying about the farm and the zoo in their Unit Study. They have also been making a snow border for the room which includes Mr. and Mrs. Snowman and Tommy the snow boy. They have also made Snowmen out of cotton to put on the window shades.

They have enlarged their playhouse and sanded boxes for their new furniture.

FIRST GRADE

We have started a new reader entitled "Fun With Dick and Jane."

Tuesday we did a test in reading. It was fun to see how much we could remember.

We are studying homes in social science and thermometers in science..

We took down our Christmas decorations and made snow men free hand for our bulletin board.

Sharon Shoafstall's mother visited our room last week.

John gave us candy bars last week when it was his birthday and Wayne gave us cracker jacks.

SECOND AND THIRD GRADE

Now that Christmas is over we're getting back to our schedule. Christmas was a very busy time around this room, as we were making gifts, decorating the room with candy canes and evergreen, and to climax all events was our Christmas program. Now we're hard at work again; this is displayed in our above average spelling grades.

Those who got A in our semester spelling tests were Lilly Latham, Glen Myers, Donald Barkema, Kenny Hawley, Mardell Holze, Lois Kapka and Rosemary Trager.

We are performing an interesting experiment in science watching two bean plants grow. One is in stony soil and the other is in rich black dirt.

In second grade, we are learning to measure with rulers and to read thermometers.

Meat and eggs is the subject of third grade geography. Soon we shall begin a food chart, showing kinds of foods and where they are found.

FOURTH AND FIFTH GRADE

The fourth and fifth graders are all through with their semester tests and are now starting a new semester.

Fourth arithmetic class is studying about fractions and in geography they are studying about Egypt, Gift of the Nile.

In science and health the fourth graders are studying about how our body uses the food we eat.

The fifth grade health class is learning what happens to our food after we eat it.

In geography, the fifth graders are studying about the west, South, Central states—Oklahoma, Arkansas, Texas and Louisiana.

In language they are starting to write reports and stories.

The fourth and fifth graders sang for the P. T. A. program given Monday, Jan. 10. Five boys and six girls of the fourth and fifth grades sang three songs, entitled: "She'll Be Coming Around the Mountain," "Animal Fair" and "Polly Wolly Doodle."

Miss Hassebrock had a birthday party in school and she received many nice gifts. She treated the room to drumsticks and the rest of the afternoon was spent in playing games.

SIXTH AND SEVENTH GRADE

The sixth and seventh grades are studying color in art. They are learning how to blend and match colors.

Marjorie Barkema and Dennis Larson have both been out of school for some time because of illness. Dennis is now back but Marjorie has not been able to.

Mr. Rysdam, the high school coach, is now taking the sixth and seventh grades down to the gym to teach them how to play basketball. All of the students must have a C average to be eligible.

EIGHTH GRADE

In science the eighth grade students are studying all about the solar system.

In mathematics they are constructing angles, triangles, and perpendiculars.

In literature they are just starting the unit "Living in Other Lands."

Lonny Myers has had a perfect spelling all year and also in his semester test. He is the only student in the eighth grade with this record.

NINTH GRADE

In history the ninth grade are studying Current Events. Their main topic is Social Security and how it works.

In English they are diagraming sentences and also picking out the subject and predicate.

For science they are studying about the energy of the sun and in algebra they are learning how to factor.

TENTH GRADE

For English the sophomores are reading articles assigned to them from the Reader's Digest. They are also reading "The Tales of Two Cities" by Charles Dickens.

In Geometry they are studying about parallel lines.

JUNIOR AND SENIOR NEWS

In English the Juniors are studying American Literature again this semester. They are reading poems and studying the different authors. The Seniors have changed from English to Speech this semester. We all think it is going to become very interesting. Under Speech, we will include the Senior Class Play which has been thought about very little as yet.

The Juniors and Seniors are doing about the same thing in typing. We are doing centering work. The Juniors are doing one column work and the Seniors are doing several column work with numbers.

In History we are studying mostly current events. We haven't really settled down since semester tests and Christmas vacatioon, now we need a vacation to get rested up. Doesn't every student agree? ? ? Something of interest to everyone was the discussion of the New Social Security question to be brought up before the 81st Congress.

In Bookkeeping we have started on the whole bookkeeping cycle, which is really going to be hard.

In Manual Training the boys say they are doing nothing, but I think they just don't want to admit how hard they really are working on projects that they haven't finished.

They Don't Miss Much, These Kids Of Ours

Don't children say the most surprising things? Who would ever suppose 3-year-old Billy could size up his father so neatly?

Said his father, "Billy, you stay here with mother."

"Why-y-y?" said Billy.

"Because mother needs you to help her," weakly lied his father.

"Because I bother you?" said Billy with child-like directness. Daddy was astonished at his son's insight, reports "Understanding Iowa Children," by the Iowa Child Welfare Research station of the State University of Iowa at Iowa City.

"What have you been doing today?" said a talkative adult to a lively 5-year-old.

"Being a nuisance to my mother," said the boy. "She's had to scold me all day." He was neither bragging nor ashamed. He was very matter-of-fact about the whole thing.

Our children have ears and they use them. Both Billy and the other boy had heard their elders talking. They have memory, too. And they have eyes which do not miss a thing.

When we give these children the right opportunities for using ears and eyes, they are ready to put their minds to work on what they see and hear. They are brighter than we think.

Some of these right opportunities are found in constructive play with other children. The right kind of toys for Christmas are helpful. Other opportunities are found in interesting walks up the street with children and trips with the older children. Good books suitable to their age and interesting conversation in the family also help their minds to develop.

There are other ways in which children learn. The child who must shift for himself at an early age soon learns to keep out of the way of cars and cops. He learns to defend himself in the gang. He learns how to earn, or maybe steal, a dime.

He solves his everyday problems. He too, is brighter than we think. It is too bad that he does not have better opportunities to solve his problems in better ways.

Love of Work!

A man has accomplished a great deal in life when he has reached the point where he loves his work and would rather be employed at it than not. The love for work is not inherited. It is acquired. The man who doesn't acquire it seldom acquires anything.

———o———

Isn't What's Said—But Who Said It

You, too, have perhaps discovered that no one pays much attention to the smart things you say, but if some big shot says them they are quoted in all of the newspapers. It would seem that it isn't so much what is said as it is who says it.

———o———

Editorially Speaking--

Business and government spending hold the key to the 1949 outlook for farm prices, Iowa State College economists believe. If these two items hold up or increase in total, no recession is in sight. If there is any sharp increase in spending, more inflation is in the cards. Watch the front page of your newspaper, not the financial page, they suggest, to learn how business and government spending are going.—Northwood Anchor.

———o———

The President's Chance

President Truman has a great opportunity to win an honored spot in the history of his country, and to have a lot of fun while he is doing it.

Having already decided not to be a candidate to succeed himself, what is to prevent his becoming the president of the entire people, and not merely of that half known as the Democratic party. No longer will he need to kow-tow to those with axes to grind because of the political influence they wield. He can stand for the things he believes are right, without fear of possible percussions.

Political bosses will no longer be giving him orders, but will be seeking his opinion. He can hold down expenditures, and let special interests go hang. He can inaugurate needed reform, even if they offend a solid south, or an intolerant west. He can take the bit in his teeth, and put the things across that need to be done, and be sure that the people will back him in every right program.

In fact, he will be where any political leader might well want to be—where he can render the people a service, and not fear the consequences.—Wright County Monitor.

Your Congressman's Record

Copyright 1947 Your Congressman's Record

January 9, 1949

Washington, D. C. — Your Congressman, James I. Dolliver, voted against a motion preventing amendment to a resolution curbing the authority of the House rules committee. The motion was passed by a vote of 275-142. The vote was regarded as a victory for the administration.

Later the House approved the resolution by a non-record, voice vote. The resolution cuts down the power of important House rules committee, which, heretofore, has been able to block consideration on the House floor of legislation which it did not favor. Under this provision, if the rules committee has failed to act or has acted adversely after 21 days, the chairman of the committee which first approved the legislation can ask the House to approve this committee report.

In so doing, he can bring the legislation to the floor for discussion and possibly a vote. Thus legislation will no longer need the "green light" of the rules committee before it reaches the House floor.

Your Congressman, Mr. Dolliver, voted for Rep. Joseph W. Martin Jr. of Massachusetts, a Republican, as Speaker of the House. Also placed in nomination was Rep. Sam Rayburn of Texas, a Democrat. Mr. Rayburn was elected Speaker by a vote of 255-160.

Mr. Dolliver introduced four bills during the first week of Congress, several of which he had previously introduced in the previous session. They include:

1. A bill to assist the states in the development and maintenance of local public health units and for other purposes.
2. A bill to amend the natural gas act by establishing a policy for the administration of the act.
3. A bill to provide a deduction for estate-tax purposes of the value of estate-tax bonds purchased to pay federal estate taxes.
4. A bill to extend to veterans of the Mexican border service and their widows and minor children all the privileges, rights, and benefits of laws enacted for the benefit of Spanish-American war veterans.

———

Jan 15—

Your Congressman, James I. Dolliver, and his colleagues heard the reading of the budget message of the President this week calling for the expenditure of $41,858,000,000 (b) for the 1950 fiscal year.

That is about $1,687,000,000 (b) above the requirements for the present fiscal year. The President said that if there were no additional expenditures the nation would face a deficit of $873,000,000 (m) in 1950. Additional expenditures, however, are contemplated to rearm Western European countries.

The President proposed to spend each tax dollar roughly as follows: national defense, 34 cents; international aid and foreign affairs, 16 cents; interest on the national debt, 13 cents; veterans benefits, 13 cents; social security and health benefits, six cents; natural resources, five cents, and miscellaneous 13 cents.

The President proposed to pay for the increased costs of government through a $4,000,000,000 (b) increase in taxes. The tax increase which he proposes would be paid by those in the income bracket over $6,000 annually and by corporations.

The President also presented to the House his semi-annual economic report, indicating that the country is enjoying unprecedented peace-time prosperity.

The House held only two brief sessions this week, holding off important legislation until after the inaugural ceremonies on Jan. 20.

TRICK OF THE WEEK

Pass out a number of different colored bits of paper. Turn your back and have audience select one colored paper. They drop this in your hand behind your back. They hide the others. Yet you tell them the chosen color! Behind your back tear off a tiny bit of paper . . . Put your hand to forehead to "concentrate". It is easy to catch glimpse of paper as you raise hand to forehead . . . You name the color. Be sure original papers are torn unevenly so the bit you tear off won't be noticed.

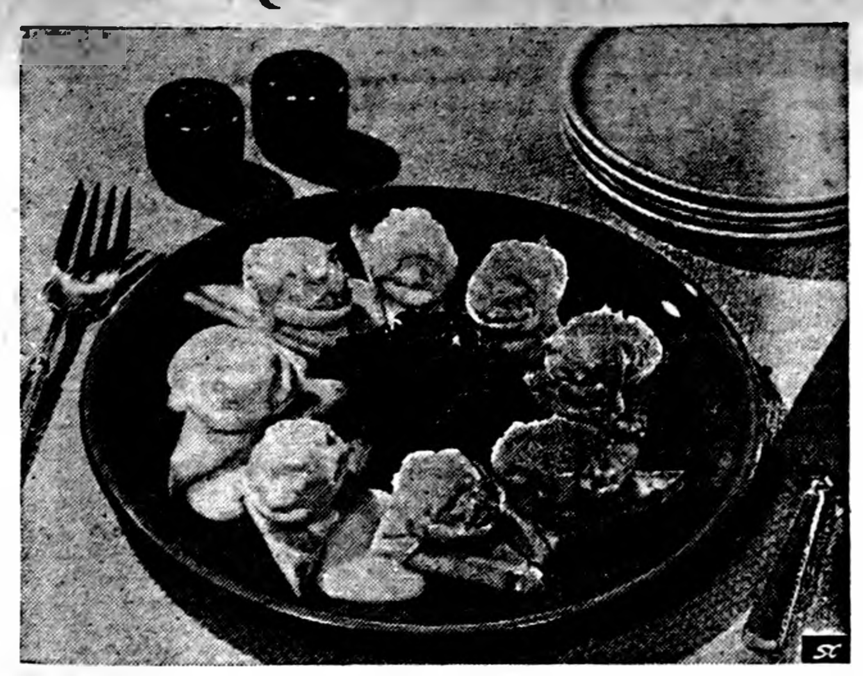
Quick Dinner Dish



Eggs and cheese, two family favorites, team up in Eggs Goldilocks to make a good tasting, easy-to-prepare dinner dish. Attractive, too, with the yellow gold of the cheese sauce over stuffed eggs and toast.

Cheese is a "best buy". It is plentiful and in the class of foods which offer more for your dollar. It's a bargain in nutrition, too, supplying energy, phosphorous, calcium, vitamins A and G, and excellent protein (a half-pound of cheddar cheese furnishes as much protein as a whole pound of average beef).

Serve Eggs Goldilocks today and use cheese often in other dishes.

Eggs Goldilocks

4 hard-cooked eggs
4 tablespoons mayonnaise
Salt and pepper
Toast
½ pound pasteurized process cheese
½ cup milk
Parsley

Cut eggs in half lengthwise. Remove the yolks, mash and combine with mayonnaise. Season to taste with the salt and pepper. Fill the whites. Cut squares of toast cornerwise and arrange on a chop plate. Place a stuffed egg half on each toast point. Melt the cheese in the top of a double boiler. Gradually add the milk, stirring until the sauce is smooth. Pour the sauce over the eggs. Garnish with parsley.

Can Your Flock of Chickens Lay An Average Of 200 Eggs Per Hen Yearly?

AT TODAY'S PRICES, 200 EGGS ARE WORTH $7 TO $10

Even if egg prices don't stay where they are, you'll still be able to show a profit of $2, $3 or even $4 a hen—PROVIDED your flock lays an average of 200 eggs per hen yearly.. Here in Iowa, the average hen lays somewhere around 160 eggs a year—which is not nearly enough. Yet 200 egg averages are not hard to attain. The December 1948 issue of Poultry Tribune states that in at least one state the average egg production per hen is more than 200 eggs per year, and that several other states have averaged close to that.

YOU CAN GET 200 EGG AVERAGES WITH ALEXANDER HATCHERY BIG TYPE LEGHORNS.

In aiming at averages of 200 eggs per hen, the first thing you need to consider is the chicks you raise. Here at the Alexander Hatchery we can supply you with Big-Type Leghorns capable of 200 egg averages and more. Also, we are equipped to give you every help in rearing the chicks and in managing them once they have matured into layers.

$10,000 PROFIT A YEAR WITH CHICKENS?

With such egg averages possible, and with long-term price prospects looking good for the poultryman who turns out quality eggs, it might be well for you to consider enlarging your flock to 1000, 2000 or even 3000 layers which would give you a base for profits of $2,000 to $10,000 a year.

WE WILL BE GLAD TO HAVE YOU STOP IN AND TALK OVER YOUR POULTRY RAISING PLANS FOR 1949.

TABOO THE BOO!

School authorities have informed me that the big crowds of basketball fans attending the games this year, who have been so enthusiastic and courteous, developed considerable booing at the last game, demonstrating an attitude that shows anything but good sportsmanship. The Belmond team and coaches, visiting teams, coaches and fans will think much better of us if this form of expression is tabooed.

—M-S—

According to reports, local citizens are responding very generously to the urgent pleas for bigger gifts this year to the March of Dimes. One of the girls working at the First State Bank called attention to two $5.00 bills showing through the glass collection container there. Girl Scouts collecting at every performance at the New Belmond Theatre this week are getting in very sizeable amounts. There is still time before the end of the fund campaign Monday, January 31, to put Belmond way over the top.

—M-S—

In response to the local Boy Scout troops' appeal for old paper last week, Vern Schluter, who lives between Goodell and Meservey, drove to town with 50 to 60 pounds of magazines to give to the boys.

I only mention this, in passing, for few of us would go so far out of our way to do something like that.

—M-S—

Shown above are two of the performers who will display their talents at the fireman's annual dinner for their wives and the invitational dance following tonight. The floor show will include Jimmy Murphy, Irish tenor, as master of ceremonies. Jimmy does comedy parts and sings popular songs. He is a favorite among the ladies in Des Moines night clubs.

Now, especially for the men, we have the lovely Jackie Hayes who does character dancing. She has a versatile program including toe, tap, blank and blank dancing.

Another act will be Mac Horn with a hodge-podge act consisting of mouth harp, juggling, dancing, chatter, etc. Keith Killinger's five-piece night club orchestra will furnish music for the dance.

Front Page Editorial

MALICIOUS--

It is the business of a newspaper to print news. Some times it is good news, some times bad; some times it is happy news, some times sad. But regardless of the kind of news, it is the duty and responsibility of a newspaper editor to print the news—accurate! authentic! exact!

Sometimes the chores of an editor are lightened and made to seem important and worthwhile when he is so fortunate as to get the break on a good story about happy things about happy, fortunate people. Other times he is unhappily faced with the necessity of printing a story about unhappy things about unhappy, unfortunate people. It is all in the days work. It must be done!

This week, this editor has the opportunity to help undo a wrong that has been perpetrated against a prominent citizen of this county about whom a malicious rumor has been making the rounds.

It has been reported that Sheriff Roy E. Wilson was arrested on various charges ranging from false uttering of bank checks to operating a motor vehicle while intoxicated. He was supposed to have been placed in jail by state authorities, so the rumor goes.

Another report of a radio broadcast from Des Moines had to do with the arrest of a Roy Wilson in that city for prowling. In this case similarity of names and inaccurate repetition might have started the vicious rumor, tying it in with Sheriff Roy E. Wilson, of Wright county.

This writer, as well as many other individuals in the community accustomed to hearing such stories, discounted the rumors from the start. In a telephone conversation with County Attorney Harlan Larson of Goldfield about the matter, Larson stated, "I have made a thorough investigation of the unfortunate incident imagined by trouble-makers and find that the rumors are absolutely false. The stories which have been circulating are entirely unfounded, and it is a shame that such malicious gossip should be repeated about one of the state's outstanding peace officers." In several of the rumors, Mr. Larson was also implicated.

Last week the county attorney and sheriff made a county-wide check on unlawful gambling devices—slot machines, punch boards, etc. Could it be that someone was caught, hurt a bit, was not good enough sport to take his medicine, and retaliated by making up the story?

County Attorney Larson makes this emphatic statement in regard to the whole business, "If the public would only realize that anyone who repeats such defamatory matter is individually liable for all damages which might be sustained by the injured person, I feel sure that there might be less talk of this kind going on."

Roy Henderson, local attorney and former county attorney has this to say, "I feel that a red-hot slander suit would clarify matters a great deal and might put a stop to continued repetition of unfounded, malicious stories."

We at the Independent office are sorry the stories were ever started. But, if printing the true facts about this matter will impress the Wilson and Larson families—as well as gossip-mongers—with the fact that not all of the adult-thinking citizens of the county are gullible and believe everything they hear, then this is one of those times we're happy to be newspaper people and glad to print the news that keeps the presses rolling.

VOL. 30 NO. 15 OFFICIAL CITY PAPER Belmond Wright County, Iowa Thursday, January 27, 1949 OFFICIAL COUNTY PAPER The Family Newspaper

Dr. Rietz Opens Optometry Office Feb. 1

Dr. Paul A. Rietz, a graduate of Northern Illinois College of Optometry on September 24, after four years of training in his profession, will open his office in the Stevens Building in Belmond on February 1.

The office has been remodelled and redecorated to meet the needs of Dr. Rietz's professional services.

Born and reared in Rowan, Dr. Rietz before the war had one year of work each at the State University of Iowa and Iowa State Teachers College.

He spent three and a half years as a bombardier in a B-29 in the Army Air Force and saw service in the Pacific-Asiatic Theatre.

He is married and has a daughter, Julie Ann, one year of age. At the present time the family is living in Rowan but will move to Belmond as soon as living quarters can be found.

Belmond Auto Company Chosen Outstanding Ford Dealer In Iowa

George Heginger and Louis Tokman were called to Des Moines on Friday by the Ford Dealers of Iowa. Here they were informed that they were one of the winners in the Fall Rodeo Contest and as a result are considered outstanding Ford Dealers in Iowa. They were entertained at the Savory hotel.

Services Were Wednesday For Jacob Just, 62

Services were held Wednesday morning at the St. Francis Church for Jacob Just who died Sunday, January 23 at the age of 62. The Reverend R. A. Ormsby officiated at the services and burial was at St. Francis Cemetery, Belmond. Fulton Funeral Home was in charge.

The Just family lives on a farm near Sheffield. Three of the surviving children, Jake, John and Margaret (Mrs. Laverne Lein) are living in Belmond at the present time.

Sectional Tournament Here February 21-26

Belmond is among the sites chosen throughout the state for a Boys' Sectional Basketball Tournament, the first round of tournaments leading to the finals which will determine the state champions. The dates for the tournament here are Monday, Feb. 21 through Saturday, Feb. 26. Clarion has also been chosen as a site for another sectional tournament in this area of the state.

KANAWHA WOMAN AND QUEEN OF EGYPT ON SAME HOSPITAL FLOOR

Mrs. Harold Larson of Kanawha went to Rochester, Minn., on Wednesday to be with her brother, Ben Wilkinson, of Renwick, who had undergone a successful operation at the Mayo clinic.

The Queen of Egypt was a patient on the same floor but while Mrs. Larson could see the suite of rooms, she was unable to glimpse the Queen who is a patient at the hospital.

March Of Dimes Campaign Ends January 31st

Must Double Gifts To Pay Debts, Get Reserve

In view of the epidemic proportions of Infantile Paralysis and the tremendous expenses incurred fighting the disease during 1948, Wright county residents are urged to double their contributions to the 1949 March of Dimes Campaign.

Mr. Robert Kay, county chairman, emphasizes the appeal again this week with only a few days left to complete the collection of gifts before the campaign ends on Monday, January 31.

Wright county residents contributed $1,087.63 to the March of Dimes last year, averaging a gift of only .0543 by every person in the county.

"So far," Mr. Kay said, "Wright county residents have responded generously to the 1949 March of Dimes. It cannot be pointed out too often that funds received during this short period work a full twelve months against the fight on polio. At the present time there are three Wright County polio victims in the Blank Memorial Hospital in Des Moines and the care they are receiving there is costing the Wright County Chapter over $1200 a month.

"It is easy to see," continued Mr. Kay, "why the 1949 March of Dimes must be a huge success. At the present time our Wright County Chapter Treasurer has unpaid hospital bills in the amount of $1640. In the year 1948, Wright County exhausted the funds in its hands and was allotted $6800 by the National Foundation but other areas were so hard hit also that even the National Foundation exhausted all its funds. The National Foundation received one half of the total funds received in order to meet just such emergencies as we in Wright County incurred in the last year and to aid in the search for a cure for the dreaded polio."

Containers For Gifts At 12 Business Places

Two more containers have been placed in Woodward's for your convenience in making contributions. These containers were placed in 10 other spots on Main Street, including First State Bank, Schultz Drug Store, Belmond Independent, Studebakers, Coffee Shop, Post Office, Liquor Store, New Belmond Theatre, Adams Pharmacy and Koppernagel's.

William Mack, manager of the New Belmond Theatre, is local chairman for the city of Belmond.

GIRL SCOUTS COLLECT FOR MARCH OF DIMES AT NEW BELMOND THEATRE

For one full week, Sunday, January 23 through Saturday, January 29, the Wild Rose Girl Scout Troop is making collections of gifts for the March of Dimes Campaign at each performance at the New Belmond Theatre.

Broncos Snowed Under 40 to 25 By Britt Eagles

To Play Sheffield On Home Floor Friday

The Broncos were snowed under playing at home with the Britt team last Friday evening with the game ending 40-25 in favor of the visitors. Long score for Britt was credited to good team play with their scoring honors well divided, Mort Williams, center, getting 11; Jack Thies, forward and Jim Harvey, guard, each sinking the ball for 8.

Roger Kinseth, center, was Belmond's high scorer with 12 points, and Duane Trager, forward, followed closely with 11. Half time score was 20-14.

This Friday night Belmond will play one of the strongest teams in this area in a non-conference game when Sheffield travels here to play on the Belmond floor.

Adult Education Is Like A Snowball Rolling Down Hill

Attendance Getting Bigger Every Meeting

The third meeting of each of the six Adult Education classes will be held next Monday, January 31, at the local high school. Meeting on the schedule for last Monday was cancelled because of icy roads.

Enrollment in these courses—shop, agriculture, music appreciation, typing, men's physical education and sewing—has now reached a high of 131.

Shop

With the assistance of Lloyd Patterson, director, adults enrolled in the shop class are working on individual projects including several coffee tables and at least one each of these: corner shelves, book shelves, vanity stools, foot stools, wall shelves, magazine racks and end tables. One enrollee cut out the figure of a Scotty doy which he intends to paint and set in his yard as a house number marker.

Agriculture

The agriculture class, led by Duane Sandage, has the largest enrollment of any. The first two meetings were devoted to "1949 Farm Outlook" and "Livestock Marketing." Representatives for the two parity proposals—90 per cent parity and the 60-90 per cent sliding scale — presented their viewpoints at the second meeting.

Next Monday's meeting on "Crop Seeds, New Varieties and Plant Breeding" will be divided into two parts. First, plant genetics and applications of Mendel's law will be discussed briefly; second, the class will consider new crop seed varieties with particular emphasis placed on soybean crossing.

At the February 7 meeting Ed Dyas, Soil Conservation Fieldman for this area, will lead the discussion on "Soil Types and Management and Crop Rotation." Aaron Bowman, County Extension Director, will have charge of the Feruary 14 meeting on "Fertilizers." The February 28 meeting will feature a round-table discussion by Master Swine Breeders."

Topics for the remaining meeting are as follows: Feb. 21—"Swine Nutrition and Cross-Breeding;" March 7—"Corn Borer Control"; March 14—"Weed Control."

Music Appreciation

The music appreciation class has studied different instruments of the symphony orchestra [illegible] their sounds. Familiar themes and passages from Tschaikov-

McNulty Gets 'Key' For 'Exceptional Initiative and Competence'

One of Seven To Win Awards In Chicago

Featured in the January, 1949 issue of "Jaycee Chicagoan" was an article about Edward J. McNulty, former Belmond boy, a graduate of the local high school who is a son of Mr. and Mrs. T. P. McNulty of this city. The magazine is a publication of the Chicago area Junior Chamber of Commerce.

Announcement was made January 14 in the Chicago Daily News of the award of 'keys' for 'exceptional initiative and competence' during 1948 to seven members of the Chicago Jaycees, among whom was Edward J. McNulty of the State Mutual Life Assurance Company. Presentation of the awards was made by actress Marion Hutton.

The "Jaycee Chicagoan's" article about McNulty read as follows:

"Although Ed McNulty is not a native Chicagoan he has become, in his few short years of residence, one of its more valuable citizens. When he was separated from the Army Air Corps as a Lieutenant Colonel in 1946 he decided on life insurance as a career and Chicago as a locale. When he joined the Jaycees, Ed immediately organized a committee to help get out the vote for local, state, and national elections. He employed sound trucks, tags, street car ads, and direct mail in his campaign to make Chicagoans conscious of their constitutional right and obligation to vote. His efforts were effective and created a great deal of prestige for the Junior Association of Commerce.

"Ed also worked with the School Board in helping to stamp out juvenile delinquency. He was active also on the Know Your Government Committee, a project designed to educate Jaycees in the intricacies of municipal, state and federal government.

"Ed McNulty is a mature man, deeply aware of his responsibilities, capable and sincere. And he is one of the few single men left in the JAC."

EDWARD J. McNULTY

1948 Post Office Receipts Show Gain Of $1,908.74 Over The Previous Year

Total receipts in the Belmond Post Office of $19,932.84 for 1948 showed an increase of $1,908.74 over the previous year.

This was an actual increase in business, since the boost in rates in all post offices did not go into effect until January 1, 1949.

A large part of this gain came from over-the-counter stamp sales. In 1948 these sales were $[illegible],722.55 as compared with $16,-[illegible] in 1947.

Metered stamp sales for 1948 were [illegible]. This service was [illegible] Hybrid Corn [illegible] September 1, 1948. Non-metered stamp sales of $1,241.82 in 1948 and $1,-048.56 in 1947 were to Thompson Hybrid Corn Company and the Shoppers Guide.

Second class mail receipts from the Belmond Publishing Company were $193.38 in 1948 compared to $138.56 in 1947.

Box rent for 1948 was $475.05; in 1947, $436.75.

The post office now has three regular clerks, George E. Jenison having been made a regular clerk Oct. 1, 1943. Carroll Bamford took Jenison's place as regular substitute at that time.

The Presidential Inauguration

Last Thursday, President Truman's Inaugural Address was heard all over the nation by air and many sat happily at home and watched the parade by television. This was the first time television has even been used in a presidential inauguration. About a million people were in Washington D. C. to see the parade. Iowa was represented in the parade by a band from Coe College. Nearly every State was represented in the parade some way. The weather was quite dreary and cold. Many people wore earmuffs and long overcoats. The speech took place about 11:30 Iowa time.

I think it was the duty of every American to hear that speech. So for the unfortunate few who did not hear this speech I will enumerate a few of the many views and opinions that Mr. Truman expressed at his address. eheecity ikaal

He admitted frankly that he would do all within power to see that the European Recovery Program and Marshall Plan were carried out to the fullest extent possible and would furthermore try to advance World Economic Recovery

He stated that if any aggressive country made any armed attack on the United States or any of its allies it would find itself confronted with overwhelming military power. In line with this, Truman pledged his utmost support to the United Nations and its branches. He also announced he will lead the United States in devoting its resources and efforts to world peace and happiness.

EXTRA!

With wild anticipation and hope nearly all the crowd was with the Alexander girls at the Franklin County Basketball Tournaments held in the Hampton gym. The Alexander lassies were out with all the fight and strength they had. Even though they lost by score they won by spirit of both themselves and the crowd.

ATHLETICS

GIRLS' BASKETBALL

The Geneva girls' team slipped by Alexander 38-21 on the Alexander floor Jan. 14. Geneva posted an early lead and held it throughout the game. Geneva leading 26-3 at the half but Alexander came back to close the gap considerably but not enough to come out on top. Geneva hit 12 out of 17 free throws to have a 70.6 per cent on their shots Alexander hit 9 out of 23 free throws for a 40.9 per cent on their shots. Meyers was high pointer for Geneva with 13 points. J. Vestweber made 11 points for Alexander.

In the Franklin Co. tournament at Hampton, Alexander was defeated by Chapin 31-20 in their first game. Alexander committed just too many fowls. Alexander was called for 25 fouls while Chapin posted 11 fouls The Alexander girls played a very hard fought game, but Chapin's size and height were just too much. Scoring was limited in the first half with Chapin leading at the end 10-8. J. Vestweber posted her 11 points again and Banker hit 17 points for Chapin.

BOYS' BASKETBALL

The Alexander boys put up a gallant fight against the Geneva boys on Jan. 14 but were defeated 30-15 by a more experienced team. Alexander held the scoring down to 9-7 with Geneva leading at the half. Fouling was very limited; Alexander committed 8 fouls and Geneva committed 9 fouls. K. Norem connected for 6 points for Alexander. Morgan and Roegner each had 8 points for Geneva.

On Jan. 18 the Alexander team played at Hampton in the Franklin County tournament. Hansell won the game 43-11. Hansell was hitting from far out and Alexander wasn't. Hansell was hot The Alexander boys played the best ball they knew how but it didn't stop the Hansell sharpshooters. Both teams turned in a good clean game. As usual fouling was limited; Alexander made 8 fouls while Hansell made 11 fouls. Blau dumped in 3 field goals for 6 points for Alexander. Behrens, center for Hansell, had 14 points.

Home Economics News

During the past week the girls of the sophomore Home Ec. class have been trying their skill at making pastries. They have turned out good products. Each girl made a pie, with fillings brought from home.

The senior Home Ec class is starting their new unit of sewing. They are trying their artistic skill on designing dresses with the decorative line

JUNIOR AND SENIOR NEWS

The Seniors are now working hard on speech. So far we have given two speeches, a two minute speech and a one minute speech. There are three different types of speeches: they are impromptu, extemporaneous and set. We have studied mostly on the introduction of a speech.

In Literature the Juniors have just finished studying several essays. They are now starting to study novels.

In typing the Seniors have been trying to improve their speed. The highest speed so far in a five minute test is 57 words a minute. The Juniors are working on rough draft typing. They are also trying to improve their speed.

In History we listened to the inauguration ceremonies, Jan. 20. We are studying current events two days of the week and studying out of the books the rest of the time. We would all much rather study current events all of the time.

In bookkeeping we have started on the Dean Practice Set which is the whole bookkeeping cycle as far as we have studied.

SOPHOMORE NEWS

In English the students are reading "The Tale of Two Cities" by Charles Dickens. They are also reading articles from the Reader's Digest.

In Geometry they are on parallel lines.

FRESHMEN NEWS

In English class the students are studying on predicate nominatives and predicate adjectives. They are learning when to avoid using a double negative.

In Algebra they are factoring with two terms.

The Science class is studying about Louis Pasteur and how he improved the health of the people and diseases of different kinds.

Both the Freshmen and Sophomores are studying about important men such as Columbus, Leif Erickson and Henry Hudson in their History class. In our study of current events, we are learning about the labor government of Great Britain.

GRADE NEWS

SIXTH AND SEVENTH GRADE NEWS

The seventh grade boys are drawing sketches of nerve cells in animal and plant life. The sixth grade girls are making seasonal decorations to decorate the room. They have also painted the flower pots a bright color.

Everyone will give oral book reports Friday.

Sandra Johnson had a birthday this week.

Wednesday, the 6th, 7th and 8th grade students took state tests. Several students from the nearby country school came and took them also.

FIFTH GRADE NEWS

The fifth graders are having speed and comprehension tests in reading.

In history they are writing a report on Daniel Boone.

In geography they have finished the study of the West South Central States and are ready for a quiz on it, much to the sorrow of everyone.

They are studying about cleanliness in health.

Philip Jury had a birthday party Wednesday afternoon and he treated the room after which games were played. We all had an enjoyable time.

The whole room has been making posters of winter scenes.

FOURTH GRADE NEWS

The stories in reading have been about the Great Outdoors.

In arithmetic they are working especially on written problems.

In health they are making a good posture book, pasting pictures to illustrate good posture.

SECOND AND THIRD GRADE NEWS

The theme is snow and ice, so we've been doing our best to decorate our room with that in mind. Each person drew a chalk snow picture on blue construction paper. On our bulletin board we have a huge snowman. Each child contributed some cotton.

We are very proud of the 16 A's in spelling last week. The third grade is learning about verbs in language. Helping words are finally being mastered. Counting out change is the interesting point of second grade arithmetic.

Educational posters on the complete growth of a flower are being made by each person in second grade. This growth period is from seed to flower and back to seed again.

KINDERGARTEN NEWS

The kindergarten have been spending most of their time painting the new furniture for their playhouse. They have also painted a bookcase for the room. The children hope to have their mothers come to see their work after they have it all finished.

The workbook "We Go To School" was finished by the pupils this week also.

FIRST GRADE NEWS

They have gotten a set of Lincoln logs for getting the most P. T. A. members. They think that they are lots of fun.

On Friday they cut out snowflakes and enjoyed looking at the various designs each one made.

In science they are studying about the different kinds of weather.

In social science they are making a model home.

All of them are bringing dimes for the March of Dimes.

BAND NEWS

The band is now preparing to play at the Franklin County basketball tournament, January 20. All the band members are going and we hope to make a good showing for our school. They will play several of their marches

Tribute to Walton

Izaak Walton is one of the relatively few authors who have reached immortality through a single work. His book, "The Compleat Angler," revealed a man of quiet contemplation, full of deft humor, a lover of life and mankind, and above all, a crackerjack fisherman.

A Galloping Genie

Modern genie known to steelmen as the continuous rolling mill usually picks up slabs of steel at a speed of four and a half miles an hour. Less than two minutes later it reels them off in the form of ribbons at 20 to 25 miles an hour. Higher speeds are frequently attained, however, and the type of steel sheet that ends up as tin cans has been known to travel a mile a minute.

Lula Peterson, youngest daughter of Mr. and Mrs. Pete Peterson of Goodell and Frederick Bell, son of Fred Bell of Klemme, were united in marriage on Thursday, January 20, at 1:30 p. m. in the Evangelical Reformed church at Klemme. The Rev. Calvin Groscheusch read the double ring ceremony in the presence of immediate relatives. They were attended by Mr. and Mrs. Ernest Woiwood of Ventura. Mrs. Woiwood is a sister of the bride.

Lula chose as her wedding dress, a medium gray beaded street length with black accessories. She is a graduate of the Goodell high school.

The groom wore blue.

Following the wedding a 2 o'clock luncheon was served in the home of the groom's grandmother, Mrs. Henschen at Klemme.

Following a short wedding trip Mr. and Mrs. Bell will be at home at Klemme.

Kanawha and Goodell played basketball Tuesday evening on the home floor. The visitors were victorious in scores of 61 to 18 for the boys, and girls, 21 to 18.

OVER TWO MILLION IN NATION RECEIVING SOCIAL SECURITY MONTHLY PAYMENTS

About 2,300,000 persons throughout the nation are now receiving monthly payments under the federal old-age and survivors insurance program at an average monthly rate of almost 46 million dollars. This is an all time "high", Clifford W. Swedlund, manager of the Fort Dodge office of the Social Security Administration, reported in a year-end summary. One year ago payments were being made to about 1,975,000 persons at an average monthly rate in excess of 38 million dollars.

George Replogle, field representative of the Fort Dodge office, maintains an itinerant office in Clarion in the basement of the Court House. He may be contacted there the first Wednesday afternoon each month on all matters pertaining to social security. His next visit will be February 2.

Monthly retirement payments in 1948 totaled about 366 million dollars and payments to survivors amounted to approximately 177 million dollars. An additional 32 million dollars was paid in lump-sums to survivors of insured workers who were not immediately eligible for monthly payments.

More than 13 million workers now have lifetime protection for themselves and their families through completion of a required number of years' work in jobs covered by social security. These workers have at least some insurance protection for life, regardless of their future work history.

LITTLE CATTLE FEEDERS MET AT LAGE HOME

The Little Cattle Feeders met at the home of Joan and Dale Lage on Jan. 20. Seventeen members answered roll call by telling their favorite dessert. Our leader asked us to have our record books up to date for our February meeting. Mr. Trainer gave an interesting talk on oil and the ways it is used. It was suggested to send a card to Dick Gilpin who is in the hospital, signed by all members of the club. A nice lunch was served at the close of our meeting.

TINFOIL

Friends of Bob Nietert, Emmetsburg, who is blind, gave him an unusual Christmas gift — a ball of tinfoil about the size of a bowling ball, which weighed 40 pounds and has a sale value of about $40. 9,000 pieces of cigarette wrappers, chewing gum wrappers, etc., went into the gift.

ALLIGATORS

When Frank Sturdevant retired recently as mail-carrier at Waverly, after 30 years of service under four different postmasters, he remembered carrying many different items during his long service. Most unusual, perhaps, were the small live alligators that Florida tourists used to send to friends back home.

Need Is Doubled!

There is a picture of a cute little boy, with hands held out and a pleading expression on his face which looks at you from several spots around town. He seems healthy enough with his big brown eyes, pink-tinted skin and blond hair until you notice his legs which are encased and hampered with braces of steel and leather.

The caption by the picture reads "Please! Join the March of Dimes."

A container is attached to each placard showing the boy's picture, making it most convenient for you to contribute to the National Foundation for Infantile Paralysis. There are only a few days left for you to do your share of giving because the campaign ends January 31.

In releasing publicity for this campaign, Robert Kay, Wright county chairman, stated "To pay the debts incurred last year and provide a reserve of funds for treatment of the disease during the coming year, we must double last year's contributions. Everyone should back the March of Dimes because Polio is a respector of no one."

It's Your Business

There's a law requiring that any dangerous ingredient in foods and drugs be printed on the label, but unfortunately there is no such law covering ideas.

Millions are being led into enslavement because all they can see is a label which looks pretty to them — a name which sounds appealing.

Let's see how these labels would read if the truth were required:

Communism: Work to avoid starvation or face firing squad—back-breaking work in return for the "security" of being kept alive. The result is slave labor camps—a permanently low standard of living—dictators who rule by fear.

Socialism:—No incentive because no one can progress; workers and industry dependent on politicians—slow and inefficient work because there are not enough tools—because there is no one to save capital to create them. The result is low production, low standard of living.

Americanism:—Good wages because of good tools — the right to select the work you do best, to earn and enjoy leisure—efficient work, high production because of constantly better tools. The result is the world's highest standard of living; the world's highest standard of freedom and decency.

All of which shows it pays to find out what's behind the label. Otherwise you may be taking—not a cure, but a poison.

Editorially Speaking--

There are one or two things you can say about spring and they are that the air grows warm, the world looks fresh and clean again, and people "with green fingers" and those without can begin planting things in their gardens; and you can say for summer that the tall green corn, the yellowed fields of wheat and the blossoms of many-colored flowers grow beautifully on the land; and you can say of fall that the brilliant colors in reds and yellows that follow the lines of the road and hillsides are a challenge to the artist's pallette, but the most you can say of winter is that it's here! — Thornton Enterprise.

No Escaping Taxes

Taxes are now a major item in the expense account of every citizen and they promise to go higher. You may own no property but are paying taxes every time you buy either goods or service.—LeMars Sentinel.

—o—

Not Again!

Just when we were getting used to naming off the vitamins, their resistence to infection and disease, up pops somebody else with a new vitamin. It is a wheat vitamin and increases natural resistance to germ-caused disease. So far it has worked well on mice, man is next. Alfalfa contains it, most cereals and grasses contain it, proving the point perhaps that man has gone to seed; With all the vitamins sold, the fellow who knew his A, A1, B, B1, C, is going to have to add another letter to his alphabet.—Pocahontas Record-Democrat.

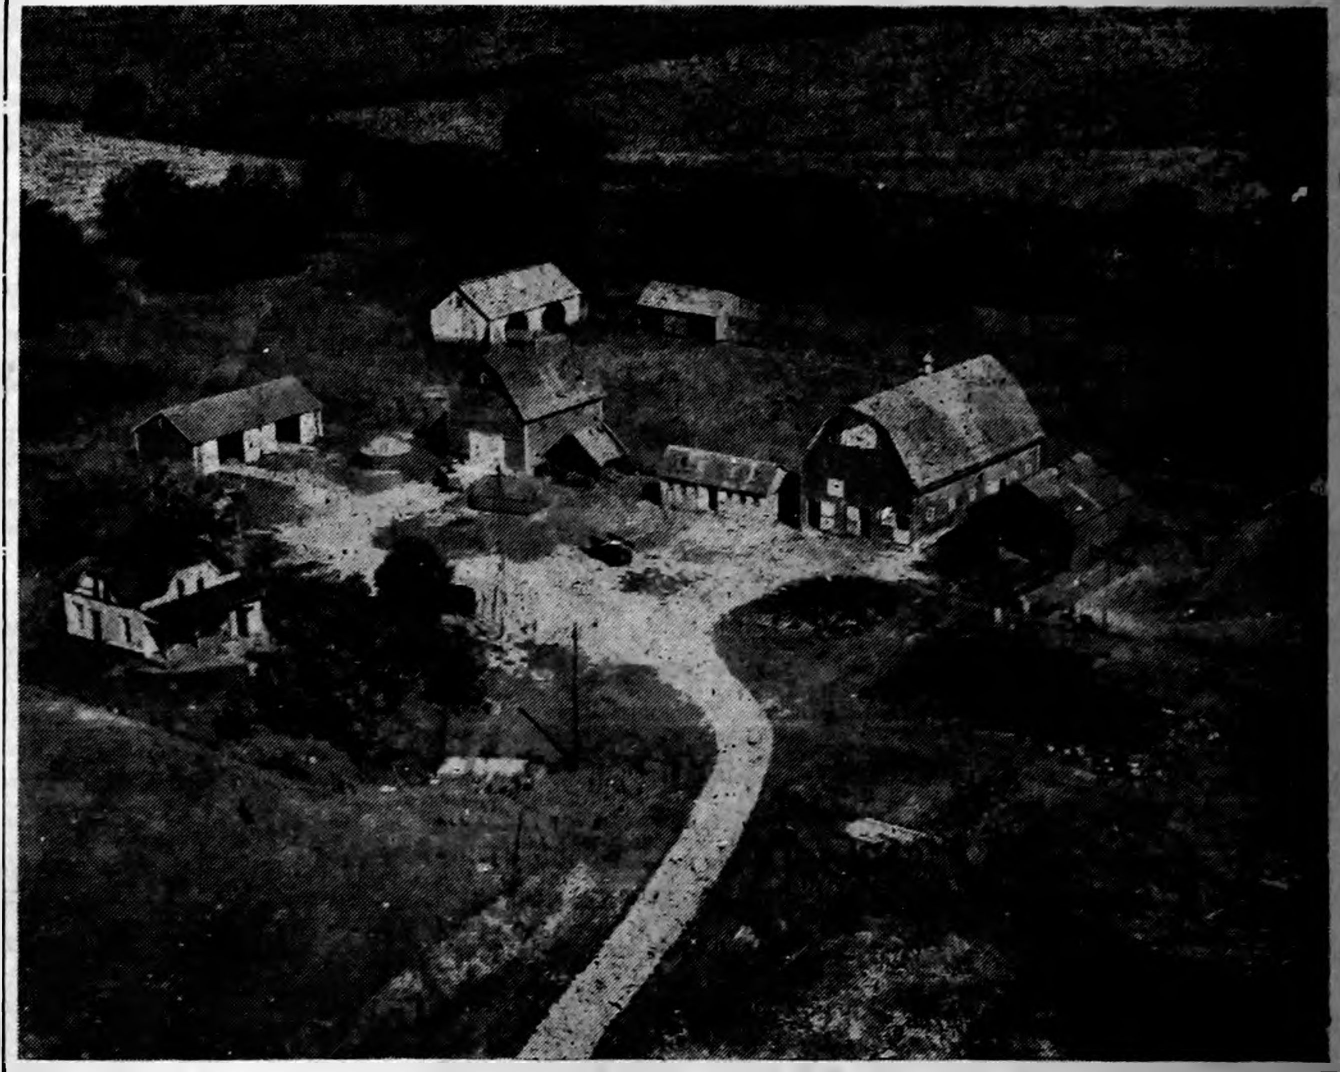
Belmond Hatchery FARM PHOTO FEATURE

Identify This Mystery Farm



Sigmond Aerial Photo No. 39

This is No. 20 in the "Mystery Farm" Photo series sponsored by the Belmond Independent and other Belmond business firms. This week the Belmond Hatchery, who have everything for the poultry raiser, is cooperating to bring Independent readers this feature. The occupants of the farm pictured last week were Mr. and Mrs. Fred Loeffler who live on the west edge of Belmond.

CAN YOU IDENTIFY THIS FARM?
If you live on the farm pictured above, stop in at the office of the Belmond Independent this week-end, if possible, where you will receive free of charge an 8x10 enlarged aerial photo from which the above engraving was made. It is a beautiful picture well worth having.

Seven Top Stars Appear In "On Our Merry Way" At New Belmond Theatre

Headed by a cast of superlative players, including Paulette Goddard, Henry Fonda, Jimmy Stewart, Fred McMurray, Dorothy Lamour and Burgess Meredith, the unique comedy, "On Our Merry Way" is scheduled for the New Belmond Theater Sunday and Monday, Jan. 30 and 31.

Due to the fact that "On Our Merry Way" is told in episodic fashion, somewhat after the style of those past two successes "Tales of Manhatten" and "If I Had a Million" most of the stars do not appear together except through an unusual tie-in angle brought about by Burgess Meredith, who plays the role of a roving reporter on a leading newspaper.

Meredith's ingenious question for the day on which the comedy unfolds, is: "What great influence has a little child had upon your life" The answers to this question are amazing, different and highly hilarious and, during the progress of getting them, Meredith meets a lot of entertaining people and covers quite a variety of territory.

In this fascinating pot-pourri of stories and players, Meredith is cast alongside his beautiful wife, Paulette Goddard, and ingenous Jimmy Stewart is linked with Henry Fonda. Fred Mac Murray and William Demarest make a hilarious team with the addition of featured players Hugh Herbert, Betty Caldwell and young Richard Whorf, Jr. Dorothy Lamour and Victor Moore are seen in an uproarious Hollywood sequence in which Dorothy does an unforgettable take-off on the sarong which has made her name famous all over the world.

sky's symphonies have been discussed, the students analyzing the various sounds and picking out the thematic material. The class is directed by Miss Cornelia Lunde and Mr. Duane Cunning.

Typing

Typing class has just finished learning the keyboard. Personal typewriting, or typing for individual use, is being emphasized. Ths includes such things as personal letters and works on centering and spacing which can be used in typing programs, table menus, etc.

The class has a capacity enrollment. Miss Lillian Witte instructor, stressed the fact that several students have started bringing their own portables because of lack of space and the desire to learn their own machines.

Men's Physical Education

So far the physical education class has consisted of basketball with 10 or more younger fellows participating. The director, Clair Hugh, said that he would like to have more older men come to the class so that a two-court system could be set up. In this way, one group could play basketball while the other could shoot baskets, play volley ball or take part in any other physical education activity. According to Mr. Hugh, this program of class activity is based entirely upon the wishes of the enrollees.

Sewing

Next week's sewing class will deal with pattern alteration. The women enrolled will work with three new Singer sewing machines which have been rented for the course. The first two meetings concerned color in clothing and the construction of dress forms for women.

TRICK OF THE WEEK

Have someone throw a pair of dice. Add the numbers that show on top to the numbers on the bottom of the dice. They count down to this number in a deck of cards and look at the card at that number . . . You proceed to read their minds. While they concentrate on the card you tell them the name of the card they are thinking of . . . Preparation: Count down to the fourteenth card in a deck . . . Remember this card . . . That's all there is to it . . . The number is always fourteen . . . Get out your dice and try it.

YOU DON'T NEED MAGIC WORDS

. . . when you drive in to Finn's Skelly Service to get your automobile or truck serviced. You'll get the best here, too . . . our service is helpful and courteous . . . our prices reasonable.

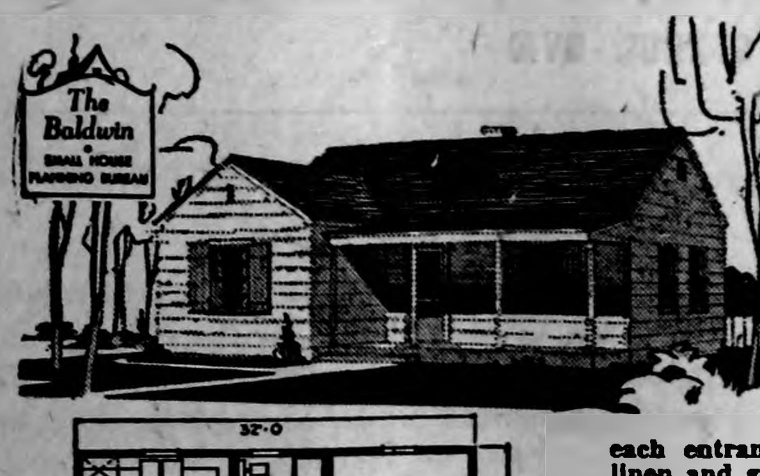
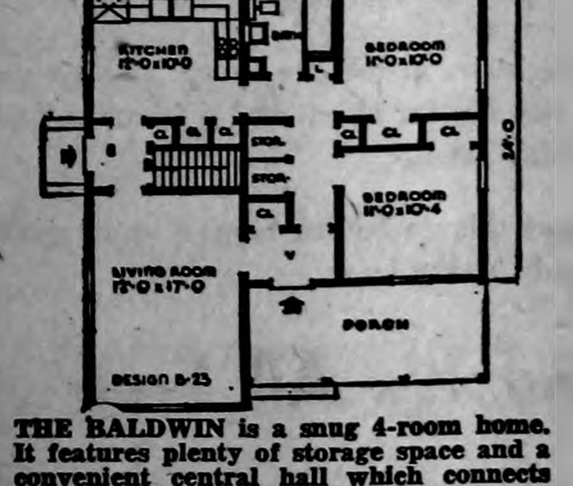
A Snug 4-Room House

Spahn and Rose Lumber Company is prepared to help you with your planning, estimate of costs and many other details preparatory to the actual breaking of ground for your new home.

This is No. 4 in a special series of house plans to be published weekly. Blue prints of these plans are obtainable through this company at small cost. Feel free at any time to ask for the services we have available in the building line.





THE BALDWIN is a snug 4-room home. It features plenty of storage space and a convenient central hall which connects all of the rooms as well as the front entrance vestibule.

Among the ten closets included in this storage-conscious hom are coat closets in each entrance vestibule, storage closets, linen and general closets in the hall and wardrobes in each of the two bedrooms. For extra building economy, the kitchen is located next to the bathroom, and the laundry is directly beneath it. This arrangement reduces the cost of plumbing installation. Dining space is situated next to the window in the kitchen, assuring light and air Cabinets are arranged on the opposite wall. The kitchen also has a pot and pan closet and a broom closet. Other desirable features in this small home are the roomy side vestibule with closet; the wall space in the living room; the recessed bath tub and spacious front porch.

The dimensions of the main body of the house are 32 feet by 24 feet. There is a total area of only 885 square feet, without the porch, and 16,815 cubic feet.

For further information about the BALDWIN, write to the Small House Planning Bureau, % Spahn & Rose Lbr. Co., Belmond, Iowa.

Mystery Farm 19 Inside City's Corporation, Fred Loefflers'

Mr. and Mrs. Fred Loeffler, owners and occupants of Mystery Farm 19 take a lot of pride in their home and also believe in preparedness. His hobby is "to fix up everything and get it so it looks like something." His wife likes to sew and crotchet and raise poultry. She does a lot of canning every year. Her husband says "the way it looks to me she has enough in the cellar to last 10 years."

The Loeffler farm is a mile south and west of Belmond, inside the corporation. The house on the farm is completely modern and all other buildinges have been remodelled and repaired in recent years.

75 acres in size, Loeffler also rents 18 acres more where he raised soybeans the past year. He had 24 acres in corn and 18 in oats. Livestock included seven head Shorthorn cattle, 2 milch cows, and 40 red hogs. In the poultry line they keep a few chickens for use of the family, raised 40 geese and 40 ducks.

There are six children in the Loeffler family: Fred lives on the farm next to his folks; Mary, Mrs. Schneck, in Chicago; Olga, Mrs. Paul Rogalla, in Belmond; Eleanor, Mrs. Zeiger, on a farm east of Belmond; Carl on a farm five miles east of Belmond. Helen, 17, is keeping up with her school lessons at home, where she is convalescing from an automobile accident.

Mystery farm 20 appears this week in an advertisement sponsored by the Belmond Hatchery. Occupants of farms shown in the paper are urged to stop at the Independent office to receive free copy of enlargement of picture printed and to give information about farm and family for publication the following week.

SAVED FAMILY

"Stinky" saved the day for a family of six people at Solon recently. "Stinky" is a four nonth old puppy and his barking and whining aroused the family of Mr. and Mrs. Clifford Lamansky when gas and smoke fumes from a defective damper filled the basement.

ALEXANDER, IOWA
Tuesday, February 1
EVERYONE WELCOME

FREE REFRESHMENTS DURING THE DAY AT OUR STORE. FREE STAGE SHOW IN THE EVENING AT SCHOOL GYM

In appreciation for your patronage during the past year, we are again holding "OPEN HOUSE" and sponsoring the IHC FAMILY PARTY.

Festivities will commence at 10:00 A. M. and continue through the day. We will serve FREE lunch throughout the day until 4:00 P. M. There will be lots of fun, prizes and food for the entire family. Our evening program will start at 8:00 P. M. in the High School gym. At that time, ON THE STAGE IN PERSON, stars of radio and stage will present a lively program of music, comedy, juggling and other special acts.

Mark this date on your calendar now! Tell your friends and neighbors about our party. Better yet, plan to meet them there. Stop at our implement store during the day for lunch and a friendly "get-together" and then plan to attend the big STAGE SHOW Tuesday evening.

This is our third anniversary in the implement store and we want this to be our biggest anniversary celebration yet. You can help us make it so by coming early and staying late.

BELMOND HIGH SCHOOL SPURS

No. 9 January 27, 1949 Published Bi-Monthly

"The Editor Says"

As this is to be the last issue of "Spurs" to be written for publication under the present staff and reporters, I would like to take this opportunity to express my appreciation for the wonderful cooperation from them—Mr. Squires, our supervisor, and the various reporters. Literally speaking, I don't know what I'd have done without you-

I should also like to wish the journalism class, which is taking over "Spurs" for this semester, the best of luck and to extend the hope that they don't have any more difficulties than we did.

Marilynn Madsen

It Had To Happen Sometime

The news came Wednesday, January 19. The report cards were handed out to each and every student in Belmond High. To many it was good news, to others it was bad. Those who put forth effort and did their very best, received their reward. Those who had the attitude that if they passed, it was fine, if they didn't they didn't care, received only what they earned. school plays only a small part

Many people think that high in their life, but it is the very basis of everyone's life. What you do in high school reflects on your later life as a mirror reflects your image when you stand before it.

The goal you set for yourself now will be your goal in later life. If you set a high goal for yourself now, it may take many years to reach its height, but little by little it can be done.

The second semester is started and many people have a new and higher goal. To those who have, good luck in keeping it in sight and finally attaining it, but to those who have none, set yours now that you may have the same opportunity in life.

Mary Lou Baker

It Couldn't Happen Here

The day dawned bright and cheerful, regardless of the cold weather, and the sun poked its rosy head above the soft billowing clouds to wish every early riser a very good morning. To the students of B. H. S. this day was one of the most importance of the year and also the most decisive. Let's follow the typical student through his daily routine.

After arising at the stroke of eight-thirty everything is turned upside down and topsy-turvey so as to get our friend to school on time. To make a long story short we reach our first period class room just as the final bell rings and Professor Bixbey begins his lecture. The Prof. is one of these long haired, long winded, and long nosed creatures who can talk for hours and still say the least of anyone I know. We leave our anonymous friend to his misery and when we again see him he is in the lunch line in the high school cafeteria. To those of you who are unfamiliar with the conditions and problems that occur there, I will undertake the task of enlightening you on the subject. Those of you who are familiar with these things will please bear with me.

As you rush down the stairs like greased lightning to be first in line you lose your balance and topple headlong down the steps knocking people right and left as you go as if they were dominoes. But you pay no attention and go merrily on your way. You reach the cafeteria and discover that all your efforts were in vain because your class happens to be last in line. Oh well, what's the use? You can't win anyway, so why try?

Dejectedly, you eat lunch and wearily force yourself to mount the steps to third floor. You get involved in an interesing chat with some classmate and before you know it it's 12:50 and the afternoon classes are in progress.

Biology starts off the afternoon in a way in which no afternoon should be started, with long dry experiments in which a frog, fly, or fish is disected| You regard it as merely child's play because you remember when you were in grade school and used to catch flies every day and pull their wings off. Well, the afternoon continues in the same manner.

At last the final bell rings telling us that the weary day is over. But alas, the worst is yet to come. You journey to your respective home room to receive that fateful bit of paper, your report card! The teacher passes them out and then you pass out! Need I say more?

THE TATTLER

We are told the latest romance in B. H. S. is that of Deryl Morris and Betty Pals. They were first seen at the Clarion basketball game.

Jerry Hanson is now receiving letters from the Clarion Junior High cheerleaders. What did they say, Jerry?

We are surely glad to see the front teeth back in Duane Trager's mouth and we know he is too. (Little late for Christmas, though).

We wish Rich Crapser would make up his mind. One girl one night and another girl the next.

Did someone say something about "butch hair cuts?" Yes, Bob Erdman spoiled his curly hair.

Say, Marilyn Ellis, how's Clarion coming; the person with the gray car, we mean.

Roger Wagner got a new spotlight on his car

There should be a law against boys taking away girls' property, don't you agree?

Joan Dorr, what is this we hear about you and the Forest City boys?

Calvin Dorenkamp, where did you get the "silver eye"? In seventh period study hall, by any chance?

"Windy", what is this that you said about how you say "goodnight?"

Howard Wagner better start buying notebook paper, so Mike O'Conner says.

Question of the Week--

What do you think of our chance of winning the basketball conference?

Mike O'Connor: I think our chances are very good.

Charles Mikesh: I think it is petty good, if they get down and play!

Louis Oberhauser: It all depends on what the team does.

Tom Harty: Good!

Mavis Goeman: Good, if the boys get down and work.

Joan Slining: Pretty good chance.

Bob Erdman: Good, I hope!

Gus: It's a cinch.

Alyce Holgate

We All Make A Few Mistakes

The semester exams are over and what a relief! Most of us think that we had it pretty tough but with a little thought to the matter, I believe we'll find that the teachers are the ones who have had to work the hardest when it comes to correcting them. However, mixed in with the sweat and the blood it seems they found a good deal of humor too. Here are a few examples of the kinds of answers that many of the students gave to test questions:

Temperature at which fuel starts to burn: **clinging point**

Mixture of water and salt used in refrigeration: **brain**

A lighted lamp is an example of a **human** body.

To distill is to: **kill all germs.**

A meteor is a:. **star that has fallen.**

. **An asteroid** is: a type of barometer they use on **board ship.**

Conditions necessary for combustion: **warm, dark place.**

Heavenly body with fiery head and tail: **coment**

Western boundary of the U. S. after **1763: Mediterranean Sea**

Scene of the first battle of the Revolutionary War: **battleship**

Give the plural of gas: **gasoline** (gases)

And those are just a few. But don't feel too badly about it, kids; remember you gave the teachers a laugh.

MUSIC NEWS

BAND TO GO TO CONTEST

Mr. Cunning has announced that the BHS concert band is preparing to go to the State Preliminary Contest to be held April 8 and 9. Due to the rules of the contest the band has had to be reduced to a fifty piece concert band. Until this time there have been sixty-two students playing in the regular band. Music for the contest has been purchased and the band is now working on it. We hope they keep up the good work and receive a superior rating at the contest.

A date will soon be set for a public concert by the band. The music the band will use in the contest will be presented for the listening pleasure of Belmonders.

The Mixed Chorus selected the following officers for 1949: President, Tom Harty; vice president, Jerry Hanson; secretary-treasurer, Wilmer Gabrielson; librarian, Donald Swenson.

At the Eastern Star Installation of officers held January 12 Mary Lou Baker sang as a solo "My Task."

Jerry Hanson sang a solo "The Lord's Prayer" at the Norwegian Lutheran church on Sunday, January 23.

Friday, January 21, the Junior High Asembly had the following selections on its program:

"Sweet and Low" and "You Can Smile" was sung by Maxine Gartz and Connie Benson.

"Valse Caprice" was played in a piano duet by Patsy Tracy and Barbara Mariga.

"The Sleigh Ride" was also played as piano duet by Maxine Gartz and Theatta Bunjer.

GRADE NEWS - -

KINDERGARTEN NEWS

We are telling stories and also dramatizing them.

We have been learning about the birds that fly south in winter and the birds that stay north in winter. We also think how we should feed them.

Today we are making snow men. We surely are enjoying it.

FIRST GRADE NEWS

The children are enjoying the new workbooks in writing, also new books called, "Number Stories," and workbooks in numbers.

In social studies we are studying the unit, "Days and Days." We are becoming familiar with words such as: heat, shade, weather, clouds, and sunshine. We are also learning how to describe different types of weather.

Michael Long, Danny Boone and Veloice Henn have all celebrated their birthdays this month. They also treated us to ice cream, cookies, and candy bars.

Wanda Pals

SECOND GRADE

In the second grade report cards were passed out this week. Those with a perfect attendance record for this quarter were Anthony Bergman, Harold Buseman, Karen Chapman, Cecil Eccles, John Henn, Roger Hoppel, Sharon Koppernagel, Sondra Stoltenberg and Ted Watson.

Those being neither absent nor tardy for the first semester are Anthony Bergman, John Henn, Cecil Eccles, Roger Hoppel, Sharon Koppernagel and Sondra Stoltenberg.

The first group in reading has started the second semester basic readers, "More Friends and Neighbors." The second group will soon be ready for them.

Betty Hopple

THIRD GRADE

Those receiving one hundred in spelling Friday were: Terrell B., Marlene B., Patty C., Larry E., Jon J., Bill K., Eloise K., Allen M., LaVonne Mc., Douglas H., Judy O., DaDean O., Wilma P., Susan S., Richard S., Larry S., Brenda S., Charlotte S., Tedmar T., Edythe V., JoAnn W. and Billy A.

Wilma Pruisman treated the class to frosticks on her birthday.

We have started a collection of postmarks. We are trying to see how many different ones we can find.

Ann Stouffer is a new girl in our room. She comes from the Central Park School in Omaha, Nebraska.

We have been writing stories in language. Yesterday we wrote about a sleigh ride.

Those neither absent nor tardy this last nine weeks were: Allen Meints, LaVonne Mc., Ruth and Larry S.

Betty Hopple

FOURTH GRADE

In geography we started a unit on China. We took an imaginary trip from San Francisco to Shanghai, the chief seaport on the Yantze River. Enroute we stopped at the Hawaiian Islands, the "crossroads of the Pacific" because many steamship routes meet and cross here. This trip was 6,000 miles.

This semester we started science, the unit text being "Living Things." We found all living things must be either "plants" or "animals." Animals are divided into two groups, "Animals with backbones" and "Animals without backbones." Insects are classed under animals without backbones. Mammals, fish, amphibians, reptiles and birds are the group under Animals with backbones. We learn how these groups differ in structure We found out some interesting things and like this study.

Caren Coulson, Betty Eccles, David Long, Billy Murray, Vicki Pals, Gordon Sandman, Larry Schimp, Sandra Smith and Jimmy Stadtlander were neither absent nor tardy the first semester.

Ruth Kalkwarf

EIGHTH GRADE

Our class has completed all its semester tests except science. We will take that Thursday.

We have a new student in our room, Laverne Wessel.

The eighth grade is studying insurance in mathematics and transitive verbs in English. These are both very interesting.

Harriger's Folks Marooned By Storm; They Burned Furniture To Keep Warm

Gene Harriger of the Model Cleaners had a letter about a week ago from his mother, describing the problems of the family at their home near Scottsbluff, Nebraska, during the first big blizzard that struck that area this month.

Harriger's mother and father and two brothers live about two miles from Scottsbluff, where one brother, L. B. works at the headquarters of a cattle syndicate. After that first storm, it was estimated that about 20 per cent of the cattle were lost. L. B. and the younger brother, Bill, when they were able to get out of the house after the storm, reported that they saw frozen pheasants lying around everywhere.

Snow drifts were 16 to 20 feet deep. The family had to burn most of the furniture to keep warm as they were low on coal and had no means to get any. Food was dropped from the air. The letter reported that when the road finally opened it took a big bulldozer seven hours to clear one and a half miles.

Harriger has not had any news from his family since the second storm struck that vicinity. He has another married brother living at Mitchell, Nebraska, about sx miles from Scottsbluff, about whom he has had no report. His brother, Bill has not been able to get to school since January 2.

EASY TO MAKE!
Sunny Peach Pie!

1 cup sifted Pillsbury's Best Enriched Flour
½ teaspoon salt
⅓ cup shortening
2 to 3 tablespoons cold water

Sift together flour and salt. Cut in shortening with pastry blender or 2 knives until particles are size of small peas. Add water until dough is moist enough to hold together. Roll on floured board or pastry cloth to about ⅛-inch thickness. Fit loosely in 9-inch pan; gently pat out air pockets. Trim pastry 1 inch beyond rim of pan. Fold to form standing rim; flute edge. Prick pastry with fork. Bake in very hot oven (450 degrees F.) 12 to 15 minutes. Makes 1 9-inch pie shell.

1 #2½ can sliced cling peaches, drained
1 baked 9-inch pastry shell
¼ cup granulated sugar
3 tablespoons cornstarch
1 cup syrup from peaches
¼ cup orange juice
1 teaspoon grated orange rind
1 tablespoon butter or margarine
⅛ teaspoon salt

Arrange drained peaches in baked pastry shell. Combine sugar and cornstarch. Add to peach syrup and cook until thick, stirring constantly. Remove from heat and stir in orange juice, rind, butter and salt. Pour over peaches in shell. Chill. Serves 6.

VOL. 30 NO. 16 OFFICIAL CITY PAPER Belmond Wright County, Iowa Thursday, February 3, 1949 OFFICIAL COUNTY PAPER The Family Newspaper

MAIN STREET

By George C. Hansen

There continues to be an interesting topic of conversation around town: the things some of our wives are doing in the "shop" class of the adult education school. Al Mennenga says that now he is just sort of holding his breath from week to week, wondering what will happen next. One day he came home, it was the day after his wife had been to school learning more about using tools, to find that she had sawed a hole in one of the walls. For one thing he was thankful! It didn't happen to be an outside wall which would have let in a lot of our past and present sub-zero temperatures.

Drinking coffee with George Infelt on Monday, he suddenly looked at his watch, jumped up and said, "Guess I had better go now and deliver my wife's lumber to the school house."

—M-S—

After quite a long interval we hear from an old Belmonder friend who is now making his abode in the so-called "sunny California."

Carl C. Wenzel writes from Del Mar, "Well how goes the battle of cold and snow in the old home town. Can't say much because we sure have had a freakish winter here also. Geo. old boy, do you think they would be flying out at Morse Lake in the morning? Suppose you and Dick are out fishing through the ice.

"Enclosed find check for my renewal to the paper and say, by the way, put the address—C. C. Wenzel, Del Mar, Calif., San Diego, County . there is another Del Mar, Calif. up north and we missed some of the issues .. think they were missent up there"

—M-S—

Calling my attention to a statement she had recently —There is almost no illiteracy in Denmark—the wife said, "this won't make you any more conceited, or will it?"

—M-S—

The experts can see no depression in 1949.

—M-S—

Seventy-six cents of every tax dollar collected by the government goes for war, past or future war. Only 24 cents of every tax dollar goes to support all other government functions.

—M-S—

Not to be outdone by the First State Bank, Keith and Bernie at the Coffee Shop managed to get at least three people to part with a $5.00 bill each and slip it into the March of Dimes container that sat on the counter for several days.

Four Schools To Participate In Speech Contest Here February 16

Division I Ratings Go To Sub-District

A preliminary speech contest will be held in Belmond Wednesday, February 16, in the afternoon and evening with Clarion, Eagle Grove, Williams and Belmond entrants participating.

A school must receive a division I rating in any section to be eligible to compete in the sub-district contest. These contests are sponsored by the Iowa State Speech Association.

Program for the afternoon of the 16th at Belmond will consist of humorous, oratorical and serious declamation; interpretive reading, radio speaking and extemperaneous speaking. In the evening four one-act plays will be presented in the high school auditorium. The public is invited to both sessions.

Entries from Belmond will consist of a humorous declamation "The Tooth, The Whole Tooth, and Nothing But the Tooth," by Kaye Tracy; a serious declamation, "The Maker of Crosses," by Janis Bailey; interpretative reading „Patterns," by Jean Hemmingsen; and a one-act play, "Sparkin." Cast for the play includes Janyce Larson, Jean Oberhauser, Marilyn Friesleben and Donald Swenson.

Ceabern Squires and Miss Charlene Miller are in charge of arrangements for the contest.

Men, You Can Get Tickets For "Sweetheart" Night At Theatre From Infelts

All men who are interested in giving their mother, wife, daughter, grandmother or girl friend a real valentine are invited to the "Sweetheart" booth at Infelts Store.

You will receive a free ticket for "her" which together with your paid admission will admit you both to the New Belmond Theatre February 14.

The feature attraction of the evening will be "A Song Is Born" starring Danny Kaye and Virginia Mayo.

All men can get a ticket so hurry to the "Sweetheart" booth.

Boy Scouts Pick Up Waste Paper Again Saturday

Belmond Boy Scout Troop 16 will have the second and final waste paper pick-up beginning at 1:00 o'clock next Saturday afternoon and will cover all the area on Main Street and south of Main Street.

Two trucks will be used to make the canvass and housewives and business men are reminded to have papers and magazines tied in bundles and placed on curb close to the street.

Glenn Martin, scoutmaster, reported that in the first pick-up, the scouts gathered a ton and a half of paper north of Main Street and that residents had been very cooperative in having the paper ready and properly bundled.

If anyone is unable to carry the waste paper out to the street as suggested, the scouts will come in and get it. In this case, telephone the Independent, 115, before Saturday noon.

Klemme Residents Melt Snow When Water Supply Fails

Residents of Klemme have been without water since last Friday due to the break in the water pumping system. They have had to melt snow or carry water as far as three to four blocks.

Although the school was closed, the town's other industries have been able to operate.

An emergency call was sent to a pump concern at Des Moines to repair the system.

Broncos Will Play Two Conference Games Next Week

Two North Iowa Conference games are on the schedule for the Broncos for the coming week. They will travel to Lake Mills Friday night and Garner will play here next Tuesday, February 8.

The Belmond Broncos played a sterling game Saturday night when they defeated the Sheffield Claydiggers. The half time score was 17-15 in favor of the Claydiggers. But then the Belmond boys came back and pushed ahead of the Sheffield five with the ending score of 47-34. This was the second defeat for the losers.

Roger Kinseth was the Belmond star as he made 28 points. Kottman paced the losers with 15 points.

Belmond defeated Hampton on the home floor Tuesday night 44-32. This was a non conference game.

Meeting Feb. 8 On School District Reorganization

Dr. Donald R. Scott, Iowa State Teachers' College, will be the speaker at a meeting on School District Reorganization to be held at the court room at Clarion Tuesday, February 8, at 2:00 p. m.

So many inquiries, regarding reorganization, have come to the office of County Superintendent of Schools, C. W Sankey, that it seemed best to hold a meeting to which the public is invited and discuss the different phases of reorganization.

One of the first steps in a state wide survey, proceeding reorganization, that of giving the Iowa Every-Pupil Tests to every sixth, seventh and eighth grade pupil, has been completed in Wright county.

The public must be thoroughly informed before any reorganization can be contemplated—and the meeting on February 8 will be the first in a series to be held.

School board members and officers are especially invited to come with any questions they may wish to be answered for the open forum following the address, Mr. Sankey stated in announcing the meeting.

Local Homogenized "A" Milk Is Available Now

Belmond Cooperative Creamery Delivers Today

On Thursday, February 3 (today) Belmond residents can have delivered to their doors homogenized milk from the Belmond Cooperative Creamery, or may get it at any of the Belmond food stores. The local Creamery will continue to put out pasteurized milk and cream as in the past.

Decision to distribute homogenized milk was made by the local Creamery after two meetings. At the first meeting directors of the creamery and milk producers decided to produce grade "A" milk according to state standards.

At a second meeting last Thursday, creamery directors, milk producers and the Belmond grocerymen discussed the matter, at which time the Belmond grocery merchants agreed to handle Belmond Cooperative Creamery homogenized milk and also urge people to patronize the home product.

Harold Hemmingsen, manager of the local Creamery explained briefly the homogenization process which is that of putting the whole milk under pressure to break up the fat globules, thus keeping the fat in suspension. After this process, the fat can neither be separated nor churned. The local product will be pasteurized as well as homogenized. Purpose of the process is to improve the flavor. Hemmingsen also explained that the sun should never be allowed to shine on any milk, especially homogenized, since it imparts an off flavor to the milk.

Belmond Raises $362.34 For The "March of Dimes"

A total of $362.34 was donated to the March of Dimes fund-raising campaign in Belmond, according to a report Monday evening from Bill Mack, Belmond chairman.

Contributions in containers which were placed at several business firms around town were $141.81; donations at each change of program at the New Belmond Theatre taken by Wild Rose Girl Scout Troop for a week totalled $174.03; and a collection taken at the Belmond-Sheffield basketball game here last Saturday night brought $46.50.

Funeral Services Held For Rev. B. W. Northrop Former Pastor Here

Services were held January 22 for Rev. B. W. Northrop at Baxter. He died at the Marshalltown hospital at the age of 71 years, 8 months and 20 days. He had been in failing health for several years.

In the spring of 1904 he moved to Iowa and became pastor of the Congregational church at Alexander. This was the beginning of 43 years of service in the ministry in Iowa, during which time he served also the Congregational Church at Belmond.

Rev. Van Gerpen Examined And Ordained Here

A council of ministers and messengers from several churches in Iowa met at the Fundamental Baptist Church here Tuesday afternoon, January 25, for the purpose of examining Emory Van Gerpen as to his fitness for ordination to the Gospel ministry.

He has been a student at the Moody Bible Institute of Chicago for several years, was graduated last December and has dedicated his life as a missionary to Nigeria, West Africa.

The Rev. A. T. Rollene of the local church opened the afternoon meeting with a hymn and prayer. Mrs. Robert Banning, church clerk, read the names of churches invitvited to sit in the council. Rev. Loyal Marx, Forest City, was elected permanent chairman; Rev. B. A. Rust, Britt, permanent clerk. The candidate was then introduced by the Pastor and after a thorough drilling recommended for ordination.

Van Gerpen

Following a supper at the church and an hour of fellowship around the tables, the evening service was opened with Rev. M. L. Rayburn of Greene leading singing with Mrs. Rayburn at the piano. Rev. State led in prayer after which Rev. B. A. Rust of Britt read the minutes of the afternoon session of the council. Charge to the candidate was given by Rev. Rayburn and charge to the church by Rev. Rust. The sermon "The Gospel, only Prevention and Cure for the World's Ills" was given by the Rev. State who also gave the ordaining prayer during the laying on of the hands. Rev. Van Gerpen gave the benediction.

The church presented to Rev. Van Gerpen a leather bound Scofield Bible as a token of love for him and interest in the future of his ministry. He will further his education with college courses at the Northwestern School of Minneapolis.

3 Wright County Educators Will Attend I. S. E. A.

Three educators will represent Wright County at the annual Delegate Assembly of the Iowa State Educational Association to be held at Hotel Fort Des Moines in Des Moines, Friday and Saturday, February 4 and 5. They are: C. J. Christiansen, Supt. of Schools, at Clarion; Miss Frances Kabele, elementary teacher of Goldfield, Iowa; and John Barczweski, science instructor of Eagle Grove Junior College and Eagle Grove High school, Eagle Grove, Iowa.

The assembly is made up of 275 elected delegates and 25 ex-officio members. Elected members are chosen in proportion to ISEA membership in the 99 counties of the state, while the ex officio group is made up largely of present and past officers of the Association.

Important business will include a report on the ISEA legislative program and the consideration of an enforcement clause for the Code of Ethics. The delegates will also consider a revision of the Association's Articles of Incorporation.

Mr. Ralph McDonald, Washington, D. C., secretary of the National Commission on Teacher Education and Professional Standards, will be an out-of-town guest speaker. The Iowa Future Teachers Assocation and representatives of Iowa's teacher training colleges will have special meetings in connection with the Assembly sessions. These groups will meet with the ISEA delegates in a general session Friday evening, with Dr. McDonald as the main speaker.

CONGREGATIONAL LADIES WILL SERVE CAFETERIA SUPPER FEBRUARY 10

The ladies of the Congregational Church will serve a cafeteria supper at the church on Thursday evening February 10, beginning at 5:30 o'clock. The public is cordially invited.

Annual Meeting Of Creamery Is February 16th

Annual meeting of the Belmond Cooperative Creamery has been set for Wednesday, February 16.

A business session will be held in the morning at which time the financial statement will be presented. Terms of three directors, Arthur Ruka, Glenn Thompson and Don Baker, are expiring.

There will be a free lunch at noon, with entertainment and program to follow. Arrangements are being made to have a speaker in the dairy field as the main attraction for the session in the afternoon.

National Boy Scout Week Feb. 6-12 Observed By Belmond Troop 16

Troop Has Capacity Without More Help

Belmond Boy Scout Troop 16, in observance of National Boy Scout Week, Feb. 6-12, will set up a camp and outdoor scene in the window of Elliott Hardware and Appliances Saturday of this week.

In the past six months the local troop has grown from six to 16 active boys. Six of them started as tenderfeet. Samuel Leinbach became the latest addition to the troop when he received his tenderfoot badge last Monday night.

Glenn Martin, scoutmaster, stated that at this time the number of boys in the troop is limited to the present 16. This is the maximum number which can be handled without additional volunteer assistants.

Free swimming instruction for the local boys scouts is now available at the Y. M. C. A. Pool in Mason City every Saturday for one and a half hours from 5:00 till 6:30. "If there are parents or other individuals with cars, who would like to drive the boys to Mason City to take advantage of this instruction, such services would be greatly appreciated and very worthy," scoutmaster Martin stated.

Discloses New Outboard Motor Features To Elliott, Local Dealers

A new outboard motor featuring Neutral, Forward, Reverse accompanied by Gear Shift Control was disclosed today by Johnson Motors, one of the older and larger outboard manufacturers, to their local dealer Elliott Hdw. and Appliances.

The new motor, known as the Johnson Model QD, develops 10.0 - OBC certified brake horsepower at 4,000 revolutions per minute and weighs only 56 pounds (without the separate fuel tank.) The QD is said to be not only a brand new motor but a new kind of motor in that it gives the owner control and performance not previously available in this field.

This new motor has been more than five years in the making. A half million dollars have been invested in tooling for quantity production. And the motor is now in production. Shipments are going to dealers and local displays are being made in thousands of dealer stores throughout the country.

Goodwill Truck Will Pick Up Materials At M. E. Church Feb. 8

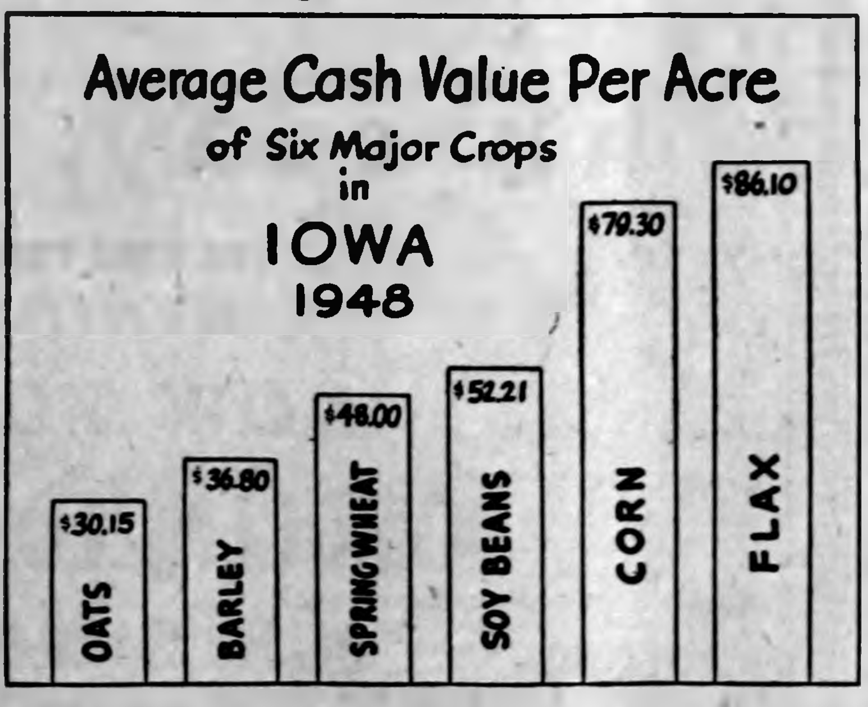
Announcement was made this week by Rev. Wm. Patterson, pastor of the local Methodist Church that the Goodwill Truck will be in Belmond on Tuesday, February 8th.

Discarded materials: including clothing, household articles and any useable items should be brought to the church basement Sunday, the 6th.

The Goodwill Truck makes regular trips for the Goodwill Industries which is connected with the Methodist Church Wall Street Mission in Sioux City. Materials collected give employment to crippled persons who work over and rehabilitate the materials which are then sold to the poor of the community at prices they can afford.

Anyone who has materials to contribute who cannot deliver them to the church should call either Rev. Patterson or Mrs. Clyde Jennings, Secretary. They can also give further information which may be desired.

Flax Again Leads Iowa Crops



Government crop reports reveal that during the past season flax again maintained its position as Iowa's number one cash crop.

While flax is normally expected to top small grains in return per acre, steadily improving yields and high prices have also given it an advantage over such crops as corn and soybeans. Even the bumper corn yields of the past season left that crop second to flax as a cash producer in such states as Minnesota, North and South Dakota, Iowa, Montana, and Wisconsin.

Last year's average flax yield of 11.1 bushels per acre was the highest in 43 years. Iowa led the northwest states with an average yield of 15 bushels per acre. It was followed by Minnesota with 11.5; South Dakota 11.0; North Dakota 9.5; and Montana, 9.0. Nearly 90 percent of the nation's flax average is sown in these five states.

The following table compares the return per acre received by Iowa farmers from various crops in 1948. It is based on average yields reported on the USDA's Annual Summary, published December 17, 1848, and on average prices received by farmers on October 15, 1948.

Flax	$86.10
Corn	79.30
Soybeans	52.21
Spring Wheat	48.00
Barley	36.80
Oats	30.15
Rye	22.47

Experiments Over Ten Years Show Treated Oats Yield More Per Acre

Treating seed oats to protect it from soil organisms during the critical period of germination will pay high returns this year, according to C. S. Reddy, plant pathologist at Iowa State College.

Experiments conducted over a 10-year period show that treated oats outyield untreated oats about 3 bushels per acre. More than 10,000 comparisons have been made at Kanawha, Conesville and Ames.

Figuring present prices, treatment will return about 25 times the cost. The cost of treating will average 9 cents per acre. An increase in yield of 3 bushels per acre will return $2.40 when oats is selling for 80 cents per bushel.

Reddy recommends that New Improved Ceresan or Ceresan M be used to treat oats. One-third ounce per bushel should be used if oats are treated now. If treated within 3 months of seeding time, use one-half ounce per bushel.

Although there hasn't been time to conduct extensive field tests on Clinton seed treated with New Improved Ceresan or Ceresan M. greenhouse tests have been carried out at Iowa State College. Reddy says that these tests show that treated Clinton will outyield untreated Clinton.

He warns to use one-third ounce per bushel on Clinton oats up to within six weeks of seeding. After that, use one-half per bushel. Reddy points out that Clinton oats have the thinnest hulls of any oats grown in Iowa. Larger dosage will injure the seed.

Something New in Faucets

On the market is a new mixing faucet for shower baths. It will keep the water at exactly the right temperature, and there will be no deviation no matter how many other faucets are being used at the same time.

'Mystery Farm' 20 Occupied By Raymond Pals Family

In an interview about Mystery Farm last weekend, Raymond Pals, the occupant, said, "We had hard luck on the 400 acre farm the first year we lived there when our crops dried out." However, he added that last year he was "coming pretty good."

The Pals farm is located four miles southwest of Belmond between Belmond and Cornelia. It has a lot of low land and some high.

Last year two of his old buildings, a barn and granary, burned down. The loss didn't amount to very much since they should have been torn down anyway. All other buildings are in good condition. They have piped running water in the house.

Last year Raymond raised 170 acre of corn that yielded close to 60 bushels to the acre; 110 acres of oats; part American Number 2 and part "controlled", 60 acres of beans, 17 of hay. 14 acres was left for pasture.

Raymond raised 135 red hogs this year. He milks nine cows and his wife raised about one hundred chickens. The first year they moved on the farm they sold hatching eggs to the Belmond Hatchery.

Mrs. Pals enjoys taking care of the chickens and Mr. Pals can say the same for hogs. He now has 40 sows.

Mr. and Mrs. Pals have four children: three boys, Norman, Wayne, Gary, and one girl, Faye. The children all go to school at the schoolhouse just at the end of the lane on the farm. This means they can come home for their noon meal.

Mystery farm 21 appears this week in an advertisement sponsored by the Fullerton Lumber Company. Occupants of farms shown in the paper are urged to stop at the Independent office to receive free copy of an enlargement of the picture printed and to give information about farm and family for publication the following week.

Taxes!

In connection with so much discussion going on about taxes: whether it is necessary to raise them, whether we can get along satisfactorily by lowering them, whether new and different taxes might be fairer in the distribution of the tax burden....a presentation of special automotive taxes printed below gives some enlightening figures and information.

AUTO TAX BURDEN FACES RECORD HIGH OF $77 PER VEHICLE

Special automotive taxes will average a record $77 for every motor vehicle registered in Iowa in 1948, according to preliminary estimates released by James W. Richards of the Iowa Petroleum Industries Committee. Mr. Richards pointed out that this tax burden, which includes all special federal and state leves on motor vehicles, has increased 80 per cent since 1938.

"These are starting figures when we realize that they represent only the special taxes motorists paid on their motor vehicles and motor fuel during he past year" he he said, "but in addition to the $77 burden of special taxes, motorists also paid all the general taxes required of other citizens.

"The motorists have been called the most heavily taxed group in the entire state and it is easy to see why," he continued. "We hear a lot about the high cost of living, but what about the high cost of taxes?" he asked. "Here is a tax cost increase of approximately 80 per cent in just one field of taxation in the last ten years.

"Already there are signs that the cost of living may be headed downward. But at the same time the automotive burden is at its highest point in history. It is true of most taxes, and especially of automotive taxes that the trend of tax rates is seldom downward. But since we're beginning to get some relief from the pinch of inflation, let's hope that this exorbitant tax burden will also decline with the return of normalcy. And failing that, the least we should do is prevent tax rates from getting any higher," he urged.

Editorially Speaking--

The Merry-Go-Round Starts

The 81st congress has convened. Before long the "Washington merry-go-round" will be whirling merrily once more. And once more, without doubt, the blatant music of the calliope, the flashing color of the congressional carnival, will be all the public hears and sees.

There'll be work going on, but that will be difficult to follow, so confused will it appear in the continuous flurry of speeches, statistics, investigations and filibusters which make the headlines.

Only at the end of the session will it become apparent what has been accomplished—and even that will be confusing because of conflicting partisan claims and counter-claims.

It will be interesting to try to evaluate, though, how much of the various candidates and parties' platforms will have been enacted into law. We can't help but wonder how many have already forgotten their promises. Wish we'd kept a copy of a couple of platforms, just for purposes of checking up, two years hence.—Northwood Anchor.

Overly Kind to Dumb Animals

Grandpa would mutter "lawsy sakes", if he had lived to see some folks installing air conditioning into barns too make things more agree able for the cows and horses. Bet he'd say we are spoiling the creatures! This new kind of humidity control system will cut down excessive barn moisture which will reduce decay, rusting and mildewing of equipment, loss of spoiled animal feed, bacteria and unsanitary conditions. The fans will be in the interest of livestock, for better health and more milk. What with them using music to increase the contented cow's milk production, a local fellow says the next move after air conditioning, will probably be slip covers and venetian blinds. —Pocahontas Record Democrat.

—o—

If Presdent Truman forces congress to put through the reform legislation he is asking and also succeeds in getting a tax raise of some six billion dollars, individual workers will find their pay envelopes much lighter than they are now. For the reforms and a tax increase would take several bites out of the workers' pay—Sioux City Journal

There is always honor and glory enough for all. It's a big world and there are millions of things still lying around undiscovered and undone.—Correctionville News

Men 18 Can Now Enlist In Navy For One Year And Get Submarine Duty

Marine Sergeant Charles Straw, of the Des Moines Marine Corps office in Room 105 in the Old Federal Building, announced today that the Marine Corps is still accepting enlistments of 18 year olds for a one year period.

Sergeant Straw further stated that 18 year olds who take advantage of the one year enlistment will be given an opportunity to attend technical schools in the Marine Corps.

At the present time, one year enlistees are not eligible for overseas assignment, but, if the enlistee desires to view foreign lands, he may reenlist for a longer period to do so.

How About The Farm Vote, Lefty?

Your Congressman's Record

Copyright 1947 Your Congressman's Record

January 22, 1949

Washington, D C.—Your Congressman, James I. Dolliver, was an invited guest at the inauguration ceremonies at the Capitol during the week, when President Truman and Vice President Barkley took their oaths of office.

The House convened on the House floor at 11:40 a m. and the Senate met in the Senate chambers five minutes later on Thursday, Jan. 20. Then the members of both Houses proceeded in a body to the President's platform in the center of the Capitol

The House members were headed by Speaker Sam Rayburn of Texas and took their seats to the right of the President's platform. The Senators, headed by President Pro Tempore Kenneth McKellar of Tennessee, were seated to the left of the President's platform. It was from that vantage point that your Congressman saw President Truman deliver his inaugural speech.

Congressional activities were practically suspended during the week as the President took the spotlight. Many Congressmen played hosts at state functions for the people from home who had come to see the first "pomp and ceremonies" inauguration in eight years.

Your Congressman and his colleagues were pressed for tickets by constituents to view the inauguration from reserved seats, and to attend the reception and inaugural hall. Many requests had to be refused because of the strict rationing of tickets to House and Senate members.

Washington, D. C.—Your Congressman, James I. Dolliver, has been reassigned to the House Interstate and Foreign Commerce Committee. This committee is concerned primarily with transportation and communications legislation, which will surely include this session bills to clarify the recent Supreme Court decision outlawing basing point, or absorption of freight, prices. Mr. Dolliver's appointment was pursuant to the House approval by voice vote of two resolutions which elected the majority and minority members to membership on the standing committees.

Mr. Dolliver began work on his committee this week as very little was done on the floor of the House. In the past few days the House has passed only one significant bill, and that by voice vote. It provided for a $100,000 salary and a $50,000 tax-free expense allowance for the President, and salaries of $30,000 and tax-free expense allowances of $10,000 for the Vice President and the Speaker of the House of Representatives.

Your Congressman and his colleagues are currently waiting for the Truman Administration to present to both Houses its so-called Fair Deal "package" of labor legislation. The legislation will be designed to replace the controversial Taft-Hartley labor law with the old Wagner act, plus amendments. In addition, it is expected to contain a clause giving the government the right to ban strikes affecting public health and safety through court injunction. A bitter fight is expected on the House floor when the legislation comes up for debate.

Marine Corps Enlistees Have Opportunity For Technical Training

Marvin H. Radden, Chief Boatswain's Mate, your U. S. Navy Recruiter from Fort Dodge, has announced that the Navy is now giving men who enlist for one year a chance to select Submarine duty if they so desire. Submarine duty has a lot of advantages, including 70 per cent extra pay on top of a man's regular salary in the Navy. Chief Radden said they were only taking a limited number of one year enlistments during the months of February and March, and he stressed the point that men desiring this type of duty in the Navy should not hesitate to enlist now. He also stated that they may close this program in the near future, after they obtain the desired number of men they need for this type of duty.

Farm-Home Week Visitors Will Get Story Of Iowa's Leading Crops

Event At Iowa State College Is Feb. 14-17

A series of 30 exhibits on production, improvement and utilization of corn will be a feature of Farm and Home Week at Iowa State College, Feb. 14-17.

Iowa's No. 1 crop, and the one in which she leads the world, will be on display from every angle. All kinds of up-to-date information will be highlighted at the exhibition which will be open from noon until 5 p m. daily in Great Hall of the Memorial Union.

The Division of Home Economics and the Division of Engineering have joined with the Divison of Agriculture in assembling information. In all, 14 college departments have contributed their knowledge and experience on the subject. Attendants will be on hand to answer questions and to explain the material.

Some of the exhibits will deal with managing soils for corn, fertilizers for maximum corn production, corn yields and soil types, corn genetics, corn breeding, certified hybrid seed corn, and seed corn testing.

Others will deal with the corn after it is planted, telling about the European corn borer, weed control in corn, corn spraying equipment and the weather and corn maturity.

A third group will tell about stored corn insects, corn storage, mechanical drying of corn, corn in hog production, corn for dairy cattle, corn oil and corn as a food.

Miscellaneous corn exhibits will concern popcorn improvements, corn yelds and economic levels, corn economics, and the uses of corn by chemical engineers.

At the same time the Iowa Corn Yield Test and the Master Corn Growers' Contest will be treated in exhibits.

Other crops won't be forgotten either. Soybean utilization, new soybean varieties and new oat varieties will be the subjects of special displays.

Suggest "Farm and Home Week" as Short Winter Vacation for County Homemakers

For Wright county homemakers who would like a short winter vacation Farm and Home Week at Iowa State College from Tuesday, February 15, through Thursday, February 17, is recommended. Programs on Tuesday and Thursday will be identical.

"One of the foremost topics which Wright county homemakers will wish to hear will be a discussion on 'The New Look for Iowa Homes'", reports Lettie Zuber, county extension home economist.

Miss Marjorie Garfield, head of the applied art department of the Division of Home Economics, will discuss with Iowa Homemakers many of the problems they face when it comes to redecorating their homes.

Planning out an attractive color scheme for any room of the house is perhaps the most challenging and exciting problem a homemaker can have, Mrs. Zuber says. "Miss Garfield will demonstrate ways in which attractive color schemes can be worked out starting with some particular item of home furnishings such as wallpaper, the rug, a picture or even a chair."

Mrs. Gerhard Thompson, county women's chairman, and Mrs. Lettie Zuber, county extension home economist, are planning to attend on February 16 and 17. Any homemaker wishing to attend Farm and Home Week should contact the Extension Office not later than Feb. 5, for help with reservations and transportation arrangements.

A tentative Farm and Home Week program is as follows:

OBITUARY

HARRY G. NORDSCHOW

Harry G. Nordschow, son of Steiner and Signe Nordschow, was born on April 16, 1890, in Webster county, at Badger, Iowa. He grew to manhood in the vicinity of his birth, attending school at Dakota City, and later business college at Humboldt.

On December 25, 1913, he was united in marriage to Miss Martha Thoe by the Rev. W. A. Winter Stein at Lake Mills, Iowa. To this union were born three children, all of whom survive.

In 1915 he entered the automobile business in Belmond, where the family home was made until 1934, when he went to work for John Deere Co. in Mason City. In 1936 the family moved to Charles City where Mr. Nordschow was employed by the Oliver Corporation, as sales manager until 1941 when he entered business for himself. With his son as partner, he operated the Nordschow Farm Supply Store at 418 North Main Street, until his passing.

Throughout his lifetime he was an active and interested supporter of the church. He was a member of the First Methodist Church at Charles City. Always a great lover of music, for many years he sang in and directed choirs. In addition, he was a member of the Masonic Lodge, the United Commercial Travelers,and the Charles City Chamber of Commerce.

Until about four months ago, Mr. Nordschow had been in fine health, but stricken with cancer, he suffered patiently and without complaint, until death brought release, Sunday morning, December 5.

He leaves to mourn his passing, his wife, Martha; his three children, Maxine Jenison of Belmond; Meredith Nordschow of Chicago; and Merle of Charles City; his mother, Mrs. Signe Mogan of Humboldt; three sisters, Mrs. C. A. Hart of Humboldt; Mrs. Florence Mayer of Fort Dodge; Miss Agnes Nordschow of Los Angeles, Calif.; three brothers, March of Seattle, Washington; Carl of Decorah and Francis of Long Beach, Calif.; six grandchildren, nieces and nephews and a host of friends who have known him through the years.

Funeral services were held on December 8 at the First M. E. church in Charles City with the Rev. W. A. Winter Stein of Des Moines and Rev. J. K. Dilahooke of Charles City as clergymen.

Mrs. Leland Lieuwen of Belmond sang "In the Garden", and the "Lord's Prayer" accompanied by Lulu Hirsch.

The casket bearers were T. G. Vollum, Don Petersen, Fred Lockwood, Willis Meyer, Julius Huxol and Manning Howell.

He was laid to rest at Riverside cemetery at Charles City with Masonic Rites by St. Charles Lodge No. 141.

SKATES

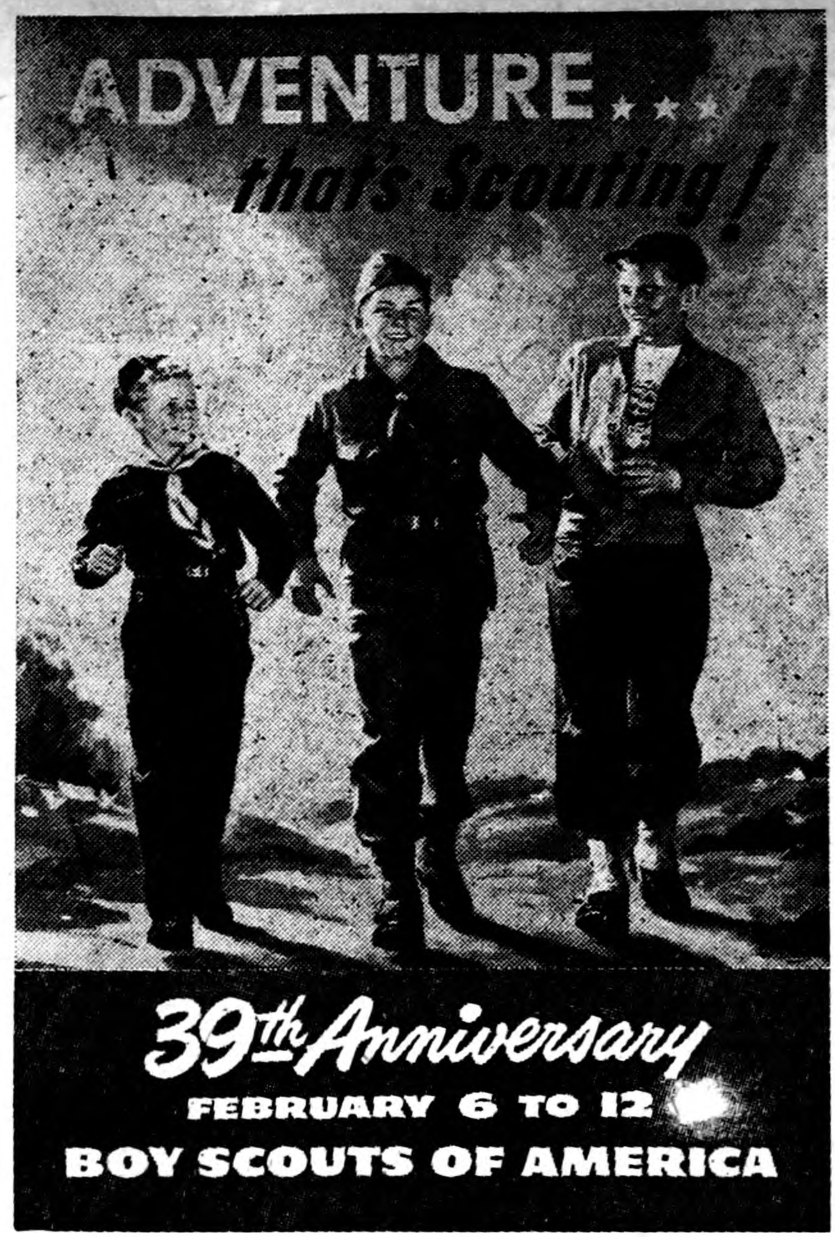
Icy roads have no perils for retired farmer Lews Mathwig, of near Dunnell. He just straps on a pair of ice skates and whizzes into town, a half-mile away. Mr. Mathwig is 70, still cuts a fancy figure on the ice.

PAPER WAD

Duane Spire, 8 year old Tama lad, is now hospitalized in the university hospital at Iowa City, as the result of being struck in the eye with a paper wad. He now has some sight with the eye which was injured when his half-brother "shot" him with a rubber-band sling shot.

OWN HOUSE

The Ralph Nichols family of Whittemore was just leaving Whittemore one evening recently, to drive to their farm home, when the fire whistle blew. They decided to follow the truck and see the fire. A revolting development followed; the truck turned in at their own house, which was blazing merrily.



In every part of the nation more than 2,200,000 boys and their adult leaders, will observe Boy Scout Week, Feb. 6th to 12th, marking the 39th anniversary of the Boy Sconts of America. The theme of the celebration is "Adventure—that's Scouting!" This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic service activities, emergency service training and world Scouting relationships. During Boy Scout Week, Scouts, their parents and countless communities will honor the volunteer adult leaders of the nation's 70,000 Cub Packs, Scout Troops and Senior Units. Above is the official poster marking the Scout birthday.

TRIX IS HOME

The Phil Blong family of Cresco got "double" returns from a want-ad in the Times there recently. First, they recovered a large brown collie, blind as a result of a dynamiting accident last year, which had wandered away from home. On returning home, they found that another collie, almost identical with their own pet, was caught in a fence near the Blong home. The Blongs adopted the injured and exhausted dog and now have two collies.

Reports Year's Highlights of County Rural Women's Chorus

The Rural Women's Chorus of Wright County was organized in January 1948 at Mrs. Aaron Bowman's home in Clarion with 40 rural women attending the first meeting. At the present time there are 26 women in the Chorus.

Mrs Thomas Mathre, county chairman, has been in charge of the chorus. Mrs Leland Lieuwen of Belmond was first director and Mrs. Robert Kay of Clarion is the present director. Temporary directors were Mrs. Inga Steele of Belmond and Mrs. Jay Vendelboe of Clarion.

The chorus made 16 public appearances. Out of the county appearances were Rural Women's Day at Garner, State Fair, WOI State Fair hook-up, State Sports Festival, where they placed a blue ribbon, State Farm Bureau Convention in Des Moines. County appearances were at different church organizations, county Sports Festival, Junior District Fair, Rural Women's Day, Contact Day and annual county Farm Bureau meeting.

Having a blue ribbon rating, the chorus could have sung at the Annual National Recreation Chorus at Omaha.

The chorus has averaged 2 practices a month since starting in January. Due to the pleasure the women have received from singing in the chorus, they have purchased from their own personal money the chorus uniform dress, music, and have paid for the chartering of busses at two different occasions to make out-of-county appearances.

To climax the year's work the chorus had a Christmas luncheon at the Stanley Anderson home. On December 18 the chorus went Christmas caroling to eight rural shut-in families in Belmond, Pleasant, Lake and Norway townships.

There has been no practice during the months of December and January but will be resumed in February in the Lutheran Parish Hall in Clarion. Any rural women wishing to join the chorus should contact the Extension Office

A GROWING BROTHERHOOD

"The Boy Scout movement represents a brotherhood of boys which could grow into the brotherhood of man with a better understanding between all men, something which the people of the earth have yearned for over the years.

"The Scouts' oath to uphold the United States, its Constitution and its institutions gives one renewed hope that despite the dark shadows that lie across our path, this country will be preserved and handed on by the succeeding generations as it was handed to us by our forefathers."

Supply Of D.D.T. Short In Iowa Farmers Urged To Place Orders Early

Explains Treatment For Controlling Corn Borer

Short supplies in Iowa compared to the potentially big demand for DDT to control corn borers in the state next summer prompted Harold Gunderson, extomologist at Iowa State College, to advise farmers to order DDT now.

He pointed out that the farmer who has enough DDT on hand to treat early-planted corn will be in much better position to save his crop next summer than the fellow who is confronted with delayed delivery. Distributors and dealers hesitate to take all the risk of stocking the chemical until farmers indicate that they will buy it. Gunderson suggests that farmers spread the risk of corn borer insurance by ordering small amounts now for protecting early - planted corn.

"We don't know for sure what the situation will be next summer, but there is a strong possibility that a lot of farmers will need to treat to save the crop," Gunderson said. More borers went into the winter this year than ever before in Iowa history. There'll probably be many moths to lay eggs next summer. However, the weather in June will determine the number of eggs actually laid.

Probable Needs

Gunderson estimates that 1½ million gallons of 25 percent DDT concentrate will be needed to treat the 3 million acres that may have to be treated for first brood borers. He doubts whether there will be nearly that much DDT on hand if farmers don't buy some now.

A week or 10-day delay in delivery of DDT next summer may mean a loss of 5 to 30 bushels in yield. Some who treated corn too late in 1948 had that much loss.

He cautions farmers to be sure they are ordering DDT. Read the label before buying and buy from a reliable dealer. DDT is the only chemical readily available that is effective against borers. The label gives the brand name, percentage of DDT in the material and whether it is an emulsion, colloidal suspension, wettable powder or an oil solution.

He recommends a 25 percent emulsion for controlling borers with low gallonage spraying equipment. Dust is just as effective for corn borer control, he says, if applied at the rate of 1½ to 1¼ pounds of actual DDT per acre.

Gunderson says a farmer will need one-half gallon of 25 per cent concentrate per acre to treat first brood borers if he applies spray.

If the material isn't used for treating first brood borers, it can be kept for second generation borers. Too, it may be used for other purposes. Even if the DDT isn't used next summer, it can be stored safely until the following year. A 25 percent DDT concentrate won't freeze, or deteriorate with age.

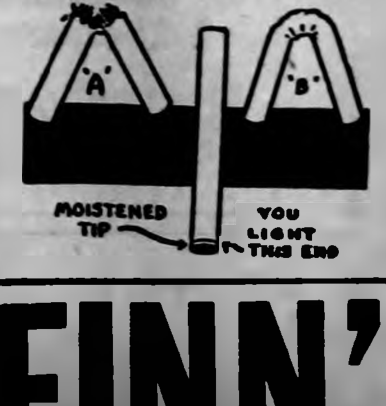
TRICK OF THE WEEK

MAGIC BEND

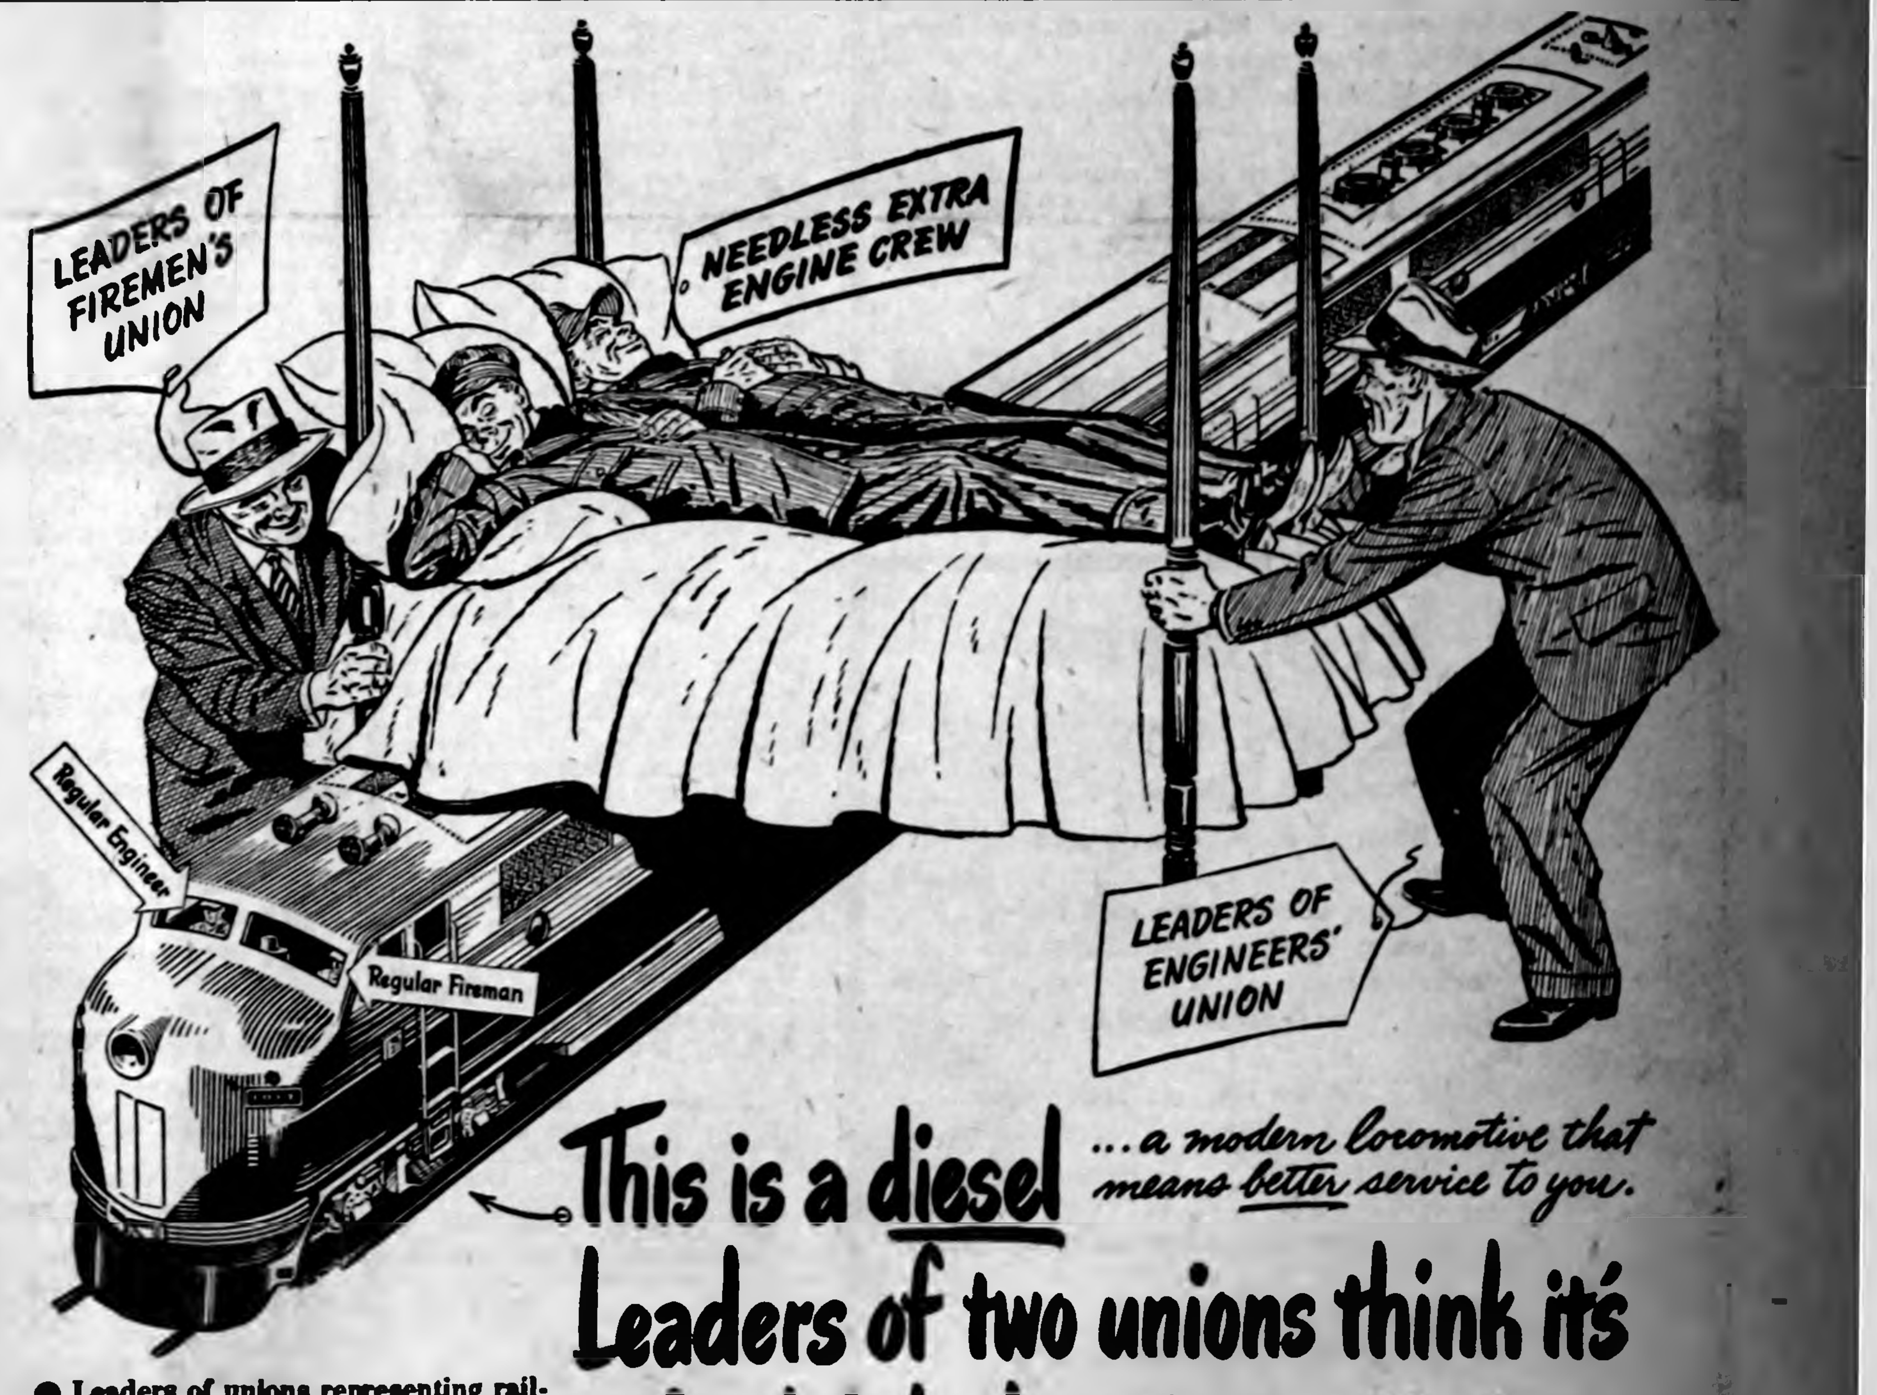
Ask a friend to bend a cigarette and he gets the broken results as shown at "A" . . . You show him how to do it and you get a perfect bend without a break, as sketch "B" because you have moistened the tip of your cigarette as shown at "C". While he is worrying about his broken cig you turn yours around and light the moistened end, take a puff or two and gently make the perfect bend.



IT'S A GOOD TRICK IF YOU CAN DO IT..

...But here's a little trick that everyone can do. Make this service station your headquarters for all of your motoring needs. You'll be well satisfied if you do.

FINN'S
SKELLY



LEADERS OF FIREMEN'S UNION
NEEDLESS EXTRA ENGINE CREW
Regular Engineer
Regular Fireman
LEADERS OF ENGINEERS' UNION

This is a diesel ...a modern locomotive that means better service to you.

Leaders of two unions think it's a feather-bed ...a "make work" grab that means less service to you.

● Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You

Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol.

Diesel crews are among the highest paid railroad employes—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You

You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on the many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You

But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.

These demands are against YOUR interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

ISC Weed Expert To Give Talk At February Meeting

The latest information on chemical weed controls will be discussed at a county wide weed control meeting on Tuesday afternoon, Feb. 8 at the I. O. O. F. Hall in Clarion at 1:30 p. m.

Dr. E. P. "Dutch" Sylwester, weed specialist of Extension Service, Iowa State College, will lead the discussion on weed controls. Dr. Sylwester will give the results of the latest experimental research on weed chemicals as well as observations from his wide experience.

Phases of weed control to be discussed will include new chemical sprays, types of 2-4,D to use on corn and small grain, spraying equipment, chemicals for perennial weeds and control of weeds in fence rows, roadsides and pastures.

According to county extension director, Aaron R. Bowman, many farmers now own their own power spraying equipment and the correct use of weed control chemicals should help solve the weed control problem.

Custom sprayer, retail merchant handling weed chemicals or spray equipment as well as farmers and landlords are urged to attend the meeting on Tuesday, February 8.

Agronomist Tells Correct Soybean Varieties To Use

Five varieties of soybeans are recommended for planting in Iowa this year, according to C. R. Weber, USDA agronomist at the Iowa Agricultural Experiment Station. They include Hawkeye, Richland, Lincoln, Earlyana and Chief.

Adams, a new bean that has been released recently for seed increase, is not available in sufficient quantities for general planting. However, when it is available, the principal soybean acreage in Iowa should be planted to Adams, Lincoln and Hawkeye," Weber said.

To help farmer select varieties which will produce greatest yields in the various areas of the state when planted at the normal time, Weber makes these recommendations.

Hawkeye Seed Available

Use Hawkeye for northern and central Iowa. In extreme northern Iowa plant it early—May 10 to 20. Hawkeye yields 6 bushels per acre more than Richland, stands 3 to 5 inches taller, and has a higher oil content. Hawkeye has almost equaled Lincoln in yield, but is a week earlier and stands up better. It is suited for delayed planting in southern Iowa. Some Hawkeye seed is still available at reasonable prices. Farmers interested should contact their county extension director for information. When Hawkeye becomes plentiful, it should replace the entire Richland acreage.

Richland has been recommended for planting on fertile soils in the same areas of the state as Hawkeye.

Lincoln is adapted to all but the three top tiers of Iowa counties. At present Lincoln is the most extensively grown variety in central and southern Iowa. It has gained this recognition because of its high yield, high oil content and its ability to stand until combined

Lincoln Risky North

While Lincoln yields higher than other varieties, it is not recommended for northern Iowa because it matures later and is subject to frost injury. It is slightly earlier than Illini and resembles Manchu in growth habits. It stands up better than Illini or Dunfield. It has not yielded quite as well as Lincoln in southern Iowa tests.

More information is available at the county extension director's office, or from the Experiment Station, Ames.

ATTENTION LOVERS!

All you folks, young and old alike, from children to grandparents, who observe Valentine's Day by sending love notes through the U. S. mail are reminded that it may cost you more this year, since post office rates have gone up on all types of mail except first class.

Two cents is the very lowest rate you can use now to send a missive through the mail and that is for the impersonal, unsealed type. If you want to be more emphatic about it and write reams of "I Love Yous", "Be Mine", "Heart's Desire,', etc. then yon must use the usual three cent first class postage rate, or higher if it takes more than the minimum weight to get your love message told.

VERNON DIPPEL

Vernon Dippel of Belmond made the headlines recently in the January issue of "Carrier Salesman" published by the Des Moines Register and Tribune and containing news and features about its carrier salesmen. The above picture appeared in the publication and the story about him read as follows:

"BELMOND — Vernon Dippel, above, is quite a carrier. During 1948 he had 37 increases, won a trip to the Camp o' Champs, a Columbia bike, a trip to the State Fair, a trip to the State basketball tournament and numerous other prizes. At Christmas he received $8 and 18 other presents from his customers."

Vernon is the son of Mr. and Mrs. Ed Dippel of Belmond.

CONGREGATIONAL LADIES SERVE CAFETERIA SUPPER

The Congregational Ladies will serve a cafeteria supper Thursday evening, tonight, at the Congregational church basement, from 5:30 on. Public is cordially invited.

March of Dimes Nets 4 Times '48 Total In Co.

The 1949 March of Dimes drive in Wright County has been a huge success according to Robert Kay, Clarion Attorney, and Chairman of the Wright County Chapter, for with some money still coming in the total now stands at $4,659.51. This represents more than four times the $1,087 which was netted in Wright County by the 1948 drive.

Roy Larson, Lyle Wilson and John Reider of Eagle Grove collected $488.00 from that city while Goldfield turned over a check in the amount of $400.00 from their Community Chest Fund. A Liberty township organization contributed $100 which was a large part of an amount left over from their fund during the war years. Belmond, under the direction of Bill Mack, swelled the fund with $362.34 and Dows under the direction of T. H. Jensen responded well. All of the above amounts are in addition to checks which were received from these areas by the County Chapter.

School District Reorganization Discussed at County Meeting

Purpose Is To Secure Equal Educational Opportunities For All

A meeting at the Court House in Clarion Tuesday afternoon, to hear a discussion of "School District Reorganization," brought out a large crowd of school board members from various districts of the county, school administrators and members of the County Board of Education.

County Superintendent of Schools C. W. Sankey introduced Dr. Donald Scott of Iowa State Teachers College who explained the purpose and merits of a reorganization program.

Since coming to I. S. T. C. a year and a half ago, Dr. Scott has spent about three-fourths of his time in the field, discussing with school groups throughout the state the subject of reorganization. He calls it a "pretty big problem." He said, "Actually, improvement of educational opportunities for our youngsters, which is the goal of such a program, is nation-wide." He informed the group present that some counties in Iowa have already made a start toward reorganization, but he warned that careful study of the needs and close cooperation and understanding between school districts involved will be needed for progress. He expects it to be a slow job.

County Superintendent Sankey said, "We should try to educate the people of Wright County about reorganization. I feel certain it is going to come about in Wright county, but I am not certain I shall live to see it."

The basic purpose of the reorganization problem in Iowa, as Dr. Scott explained it, is to insure equal educational opportunities for each and every child in the state and also to bring about the most efficient and economical school operation.

He illustrated what he means by present inequal opportunity, pointing out courses of study he considers of high importance in school systems of this area (state of Iowa) which are not available in some schools including agriculture, home economics, health education, music, art, physical education. . . .

He quoted some statistics showing that nationwide we lose 57 per cent of rural children before high school graduation.

"Once you have decided what you want to do for your children, then you have the problem before you," Dr. Scott said, stressing the fact that this is a problem for the parents of Wright county children, the school boards, and the school administrators.

Among those attending from Belmond were Dr. H. J. Classick, member of the Wright County Board of Education, Superintendent Don Faris and two members of the Belmond School Board: Dr. A. M. Larson and John Greenlander.

BELMOND LOCALS

Larry White of Austin, Minnesota spent Saturday night and Sunday at the Duane Jenison home.

Mr. and Mrs. Neil Flanagan and Mr. and Mrs. R. E. Buterbaugh attended a funeral in Ames on Sunday.

Arlo Stoltenberg, co-owner of the Belmond Motors and Body Shop, returned Sunday from Detroit. He had spent a week at the Kaiser-Frazer Willow Run plant attending a dealer school on construction and maintenance of the manufacturer's automobiles.

PROGRAM ON G. M. AT CHAMBER OF COMMERCE LUNCHEON

Bill Mack Will Join Rowat And Murray Firm As Field Assistant

Bill Mack, manager of the New Belmond Theatre for the past eight months, announced his resignation from that position effective the latter part of this month.

Mr. Mack will join the local engineering firm of Rowat and Murray on March 1st as administrative field assistant. His work will take him throughout the state of Iowa in general public relations work for the firm. He will attend the State Engineere's Convention in Des Moines on February 15 and 16 along with Larry Murray and Clair Gagnon.

The Mack family will continue to make their home in Belmond:

Erickson Leaves Auditor's Post Job To Charlson

David G. Erickson, Wright county auditor for the past 13 months, announced Wednesday that he had tendered his resignation to the board of supervisors and had asked for release from that office by March first.

Mr. Erickson gave no explanation for this decision, but it is reported that he has been offered another Wright County position, details of which will be announced at a later date.

The board took official action on the matter Wednesday, accepting Erickson's resignation, and appointed Roger Charlson, 27, of Dows as auditor to fill the unexpired term of almost two years.

Charlson, single, was born in Goldfield, but has spent most of his life in Dows, where his father is a clothier in that community. He holds a BA degree from Iowa University and served 16 months in the Marine corps during the last war.

Margaret J. Taylor, deputy auditor for the last 13 months, has also resigned effective February 14. She will be replaced by Eva Castelman, an employee in the Clarion city clerk's office for the past year and one-half. Remaining as clerk is Marie Wagner of Eagle Grove.

Mr. Erickson stated that he will be in the auditor's office for a period of time after March first to assist Mr. Charlson in his work.

Agriculture Students Here Vote For Future Farmers of America Chapter

Submit Constitution And Program of Work To State Department

Twenty-four students in the vocational agriculture department of the Belmond schools voted to organize a local chapter of Future Farmers of America at a meeting last week, according to a report Tuesday from Duane Sandage, agriculture instructor.

Belmond had a chapter of the F. F. A. some years ago but the charter ran out during the war years when the local school was among others forced to suspend vocational agriculture training because of a shortage of instructors in that field.

In the process of organization to secure a new charter, a constitution has been written and a program of work laid out which is being submitted to the State Department of Education for approval.

Officers have been elected which will make up the Executive Committee and include the following: President, Bill McLaughlin; vice-president, Don McClure; secretary, Donald Swenson; treasurer, Joe McLaughlin; reporter, Tony Jones; sentinel, Kenneth Lerdal.

Members of the Executive Committee will be installed in the F. F. A. in the near future by the Eagle Grove chapter. They, in turn, will install the local agriculture students wishing to join the organization, with the exception of freshmen, at a later meeting.

In order to be eligible for membership in the F. F. A., a boy must be enrolled in an agriculture course and have a supervised project such as crops or livestock.

Services Were Held For Rank Meinders At Clarion, Burial Here

Innocent Alibi Contest Will Prove Who's The Smarter, Men Or Women

Who is smarter, the men or the women when it comes to telling abilis? Well, men here is your chance to prove you are the biggest "innocent liar" in the world.

Write your alibi down on the entry blank found in the inside of this paper and mail or bring it to the Elliott Hardware and Appliances. The best 25 entries will be given free guest tickets to the New Belmond Theatre to see the show that has all the alibies ever given, "An Innocent Affair," Sunday and Monday, February 20 and 21.

Some of the top entries in this contest will be printed in this paper next week. Entries must be in by February 15.

B.H.S. Host To Speech Contest February 16th

Belmond will be host to the Clarion, Williams and Eagle Grove schools in the preliminary round of the State Declamatory and Speech contest. This contest will take place the afternoon and evening of February 16 and will be held in the high school auditorium.

The afternoon session will consist of contest in the following fields: Declamation, Interpretive Reading, Original Oratory, Extemporaneous Speaking and Radio Speaking. There will be no admission charge for the afternoon session.

In the evening starting at 7:30, each school will present a one-act play, names of which are as follows: "Sugar and Spice," "Antic Spring," "Mooncalf Mugford" and "Sparkin." There will be an admission charge of 50c for adults and 35c for all school children for the evening session.

The winners of Division I Ratings in this contest will go to a district contest at a time and place to be decided later.

Pairings Announced For Boys' Sectional Beginning Feb. 21st

Pairings for the Boys' Sectional Basketball Tournament to be held at Belmond February 21, 22, 23 and 25, have been announced by the Iowa High School Athletic Association.

The only Class A battle will pit Belmond against Britt on Tuesday, the 22nd, at 7:30 p. m.

Class B teams will play three games on Monday, February 21, They will be played in this order: Kanawha vs. Thornton, 7:00 o'clock; Meservey vs. Alexander, 8:15; Klemme vs. Goodell, 9:30. Franklin Consolidated of Latimer drew a bye.

In an interview, Coach Scott of Belmond stated "Kanawha has a rangy outfit. They slaughtered Garner the other night by about 20 points. If things go according to Hoyle, Klemme and Kanawha should meet in the finals. Since there isn't much information in regard to Meservey, we'll just have to consider them the 'dark horse' of the tournament."

"According to comparative scores, Britt is fifteen points better than Belmond," Scott continued. "The Belmond boys have started a new grind and are being drilled doubly hard for the big game. We're out to get revenge for the two defeats that Britt has handed us this year."

The coach predicted the boys would be in top physical condition and will have what it takes to beat a good club like Britt.

Local stars preparing for the big game include Roger Kinseth and Duane Trager. Kinseth has averaged 16 points per game so far, while Trager has a seven point average. (Spurs Staff.)

Masons Will Hold Past Masters' Day Next Tuesday

Next Tuesday, February 15, will be Past Master's Day for King Solomon Lodge of Belmond when both afternoon and evening sessions will be held. Three candidates will be initiated with the work all being done by Past Masters of the local Masonic lodge.

A banquet will be served at 6:30 in the evening at the Methodist Church by members of the Order of Eastern Star.

The Lodge held school of instruction Tuesday of this week which was conducted by District Lecturer Albert Johnson of Williams who was assisted by Earl M. Howe, also of Williams. Such schools are held annually for the benefit of newly installed officers.

Three Seriously Hurt Were Sent To Rochester

A highway accident two miles north of Belmond on Highway 69 involving five persons was fatal to one and left three others very seriously injured. The accident occurred Tuesday about 12:45 p. m.

Joe Dixon of Fort Dodge, special investigator of the Highway Patrol for District 7 who was called to the scene of the accident, reported the details of the crash of a semi-trailer and a 1948 Chrysler.

According to Dixon, the semi was going north and the truck-tractor skidded on the ice to left side of pavement into the path of the oncoming Chrysler. The trailer broke loose from the truck-tractor and skidded sideways on down the highway 75 to 100 feet. The car going south crashed into the back right corner of the truck-tractor with so much force it was very difficult for the wrecker to pull the two apart. Motor of the car was completely demolished.

Albert Cooley of Anoka, Minnesota was driving the semi-trailer. The Chrysler was driven by Emanuel M. Sterns, an attorney of Fargo, North Dakota Other occupants of the car were Sterns' wife and Dr. and Mrs. John H. Wallinga of St. Paul, Minnesota.

Dr. Wallinga, 58, was killed instantly.

Mrs. Wallinga, 51, suffered serious head injuries, dislocation of the left elbow and possible chest and abdominal injuries.

Sterns, 43, received fracture of both legs and right arm, chest laceration, amputation of fourth finger on right hand and lacerations of right hand.

Mrs. Sterns, 28, had a fractured left thigh and head injuries.

Cooley, driver of the semi, received face and nose lacerations.

All of the injured were brought to the Steele Memorial Hospital in Belmond. A report from Dr. S. P. Leinbach at the hospital Wednesday morning revealed that Cooley was released from the hospital Tuesday evening, but the other three, in very serious condition, were sent by ambulance to Rochester, Minnesota, Tuesday.

The body of Dr. Wallinga was sent to St. Paul.

Sheriff R. E. Wilson and Deputy Bob Blecker were at the scene of the accident which was also investigated by Al Sparby and H. T. Sivers of the Highway Patrol.

Sales . . .

Wednesday, February 16— John W. Wright will hold a closing out farm sale beginning at 11:00 o'clock on the farm known as the Wilkshire Farm which is located two miles north and four east of Alexander. Sale will include 217 head livestock, a complete line of farm machinery and quite a lot of hay, grain, silage, etc.

Wednesday, February 16th— Harold M. Nicholson will hold a public auction of livestock and farm machinery at his farm located two miles south, two and three-fourths west and one-half south of Belmond. Sale starts at 1:00 o'clock.

Thursday, February 17th— Lyle Williams will hold a closing out farm sale of livestock, machinery and equipment at the farm located one-half mile south of Olaf or two miles north and five west of Belmond. Sale will start at 12:30 o'clock.

AAA Office Gives Report On Three Sealed Crops

The County AAA office reports that on January 31st 729 corn loans have been completed in Wright county on 1,278,496 bushels and disbursements totaling $1,738,754.56. Nearly all of these loans are being held by our local banks.

One Hundred seventy-five (175) warehouse and farm stored soybeans loans on 94,317 bushels were made by the end of December 31, 1948. These loans totaled $209,013.80.

Eighty-one farm and warehouse loans of oats were made on 100,392 bushels totaling $67,720.89 were also completed by December 31st. Making the total disbursements of the three commodities $1,955,489.25.

Propose Paving of Third Street N.E.

Is Eligible For Farm-to-Market Road Fund Help

To Assess Adjoining Adjacent Property Owners For Balance

A plan to pave 3rd Street N. E. [illegible] highway No. 69 east to [illegible] Lane is now under active [illegible]. The project calls [illegible] improvement of 3rd [illegible] construction [illegible] pavement [illegible] curb and gutter [illegible] No. 69 east to the [illegible] tracks and 22 feet of highway type pavement from the Railroad east to Luick's Lane.

Initial sponsors of the project were Alex Smith, county supervisor; Larry Murray, R. B. Thompson and F. T. Struck, county engineer.

The project has been endorsed by the Belmond Chamber of Commerce and tentatively approved by the Wright county Board of Supervisors. Belmond City Council has taken no action.

Charles Hass, mayor, R. B. Thompson, W. H. Trafford and Clark McNeal circulated the petition for landowners' signature and 100 per cent of all property owners contacted signed the petition.

3rd Street N. E. is part of the Farm-to-Market Road System of Wright County and as such is eligible for Farm-to-Market road funds.

It is anticipated that the cost of the proposed improvement will be carried by current monies available from the Farm-to-Market Road fund and by a special assessment of adjoining and adjacent properties to 3rd Street N. E. "It may be possible to construct the improvement during the late summer and fall of 1949," Larry Murray, member of Rowat and Murray, local engineering firm, said.

Mr. and Mrs. Dick Ersland were Thursday evening visitors at the Francis Mason home.

Donald Lauden, who works for Elmer Loux of Clarion, spent Sunday in Klemme and at the parental Clarence Lauden home.

Many Farm Families Find New Locations This Year

There will be considerable moving in and around Belmond this month. John Zeiger, Jr. will move 12 miles west of Belmond, Alex Zeiger near Klemme, Lewis Howl near Garner, Harold Svendson, 9 miles west of Belmond and Lyle Williams to Minnesota.

The Belmond Independent would like to know of any other farm families in this vicinity that are going to move in the near future, for the interest and information of its readers.

Mr. and Mrs. Ralph Jenison and Duane Sandage were Sunday dinner guests at the Melvin Richardson home in Clarion.

BELMOND HIGH SCHOOL SPURS

No. 10 February 10, 1949 Published Bi-Monthly

Eight From Belmond To Participate In 4 City Speech Festival

"Rumors are flying" that a new activity will take place in Belmond High school on Feb. 16. First of all ,what kind of activities does Belmond lack? It seems that the school has had about every kind of a program.

Well, readers, it'll be the first time a speech festival has been held here. Participants in this sectional contest, sponsored by the Iowa State Speech Association, will enter from Belmond, Clarion, Eagle Grove and Williams. Those students receiving a number one rating will go to the pre-district contest and then on to the district meet at Estherville.

The program covers oratorical declamation, dramatics, interpretative reading, oratorical reading, original oratory, extemporaneous speaking, radio speaking and one-act plays.

Belmond will be trying for the number one spot with a one-act play, and interpretative, dramatic and humorous readings.

Jean Oberhauser, Janyce Larson, Marilyn Friesleben and Donald Swenson will be dressed in typical hillbilly style with bonnets, overalls, and boots. They're to appear in the play, "Sparkin'" which takes place in a mountain home kitchen.

Jean Hemmingsen has been putting in hard and long hours on the interpretative reading, "Patterns", by Amy Lowell. She says she's doing her best, for she has always wanted to go and see the town of Estherville.

Kaye Tracy will give Benchley's humorous reading, "The Whole Tooth and Nothing but the Tooth."

Janis Bailey will be trying for the championship with a serious reading "The Maker of Crosses." This is the story of how man made the cross on which Christ was crucified.

Marian Anderson will enter the interpretative reading section of the contest with three poems, "Abraham Lincoln Walks at Midnight," "O Captain, My Captain," and "Ann Rutledge."

Members of the speech class will serve as crews, chairmen and ushers at the contest.

"FADS 'N FASHIONS"

Robert T. has been really been looking snazzy around the halls with that nice red, white and black shirt.

Did you notice Joe K.'s and Duane Trager's flashy red and greenshirts? They're certainly swell, fellas.

"Pap" attracted a lot of attention with his bright yellow and green suspenders. Sharp, huh?

Marlys T. has been wearing gold and white saddles. A couple of girls have been using the latest thing in plastic glasses, trimmed in many different colors Ask Joan Dorr and Dorothy Halfpap to see theirs.

Annual pictures brought quite a change into B. H. S. for a couple of days when many of the boys appeared in suits and ties. The white blouses and dark skirts of the girls looked very attractive.

SPORTSMANSHIP—

Whose Responsibility?

Roger Hanson

It is specifically stated in the rules of the Iowa High School Athletic Association that the superintendent of the home school is responsible for the attitude of the spectators at all interscholastic athletic activities.

However, when hundreds of people are witnessing an athletic contest it is only common sense that one man should not be the scapegoat for the principles of sportsmanship presented by the crowd, whether desirable or not.

On the whole the citizens and student body of Belmond have been very fair in their attitude toward visiting teams and officials.

Belmond has been selected as the site of one of Iowa's 96 sectional tournaments. As we back our Broncos to the finish, let's continue the principles of desirable sportsmanship, always remembering that "Basketball is a game, not a battle or a fight."

Guest Editorial

Abe Had the Right Idiea

Every year as February 12 rolls around the nation pauses to commemorate the birthday of one of our country's greatest heroes, Abraham Lincoln.

Even as a boy, Abe spent all of his free time in reading or studying from books which he borrowed from his neighbors.

Though he had many hardships in his boyhood days, he still managed to spend much time in reading by night with only the light from the fireplace for which to see.

We know it is hard for the students in our schools today to really study, but if Abraham Lincoln could educate himself and at the same time endure the privations of his day, we, with comparatively none of these hardships, could certainly spend more time in studying. The World is waiting for an educated man!

Accident Victim Back After 4 Months In Bed

Richard Lowenberg attended classes last Thursday for the first time since he was injured in an automobile accident last October.

Richard has almost all of his school work made up. He plans to attend half days, if at all possible.. He went to the Belmond Hampton game last Tuesday and went out for lunch with his friends afterwards.

Richard, a senior, plans to graduate with his class in May.

FRESHMEN HOME EC GIRLS LEARNING TO SEW A "MEAN" HEM

If you see a cloud of smoke issuing from the home economics room, don't be surprised; it's only one of the freshmen girls who got her pattern too close to the pilot light on a gas stove.

These girls have just begun sewing, and they take their many problems to Miss Dillan, the instructor, to solve. They ask qestions such as this, "Miss Dillan, which is the top of this pattern?" and "Why won't this machine sew straight?"

Of course, these are only a very few of the many problems they'll face before they become accomplished seamstresses. So far they haven't experienced the trials which come with trying to make buttonholes and putting in zippers and hems, although they have mastered the different kinds of seams.

When the girls were ready to begin constructing garments, they were allowed to choose anything providing that it wasn't too difficult. Some chose dresses, others picked skirts and blouses, and still others are working on sun dresses.

Vocal Soloists Prepare For Music Contest

The vocal soloists are preparing for the music contest to be held at Dows on March 12.

Belmond contestants are as follows: Mary Lou Baker, Marilyn McNutt, Jean Oberhauser, Marilyn Ellis, Marilyn Madsen, Loren Kalkwarf.

A madrigal group has been organized. The members are: Marilyn Madsen, Janis Bailey, Marion Anderson, Janyce Larson, Loren Kalkwarf, Tommy Harty, Richard Crapser and Jerry Hanson.

Janyce Larson will play a piano solo at this contest.

Marilyn Ellis sang a solo "The Lord's Prayer", for the Ladies Aid Society of the American Lutheran church last Thursday afternoon, February 3.

According to Mr. Cunning, director, the band is now working on pieces for the music contest to be held April 8 and 9.

TYPICAL SAYINGS—DO YOU HAVE ONE?

Mr. Scott, at basketball practice—"Come on, let's go."

Marilyn Ellis—"I object."

Dick Simpson—"Give me your arm."

Mr. Squires—"All right, you jokers."

Donovan McClure to Mr. Cunning when he's late—"I have a Plymouth, too."

Mr. Hugh—"Of course everyone knows that chemistry's the most important subject."

Dixie Carstens—"Jeepers."

Janice to Joe, after every basketball game—"How many did you make, Joe?"

Roland Kinseth — "I wish I was born rich instead of good looking."

Lerdie to Mr. Patterson—"What do you think I am, a horse?"

Evanette Pals—"You old hen!"

Miss Wiley—"O. K., the bell has rung now."

Freddie Loats—"I hate love stories!"

G. A. A. Has Planned Girls' Sports Program

The Girls' Athletic Association sponsors a play night in the gym every Wednesday for the girls who practice for the coming basketball tournaments. This includes all high school girls, not just those in G. A. A.

Different entertainment has been planned for almost every meeting. A bobsled party will be held soon, and dancing will be recreation at the meeting immediately after that.

The girls are earning extra points by skating, playing basketball, hiking, riding bicycles, and so forth. All these points will apply toward winning a letter.

Reorganize For FFA Work—Elect Officers

The Belmond F. F. A. Chapter made its initial step in reorganizing by holding a meeting on Wednesday night, February 2.

They will hold monthly meetings and special meetings because of the extra work of organizing. It is hoped that the Chapter can qualify for a state charter before the school year is over.

The officers who were elected at the meeting Wednesday night are as follows:

Pres.—Bill McLaughlin
Vice. Pres.—Donovan McClure
Secretary—Donald Swenson
Treasurer—Joe McLaughlin
Reporter—Tony Jones
Sentinel—Kenny Lerdal

The executive committee consists of the six officers and Mr. Sandage. This committee will write a constitution, and plan this year's program of work before their next meeting. The plan will be approved soon.

The executive committee is going to Eagle Grove in the near future to be installed into the F. F. A. by that chapter. They will then come back and hold an installation ceremony for the rest of the local members.

Unexpected Vacation Brings Out Skaters

"Come on gang, let's go skating."

This was a familiar cry during ice and snow vacation on January 24, 25 and 28. Almost every high school student tried some form of sport, whether it be skating, sleighing, or snowball fighting. With all of this came work though, such as digging the car out and shoveling the sidewalks.

Paul Griesy was a member of one of the skating groups. Others with him included Miss Dillan, Miss Lunde, Miss Witte, Alyce Holgate, Dick Elliott, and Stanley Eccles.

A group of faculty members, Mr. Cunning, Mr. Squires and Mr. Patterson tried their luck one afternoon. Mr. Hugh tackled the camera instead of the skates. He was more fortunate than Mr. Cunning, who took quite a spill on the ice. Miss Wiley had a nice ride on a sled that day, too.

Oh, well, all's well that ends well.

This Week's Spurs Is First Effort For Those In Journalism Class

We of the journalism class have been remarkably active during the past week. The reason? Well, this is the first issue of SPURS we've put out so far.

As new reporters, we've been very busy studying terms used in newspapers. We have also discussed together different sections of the newspaper and methods used in photography,

Our major work, of course, has been in learning how to write articles for a newspaper.

"Should my article have a byline? Does this sound all right? Didn't you forget something in the lead for that story?" Questions like this came up again and again as we put together our first stories. We'll be putting out SPURS every two weeks from now on though, so we hope to be improving all the time.

STUDENT COUNCIL WILL SPONSOR FOOD SALES

The student council has undertaken several school improvements lately. One of these was to have the janitors clean the lights in the study hall.

The council has decided to give the sophomore and freshman classes the opportunity to sell food at the last two basketball games in order to raise enough money to sponsor a couple of pages in the annual.

The sophomore class sold at the Garner game on Tuesday and the freshmen will have the Buffalo Center game February 15.

ALUMNI NEWS

Every year a new group of students graduate from B. H. S. From there, each steps out to meet the world in his own way.

For some, the new life brings a job, while to others it brings college. Students of Belmond High are always interesting in their doings.

This week we introduce:

Muriel Stearns, '48 is studying at Miss Wood's School for Girls in Minneapolis. This semester she teaches at a school for underprivileged children. The children, of all nationalities, range in age from two to four years.

Mildred Mehus, '47, took a teacher's course at Waldorf College in Forest City. At the present she is instructor in a country school in Norway township.

Betty Tracy, '46, studied dietetics at I. S. C. in Ames for two years. Now she's taking her first years of nurse's training in Sioux City.

Ray Waddington, '46, joined the Marine Corps with some of his pals. Now a freshman at Simpson College in Indianola, he's taking a liberal arts course. Last fall he played left end on the college football team.

Linden Proeger, '44, spent two years in the Marines and is now a forestry sophomore at Iowa State College.

Conrad Meints, '43, served in the navy for three years during the war. He was awarded the Purple Heart for an injury received in action at Iwo Jima. He attended Waldorf College for a year and is now in his second year at the Illinois College of Chiropody in Chicago.

"FLASH BULBS POP"—ANNUAL PICTURES TAKEN LAST WEEK

"I wish he'd let us know when he's taking them! He makes you sit so funny and then all at once takes you by surprise. My hair is straight. Oh, golly, I look awful. I don't think I even want to see them!"

"We sophomore girls think he's got some very interesting ones in his case. Hmm, very interesting!"

"Is my hair all right? Is my tie straight? Surprised, are you?"

Well, these were some of the interesting sounds that traveled around B. H. S. Tuesday and Wednesday, Feb. 1 and 2.

The Troy-Mack Studio from Eldora spent photographers here those two days to take individual and group pictures for the annual.

In an interview, Mack explained the unusual studio name. He is M. A. Cleveland, his initials of course, being MAC. The "k" was added for a trade name. The other member of the team is Troy Jones. His first name forms the initial half of the title.

GIRLS' PTA CLASSES BEGIN CAGE TOURNEY

The girls' physical training tournaments began last Monday, February 7.

Games were playing during each physical training period on Monday and Wednesday. More games will be held next Monday, February 1.

Each class has been divided into four teams. Each of these, equipped with a captain and a team name, will play three games in the round-robin tournament.

The names and team captains are as follows: Period I—Fighting Tigers, Joan Mehus; Beedle Bomz, Jean Michelson; Jets, Judith Baker; Rockets, Mary Ellen McClure.

Period II — Red Peppers, Aileen Kalkwarf; Hot Shots, Marion Meints; Six Shooters, Kaye Tracy; Tired Turtles, Norma Jean Hopkey.

Period III—Sinkers, Shirley Proeger; The Dribblers, Beverly Spencer; The Fumblers, Marilyn Friesleben; Panthers, Joyce Waddington.

A Word on Etiquette—Don't Shove in Chow Line and Eat Slowly

Parties, luncheons and the junior-senior banquet are coming on. With these in mind, a new etiquette column, especially written for high school students, is begun this week. Each week's column will be devoted to a different, timely subject.

A large number of our students stay for lunch at noon. Considering this, here are a few tips for lunch-room etiquette.

The most important thing of course is just plain common courtesy. This means waiting in turn—not pushing and shoving in the line.

And, say, how about eating a little more slowly and enjoying your meal? And let's wait until everyone at the table is finished before leaving. After all, we can talk just as well there as we can on our way upstairs and in some other room.

READ THE CLASSIFIEDS

"Question of the Week"

What are you getting your favorite Valentine?

Jean Hemmingsen: A valentine, naturally.

Marlyn Watermiller: A big box of candy.

Mr. Scott: I'm not saying until I find out what I'm getting.

Evanette Pals: I'm broke

Dixie Carstens: A Kiss! A candy kiss that is

Alfred Meyer: The most expensive box of candy in town.

Mr. Hugh: I don't believe in it.

32 ENROLLED IN AG CLASS UNDER SANDAGE

Thirty-two boys are enrolled in the Agriculture class, according to Mr. Duane Sandage, instructor.

The Agriculture I class, consisting of the freshman and sophomore group, are working on crops and soils.

The juniors who make up the Agriculture II division are taking a course in animal husbandry. Monday, February 3, they went to the Hubert Tudor farm to judge Jersey dairy cattle.

The seniors in the third Agriculture class are learning farm management, and are doing what they call "farming on paper." They draw a plan of their farm on paper, then each day write a diary on what is taking place on the farm.

GRADE NEWS

FIRST GRADE

The "Fairy" Division has completed the pre-primers and are now reading "Fun With Dick and Jane." They have new workbooks, too. The "Brownie" and "Canary" divisions will soon complete their pre-primers.

The children have begun spelling lessons. A chart showing the marks received is in the room with gold, silver, blue and red stars indicating rank.

The art class has been making snow-men and winter scenes.

FIRST AND SECOND GRADE

The first graders began working on spelling words and also started a number and writing workbook. They finished their pre-primers last week and took a basic reading test on Friday.

The second graders finished "Our New Friends" and began reading "Friends and Neighbors" several weeks ago. They also received a new number workbook.

The room has two new library book about Walt Disney characters. One is "Here They Are", which is about Micky Mouse, and the other is "Donald Duck and His Happiness."

SECOND GRADE

Four pupils received "perfect" in spelling throughout the first semester. They are Kay Lyn Wiegand, Sharon Koppernagel, Karen Buchanan and Linda Bonte.

Kathryn Dodd and Harvey Sturm were absent because of illness.

Mrs. Haines requests that the mothers please mark their children's overshoes. This will eliminate much confusion and many lost overshoes.

THIRD GRADE

Charlotte S. brought her baby alligator to school on January 26. She told the class that she feeds it sardines, oysters and the like.

THIRD AND FOURTH GRADES

Mrs. Kline is reading the story of "Alice in Wonderland."

On Tuesday, February 1, the third and fourth grade had their physical training class in the room because the gym was in use for annual pictures.

Three children, David Hall, Mary Ann Hall and Kenneth Harty had perfect attendance last period.

The fourth graders have started their new reading books.

FIFTH GRADE

Pupils receiving perfect scores in spelling last week were Patty Ammerman, Mary Joe Benson, Marlene Bunjer, Darlene Busick, Jack Dunton, Russel Fleming, Bruce Hall, Marcia Henn, Connie Hill, O. D. Jenison, Mary Ellen Johnson, Neva Kyser, Mary Lou Loth, Vernon McLaughlin, Jolane Sheller, Ronald Smith, Shirley Soma, Arlo Stoltenberg. Annette Swenson and Sharon Thompsen.

The class made winter scenes during art periods last week. They hope to become better writers, as they continue Palmer Method Penmanship.

The geography class is finishing its study of the Western States. They will next be tested over the minimum essentials about the physical features of the United States.

The language class is giving reports on books read during library periods.

SIXTH GRADE

In sixth grade science one class is studying fish, while the other reads about reptiles. The history class is studying about ancient civilization and the Stone Age.

Five parts of speech are being emphasized in language. The geography class is studying the Mediterranean lands.

SEVENTH AND EIGHTH GRADE

The seventh grade has a new teacher, Mr. Lauffer, in the place of Mrs. Jones, who moved to her home in Hampton.

The eighth grade has two newcomers—Phyllis Christensen and Luverne Wessell.

The class is about to finish a unit on "Magnetism and Electricity."

BELMOND LOCALS

Mr and Mrs. E. J. Elliott of Elliott Hardware and appliances and employees will be at a Hardware convention and show Tuesday to Friday at Des Moines.

Family Living Meeting Held At The R.E.A. Office

The Family Living committee had its bi-monthly meeting in the R. E. A. office building in Clarion on Tuesday, Feb. 1, at 2:00 p. m.

The county committee, township chairmen, publicity chairmen, school and library chairmen attended this meeting.

The meeting was called to order by Mrs. Gerhard Thompson, county chairman. Plans were made for Rural Women's Day to be held either the last part of April or the first week in May. Grant township will be in charge of the tea on Rural Women's Day.

Mrs. J. E. Kirstein, county chairman, went over the reading list and suggested some books that were good to read.

County Superintendent of Schools, C. W. Sankey, spoke on the Reorganization of School Districts. This has been a much discussed topic in the county and even in the state and much misleading information is around on school district reorganization. Supt. Sankey stressed the fact that before a school district can be reorganized the people living in that district get the final vote on it. According to Supt. Sankey, Wright County has 60 rural schools and 62 closed rural schools The rural schools in Wright county average 11 pupils per schools. There are about 300 high schools in Iowa too small in school enrollment to be efficient.

Restoring Soil Theme of N.F.L.A. Annual Meeting

The tremendous job of building America's depleted soil is primarily up to the individual farmer, E. N. Van Horne, President of The Federal Land Bank of Omaha, told nearly 150 farmers and their wives, who attended the Annual Meeting of their Association at Clarion Wednesday. "Now we must restore our soil, America's most precious resource, for the sake of future generations," he declared.

Dividends declared during 1948 to association members in this area amounted to $15,859.55.

M. L. Thompson of Kanawha and Emil Bock of Belmond were elected for a three year term on the Board of Directors. Other three directors are: Ira Meyer, Eagle Grove; Harry Christensen, Goldfield; and Nick Christians, Kanawha. The local association is in the best financial condition in its history, with reserves of near $100,000. With $2, 646,700 worth of loans on the association books, they are over 98 per cent current.

The Board of Directors will continue a reserve program, which is building up a "buffer" to protect the investment of stockholders from losses that might develop in the "unforeseen future."

M. L. Thompson of Kanawha, President of the National Farm Loan Association, was chairman and presided at the annual meeting. Jay Vendelboe, secretary-treasurer, gave a report of the financial condition of local association. Members present were from Wright and Hancock counties. The Rebekahs served a dinner at the I. O. O. F. Hall at noon.

Entertainment included music by the Clarion high school sophomore sextet, Norma Sharp, Donna Sharp, Susan Vendelboe, Charlotte Johnson and Mary An Marshall, under direction of Wayne Cross. Aaron Bowman, County Extension Director, conducted the drawing of numerous prizes which were distributed to the membership.

Sally Sarber Installed As Worthy Advisor

Sally Sarber was installed as Worthy Advisor of the Belmond Assembly No. 88, Order of Rainbow for Girls, at an open meeting on February 7 in the Masonic Hall.

Sally graduated from B. H. S. in the class of '48 and is employed in the office at General Mills, Inc. She has previously held the offices of Love, Drill Leader, Faith, and Worthy Associate Advisor.

After Sally took her vows at the altar, Mary Louise Hardwick sang "My Task." The officers formed a bow to the East and she was escorted to her new station by Jean Hemmingsen. A lovely bouquet of carnations was presented to Sally by Norma Jean Fleming.

Mrs. Juanita Williams was installed as Mother Advisor, taking the place of Mrs. Hemmingsen, who has served two years.

Other officers installed were: Worthy Associate Advisor, Norma Fleming; Charity, Betty Pals; Hope, Marcella Green; Faith, Vernadean Berns; Recorder, Joyce Waddington; Chaplain, Dixie Carstens; Drill Leader, Marian Meints; Love, Adelaide Jenison; Religion, Alyce Holgate; Nature, Delores Green; Immortality, Norma Jean Hopkey; Fidelity, Bernadine Summers; Patriotism, Shirley Proeger; Service, Mary Ellen McClure; Conf. Ob., Beverly Lerdal; Outer Ob., Avis Pierce; Musician, Mary Lou Baker; Choir Director, Helen Baxter.

Installing officers were Doris Easton, Mary Louise Hardwick and Jean Hemmingsen, all past Worthy Advisors, Mrs. C. C. Benson and Mrs. H. E. Hemmingsen.

Joe Ziller Operates "Mystery" Farm No. 21 South of Belmond

"Mystery" farm No. 21, which is operated by Joe Ziller and owned by J. E. Wolbach, is located four miles south of Belmond on Highway 69. Mr. Ziller owns two farms of his own, one in Pleasant township and one in Norway.

On his 324 acre farm last year, Mr. Ziller raised 160 acres of corn; 100 oats and 18 of hay.

Mr. Ziller's main hobby is taking care of his 80 head of feeding cattle. He milks ten cows and feeds 35 head of pigs. Mrs. Ziller raised 300 chickens this year.

They have had no new buildings the last few years but they did have a bathroom installed in their home.

The Zillers have three children ,two boys; Lawrence 14, and little 10 month old Lew Edward; one girl, Evelyn 16.

The hobbies of the Zillers seem to be typical of all America. They like basketball, baseball and fishing.

Mystery farm 22 appears this week in an advertisement sponsored by the Fullerton Lumber Company. Occupants of farm shown in the paper are urged to stop at the Independent office to receive a free copy of an enlargement of the picture printed and to give information about farm and family for publication the following week.

Choose Executive Council For First Adult School

Belmond's first year of adult education will reach the halfway mark next Monday when each class will hold its fifth regular meeting at the school house.

At the school last Monday evening, one member was chosen from each of the six classes to make up the original Executive Council. Supt. Don Faris presided at the meeting until the group elected its chairman, Harold Simerson. Mrs. L. B. Oberhauser was elected vice-chairman; Mrs. George Hansen, secretary; and Miss Josephine Wiley, temporary treasurer, was appointed treasurer of the council.

Council responsibilities include choice of courses to offer another year; selection of teachers; financing program, salaries; number of meetings, special meetings or forums, beginning date, enrollment meetin, tuition policy. selection of advisory council.

The council was set up with members chosen for staggered terms of one, two and three years as follows:

One year term, 1949-50: Mrs. L. B. Oberhauser, Harlan Nassen.

Two year term, 1949-51: Harold Simerson, Mrs. George Hansen.

Three-year term, 1949-52: Mrs. Bert Kalkwarf, Miss Lucille Cramer.

The Council will have a meeting next Monday night after adult school to discuss further plans for adult education next year . In the meantime Supt. Faris is distributing information to the group for study about other education schools conducted in school systems in Iowa of size

Broncos Win Two, Three Games To Go To End Schedule

Two North Iowa Conference games during the past week ended in victories for the Broncos. Playing at Lake Mills Friday night the Broncos managed a close-shave win of 37-36 when a field goal in the last two seconds by substitute Jack Riggs was the deciding factor. It was Riggs' only shot in the game. Lake Mills was in the lead 23-18 at half time and 31-30 at the end of the third quarter. Sophomore game was won by Lake Mills 30-23.

The Broncos won easily from Garner here Tuesday evening with a final score of 73-35. Coach James Scott substituted freely in the second and fourth periods. Sophomore game ended 25-8 in Belmond's favor.

Three games are left for the Broncos in the 1949 schedule. On Friday, the 11th, they will play at Forest City; Tuesday, the 15th, Buffalo Center comes here and the last game will be at Northwood on Friday of next week, the 18th.

ALEXANDER SCHOOL NEWS

"Peddle'n Along"

Written by the Senior Class

SAFETY BEGINS IN THE HOME

There is an alarming increase in accidents that cannot be ignored by the public. People do not seem to realize that accidents sometimes happen right at their own back door and not always to the other fellow. Human beings are a bit too trusting of their own capability to steer clear of accidents. I have talked to persons who, in my estimation were inclined to be reckless, but invariable their reply to my warnings were something like this, "I never drive over 30 miles an hour", or, "I haven't had an accident in 20 years of driving a car." Many people have been killed in accidents where they were driving thirty or less and there is always a first time for everything.

With the new cars in production now that go one hundred miles an hour or more there are going to be more accidents than if safety measures are not taken quickly. There has been talk of the state legislature slapping a speed limit down on the state as a whole but the public whom they are trying to protect are the ones who are protesting this venture.

Insurance companies report that the majority of the accidents happen among the younger generation. Parents seem to think that letting the son take the car before he is experienced enough to handle it, is raising his prestige among his friends but in reality it s lowering his chances of coming home in one piece.

ATHLETICS

GIRLS' BASKETBALL

On Feb. 12 the girls team journeyed to Dows to play in the sectional tournament. The opposing team was Franklin Cons, who previously had won the Franklin county tournament. The county champs rung up another victory for their school as they handed Alexander a 41-16 defeat. Alexander played good ball but not good enough to upset Franklin Cons. Edith Schulte and Thelma Able stood out on Alexander's defense. For Alexander Ruth Benson connected on three long shots for 6 points . For Franklin Cons. the Stratmann twins connected for 15 and 14 points. Don Faris of Belmond and Leo Knight of Steamboat Rock were referees.

BOYS' BASKETBALL

Last week no school was held at Alexander due to weather conditions. Due to this fact two games with Hansell on Jan. 25 and with Geneva on Jan. 28 were postponed. The game with the Hampton "B" on Feb. 2 was called off. The Alexander boys deserved the well-earned rest and now getting in shape for the remaining games which are as follows:

Feb. 8—Dows, here
Feb. 11—Chapin, here
Feb 15—Dows, there
Feb. 18—Rowan, there
Feb. 22—Boys' Sectional

Home Economics News

The Sophomore class is studying on the cuts of lamb, beef and pork. They didn't know it was so complicated until they started studying about it. On Friday they are going to Patterson's store where Mr. Patterson will show them the original cuts. After they finish meat cookery they will begin sewing.

The Senior class on Tuesday accompanied by Miss Kalser attended the Quaker Oats annual celebration. There was a floor display of home freezers and refrigerators. Lyle Larson showed us some useful things about the home freezers. After leaving there we looked at the modern A. B. C. washers at the Supply Store.

Dress designing isn't as easy as it looks, so the seniors' say. They designeed five dresses and painted them in colors. They have all of their sewing supplies and are learning how to altar and lay patterns. They will begin their new unit by making articles of cotton.

The two classes have seen several good movies on several phases of Home Economics. They were "Surprise for Janie" on homefreezers and "Winning Seals of Approval" on gas ranges, and "Candy and Nutrition."

BAND NEWS

The band expects to have some new band music before very long. The band members are now selling subscriptions for the Belmond Independent. They have a new cymbal player Wayne Pasteur.

KINDERGARTEN NEWS

The kindergarten have begun number readiness work, with charts which teach the children the value of numbers.

Mrs. Hensel was helping the children to make a Valentine lady when I visited the room and they all seemed very interested. They also have been cutting Valentines from a book in preparation of Feb. 14.

SECOND AND THIRD GRADE

In science we are doing some interesting experiments with the planting of seeds on cotton on top of a glass. We proved that plants take in water through their roots and need sunlight to stay green.

We have been playing a new world-builder game. When we are done with our work, we take turns to see who can make the most new words.

Both the second and third grades are reading animal stories now. "Black Tim", the crow and "Tippy" the elephant are the latest animals we've been reading about.

The third graders are making a food cycle poster in geography, proving that foods which we get from farm animals really come from the soil.

FOURTH GRADE NEWS

In arithmetic they are learning to label their problems.

They are beginning the study of the Mediterannean region in geography.

In language they are learning where to use their commas and also about contractions.

In science they are learning why we have day and night and how the world revolves around the sun.

The March of Dimes contributions have been very good so far. The total contributions for the fourth and fifth grades combined are $9.00. Robert Trager had a birthday party and served treats which were enjoyed by the whole room.

FIFTH GRADE NEWS

The fifth grade geography class is learning to spell the names of the states which is very interesting for all of them. In language they are working with the guide words in the dictionary and the index of a book.

In science they are learning about dangerous machines and how to guard against them.

In reading we find that the stories of the Great Outdoors are very exciting.

We mustn't forget that this month are Lincoln's and Washington's birthdays, two very important dates for the month of February.

SIXTH and SEVENTH GRADE

The sixth and seventh graders have taken up a collection to buy Joy Wilkins a gift. She is in the Iowa City hospital with polio. Mrs. Wilkins is going to buy Joy a plant with the gift.

We have a new boy in our room or rather in the sixth grade and his name is Roger Hansell. He is from Eagle Grove.

The entire room had A in spelling this week and we are very proud of this. As you can see we have been hard at work.

EIGHTH GRADE

The Board of Education has purchased a bioscope for use in the science room. The bioscope is different from the microscope in that it projects images below and can also be used on a screen. It is something new and interesting for the science class.

In math the eighth graders are studying about taxes, how they affect us and what they are.

In science they are studying about the different constellations.

The eighth graders are "Busy Beavers" this week as they are busily studying for the County Spelling bee to be held at Hampton soon.

In literature class they are studying about "The World We Live In."

FRESHMEN NEWS

In English class the students are writing letters requesting information and ordering articles.

The Algebra class is squaring and factoring with problems for their daily work.

In Science class they are learning how to prevent and control many diseases and injuries.

In History class both the Freshmen and Sophomores are studying about the Germans, Turks and Slavs.

SOPHOMORE NEWS

In English class the students are taking items from the Reader's Digest and they are also reading "The Tale of Two Cities."

The Geomeetry class is working on parallel lines for their daily class work.

JUNIOR AND SENIOR NEWS

After two weeks vacation caused by the snow and ice most of us were glad to be back in school.

In Literature now, the Juniors are studying the stories written by Mark Twain. They are proving to be very interesting.

In speech the seniors are giving speeches, which aren't as easy to give as most of us anticipated.

In American History quite a few of the Juniors and Seniors decided they better study a little harder after the drop quiz the other day. We are studying the era of the Civil War which is more interesting than some of the earlier days. We found in current events quite a few of the students had listened to the news during their vacation by contributions to the discussion of the different current problems.

In typing both the Juniors and the Seniors are working for speed. We have found that the simplest way to acquire speed is to eliminate the errors.

In Bookkeeping we have just finished the Dean Practice Set which was the complete bookkeeping cycle as far as we have studied it. We have now started work on the combined cash journal.

In manual training the boys are working on projects. Most of the boys have finished one project and are now starting new ones.

The seniors aren't studying too much this week due to the expended efforts in preparing material for our 1949 school annual.

DEPENDABILITY

HARD worked, ill used, often underfed, the faithful little burro can be depended on to canter along under his burden as long as life remains in him. The prospector could not do without him.

The desire to serve faithfully, and to assume all the necessary details with dependability is our ideal. Each ceremony is a commemoration of thoughtfulness and dignity.

LINCOLN IN IOWA

Abraham Lincoln "belongs to the ages," but he also belongs to the world. He was a native of Kentucky, a resident of Indiana, Illinois, and Washington, D. C., but he had many interests in Iowa.

For his services as a captain in the Black Hawk War, Mr. Lincoln was granted three land warrants. Two of these were filed for lands in Iowa. The first Iowa land obtained by him was a 40-acre tract in which is now Section 20, Howard Township, Tama County, about seven miles northwest of TOLEDO. After Mr. Lincoln's death this property was sold by his heirs. The second parcel of land acquired by Lincoln was a 120-acre tract in Goodrich Township, Crawford County, about eight miles northwest of DENISON. In 1892 this land was sold by Robert Lincoln for $1300. Lincoln also owned some lots in COUNCIL BLUFFS.

Invited To Visit Iowa

Mr .Lincoln was frequently invited to visit Iowa. In 1857, Governor James W. Grimes invited him to come to Iowa to help in a political campaign. Lincoln declined the invitation with the following comment:

You can scarcely be more anxious than I that the next election in Iowa should result in favor of the Republicans. I lost nearly all the working-part of last year, giving my time to the canvass; and I am altogether too poor to lose two years together."

Although Lincoln frequently declined invitations to address political gatherings, he sometimes accepted invitations and came to the aid of his political associates in Iowa. On October 9, 1858, he visited Burlington, and spoke at Grimse Hall, which "was filled to its full capacity." His address was referred to in **The Burlington Hawk-eye** as a "logical discourse, replete with sound arguments, clear, concise and vigorous, earnest, impassioned and eloquent."

In the spring of 1859 Lincoln was attending court at Galena, Illinois, and crossed the river to spend a day and night at the Julien House in Dubuque. William B. Allison, then a young attorney at Dubuque, was much impressed with Lincoln's visit.

In August, 1859, Lincoln visited Council Bluffs. After he arrived in the city, plans were made to have him give a public address and **The Weekly Nonpareil** urged its readers to "Go and hear 'Old Abe'." It was later reported that "this distinguished gentleman addressed a very large audience of ladies and gentlemen at Concert Hall." And the "clear and lucid manner in which he set forth the principles of the Republican party—the dexterity with which he applied the political scalpel to the Democratic carcass—beggars all description at our hands. Suffice it, that the speaker fully and fairly sustained the great reputation he acquired in the memorable Illinois campaign as a man of great intellectual power—a close and sound reasoner."

The Mississippi River Bridge Case

In 1857 Lincoln was an attorney in the famous Mississipi River Bridge Case. Could a bridge be maintained across the Mississippi, or would it interfere unduly with steamboat transportation on the Mississippi. In the midst of a heated controversy Lincoln remained calm and deliberate. He said that he did not propose to assail anybody, that he expected "to grow earnest as he proceeded but not ill-natured." He had no prejudice against steamboats or steamboatmen. He could appreciate their viewpoint. But he believed that transportation east and west was quite as important as that north and south. There are times, he said, when floating or thin ice makes the river useless, while the bridge is as useful as ever. "This shows" he said, "that this bridge must be treated with respect in this court and is not to be kicked about with contempt."

Lincoln's sound viewpoints finally won recognition, and westward transportation was greatly advanced.

Seek Legislation To Strengthen Teaching Profession

In connection with the introduction to the 53rd General Assembly of the Legislature of bills aimed at strengthening the profession of teaching, the Iowa State Education Association has released some facts, figures and information which should be of general interest to taxpayers as well as of particular interest to teachers, school administrators, school boards and parents of school children.

Sponsors of the bills were encouraged by Governor Beardsley's inaugural address in which he stated that "we must take definite steps to make the teaching profession more attractive in Iowa."

School people will have the active cooperation of state, county, and municipal employees in working for improvements in their retirement system. The present state plan offers benefits approximately equal to those of federal social security. At the same time, it is costing employees a higher percentage of their salaries than required by federal plan.

Along with the public employees, the teachers are asking that base benefits under this law be increased $10 per month and that added increment for years of service be paid on a sliding scale according to length of tenure. They are also asking that the ceiling on salaries for which benefits are paid be increased from $3,000 to $4,200. They point out that the average person retiring under the present plan gets less than the average amount paid to pensioners under the old age assistance.

Other proposals in the teacher welfare program include:

1. A minimum salary ranging from $2,000 for teachers with two years of college training, to $2,700 for those with five years of college training. (The present minimum salary ranges from $630 to $810 according to the type of certificate held.)

2. A statewide sick leave law granting 10 days leave each year without loss of pay and accumulation to 30 days, in addition to the 10 days of any year.

3. Safeguards for the continuing contract law to provide that a written notice and the right to a preliminary hearing be granted before dismissal is voted to a teacher for any cause.

Sponsors of these bills point out that graduates of Iowa's teacher-training institutions are lured to other states each year by the more attractive welfare provisions. They point to the present shortage of elementary teachers and urge that these provisions be adopted in order to make the profession more stable in this state.

RECIPE

Preheat oven (see pan sizes and temperatures below). SIFT an ample amount of SOFTASILK Cake Flour onto a square of paper. Don't risk disappointment by using any other flour with this recipe.
Makes 8 to 10 Servings
STEP 1—MEASURE (level measurements thruout) and SIFT together into mixing bowl:
1⅛ cups (1 cup plus 2 tbsp.) sifted Softasilk Cake Flour (spoon lightly into cup, don't pack).
¾ cup sugar
1½ tsp. baking powder
½ tsp. salt
MAKE a well and add in order
¼ cup cooking (salad) oil such as Wesson or Mazola
2 unbeaten egg yolks (med. size)
Juice of 1 medium-sized Sunkist orange plus water to make ⅜ cup (¼ cup plus 2 tbsp.)
Grated rind of 1 orange (about 1 tbsp.)
BEAT with spoon until smooth.
STEP 2—MEASURE into large mixing bowl:
½ cup egg whites (4 whites)
¼ tsp. cream of tartar
WHIP until whites form very stiff peaks. They should be much stiffer than for angel food or meringue. DO NOT UNDERBEAT.
STEP 3—POUR egg yolk mixture gradually over whipped egg whites—gently folding with rubber scraper just until blended. DO NOT STIR. Pour into ungreased pan immediately. BAKE IN:
8x8x2 in. or 9x9x2 in. square
350°—30 to 35 min.
5x10x3 in. loaf—325°—50 to 55 min.
9 in. tube—3½ in. deep—
325°—50 to 55 min.
or until top springs back when lightly touched. Immediately turn pan upside down, placing tube part over neck of funnel or bottle, or resting edges of square, oblong or loaf pans on 2 other pans. Let hang, free of table, until cold. Loosen from sides and tube with spatula. Turn pan over and hit edge sharply on table to loosen. Ask for recipe for Orange Cream Icing.

VOL. 30 NO. 18 — OFFICIAL CITY PAPER — Belmond Wright County, Iowa Thursday, February 17, 1949. — OFFICIAL COUNTY PAPER — The Family Newspaper

MAIN STREET

By George C. Hansen

Somebody, somehow has been trying to do something about the manpower shortage some years hence in this vicinity or maybe it is just providence! Between the dates of January 1 and February 15, 16 baby boys and four baby girls were born at the Steele Memorial Hospital, a ratio of four to one.

In connection with the closing of the March of Dimes campaign last week, Robert Kay, county chairman of the fund drive said, "Residents of Wright county may take just pride in their outstandingly generous response to the 1949 March of Dimes. Fully aware of the urgent need for funds to carry on the fight against polio, our local people outdid all previous efforts to make this year's drive the success it had to be."

If the Veterans should be voted a $90.00 a month pension at the age of 65, it will spoil the future of a great many, chances are it would make loafers out of a considerable number after 65.

Mrs. Josephine McAlpine

Herb Owens, the Des Moines Register and Tribune roving reporter, who has daily characterizations of interesting people around the state of Iowa in the Des Moines Tribune, featured Belmond's Mrs. Josephine McAlpine recently. Owens told about her many years as an actress, described some of the favorite parts she played and characterized her at present as "living out life with a smile."

According to news reports the little remodeling job on the White House will cost over four million dollars. A local man reports to us that he has read this item three times to his wife who has mentioned a couple times remodeling their house.

Cleon Brady Appointed Postmaster

Cleon J. Brady, new acting postmaster of the Belmond post office, was checked in Tuesday evening after receiving the appointment, effective February 15, from V. C. Burke, first assistant postmaster general. On confirmation by the present Congress, the the appointment will be changed from acting postmaster to postmaster.

Joe Duea, acting postmaster for the past 16 and one-half months, will go back to farming and will operate the C. N. Hildebrand farm two miles northeast of Belmond.

Brady has been in the electrical business in Belmond since 1936. He had 19 months' service with the U. S. Navy during World War II, receiving his discharge in October, 1945. He had no comment concerning the Brady Appliance and Service Co., except to say that his plans about his business were indefinite at the present time.

Appointment of Brady to the local post office position will necessitate his resignation as chairman of the Wright County Democratic Committee. He has served one year of a two-year term.

Brady was born and reared in Belmond and has lived here all his life. He is married and has three children.

His appointment makes the entire force of the Belmond post office veterans of World War II with the exception of the rural carriers, Ed Tracy and Otto Hanson.

Other members of the post office staff at present include Gordon Kessler, Wallace Cramer, Charles Studebaker, George Jenison, Jack Lobdell and Carroll Bamford.

Belmond Merchants Feature "Dollar Days"

A group of Belmond merchants are featuring "Dollar Days" on Thursday and Friday of this week, and advertisements may be found throughout this issue of the Independent calling attention to special values in connection with this event.

Merchants participating include Woodwards, Jacobson Furniture, Finn's Skelly Service, Boone Home Furnishing, Schultz Drug Company, "Dutch" Thompsen Clothing Store, Porter's Standard Service, Berns D-X Service, Hub Garage, and Gamble Store.

RUTH HILL WILL OPEN LADIES READY-TO-WEAR SHOP ABOUT MARCH 15

Announcement is made this week by Ruth Hill that she will open a ladies ready-to-wear shop in the H. N. Hill building which has been undergoing some remodelling for this purpose the past few weeks. Merchandise has already started to arrive, and it is expected the shop will be open on or about March 15.

Belmond Cooperative Creamery Annual Meeting Was Wednesday

Ray Skoles of the Iowa Department of Agriculture, talking on the subject of "Dairying", was the main speaker at the annual meeting of the Belmond Cooperative Creamery held at the I. O. O. F. Hall at Belmond Wednesday.

At the business session in the morning, financial statement of the creamery was presented which showed a considerable increase in business for 1948 over the previous year.

Total income of the creamery from all sources was $380,753.75 as compared with $356,313.12 for 1947. Butter shipped in 1948 totalled $268,104.71; in 1947, $249,730.99. Milk sales for the year past were $52,197.54; in 1947, $43,912.48.

Regular patrons of the creamery were paid a total of $334,548.43 in 1948 as compared with $314,352.69 in 1947. Hauling paid for by the creamery amounted to $6,241.03 in 1948; $4,725.59 in 1947.

ELECTION HELD

Terms having expired for three of the creamery directors, election was held at the business meeting in the morning resulting as follows: H. D. Tudor was elected to succeed A. G. Ruka; Donald Baker and Lynn Thompson were re-elected. Other directors include Peter Bohning, Gunnar Ahlstrom, Jelto Boelman and Rammer Goeman.

A copy of the complete financial statement may be found elsewhere in this issue.

A free lunch was served at noon to patrons, oficers, directors, and other visitors attending which was followed by a program in the afternoon.

Virgil Smith Is Red Cross Fund Drive Chairman

Nation-wide Campaign Is Announced For March

The annual Red Cross drive for funds will be held nationwide during the month of March, according to information received from National Red Cross headquarters by the local chapter chairman, Luin Cox.

In making the preliminary preparations for the drive, Cox has appointed Virgil Smith as fund drive chairman. A. P. "Dutch" Thompsen will act as co-chairman.

Chairman Cox also announced this week the appointment of other committee chairman for 1949, including Mrs. Mary Hildebrand, Home Service; Mrs. Roy Henderson, Water Safety and the reappointment of Mrs. Viva Parker as Junior Red Cross chairman.

Sectional Tournament Underway Next Week with 'B' Teams in Star Role

Broncos In Third Place Of N.I.C. Northwood Game Finishes Schedule

Forest City With One Defeat Tops Conference

The Broncos tightened their hold on third place in the North Iowa Conference when they defeated Buffalo Center 44-25 in a game played in the Belmond gymnasium. The Bison's defense held up well in the first half which ended 17-15 in favor of the Broncos, but weakened in the third which saw the Belmond team forge ahead and hold the Bisons to only two points in that quarter.

Substituted Freely

Wilmer Gabrielson, Duane Trager, Keith Greenfield, Roger Kinseth and Richard Crasper started the game for the Belmond squad. However, Coach James Scott substituted freely throughout the game. Second team game ended in a victory for the Belmond "Colts" 20-16.

In a N. I. C. game played at Forest City last Friday night, the Broncos lost to the Indians 46-24. 23 points of the opponents score was made in the fourth quarter of the game. At half time Forest City was leading 14-9. Roger Kinseth was high score man for the Belmond team, tallying 16 points.

Last Game on Schedule

The Broncos, now in third place standing in the N. I. C. will play their last regularly scheduled game this Friday evening with Northwood, whose standing is next to the bottom. Game will be played at Northwood. Forest City is at the top of the conference, having had just one defeat; Britt is second with two defeats. Seasons record for the Broncos, in third place, is 15 wins and four losses.

"Swine Nutrition" -- Topic For Adult Agriculture, To Meet In Auditorium

The agriculture class of the Adult School will meet in the high school auditorium Monday night, February 21, instead of the agriculture classroom. This change was made because it was thought the noise from the basketball tournament in the gymnasium above would interfere with classroom discussion.

Duane Sandage, instructor, announced that the evening would be spent in discussion of "Swine Nutrition" with a round table composed of William Sheriff, master swine breeder of the State of Iowa, Joe Duea, Luther Johnson and Glenn Thompson, all swine producers for many years.

Variety of Basketball Will Be Played Here Thursday - Friday Nights

Although the Belmond Broncos will travel to Northwood this weekend for the last game of the N. I. C. schedule, local residents will have opportunity to see quite a lot of basketball at the Belmond high school gymnasium.

Thursday Night, Feb. 17

Belmond Girls will play a surprise BlackOut Team (masked) at 7:30 p. m.

Immediately following this game the Mello-Maid basketball team will play an independent team from Webster City. The public is cordially invited. Admission is 50c for adults, 25c for children.

Friday Night, Feb. 18

Two Belmond Junior high basketball teams will play against Hampton, the first game to start at 7:15 p. m. The games are free and the public is cordially invited.

BELMOND BOY SCOUT TROOP NO. 16 TESTED BY BOARD of REVIEW

A Board of Review was held on Monday, Feb. 14 for the local Boy Scout Troop No. 16. The board was composed of Ellis Elliott, A. P. Thompsen and Glenn Eccles.

The following boys were examined and passed their tests: Edward Eccles was advanced to a First Class Scout and passed 4 Merit badge tests, Stanley Eccles passed 1 Merit badge test, Ronald Kling passed 4 Merit badge tests, Howard Wagner advanced from a Tenderfoot to a Second Class Scout, and Richard Kling advanced from a Tenderfoot to a Second Class Scout.

Glenn Martin, the Scout Master, reported that the Scouts collected 4 tons of paper on their two paper drive collections recently and sold it to a Tama paper mill company at approximately $7.00 a ton which he considered a small reward for the effort put forth.

Holds Farm Sale

Thursday, February 17 (today)—Lyle Williams will hold a closing-out farm sale of livestock, machinery and equipment at the farm located one-half mile south of Olaf, or two miles north and five miles west of Belmond. Sale begins at 12:30 p. m.

Only Class "A" Is Broncos vs Britt

Three Class "B" Games Open The Event Monday

Belmond High School is completing advance preparations for the Sectional Tournament to be held Monday, Tuesday, Wednesday and Friday of next week.

The local team will meet Britt Tuesday night in the only Class A battle of the tournament. The Broncos are being drilled doubly hard for the game and will make an all-out effort to defeat the visitors. Britt has topped Belmond twice in regular play this season, and Belmond's cagers are out for revenge. Britt, with a record of 14 wins and two losses, is second from top of the North Iowa Conference.

As predicted before, Kanawha and Klemme seem to be the Class B teams to beat and should meet in the finals at 7:30 Friday. Meservey's Rockets are still doped as the "dark horse" of the tournament.

The Kanawha Bulldogs and the Thornton Thunderbolts will open tournament play when they meet at 7:00 Monday. Coach Estel Thomson's Kanawha team has won 16 and lost 5, while Thornton has won 2 and dropped 12.

Meservey's Rockets, boasting a 12-9 record, will play Alexander's Bulldogs at the 8:15 game Monday.

The last game of the evening will pit Klemme against the Goodell Bears. The Shamrocks have the better record — Coach Patterson's men have won 11 and lost seven.

The winner of the Kanawha-Thornton game will play Franklin Consolidated of Latimer at 7:30 Wednesday. Coach Ennen's Cardinals, who drew a bye in the tournament, have won 6 and lost 9.

Girls in the home economics classes will supervise the decoration of the gym for the tournament games. Pennants and the school colors of each participating team will be featured.

The "B" Club, local high school athletic organization, has planned to take charge of selling refreshments. The money raised will be put into a fund to pay for expenses of injured athletes.

"B" Club men are also serving as ushers. The following lettermen will work: Charles Popousek, Tony Jones, Joe McLaughlin, Roger Wagner, Kenneth Lerdal, Ken Cronk and Donovan McClure.

Admission for all games will be 50c for adults and 35c for students.

Wright County School Boards To Hold Elections

Elections for local and county school boards in Iowa will be held on March 14, according to an announcement this week from County Superintendent of Schools, C. W. Sankey.

Wright County must elect one member to the county school board from Area No. 3 which is made up of Dayton, Eagle Grove and Woolstock Townships.

The present incumbent, Mrs. George F. Paine of Eagle Grove, drew the one year term when the board was formed, a year ago, and length of terms determined by lot. She is now serving as president of the group. Nomination papers may be secured from the office of the county superintendent of schools. They must be filed in that office at least twenty days before the election or before February 23.

Directors on the county boards of education are elected for six year terms.

Wading Pool Approved By Council Provided Extra Well Is Secured

At a meeting of the City Council last week a P. T. A. Committee composed of Curtis Jones, Mrs. Clark McNeal and Clair Bonte laid before the Council the proposition of a wading pool for Belmond children.

Major problem involved is water supply since the present Belmond water plant is taxed to its limit during the summer months.

The Council approved the proposal providing a separate well could be secured to supply the wading pool water. The P. T. A. committee was instructed to make further investigations as to probability of securing an extra well for this purpose.

Wright County Schools Are Receiving $69,970 State Aid

A report has come from the State Department of Public Instruction, through County Superintendent C. W. Sankey, of the claims and prorated payments of General and Emergency State Aid to the schools of Wright County.

Total funds available for aid was $7,362,204.10 and the claims totaled $8,433,577.61. Hence, the funds were prorated and payments made at a rate of .872963341 cents on each dollar of each claim.

Wright County's prorated share is $69,970.42.

The claims were certified to the State Comptroller on December 15, 1948. Warrants were dated December 31, 1948, received from the State Comptroller during the period of January 10 to January 13 and mailed from the State office during the same period.

Mrs. Chris Uhlenhopp Formerly of Belmond Died at Eagle Grove

Word was received here Wednesday morning that Mrs. Chris Uhlenhopp died Sunday morning, February 13, at Eagle Grove. Funeral services were held there Wednesday, February 16, at the Methodist Church, and interment was at the Eagle Grove cemetery. She had been in poor health for several months.

Mr. and Mrs. Chris Uhlenhopp and family were former residents of Belmond where they made many friends. She was an active member of the Methodist church here.

P.T.A. Carnival Is For Summer Recreation

The Belmond Parent Teachers Association will again this year sponsor a school carnival, the purpose being to raise funds to finance a summer recreational program for Belmond children.

At a meeting held last Thursday evening at the home of the P. T. A. chairman, Mrs. Lawrence Murray, the Advisory Board chose Friday evening, March 25, as the carnival date.

Early in the school year, the P. T. A. voted for a summer recreational program for younger children, which would be a supplement to the Red Cross-sponsored swimming program carried on at the Clarion Pool during summer months for the past two years. The new summer recreational program is being planned especially for the children too young—under the fourth grade—to qualify for the swimming program.

Mrs. Cecil Carstens was appointed General Chairman for the carnival.

Arnold Jenison of Ames spent the weekend at the parental Earl Jenison home.

Neither Rain, Nor Sleet, Nor Aching Feet, Stop These Boys

The above Independent photos show Belmond's city mail carriers, Wallace "Soupy" Cramer and Jack Lobdell handling local mail. In picture at the left Lobdell has just made a delivery to Ted Behrends at his shop on Main Street. Middle photo is of both Cramer and Lobdell before the sorting rack in the post office. At the right "Soupy" is handing the Independent to John Wenzel at his home a block north of the Main Street hotel corner.

Both these boys are early birds, arriving at the post office at 7:00 o'clock a. m. where all the mail for the day must be sorted before they start out on their carrier routes. Belmond has one residential delivery a day and two Main Street deliveries, morning and afternoon.

Cramer, regular city carrier, joined the Belmond post office staff in October, 1941. His job was called that of village carrier in those days. He had service with the U. S. Army from January, 1943 until December, 1945 in a second base post office of the Coastal Unit, and came back to his job at the local post office after his discharge.

His Belmond carrier route is 18 miles long. He said, "My legs sure got tired at first, but I think nothing of the long walk now." Cramer averages about 15 miles a day. He covers the entire residential area except on particularly heavy days when Lobdell takes one of the three routes in the city. Cramer also makes the afternoon delivery on Main Street. On Saturday's, Cramer's day off—he works five days a week, eight hours a day—his mail is carried by Carroll Bamford, substitute clerk and carrier.

In addition to helping with the morning mail sorting, making the Main Street deliveries in the morning and helping in the residential area during the periods of heavy mail, Lobdell also delivers the parcel post in Belmond. Lobdell's job is that of substitute carrier and he has been with the Belmond post office staff since July, 1947. He saw service during World War II with the Army Air Force.

Maximum load carriers can have to start out on their routes is 35 pounds. This figure was reduced recently from 50. Average number of pounds carried daily by Cramer is 150, but he has handled as much as 300 in a day. Out of a possible 625 daily deliveries there are an average of 500 made per day in Belmond.

About the only problem either Cramer or Lobdell mentioned aside from the bad weather are vicious dogs, and that isn't too much of a problem as they are not required to deliver mail to the door where there is such a dog unless tied up.

Monotony of the daily route is frequently broken by snacks and coffee from some of the residents, and their heavy loads at holiday times are not completely unburdened on return trips since they receive many presents along the way.

Soil Conservation Practice Selected For Wright County

At a recent meeting of township committee chairmen held at the AAA office at Clarion, eight soil conservation practices were selected for the 1949 farm program together with a local practice.

The local practice selected by the committeemen requests the seeding of legumes on cropland seeded in excess of a normal or usual acreage seeded for the farm. This acreage is to be determined by the farmer and the township committeeman. The practice, however, is subject to the approval of the state committee.

"It was the opinion of those present that this was a step in the direction of getting some of our depleting crops shifted to conserving crops which we feel is needed after having cropped our soils heavily since 1941," Chairmon Oscar Hanson stated.

Much interest was shown and approval was expressed that our county should co-operate in the soil testing program that has been arranged between Iowa State College, Extension Department and the State P. M. A. By this arrangement county program men will receive instruction in the field as soon as weather and field conditions permit. Upon request by the farmer the program men will take samples of soil from the field which the farmer wishes to have tested for fertilizer or lime requirement. Information will be obtained from the farmer as to the past crop history of the field. The samples, together with the information will be sent to the college laboratory. When the analysis and recommendations are returned the program will again call on the farmer to explain what the analysis means as a result of the test.

More information in regard to this will be available at the time of the township sign up meetings to be held during the month of March.

SPORTSMANSHIP

It takes a better man to lose than to win. The student who becomes angry and resentful when his team loses is the worst kind of sport. He advertises his own impatience, egotism and unfairness. He wants the team to win so that he may be on the winning side. He shines in the team's reflected glory and has a sense of importance.

If his team fails to win he feels "let down", senses the sting of personal defeat, and salves his wounded pride by attacks upon the team. He doesn't realize that if he is to share in the team's victories he must share its defeats.

The coach and team need support more when they lose than when they win. If defeat comes it hurts the coach more than it does the students or rooters. A player feels worse about his blunders than the outsider.

When a team suffers a string of defeats it doesn't mean, necessarily, that the players did less than their best or that the coach is inefficient. It may be that the coach does not have good material to work with. It may mean that some other school or college has drained away the best players by subsidies. Or there may be other reasons or losses.

If, over a long period of time, a team loses consistently students and supporters have a right to inquire what is the matter. But the players and the coach should be assured that the rooters are their friends in victory or defeat. Sportsmanship and character go together, and everyone shows his true colors in an emergency.

P T A MEETING

Monday, February 7, the annual P. T. A. meeting was held at the Alexander school. Dr. Devine of Latimer, showed a few color slides on "The Beauty of Northern Minnesota, In Winter and In Summer."

Mrs. Myers, also showed a few color slides that she had taken of the grade school children and their teachers.

Mr. Hussong sang three numbers, with Miss Sorenson as his accompanist.

ATHLETICS

GIRLS' BASKETBALL

The Alexander girls dropped their fateful jinx on Feb. 8 as they walloped Dows 51-26. It was a welcome sight to the Alexander spectators to see their girls pour on the steam and snow under the Dows girls with a barrage of field goals in the last half. At the end of the first half Alexander was leading 25-20 over Dows. The Alexander girls increased their lead to 41-23 by the end of the third quarter and then went on to win 51-26. Thelma Abel and Denise Ainslie were valuable guards in Alexander's defense as they intercepted many of Dows' passes. Alexander's post forward, J. Vestweber hit the bucket for 20 points. Iola Fekkers, Alexander's freshman post forward, also connected for 14 points. For Dows, S. Oleson made 18 points on 3 field goals and 12 free throws.

BOYS' BASKETBALL

The Dows team had too much height and size for the Alexander boys as they defeated Alexander 38-19 on Feb. 8. The game was played in a very fast fashion with many of Alexander's shots falling short of the target. One of the main factors in Alexander's defeat was Dows' rugged man-to-man defense. G. Paullus left the game with 5 fouls in the first part of the last quarteer. Barz and Echelberger hit for 14 and 13 points respectively for Dows. Duane Blau had 7 points for Alexander. The Dows' team committed 19 fouls while Alexander committed 12.

Home Economics News

Instructor—Miss Kaiser

The seniors have begun their unit on clothing. For the first article to be made, they could choose between shorts or pajamas, made from a cotton material.

To end the unit on cooking, Carol Johnson and Alberta Dirksen, two of the sophomore girls gave a demonstration on "Swiss steak." Each one had a sample of it and they said it tasted good. After they learn the parts of the sewing machine and how to operate it, they will begin sewing. They are required to sew with cotton material also.

The Home Economics Club had a party on Friday, which was scheduled for Thursday when there was no school. The afternoon was spent playing games, after which the refreshments committee ended the pleasant afternoon.

To raise some money for the field trip in the Spring, the Home Ec. Club is serving lunch at the last home game of the season. Everyone is invited to come to the game between Alexander and Chapin.

We decorated our room for Valentines Day with paper hearts and Mr. Cupid with his arrow on the front bulletin board, in preparation for our Valentine party February 14.

We are studying weather in science, the different types of weather and how it affects us.

We have started using the book "Under the Number Tree" in studying about our numbers.

SECOND AND THIRD GRADE NEWS

We are working on our Valentine box in preparation for Valentine's Day February 14 and have also been making Valentines out of construction paper to put in the box.

We are making science booklets in second grade in which we put different drawings of experiments we have performed.

In second grade of Arithmetic we have been measuring things lately and learning how to use a ruler.

We have been working on pencils and bats and our desks, all of the second graders are very proficient with them now.

In art we have been drawing pictures with an eye towards the perspective.

FOURTH GRADE NEWS

We have been making Valentines in preparation for Valentines Day, each one cutting one out of construction. We also made our Valentine Box which we covered with white crepe paper and trimmed it in red.

Mrs. George Schulte came to visit our room last week and we enjoyed her visit very much.

We have cut out silhouettes of Lincoln and Washington out of construction paper and put them around the top of the blackboard.

In reading we have been reading other books and testing our comprehension.

In music class we have been learning the notes of the treble clef.

We are studying about the situations that lead up to the Civil War and why it was started.

SIXTH AND SEVENTH GRADE NEWS

The sixth and seventh grade students are getting ready for a unit test in history.

The students, with the help of Miss Corpenter, are making a valentine box for their party Monday afternoon. They have already decorated their room.

EIGHTH GRADE NEWS

The eighth grade is planning to have a Valentine party next Monday afternoon. The girls are decorating the Valentine box.

In Mathematics we are working problems which may be solved by equations.

Our Science lessons are about the various products which are obtained from plants and animals, and also about the many uses of both wild and domesticated plants and animals. We are making posters of these uses.

"God Was Good to Lugon" is the story we are studying in Literature. It was written about a native boy and describes the food and customs in a very interesting way.

FRESHMAN NEWS

In English the students are writing business letters and advertisements.

The students in the Freshman Algebra class are squaring numbers and are on story problems.

The students in Science are studying the parts of the teeth, and how and when to use first aid in cases of burns and cuts. The class is also studying how the earth revolves. The Freshmen and Sophomores in History are studying about the Scandinavian countries and how they are discussing military defense and also about the steel industry.

SOPHOMORE NEWS

The students in the English class are reading the Tale of Two Cities. The class is also using articles from the Reader's Digest for their class work.

In Geometry class the students are on parallel lines and have problems for their daily work.

JUNIOR AND SENIOR NEWS

The seniors are still busy at work getting the material ready for the annual to be sent in by March 1.

As we had no school one week last month, due to the icy conditions of the roads, we had to set a new date for the material to be in and thus will get our annuals later than expected.

With the kind consideration of our teachers, and to the sorrow of the juniors, we are being excused from our classes so that we may work on the annual and will do our best to get all the things done on the deadline.

Putting a "Seniors at Work" sign on the typing room door we are striving to get done as fast as we can.

In the bookkeeping class the juniors and seniors are starting on a new chapter entitled "Special Problems in Recording Transactions" dealing with the Petty Cash Book and the Combined Cash Journal. This is another step in the Bookkeeping cycle.

The juniors are typing business letters and are taking five minutes time test. We are trying to improve our errors.

In English the juniors are studyingabout poems, folk songs, studying about poems, folk songs, and ballads. We memorized the poem "The Dust" by Lizette Woodworth Reese.

The seniors have been giving three minute speeches, choosing their own subjects and using an outline.

We have been looking over several playbooks and are trying to choose our play to be given some time in April. We have selected two plays that we like and now have to vote on them. As soon as we have decided on what play we want we will send for the play books.

In typing, the seniors are typing business letters that include special problems, less common but frequently encountered in the typing of business letters, and are stenciling and using the ditto machine in running off copies of the business letters.

STATE SELECTIVE SERVICE DIRECTOR REPORTS STATE OPERATIONS TO LOCAL BOARD MEMBER

Larry Murray, member of the Wright County Selective Service Board, received a letter recently from Brig. Gen. AGD Charles H. Grahl, State Director, reporting on the operation of the Selective Service System in Iowa since it began operation August 30, 1948.

The letter in part read as follows:

'The first call made on the State of Iowa was for 172 selectees. Realizing that there would be a large percentage of rejections due to the fact that the majority of persons delivered for examinations had previously been rejected, 883 registrants were delivered for armed forces physical examination during the month of October. Of this number, 408 were found acceptable although many were subsequently reclassified. Pursuant to the initial call, 170 selectees were inducted during the month of November.

'Second call was for 270 selectees for delivery during the month of December. In the interim local boards had more carefully screened registrants who did not qualify for any deferred classification, and the percentage of registrants accepted as the result of the second armed forces physical examination call was materially increased. December inductions were postponed so that all persons could spend Christmas with their families. On Dec. 28 and 29 a total of 283 selectees were delivered for induction and were inducted.

"January call on the State of Iowa was initially for 356 selectees. This number was later reduced by 50 per cent, and local boards were called upon to deliver 178 selectees during the month of January.

At that time the Selective Service Act of 1948 became a law, it was contemplated that the System would be called upon to deliver approximately 25,000 men per month. Iowa's pro rata share of this number would be something in excess of 450 men per month. There is no question but that the Selective Service Act has had the effect of materially stimulating enlistments.

"The continued administration of the Selective Service System at the local board level is fully as important in the present limited operation as it was during the previous full-scale operation or will be at such time as the System is again called upon to deliver manpower to the Armed Forces.

"In closing, I wish to express my sincere and genuine appreciation for the splendid work accomplished by you as a local Board Member in the State of Iowa."

Deputy County Assessor and Board Of Review Report On 1948 Taxes

Of New Tax Program Set Up The Past Year

A story written from a joint report of F. Ross Henry, deputy county assessor, and Harry Schoonover, chairman of the board of review, appeared in the Eagle Grove Eagle recently. It outlined and explained the activities of the two offices during the past year, 1948, as follows:

In Henry's introductory remarks there are two statements of particular interest to the tax paying public in regard to policy of the office of assessor.

Statement one, "It is not the intent of this office to penalize any individuals, firm or group of indviduals, but every effort will be made to obtain the listing of all property at a fair price and in an equitable manner." He concludes his remarks by saying, "With the 1949 real estate revaluation and equalization program under way, we believe by 1950 we will all see the justice of the plan, and Wright county will have achieved an equalization program of which it can be proud, as well as the satisfaction of knowing that our neighbor and we ourselves are paying our shade of the tax load."

Real Estate at 60%

The report continues giving some interesting figures concerning assessed valuations in the county. Total real estate at 60% value amounted to $23,914,700. New construction in the county during the year at 60% value had totaled $384,667.00.

Personal property at 60% value totaled $4,363,645.00. This was an increase of $1,418,933 over 1947. This increase in personal property assessments were partly responsible for keeping millage levys as low as they are for 1949.

Railroads and utility property assessments by the state tax commission totaled $2,994,276. Total assessments for the county minus soldiers exemptions reached $30,761,779.00.

Moneys and credits after soldiers exemptions totaled $6,193,806.00 This is an increase of $2,519,395.00 over 1947. Moneys and credits are limited to statute to a 5 mill levy but the income from this source is credited to the total tax bill.

Harry Schoonover, chairman the board of review, in his introductory remarks stated, "While this work was new to members of the board, we at all times attempted to be both reasonable and fair, and with the knowledge gained this year we believe we can do a more equitable job in 1949."

The board considered nine protests on real property assessments and 41 protests on personal property assessments. On real estate the board denied two of the protests and lowered the assessments on 7. On personal property they denied 39 and reduced 2.

Voluntary reductions made by the board on real estate totaled $71,135.00, personal property $39,216.00 and moneys and credits $17,384.00 for for a total of $147,735.00.

There were five increases in real estate assessments made by board for a total of $26,350.00. There were 392 personal property increases for a total of $541,236.00. These totaled $567,586. Taking off the reductions made by the board on the protests the net increase to taxable valuation was $437,951.00.

The board's action also gave taxable valuations an additional boost by gaining a net increase in moneys and credits of $528,130.

This report covers the first year of operation under the new county assessor law. The only major improvement to date Henry stated had been in the matter of moneys and credits and personal property assessments. When the re-appraisal of real estate is finished this spring and the new valuations spread on the books Wright county tax payers will finally be able to see what the true tax situation in the county will be.

Equalization is the goal of the new county tax set up and the program last year and this year will make great strides in bringing it about.

Two Meetings In This Area For Study of Soil Conservation - Drainage

Wright county drainage men will have a chance to study soil conservation and drainage problems in this area at meetings in Fort Dodge, Feb. 28 and March 1 and in Garner, March 1 and 2, says County Extension Director, Aaron R. Bowman.

Sponsored by the Agricultural Engineering Service, the Soil Conservation Commission and the newly formed Midwest Drainage ad Soil Conservation Contractors Association, the meetings for all drainage contractors and persons interested in drainage work in western north central Iowa and southern Minnesota.

G. M. Browning, research agronomist at Iowa State College will discuss the effects of agronomic practices on drainage, and Dale Hull, agricultural engineer at the college will explain the movement of water in soils and the location of tile drains and surface drainage systems. The installation of tile drains from a contractor's and enginee'rs standpoint will be discussed by Earl Iliff, soil conservation engineer in Fort Dodge.

On the second day of the conferences, technicians under the direction of Alan J. Moen and L. E. Kuester, of the Soil Conservation Service, will demonstrate the care and use of various types of levels, setting targets and interpreting engineer's notes.

Corks As Handles

Good handles for cooking utensils may be made with corks. Since cork is a non-conductor of heat you will avoid burned fingers, also.

New Bulletin On Plow Adjustment Available At Extension Office

Correct operation of a plow may be the difference between a good job of farming and a poor one, says Aaron R. Bowman, county extension director. He points out that the art of plowing is one of the oldest skills of man and that a good plowing job is the pride of every farmer. However, the skilful plowman doesn't achieve his results by accident. He follows certain rules and practices that have been learned from trials and experiences.

To help Iowa farmers do a better job of plowing, a new 28-page bulletin "Tractor Plow Adjustment and Operation" is available in the county extension office, or by writing to the Bulletin Office at Iowa State College, Ames. It deals with proper plow alignment, hitching, coulters, jointers, moldboard extensions and trash wires. Diagrams and photos clearly illustrate the points outlined. The bulletin was written by Dale Hull, agricultural engineer at the college.

The '49 Ford
AS THE "FASHION CAR OF THE YEAR"

Citation "The 1949 Ford embodies all the essential qualities of good taste, modern design and subtle harmony in line and color. It is indeed a compliment to the style-conscious woman who will recognize and appreciate the flattering background it provides for her best dressed appearance."

President, The Fashion Academy of New York

And "looks" are only half the story!

Take the wheel... try the new Ford "FEEL"

The Fashion Academy of New York has been noted for the past 20 years for its annual selection of "America's best dressed women." The '49 Ford was chosen to receive the Fashion Academy Gold Medal after 1949 automobile models of all makes and in all price classes had been carefully studied from the standpoint of excellence in design, simplicity and feminine style appeal. This recognition of Ford leadership in the modern trend of automobile design stands as a unique tribute to the work of Ford's Styling Department and of Design Consultant George Walker of Detroit.

Influence of Great Teachers Ranks Highest In College Education Value

What part of a college education is the most valuable? According to 72 of the State University of Iowa's most successful graduates, the influence of great teachers ranks highest, while actual knowledge acquired in colleges rates next to lowest.

This group of Iowa alumni was surveyed by Dr. Daniel Starch, who received his master of arts degree in 1940 and doctod of philosophy degree in 1906 from the State University of Iowa in psychology. He is president of Daniel Starch and Staff, business research consultants.

Starch presented his findings to a meeting of the American Psychological association in Boston earlier this year.

The fact that actual knowledge or skill acquired in college was almost at the bottom of the list is "no doubt shocking to many academic professionals," Starch said.

The alumni queried were successful men and women in the fields of business, education, engineering, journalism, law, public administration, medicine and the sciences. The years since graduation ranged from 16 to 69, with an average of 37.

Starch listed seven items and asked the alumni to evaluate them in terms of personal value. Influence of personalities was mentioned by 52 per cent of the alumni; training in knowing where and how to acquire further knowledge and skill, 51 per cent; skill in analyzing problems and situations, 39 per cent, and skill in deciding what to do about a problem and carrying out a plan, 28 percent. Understanding of, and dealing with, people, was listed by 23 percent; actual knowledge or skill acquired in college, 21 percent, and influence of fellow students, 10 percent.

Editorially Speaking--

Editorial of the Day from Mason City Globe Gazette

Greatness Depends Upon Faith

And he did not many mighty works there because of their unbelief. Matt. 13:58.

Jesus had completed an extensive tour, in the course of which he had preached to thousands, healed many who were sick and performed numerous miracles.

When he returned to his own country and was again among his old neighbors he tried to teach them in the synagog.

They were astonished at his wisdom and the mighty works he had performed, but they couldn't quite believe the boy had grown up in their midst had really done these things.

Because of his neighbors' unbelief he did few great works in his old home. We do not read that he ever returned.

The world is full of neighbors that never seem to make much progress.

They go along doing the same things over and over again, year after year.

But they do not stand still. There is something about communities that doesn't permit mere stagnation. They either go ahead or slip back.

The same thing is true of nations. A country either becomes greater or it declines in importance.

No community ever achieved greatness and remained great unless its people had a strong and abiding religious faith. — Council Bluffs Nonpareil.

Be we Republican, Democrat, Catholic, Protestant, Veteran or non-Veteran—let us be tolerant. We are all citizens of Calhoun county, Iowa, the United States and the World. We should be big enough to keep in mind and try to bring about "The Most Good for the Most People." Such a policy would benefit all individuals and all groups.—Rockwell City Advocate.

Traffic Violations

Perhaps if traffic violation fines were a little steeper the urge to speed might be lessened. Present rates are a mere inconvenience, not a penalty.—Fairmont Sentinal.

Your CONGRESSMAN'S Record

Copyright 1947 Your Congressman's Record

FEBRUARY 5, 1949

Washington, D. C.—Your Congressman, James I. Dolliver, introduced several pieces of legislation during the past week relative to transportation and communications.

His most important bill, H. R. 1827, provides for the absorption of freight charges. A recent Supreme Court decision outlawed the so-called "basing point" system as a violation of the anti-trust laws. This system permitted manufacturers to include freight in their pricing of commodities. Mr. Dolliver's bill is designed to allow sellers to absorb freight charges for competitive purposes in seeking access to distant markets, without going contra to the anti-trust laws.

Other legislation which he introduced included:

1. A bill to authorize the bureau of census to include radio and television sets in its decennial enumeration.
2. A bill to remove the excise tax on transportation of goods and passengers.
3. A bill to remove excise taxes on communications.

Mr. Dolliver explained to the House that both these taxes were imposed in wartime. "At the time they were enacted there was an implied promise to the American people that they would be repealed six months after the close of the shooting war," he stated. "Yet these taxes remain on the statute books." He said that they are being paid for by the public, not the industries concerned.

"They are a burden upon the pocketbook of every American They impede interstate commerce. They should be repealed," he stated.

All of the bills were referred to the House Committee of Interstate and Foreign Commerce, of which Dolliver is a member.

Washington, D. C.— Your Congressman, James I. Dolliver, voted this week in favor of a bill to reorganize the sprawling array of executive agencies. It was based on the Hoover report and sponsored by the administration.

Among the agencies that the House voted to exempt from the reorganization were the railroad retirement board, the national mediation board, and the national railroad adjustment board. The bill passed by the lopsided vote of 356-9, and was sent to the Senate.

Mr. Dolliver voted against a resolution postponing from Feb. 15 to May 1 the date for reporting the legislative budget, as required under the legislative reorganization act. The resolution passed the House, however, by a party vote of 230-142.

Mr. Dolliver was not present when the House voted 319-29, to restore the old reciprocal trade agreements law. It was a clear-cut victory for the administration. The House-approved bill repealed outright the present law, enacted by the Republican Congress last year, which was due to expire June 30. It restores the program first developed by former Secretary of State Cordell Hull to its original form and continues it until June 12, 1951. The Republicans failed by a vote of 241-151 on a motion to send the bill back to the House foreign affairs committee. Mr. Dolliver did not vote on the motion.

Nor did he vote on a resolution providing $200,000 for the House committee on Un-American activities to continue to conduct its investigations of subversive elements in the United States. The resolution passed the House 353-29.

SKATER

At Waverly, 78 year old Howard Kelley glides o'er the ice with the greatest of ease and claims to be Iowa's oldest active skater. In spite of his advanced years, he enjoys a 45 minute workout on the Cedar River every day that the ice is suitable. A pair of old-style "clamp" skates has been in his possession for 50 years, although he now uses a pair of shoe-skates, purchased when he was 74.

Mary Hood Is Bride Of Pfc. Henry Westendorf

Miss Mary Dean Hood, daughter of Mr. and Mrs. A. J. Hood of Belmond, became the bride of Pfc. Henry B. Westendorf, son of Mr. and Mrs. Charles Westendorf of Buffalo Center Saturday, February 12 at 10 a. m. at the St. Frances Rectory. Rev. Father R. A. Ormsby officiated in the double ring ceremony.

The bridesmaid was Mrs. Jesse Ersland, a sister of the bride. Best man was Jack Fulton, a cousin of the bride.

The bride was dressed in a gray tweed suit. The bridesmaid wore a fushia suit. The bridegroom wore his army uniform, while the best man wore a dark gray suit.

Pfc. and Mrs. Westendorf accompanied Dr. and Mrs. R. C. Julander to their home in Ames and will visit there and they will also visit Bill Hood, brother of the bride, at the Veterans Hospital. They will stay there until Pfc. Westendorf leaves to return to Fort Knox, Kentucky, where he is now stationed. Mrs. Westendorf will return to her parental home in Belmond for an indefinite time before joining her husband. Mrs. Julander and Mrs. Westendorf are sisters.

Mrs. Westendorf has been employed in the Chapman's Cafe the last year.

Pfc. Westendorf served two and a half years in the E. T. O. during World War II and has now enlisted in the Army for one year.

Mother And Son Team Operate Mystery Farm S. E. of Belmond

Mrs. Anna Trager's farm appeared in last week's paper as mystery farm No. 22. Mrs. Trager owns the farm she has lived on for many years. Since the death of her husband three years ago, her son, Carl, has worked the land. The farm is located four and one-half miles southeast of Belmond.

A new barn and silo have been added to the farm buildings during the recent years, and the house and granary have been remodeled.

Last year the Trager's raised 30 acres of corn, 15 of oats, 10 of soybeans and the rest of the land is permanent pasture.

On the average they milk 15 to 20 Hereford cows. They sell their cream to the Belmond Cooperative Creamery. The Tragers raised 50 to 60 head of Chester White hogs.

Mrs. Trager takes care of the chickens. She prefers the white Leghorns to any other breed.

Three children make up the Trager family. They are Mrs. Fred Stecher of near Renwick, Carl and Mrs. Marlin Willey of Belmond.

Mrs. Trager likes to sew and spends most of her spare time in this way.

Mysery farm 23 appears this week in an advertisement sponsored by the Belmond Motor and Body Shop. Occupants of farm shown in the paper are urged to stop at the Independent office to receive a free copy of an enlargement of the picture printed and to give information about farm and family for publication the following week.

BELMOND BUSY BEE 4-H CLUB HELD MEETING

The Belmond Busy Bees meeting was held February 12 at the home of Arlene, Joann and Janet Slining.

The meeting was called to order by President Mary Ellen Mc Clure. Roll call was answered by naming one of the past presidents of the United States. Twelve members, four guests and two leaders were present. Minutes were read and approved. The new song books were passed out and all the songs marked that we are to learn.

Fun night was discussed and Joann Slining was voted for queen.

Mary Ellen McClure gave a demonstration on how to lay a pattern and cut it out. Corrine Davenport gave a demonstration on how to thread a needle and tie a knot. Arlene Homervold gave a demonstraion on how to use a cloth guide and how to use a buttonhole attachment.

For our workshop we all threaded a needle and tied a knot.

Sandra Didio had charge of recreation and lunch was served.

Three Belmond Men On Staff of Instructors

Three Belmond men active in boy scout leadership here and in the Wright county district will help with instruction at the first session of the University of Scouting at the Courthouse in Clarion next Thursday, February 24.

These instructors include Clair Hugh, leadership training chairman for the Wright District; Jack Shepard, advancement chairman for Wright District; and Glenn Martin, scoutmaster of Belmond Boy Scout Troop 16.

The Leadership Training Committee of the Winnebago Council is doing its part to see that the slogan of the Council "Adventure Time in '49", is put into effect. They feel that if boys are to have an adventurous time in '49 that leaders must have the "know how" to see that it happens.

The University of Scouting is being put on in four places this year, Forest City, Clarion, Mason City and Charles City. Three different types of courses are being offered at all four places, namely: a Cub Leader's course, Scoutmasters' course and a Unit Committeemans' course. At Mason City there will be other courses offered, an advanced Scout Leaders' course, Senior Scout Leaders' course and a Commisisoners' course. Leaders and other Scouters will want to make arrangements to attend one of the Courses at Mason City if they have had the other basic training.

At each of the Universities a Dean has been appointed to see that there is an adequate staff of instructors to give the proper training. Russell McMains of Charles City is Dean at Charles City; Pete Parks is Dean at Mason City; A. W. Strand is Dean at Forest City. These men will work with the District Leadership Training Chairman to see that the best type of training is given.

Kanawha News

by Mrs. D. L. Wilkie

(Crowded Out Last Week)

DeBoer-Christians

Mr. and Mrs. Harks DeBoer of Hollandale, Minn., announce the marriage of their daughter, Evelyn Faith, to Henry Alvin Christians, son of Mr. and Mrs. Al Christians of Kanawha, Iowa on January 26, 1939 at the Christian Reformed church in Hollandale, Minn.

The double ring ceremony was read at 7:30 p. m. by the Rev. Albert H. Bratt.

The bride entered on the arm of her father. Mrs. Bert Ver Hey played the traditional bridal marches for the processional and recessional. Miss Viola De Boer, sister of the bride, accompanied Mrs. Peter Vonder Pal who sang "Together Life's Pathway We Tread" directly before the ceremony and "The Twenty Third Psalm" after the ceremony.

A gown of white slipper satin, fashioned with a sweetheart neckline and skirt extending into a train, was worn by the bride. Her fingertip veil fell from a beaded tiara and she wore a pearl necklace, the gift of her bridegroom. She carried her mother's 60 year old Bible which was covered with white camelias and garnet roses and showered with feathered white carnations.

The bride's sister, Lillian, was maid of honor. She wore a gown of pale blue taffeta, and carried a bouquet of patrician carnations and rapture roses. Her earrings were a gift of the bride.

John Eekhoff, of Kanawha cousin of the groom, served as best man. Aaron T. Ver Hey and Andrew Vander Haep of Hollandale, were ushers.

Following the ceremony, a reception for 130 guests was held in the church parlors. Mr. Laurence Lanters acted as master of ceremonies for the program.

The couple then left on a trip to an unannounced destination. The bride was wearing a coral dress with black accessories. Upon their return they will be at home on the parental Christians farm at Kanawha.

Father of Kanawha Residents Succumbs

Sympathy is extended to Mrs. Dale Wagoner and Mrs. Jack Cosgriff who mourn the loss of their father, Martin Cosgriff of Britt. Mr. Cosgriff died suddenly last week at the age of 88 years. His death was caused from a heart attack. Many Kanawhans attended the funeral services at the Britt Catholic church Monday morning of this week.

Rev. Ralph D. Kitterman entered the Park hospital at Mason City Sunday afternoon for treatment and observation.

Post Nuptial Shower Honors Mrs. Gordon Severson

Mrs. Gordon Severson, nee Dolores Johnson, was honored at a post nuptial miscellaneous shower at the Kanawha Lutheran church parlors Saturday afternoon. Miss Margaret Haupt was in charge of the guest book. Miss Doris Ann Darrah announced the program: Piano solo by Marlene Severson; group of poems read by Mrs. Earl Hanson; a vocal solo by Mrs. Bob Hanson accompanied by Miss Carlo Studer. The honoree, assisted by her sister Maryan and her friends, Doris Ann Darrah, Luetta Jackson and Lucille Anderson, opened her many packages and expressed her appreciation of their contents. A dainty lunch was served by a group of relatives who were hostesses at the afternoon's courtesy.

Neighborhood Birthday Club Met At C. L. Adams Home

The Neighborhood Birthday Club honored the birthdays of Mrs. John Mae and Mrs. Merle Hegg at the C. L. Adams home Saturday afternoon. Other guests were Mrs. Mary Reisetter, Mrs. Joe John, and Mrs. Robert Smith of Belmond. The two honorees received beautiful remembrances of the occasion and all enjoyed the tasty lunch served by Mrs. Adams and Mrs. Lenora Munson, the afternoon's hostesses.

Farewell Party Honored The Ben Seebecks

A neighborhood party was given at Amsterdam No. 9 school Monday evening. The courtesy was a farewell surprise party honoring Mr. and Mrs. Ben Seebeck and Connie. The families of Heiko Ruter, Harry Mewes, Pete Eekhoff, Bob Eliason, Clifford Jordanger, Milford Thompson, Amos Hughes, Elmer Eliason and Ben Lamfers brought a pot luck lunch and presented a lovely floor lamp to the honored guests. Games and a social hour provided the evening's entertainment.

Mrs. Cora Seebeck Honored At Birthday Party

The children of Mrs. Cora Seebeck came in Wednesday evening and surprised her and helped in the celebration of her birthday anniversary. Those present were Mr. and Mrs. Garriet Prull and daughters, Mr. and Mrs. Chas. Seebeck and family, Mr. and Mrs. Henry Seebeck and family and Mr. and Mrs. Louis Seebeck. Mrs. Seebeck received twin lamps as a special gift and all enjoyed the lunch together.

Mr. and Mrs. Anton Pannkuk, Henry Pannkuk and Irene Jacobs were Sunday afternoon and supper guests at the Clarence Boeolman home at Meservey.

Severt Michelson who was a patient at the Mercy hospital at Mason City, was moved to the Rest Haven Home at Mason City on Monday of this week.

Mrs. Hershel Morris Was Hostess To C. D. H. S. Club

Mrs. Hershel Morris was hostess to the C. D. H. S. bridge club Friday evening. Mesdames Harry Pulley, C. C. Vandaworker, and D. L. Wilkie were substitute guests. Mrs. Alvin Hanson received traveling prize; Mrs. Dick Studer received average and Mrs. L. E. Rasmussen received low score awards. A delicious lunch was served by the hostess.

Rev. and Mrs. Norris Wogen are host to the Lutheran Pastoral Conference this week.

Mrs. Claus DeBoer had the misfortune of being quite deeply burned Monday morning of this week. About 7:30 in the morning she was on a small step ladder putting dishes in a high cupboard and her dress caught fire from the gas stove. She was taken to the Belmond hospital for treatment.

Obituary

RANK MEINDERS

Rank Meinders, son of Adolph and Abbie Meinders, was born May 23, 1900 on a farm near Belmond, Iowa.

He was baptized at an early age and attended the Immanuel Reformed Church, east of Belmond. Later he affiliated with the Methodist Church.

After finishing his studies in the rural school he attended the Germany Valley Academy.

On July 26, 1923, at Belmond, he was united in marriage with Lottie Beenken of Lakota. To this union four children were born. Rank was a loving father and was always willing to help anyone in anyway he could. In 1938 the family moved to Clarion to make their home on an acreage. Several years later they bought a home in north Clarion where Rank took up the carpenter trade.

He passed away Sunday afternoon, February 6, 1949, at the Steele Memorial hospital in Belmond at the age of 48 years, 8 months and 14 days.

He leaves to mourn his passing his wife, Lottie; one daughter, Caroline (Mrs. Ronnie Kies) of Fort Dodge; three sons, Darrell of Fort Dodge and Adolph and Walter at home; three sisters, Mrs. Theodore Bonte and Mrs. Harm Braner of Belmond, and Mrs. Lambert Menke of Mason City; and two brothers, Louis of Meservey and Adolph of Thornton.

Services were held Wednesday February 10 at 1:00 at the home and 1:30 at the Methodist Church a Clarion, with the Rev. L. H. Preul officiating. Burial was made in the Belmond cemetery.

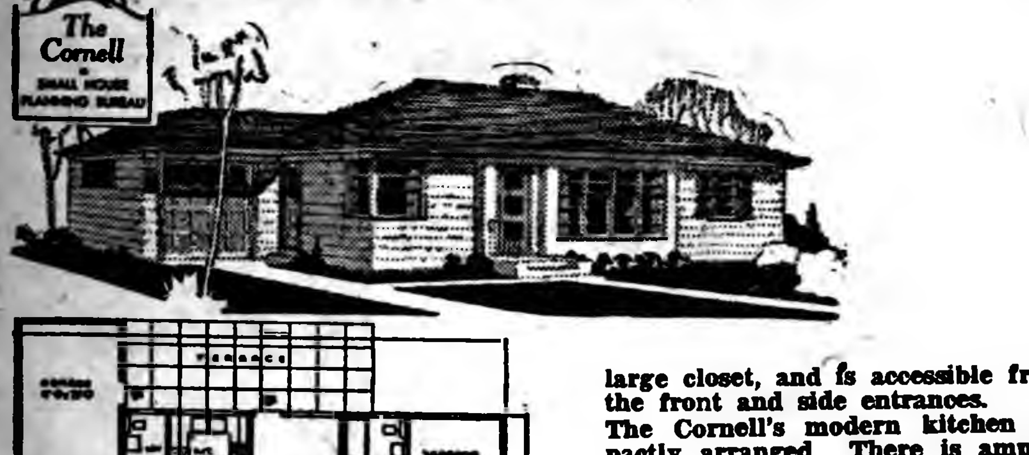
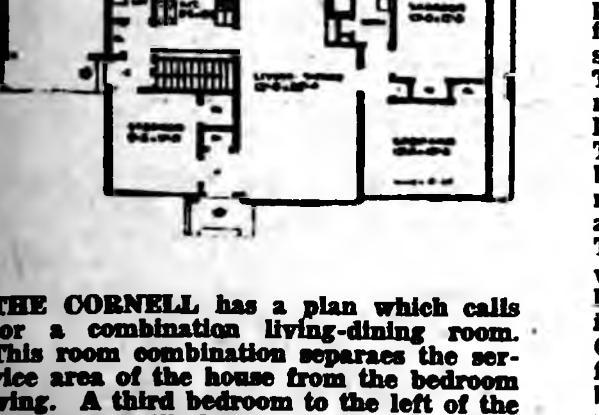
3 Bedrooms--In This Compact Home

Spahn and Rose Lumber Company is prepared to help you with your planning, estimate of costs and many other details preparatory to the actual breaking of ground for your new home.

This is No. 5 in a special series of houseplans to be published weekly. Blue prints of these plans are obtainable through this company at small cost. Feel free at any time to ask for the services we have available in the building line.





THE CORNELL has a plan which calls for a combination living-dining room. This room combination separates the service area of the house from the bedroom wing. A third bedroom to the left of the entrance vestibule can be used as a den, office, workroom or rented out, if desired. This room is equipped with a large closet, and is accessible from both the front and side entrances.

The Cornell's modern kitchen is compactly arranged. There is ample space for a breakfast table under the high storage cabinets at the end of the room. The rear entrance hall leads to the bedroom, lavatory, kitchen and basement. It has a shallow cabinet for storage.

The Cornell's bedroom wing has two bedrooms, each provided with a wardrobe. The bathroom has a towel closet and there is a linen closet in the hall.

The exterior of The Cornell is finished with siding on frame construction. It has low roof lines and wide overhanging eaves. The garage is optional. The Cornell's plan has an area of 1,106 square feet and contains a volume of 21,235 cubic feet, excluding the garage.

For further information about THE CORNELL, write the Small House Planning Bureau, % Spahn & Rose Lbr. Co., Belmond, Iowa.

TOMAHAWKS GAIN MORE RECOGNITION

A story in the Independent this week features a local product which continues to gain more and more recognition all over the state of Iowa and in many other states as well. I am talking about Thompson's Tomahawk Hybrid Seed Corn. In the 1948 Iowa Corn Yield Test, Thompson's four entries got four top ratings competing with 300 hybrids, for a remarkable record.

In connection with this test, Wallaces' Farmer and Iowa Homestead in its February 19, 1949 issue had an article entitled "Corn Breeders Grow Better Hybrids" in which results of the test were listed and an explanation made of the basis for scoring. Wallaces' Farmer makes this suggestion.

"The corn-growing farmer can afford to study the full results of the 1948 corn yield tests. You can get the report by writing the Bulletin Office, Iowa State College, Ames, Iowa. Ask for Iowa Corn Yield Test Bulletin P97."

—M-S—

We have heard some fine reports about Roger Shahan, whose customers think he is a fine newspaper delivery boy. Even though Roger is not so big at 10 years, he makes deliveries to 40 people. During the time Richard Lowenberg was in the hospital, he never failed to deliver a paper to him.

—M-S—

I for one have always been curious what the ladies find to talk about so much while playing bridge—we men, when we play bridge, keep our minds and conversation on the cards! Now here is an item that came to my attention, printed in a recent issue of the Algona Upper Des Moines, which may explain the double or triple-track minds that our wives seem to practice while playing cards. It was entitled "Hubbies Really Fouled Up."

Sometimes the girls do other things besides play bridge at these bridge parties.

Recently, between hands, the gals in a certain local group, got to discussing their husbands' neckties, how they wore them and didn't wear them, and how monotonous it got when the old man only wore two or three out of a whole rack, most of the time.

"So they decided to trade ties and each brought three ties from the home collection to the next meeting, and they traded them around.

"The results are worth recording.

"One hubby came home and right off the bat noticed that he had three strange neckties all used. What he suggested we won't go into, but it took a lot of explaining.

"A few days later, the entire group, hubbies and wives, got together, and sure enough, one of the men had on one of the strange neckties which he had picked without a second thought. Whereupon the real owner of the tie looked it over and remarked that HE also had one just like it.

"By this time, things were becoming really confused, and at last reports the question of the mysterious neckties was still puzzling the unit of husbands—that is, until they read this!"

RETURN FROM 10-DAY FLORIDA-CUBAN TRIP

Mr. and Mrs. Clark McNeal and Mr. and Mrs. R. W. Courson returned to Belmond last Saturday from a 10-day trip to Florida and Cuba made by plane and boat. They spent a week at Miami Beach, Florida, took the boat to Havana, and then flew directly back to Iowa from Cuba. They reported ideal weather while in Florida with sunshine every day they were there and high temperatures ranging from 85 to 90.

March 14 Is Election Day For Local, County School Boards

Hanson and Larson File Papers At Belmond

Election for local and county school boards will be held in Iowa on Monday, March 14. Two candidates have filed nomination papers for vacancies which will be created on the Belmond school board by the expiration of three-years terms.

Mrs. A. C. Hanson will seek re-election, and Dr. A. M. Larson, who was appointed to fill the unexpired term of Dr. H. J. Classick when the latter was elected to the Wright county board of education, will seek election.

On the county board only one vacancy will need to be filled, the one-year term of Mrs. George Paine of District 3, Eagle Grove, expiring.

Mrs. Paine is the present chairman of the board. County boards were just formed last year as part of the re-organization plan and the elected members drew lots for length of term. Mrs. Paine drew the one year term at that time. Representatives on the board are elected to six year terms and the vote this year will be for someone to fill that office for the next six years.

Mrs. Paine is a candidate for re-election.

Hub Garage To Display Daring New '49 Dodge Friday, February 25

The daring new Dodge for '49 will be on display Friday, February 25, at the Hub Garage, it was announced Tuesday by T. C. Tudor, co-owner of the Hub Garage.

"It is a car that certainly does establish a new trend," said Tudor, who with his brother, Hubert, were in Minneapolis for a review of the new '49 Dodge models Wednesday of last week.

Always a roomy and spacious car, the new Dodge is even more so this year, providing more head room, elbow room and leg room and at the same time decreasing outside dimensions.

New this year too and found only on the higher priced cars is Dodges' "gyro-matic transmission" combined with the Dodge all fluid drive.

"SWINE DISEASES AND SANITATION" IS TOPIC FOR ADULT AGRICULTURE

Dr. H. J. Classick will be present at the meeting of the agriculture class of the Adult School next Monday night, February 28, to discuss Swine Diseases and Sanitation which will be a follow-up of the discussion of "Swine Nutrition" at the meeting Monday night of this week.

Emphasizes Importance Of The Correct Social Security Number Record

"Be sure the boss gets that social security number down, and that he gets it down correctly," is the suggestion to all workers made today by George R. Replogle, field representative of the Fort Dodge office of the Social Security Administration. The best way to make sure that the record is correct is to see that you have your official social security card with you when you apply for a job, and when you report for work the first day.

Replogle will be in Clarion on Wednesday afternoon, March 2. He may be contacted in the basement of the courthouse from 2:00 until 4:00 to assist claimants in filing for benefits and to answer questions pertaining to federal old-age and survivors insurance.

COMPLETE SEWING PROJECT FEBRUARY 18

The Belmond township ladies completed the sewing project which was held at the high school homemaking room in Belmond, February 18.

Those participating in the activity were: Mrs. George Crawford, Mrs. Keith Dunton, Mrs. Harold Svendsen, Mrs. Emra Strait, Mrs. Ed Didio, Mrs. Bruce Reinhardt, Mrs. Carlyle Didio, Mrs. Donald Markham, Mrs. Everett Anderson, and Mrs. Galen H. Johnson.

CORRECTION

In the article concerning the Board of Review held for the boy scouts the name of Kenneth Eccles was omitted. Kenneth was advanced from Tenderfoot to Second Class scout.

Tomahawk Hybrids Score At Top in Corn Yield Tests

All Four Entries Competing With 300 Receive Highest Rating

Tomahawk hybrids, entered by the Thompson Hybrid Corn Co., Inc., won several top honors in the 1948 Iowa Corn Yield Test, results of which were announced at the Farm and Home Week at Ames last week. Joe L. Robinson, Secretary of the Iowa Corn and Small Grain Growers Association, which sponsors the state contest, gave out a printed report which gives yield and general performance of nearly 300 hybrids in 1948 and on many hybrids on the basis of a period of years' results.

Tomahawk 42 topped the [illegible] Section on a general performance basis. General performance takes into consideration yield, standing ability, moisture content at harvest and freedom from dropped ears. R. B. Thompson, President of the Thompson Company, states that Tomahawk 42 is one of their big seller locally.

Tomahawk 80 topped the South Central Section of the Yield Test in 1948 and also ranked on top on a two-year average on a general performance basis. There are three district yield tests included in each "Section", and Tomahawk 80 averaged 105.47 bushels per acre for the three district tests.

Tomahawk 88 had the top yield in the Southern Section in 1948 with a yield of 115.59 bushels per acre. This is the highest sectional yield ever made in the history of the Iowa Corn Yield Test, which has been conducted since 1921.

The three Tomahawks mentioned above were the only Tomahawk hybrids entered which are now being sold by the Thompson Company. A fourth entry by the Thompson Company, Tomahawk 61, which is not in commercial production, ranked in the top five hybrids on general performance in the North Central Section over a three year average—thus giving the Thompson Company a top ranking hybrid in each of the four sections of the Iowa Yield test on only four entries.

Chamber of Commerce To Hear About Highway Driving Education

Chamber of Commerce will meet for noon luncheon Thursday (today) at the Library basement. Denny Hook and Don Eulberg, program committee, are making plans to have a member of the highway patrol present to explain what the highway patrol is doing in the way of education of high school-age young people in highway driving.

PTA Business Is Carnival--Summer Recreation!

Meeting Is Monday At H. S. Auditorium

Further plans for the proposed summer recreational program for Belmond children together with a report of the committee on summer recreation are the main items of business at the Parent-Teachers Association meeting next Monday night, February 28.

Meeting will be held at the high school auditorium, beginning at 8:00 o'clock.

There will also be a report on and discussion of the P. T. A. carnival which will be held March 25, purpose of which is to raise funds for the recreational program. All members are urged to be present to help in furthering plans for these two correlated projects.

Third grade mothers, with Mrs. L. B. Oberhauser as chairman, will serve refreshments.

3rd District American Legion Sponsors 12th H. S. Oratorical Contest

Announcement was made today that the Third District American Legion finals of the Twelfth Annual High School Oratorical contest will be held at the Memorial Coliseum at Marshalltown March 3 at 7:30 p. m.

The students entered are ones who have advanced through the eliminations in both their local high schools and also county contests. Altogether nearly 1,000 students in various high schools of the district have studied and prepared ten to twelve minute orations on some phase of the Constitution of the United States.

Under the American Legion Contest rules names of contestants may not be released until after the contest.

The Third District American Legion of Iowa will award medals to the first, second and third place winners. The first place winner will advance to the State contest which will be held at Ames March 18. Regional and National contests will be held later.

Directs Agricultural Industrial Development At Oklahoma A. and M.

Randall Klemme of Stillwater, Oklahoma, visited his parents, Mr. and Mrs. Ray Klemme over the weekend after attending the National Farm Institute at Des Moines last week.

Randall is Director of the Agricultural Industrial Development Service of Oklahoma A. and M. College, a position comparable to that of director of the extension service of Iowa State College at Ames. He is starting his 13th year at A. and M. where he is a professor in the Agricultural Economics Department, although his work with the administrative staff doesn't leave him time for teaching at present.

On his return trip to Stillwater, he will attend meetings of the Midwest Research Institute at Kansas City, Missouri.

25 Boys Join Local Chapter

Officers of the recently organized Future Farmers of America chapter at Belmond were installed last Wednesday evening, February 16, by the Eagle Grove chapter at Eagle Grove. Reading from left to right in the picture below are Don Swenson, secretary, Joe McLaughlin, treasurer; Bill McLaughlin, president; Kenneth Lerdal, sentinel; Don McClure, vice-president. Tony Jones, reporter was not present when the picture was taken.

These officers make up the executive committee of the local chapter, and they will complete installation of the remaining Belmond boys who are joining F. F. A. to make a total of 25.

The installation at Eagle Grove was held just previous to National Future Farmers of America Week which is observed this year from February 19 to 26. There were a total of 260,000 members in 700 F. A. A. local rural high school chapters in

1948 representing every state in the union except Rhode Island. Puerto Rico and Hawaii also have chapters. It is the largest national high school organization in the country.

Dues amount to only 10 cents per member. F. F. A. members receive many awards each year through competition in projects. These will amount to $90,000 this year, according to a report from State Board of Vocational Education, and are paid by business concerns and individuals interested in promoting such competition.

The F. F. A. not only has supervised farming projects in livestock and crops for boys but also a host of leadership practices. Public and extemporaneous speaking contests, the study and practice of parliamentary procedure are carried on right along with livestock and crop exhibitions.

Participation in contests, radio broadcasting, attending the National F. F. A. Convention, visits with farmers and businessmen are part of the training and experience the boys receive for leadership and citizenship.

The local organization is planning to have all the regular activities and will also have a boys' quartet and basketball team. Two games have been scheduled for this year with the Garner F. F. A. team. Duane Sandage, agricultural instructor, stated

Work To Start On Establishing Tax Values

F. Ross Henry, Deputy County Assessor, in an advertisement which may be found elsewhere in this issue, announces that a personal property representative will be in Belmond in a few days and the commercial property representatives before long. They will be calling on taxpayers for the purpose of establishing values in connection with the tax equalization program now underway in Wright county.

Mr. Henry asks the cooperation of all, which he says will save time and be of great help in the establishment of fair and equitable values.

Henry stated that contrary to some reports, no one as yet knows the assessed value of any piece of property or any stock of merchandise for the 1949 assessment year. He also remarked, "After values are established by this office, the Board of Review will adust said values, as in their judgment is necessary to obtain equalization."

Two Play for 'B' Sectional Title This Friday Night

Five Bronco ironmen, determined to revenge two earlier defeats at the hands of the same team, defeated Britt in sectional play 33-26 in the local gym Tuesday night before a capacity crowd.

There were 2 Kinseths, Roger and Roland, Duane Trager, Keith Greenfield and Wilmer Gabrielson who finished what they started without any help but the moral support of their teammates on the bench.

Belmond was never behind from the opening whistle and maintained a six to 12 point advantage throughout the game, mainly through their ability to control the rebounds and by a tight defense that faltered only slightly during the third quarter.

Britt failed to score a field goal during the first seven minutes and 10 seconds of the first quarter and during the second quarter added only three more points. At half time the score stood Belmond 19, Britt 9. At three-quarter time the Broncos were nine points to the good.

In the final eight minutes it was more or less a game of keep away for the Broncos who slowed up the game as they controled the ball. In the final three minutes they went into a definite stall and the Eagles in a desperate attempt to knot the score lost four men via the foul route.

In the first round of the Class B tournament here Monday night, the results were pretty much according to the dope.

Kanawha 47 — Thornton 20
Meservey 47 — Alexander 27
Klemme 38 — Goodell 17

Wednesday night Kanawha met Franklin Consolidated (Latimer) and Meservey took the floor against Klemme in the second game of the evening. Friday night at 7:30 the winners of these two teams will play it out to determine the district qualifier.

BRONCOS RETAIN THIRD PLACE IN CONFERENCE AT END OF SEASON

Belmond won its last North Iowa conference game of the season last Friday when the Broncos defeated Northwood 52-30 and retained third place in the conference for the season's games. Wilmer Gabrielson with 18 points and Roger Kinseth with 17 were top scorers for Belmond. Duane Trager made 10. Half time score was in Belmond's favor 26-17. Second team game was won by Belmond 23-13.

Ratings of North Iowa Conference teams at the end of the season are as follows: Forest City, first; Britt, second; Belmond, third; Buffalo Center, fourth; Lake Mills, fifth; Northwood, sixth; Garner, seventh.

Coast-to-Coast Is Sponsoring Babies And Children Photo Contest

A photo contest of babies and children is being sponsored by the Coast-to-Coast Store with a total of $100 in photo prizes to be given to first, second and third place winners. It is not a beauty contest, pictures will be judged on personality and expression.

"Uncle John", family child photographer, will be at the Coast-to-Coast Store here on Friday and Saurday, February 25 and 26 to take pictures between the hours of 10:00 a. m. and 5:30 p. m. and until 8:30 p. m. on Saturday evening. A 50c entry fee will be charged for each child.

An advertisement with more details about the contest may be found elsewhere in this issue.

COOPERATION

Grant Peddle

The natural instinct is born in man to fight. Even little children fight among themselves. As the children become men this instinct is transferred into a battle of wits. They try to outthink each other and engage in mental gymnastics. Debate carried on as a form of combat sharpens ones mental powers and is good exercise. When a child becomes a man he automatically is on a higher level than arguing for the fun of it. Everybody in this world cannot become a success simply by working; he must be completely in cooperation with his fellowmen. Everyone must work together if they want to reach a decisive and satisfactory end which pleases them all.

The strained situation in the world today can be traced to the lack of cooperation with other countires. Think what the world would be like if all countries agreed on all problems. There would be no more war and the last two world wars would have been settled without a shot being fired or any bitter enemies made. The world could go on indefinitely without any changes. If any argument came up it would be settled impartially by a judge and jury with no connection whatever with the case. All this could be had by merely having both parties look at each other's side of the argument. It seems that for the sake of a few dollars human lives could be saved by the millions. There seems to be no relief in sight at this moment and that nothing can stop the impending war.

THANK YOU, P T A

We, the students and faculty do appreciate a recent improvement to our education system. What is this vast improvement? Black curtains for every window in our study hall! Movies can now be shown in nearly absolute darkness any time of the day.

It's a fine thing to know that our parents and faculty have a definite awareness as to the continual betterment of our education system.

Thank you again P. T. A.

ATHLETICS

GIRLS' BASKETBALL

The Alexander girls, instilled with revenge, defeated Chapin 25-13 on Feb. 11. Earlier in the season Chapin had defeated Alexander twice, but Tuesday night Alexander played a terrific ball game to upset Chapin. The Alexander guards did a fine piece of defensive work as they held Chapin to 4 field goals and 5 free throws. It was a fitting climax to the last of the home games at Alexander. Johnson hit 10 points and J. Vestweber was close behind with 9 points for the major part of Alexander's scoring. Burwell had 7 points for Chapin.

Alexander traveled to Dows on Feb. 15 to win another victory from Dows 30-18. This game moved the girls up to 8 wins and 9 losses. If the girls succeed in have a .500 percentage average. winning their next and the last game of the season they will At Dows the fouling was quite even with Alexander having 14 fouls and Dows had 13 fouls. J. Vestweber posted 18 points for Alexander. Hubbell had 11 points for Dows.

BOYS' BASKETBALL

The Alexander boys lost a close ball game to Chapin on Feb. 11, 34-35. It was one of the best performances played by the Alexander team during the season. Chapin started with a small lead and managed to keep it. With three minutes left in the game the score was 23-32 with Chapin leading. Then Duane Blau had a scoring spree and made 3 field goals in 10 seconds flat. This inspired the rest of the team to really get busy and fight to the finish. The score was 32-34 with 30 seconds left and then Miller sank a free throw to make the score 32-35. With seven seconds left in the game Max Benson took a long one-handed shot from behind the center circle and the ball never touched the rim. The final score was 34-35. Duane Blau had 18 points for Alexander, while Koeningsburg had 16 points for Chapin.

Dows clipped Alexander on Feb. 15, 17-30. The game was played in a fast order with many of Alexander's shots rolling around the rim and rolling out. In the second quarter Gordon Paullus went in for a lay up and fell on his hand fracturing his wrist. He now has his forearm in a cast and will be out for the remainder of the season. The other boys carried on in a fine manner without his services but the size of the Dows team was too much of a handicap. Blau collected 5 points for Alexander and Echelberger had 15 points for Dows.

Home Economics News

The sophomore class has been getting acquainted with the sewing machines in the Home Ec. room. They did this by making samples of different seams to be used in their study of sewing.

The color wheel, which was made by the girls, will aid them in choosing the color suited to their personality traits.

The seniors are continuing their work on their new sewing project. They are progressing very rapidly.

SENIOR NEWS

The seniors are still busy getting the material ready for the annual which has to be in by March 1. Having got all the pictures back we are on the last minute details and will have everything done soon. As soon as a dummy copy is made the material can be sent in.

Being excused from our classes the last two weeks, the Senior news is pretty lax, and about on the same general theme — the annual.

In bookeeping we are doing exercises concerning the combined cash journal and the petty cash book. We will soon be ready for a unit test over the chapters we have covered the last six weeks. Groan! Groan!

With a sigh and a groan of boredom we sign off for now. Until next time—

KINDERGARTEN NEWS

The kindergarten had a very exciting time February 14. To make things real interesting they made a train to prepare for this occasion. They delivered Valentines special delivery in their train to the other rooms.

They also made two freezers of ice cream, one of strawberry and the other of vanilla but to these small children it meant just simply pink and white ice cream.

FIRST GRADE NEWS

We had a Valentine party on Monday afternoon.

We made Valentines for our mothers out of red and white construction paper and some of them were very good.

Quaker Oats gave us a nice farm set which fits into our home unit in social science. We wish to say Thank You!

In science we are studying weather and weather predictions.

Our room is working on an operetta with the kindergarten, second and third grades. Miss Sorenson is our music teacher.

SECOND AND THIRD GRADE

We had a Valentine party on Monday afternoon. There were lots of treats and games were played, making an enjoyable afternoon for all.

The third grade geography class have been studying about Deep Sea fishing and we have been looking at them through a stereoscope.

Both grades are reading animal stories in reading now and enjoy them very much. "Baby Elephant" and "Deer" have been fascinating subjects.

The third grade is stumbling through is, are, was and were in Language. Most of the class is beginning to understand it pretty well now.

We have also been studying the beauty and the marvel of the snowflake. We have been looking at magnified pictures of different flakes, showing the perfect geometric design.

FOURTH AND FIFTH GRADE NEWS

The fourth and fifth graders had a Valentine party Monday afternoon. We distributed our Valentines and then we had some refreshments. Miss Hassebrock gave us treats of frosticks.

In language class the fourth graders are reviewing contractions and words in a series. We are starting telephone conversations now which prove to be very interesting for us.

The fifth grade language class is reviewing possessions and contractions.

Marlin Blau, Judy Larsen and Dorothy Barkema each brought birthday treats for us last week and we enjoyed them very much.

The fourth grade health class is studying about the correct way to walk.

In the fifth grade health we have finished the booklets on clean homes and starting a chapter on "Dressing for Winter."

In fifth science we are studying about the expanding and contracting of liquids and solids when heated and cooled.

JUNIOR NEWS

We have been reading the following short stories in English: "The Revolt of Mother" by Mary E. Wilkins, "Under the Lion's Paw" by Hamlin Garlan, and "All Gold Canon" by Jack London. We find thev are very interesting and enjoy them very much.

In typing we are typing business letters with a limit on errors and have been having one and five minute time tests.

In history we have been studying about "The New Iudustrial Age," concerning the economic revolution of the United States in the 19th century.

One or two days a week, usually on Wednesday and Thursday we have our current events papers entitled "The American Observer" which covers every important issue in the current news.

EIGHTH GRADE NEWS

The eighth grade had a Valentine party during Reading and Science periods Monday, Febuary 14. Several of the girls and boys brought treats for the class in place of valentines, and we had refreshments consisting of candy bars, frosticks, and soft drinks.

In Math., we are studying federal taxes and in Science we have completed a unit on useful and harmful plants and animals. In English we are studying about slang words. In History we are studying about wars.

Morris Olson, farmer living north of Forest City, was presented by one of his hen with a double egg—one inside the other. The outer egg measured eight inches around the middle and three and one-half inches high.

Dates Changed For Music And Recreation School To Be Held at Nevada

The recreation and music training schools that were to be held in February in the Legion Hall in Nevada have been cancelled but will be held in March.

MORE CHICKS LIVE
MORE CHICKS GROW

Scientists have discovered a big new secret of chick life and growth. It's a vitamin substance called the "Animal Protein Factor". Most good feeds contain some of this important vitamin but the amount can vary a great deal. To make Nutrena Chick Mash safer than ever for your chicks, Nutrena adds "LIVIUM", a powerful concentrate of this important vitamin substance.

This picture, taken in Nutrena Laboratories, shows two chicks at 4½ weeks of age. The one on the left, with "Livium" in its ration, weighed 42% more than the chick that didn't get "Livium".

Iowa Soil Is Best In The World! We're Going To Keep it That Way

One-fourth of the most fertile, arable Grade A land in the nation lies in Iowa which makes Iowa the heartland of the richest agricultural region in the world, according to a statistical review recently compiled by the Statistical and Market Division of the Iowa Development Commission.

Iowa's total area Grade 1 land — commonly called Grade A — amounts to 25,983,110 acres of the nation's total premium acreage. The national Grade A land total is 101,037,573 acres. Iowa's total land acreage, including all five grade-soils is 35,633,920..

Wright county, in this most fertile state of Iowa, is taking steps to protect, conserve and built up its good soil. An announcement came from the county AAA office last week to the effect that township committee chairmen, in selecting eight soil conservation practices for the 1949 farm program had selected a local practice.

This local practice requests the seeding of legumes on cropland which has been seeded in excess of normal or usual acreages. It was the opinion of those who selected this practice that depleting crops, seeded heavily since 1941, should be shifted to conserving crops. This practice will be supervised, determined and watched by the farmer and township committeemen and be subject to the approval of the state committee.

Iowa is on its toes in regard to this important matter, and so is Wright county.

The fertile land of the Middle West, which is contained largely in the states bordering on Iowa accounts for 70 percent of all the Grade A land in the nation. This fact bears testimony to the supremacy of the Middle West in agricultural productivity. In this rich Midwest region, Iowa contains nearly twice the Grade A land of Illinois, its nearest challenger.

The inventory of Iowa's fabulous soil also repeated the remarkable fact that 97 per cent of all Iowa soil is under successful cultivation. No similar piece of land in the world has that percentage of land under productive cultivation.

Another remarkable fact reported is that 70 per cent of Iowa's cultivated land is Grade A. Iowa's remaining acreage is graded as follows: grade 2, good soil, 6,906,158 acres; grade 3, fair soil, 1,392,680 acres; grade 4, poor soil, 1,007,416 acres; grade 5, soil essentially incapable of tillage, 344,556 acres.

No spot in the world of equal total land area has as large a percentage of Grade A soil, the survey indicated.

The following breakdown shows the concentration of the nation's Grade A land among the states bordering Iowa, the leader: Iowa, 25,983,110; Illinois, 14,777,030; Minnesota, 12,022,243; Missouri, 8,674,763 Nebraska, 8,120,907; South Dakota, 3,052,320; and Wisconsin, 2.820,276.

Editorially Speaking--

The Impending Tax

The Hoover report, which calls for a "gigantic squeeze down" of 65 executive agencies now responsible to President Truman into 21 or 22, is a sign of hope in a thirsty land, particularly when it is considered that the bill to implement the report by giving President Truman the power to reorganize the approximately 1800 government agencies as he chooses, subject to congressional approval, passed the house by a vote of 356 to 9. Of course the bill still has to go through the senate and nobody knows what that grave and reverend body will do with it, but at least there seems to be ground for hope that something will be accomplished.

Mr. Hoover, head of the commission which has been studying the government reorganization has said that a saving of three billon dollars a year might well result from a thoroughgoing reorganization. Uncle Sam could use that money. It might pay some of the interest on the national debt.

People have been talking for a long time about the top heavy government set up. During the Roosevelt dynasty, when one bureau didn't work, the easy way was to create another to take its place and as a result it often happened that maters of policy which should have been handled by one agency were being split up among half a dozen or more, with consequent pulling and hauling which did not make for efficiency.

The pending legislation may well arouse consternation in certain quarters in Washington, but John Citizen will feel that such reorganization is not only due but long overdue.

If President Truman is still the same man as Senator Truman of the Truman committee, something constuctive may come out of all this.—Grinnell Herald-Register.

Deadline Set for Farm Bureau Reading Reports

Women who are reading from the Farm Bureau Library are requested to send reading reports to their Township Library Chairman by April 10. All that is needed is the name of the book and author. The Township Chairmen will send all the reading reports to the county library chairman, Mrs. J. E. Kirstein, Clarion, by April 15.

To complete the required reading list, six books must be read. Four of the books may be chosen from the suggested list or any books from previous Farm Bureau reading lists or any other book by the authors on this list.

The woman who has read the greatest number of books will be given an award. Each woman who has read at least six books will also be presented a small gift. Anyone wishing a reading list, should contact the library chairman or extension office.

Township library chairmen in this area of the county are: Mrs. Joe Duea, Belmond township, Belmond; Mrs. Adrian Schumacher, Grant township, Clarion; Mrs. Jessie Azeltine, Iowa township, Rowan; Mrs. Melvin Olson, Norway township, Kanawha; Mrs. Orrin Jacobsen, Pleasant township, Belmond.

Obituary

JOHN P. LARSON

Funeral services for John P. Larson, 65, who passed away Monday morning, February 7, at the Municipal Hospital in Spencer following a few days' illness, were held at Conley's Funeral home in Des Moines on Thursday afternoon, February 10, at 2 o'clock, with the pastor of the Methodist church in charge.

John P. Larson was born September 5, 1883, and spent his early life at Humboldt and Goodell, coming to Kanawha about the year 1904, where he served as rural mail carrier. In June 1908, he was united in marriage to Miss Cornelia Gifford and they made Kanawha their home until 1930 when they moved to Fort Dodge where Mr. Larson acted as secretary for the Iowa Grain Dealers Association and the Farmers Elevator Mutual Insurance Company for a period of ten years, after which he took up auditing in the capacity of a certified public accountant.

Mrs. Larson passed away in May 1936, and a few years thereafter Mr. Larson went to Spencer to make his headquarters. He was a member of the Kanawha Odd Fellows and Masonic Lodges and the Grace Methodist Church in Des Moines.

Preceding him in death were his wife and one son. Survivors are two children, Mrs. Lloyd Henson of Wayzata, Minn., and Morris Larson of Des Moines; one brother, Albert J. Larson of Kanawha; two sisters, Mrs. Martha Osman and Mrs. Lee Bright, both of Minot, N. D.; two grandchildren, and several nieces and nephews.

Burial was in the Glendale Masonic Cemetery in Des Moines.

HERMAN TROWBRIDGE ANDERSON

Harman Trowbridge Anderson, son of Almond and Gertrude Trowbridge Anderson, was born November 21, 1901, in Vernon township, near Dows and died at his home in Rowan on Saturday, February 12, 1949, aged 47 years, two months and 22 days.

He attended the rural school near his home and grew to manhood near Dows. On August 19, 1925, at Hampton, he was united in marriage to Marjorie Van Hooser of Popejoy, Iowa. To this union were born nine children.

Mr. Anderson and his family had lived in and around Rowan for the past 14 years. He had been in poor health for the past two years, his illness forced him to retire from his work on the Great Western railroad.

He leaves to mourn his passing his beloved wife, four daughters and five sons: Arlene, Mrs. Alvin Lunning of Mason City, Stella, Mrs. Bob Brannick of Clarion, Lois, Judy, Kenneth James, Dean, Ronald and Gary, all of home; one grandson, Merle Wayne Lunning; his aged mother, Mrs. Gertrude Anderson of Dows; two sisters, Mrs. Lee Bagley and Mrs. Holger Anderson, both of Waterloo; three brothers, Paul of Goldfield, Russell of Waterloo and Lyle of Dows, also a number of nieces and nephews.

He will be sadly missed by his family and many who knew him.

Funeral services were held on Tuesday, February 15 at the Methodist church at 1:30 p. m. with Rev. Strait officiating. Burial was in the Clarion Cemetery. Mrs. Nina Heathershaw accompanied at the piano for Carol Usher who sang two solos which were "Beautiful Isle of Somewhere and "Going Down the Valley One by One."

BELMOND LOCALS

Mrs. R. R. McGrew, son, Bob, and daughter, Margaret spent Sunday with Mr. and Mrs. Dale Kessler.

Mrs. H. L. Leslie of Waverly spent Thursday in the home of her parents, Mr. and Mrs. C. C. McGuire.

Want Enties For The 1949 Master Swine Producers

Aaron R. Bowman, county extension director, is looking for Wright County swine producers to enter the 1949 Master Swine Producers project. Wright county has more swine producers who have won this state award than any other county. Robert Russell of Lincoln township was the only swine producer to win the award in 1949.

Twenty-five market swine producers will be selected in 1949 from the State for this recognition. Any market hog raiser is eligible to enter.

To meet the requirements a farmer must have at least eight sows farrow between January 1 and June 1. Those farmers having the greatest number of sows to farrow must enter all of them in the project.

Reports must be submitted showing the number of pigs farrowed and the number weaned. A second report is required in the fall to show the total pigs marketed and their weights. Blanks for making both of these reports are available at the county extension office.

The county extension director together with a state extension swine specialist will visit all farmers in Wright county who enter this project.

The Master Swine Producers Award is sponsored by Iowa State College Extension Service, Iowa Department of Agriculture, Iowa Swine Producers Association and Radio Station WHO. This will be the eighth year of this project.

Daughter of Former Belmomd Editor Among 30 Women on European Trip

Mrs. Lyna Burke, formerly Nell Pierce and a daughter of E. A. Pierce who was editor of the old Belmond Herald, is among 30 Midwestern women who are making a 30-day trip to Europe this month which will include four days in Germany.

Traveling by air, they will follow much the same route taken last fall by a group of farmers. The tour is being conducted by Mary Foster, radio announcer who is heard on KOWH, and sponsored by the Nebraska Consolidated Mills.

Lawrence Youngman, travel agent who arranged the trip, said the women will visit Munich and Nurenberg in Germany. Other countries to be visited include France, Italy, Switzerland, Holland, Belgium, England and Ireland.

Programs will be arranged for the group by authorities who will tell of conditions in respect to food storages, education, recovery, the cost of living and women's problems in feeding and clothing families.

Part of the time the women will stay in private homes.

They left Omaha and Chicago by air February 21 to meet in New York and go to Paris by plane.

LLOYD LERDAL OPERATES 240 ACRE MYSTERY FARM, HAS TIME FOR MANY OTHER ACTIVITIES

Mr. Lloyd Lerdal is a very busy man. He is the corn sealer for Belmand and Pleasant townships, the assessor for Belmond township and he's an active 4-H club leader. He is also the president of the school board for Belmond township, has served as committee member of the AAA for the past three years and at the present time is an alternate board member. He still finds time to operate his large 240 acre farm which was "Mystery Farm" number 23 appearing in last week's paper.

Recent improvements include insulation of the house a year ago last fall and a new roof on the barn last fall.

Mr. Lerdal has been milking around 14 head of Shorthorn cows but at the present the calves are doing the work. Last year he raised 72 spring pure bred Duroc pigs, 40 fall pigs, 20 head of Columbia sheep and 14 head of Angus cattle.

The Lerdal boys have been very active in 4-H club work and have received many awards. They have five or six 4-H club calves.

Last year Mr. Lerdal raised 110 acres of corn, 47 acres of beans, 23 acres of oats, 8 acres of hay and the rest is in pasture.

There are six children in Mr. and Mrs. Lerdal's family including: Janet, who operates Jan's Beauty Shoppe in Belmond; Kenneth, a senior; Beverly, a sophomore in Belmond high school; Bud, 8; Bob, 6; and Tommy, 4. Mr. Lerdal said "We need just one more boy to make a basketball team.

When Mrs. Lerdal has any time she likes to crochet and fish. The entire family usually take a fishing trip to Minnesota once a year.

Mystery farm 24 appears this week in an advertisement sponsored by the Belmond Motor and Body Shop. Occupants of farm shown in the paper are urged to stop at the Independent office to receive a free copy of an enlargement of the picture printed and to give information about the farm and the family for publication the following week.

TAXPAYERS ATTENTION!

Many of you have asked how the tax equalization program is progresing and when figures will be available.

We wish to report that work is proceeding satisfactorily, and just as soon as possible we will send you notice of the value we are placing upon your property for the 1949 assessment.

Within a very few days our personal property representatives will be in Belmond. and before too long our commercial property representative will be calling upon you.

We will not bother you more than necessary, but it is necessary that we call and make inquiry as to various matters.

Your 100% cooperation will save your time, as well as ours, and will be of great help in the establishment of fair and equitable values.

After values are established by this office, the Board of Review will adjust said values, as in their judgment is necessary to obtain equalization.

This office and our representatives are your friends, and our sole purpose is to obtain equity of assessments, on a basis as set forth in the statutes of this state.

Contrary to any reports, no one as yet knows the assessed value of any piece of property, or any stock of merchandise, for the 1949 assessment year.

We have nothing to hide, and when our work is completed the records will be open to everyone.

In the meantime we request your continued cooperation, and an open mind until actual facts are available.

F. Ross Henry, Deputy County Assessor

Free Nursing Scholarship Offered To Young Women of Wright County

Free scholarships to young women in Wright county who would like to become trained nurses and are unable to pay for their training are offered by the Iowa Division of the American Cancer Society, according to an announcement just made by Mrs. Lynn Thompson, chairman of the Wright county chapter.

"The need for more nurses in Iowa is so great," Mrs. Lynn Thompson said, "that the Iowa division of the ACS is now offering to a limited number of students in each county the opportunity to become registered nurses if they meet the required qualifications.

"Nursing is not just a job," Mrs. Thompson said. "It's a profession, the finest in the world. Young women who become trained nurses have their future security assured. They will never be out of work; the training they receive will be of lasting benefits to them all their lives. If they marry, they make better mothers, better neighbors. They have the highest standing in their communities. They learn to love people and people love them. They acquire poise, self-control, charm. They enter a profession which is one of the best possible preparations for successful living. Their rewards are rich and satisfying, and the most inspiring part of their work is the privilege of service to humanity. In the words of Florence Nightingale, 'Nursing is an art; it is one of the fine arts; I had almost said the finest of the fine arts.'"

Women over 18 in good health who have graduated from high school with satisfactory scholastic records and lack the financial means to continue their education, who would like to make nursing their career, should see Mrs. Lynn Thompson for further information regarding the scholarships now being offered by the Iowa Division of the American Cancer . Society. Clarion, Tel. 761R2.

Resignation of Margaret J. Taylor as deputy county auditor, effective at 4:00 P.M. on February 14, 1949, was placed before the supervisors, and on motion by Fisher and seconded by Pinkham was accepted with great reluctance.

David G. Erickson, County Auditor appointed Eva Castleman as deputy auditor. It was moved by Pinkham, seconded by Smith that the appointment be approval effective at 8:00 o'clock A.M. February 9, 1949. Motion carried.

Moved by Trowbridge, seconded by Smith that semi-annual report of H. E. Sullivan, County Treasurer, be approved and placed on file. Motion carried.

Whereas Wright County Iowa acquired title to Lots 1 2, and 3, Block 19, Walnut Grove Addition to the Town of Clarion, Iowa by Tax Deed dated March 11th, 1940, filed for record March 11th, 1940 and recorded in Tax Sale Deed Record 6, Page 173 of the records of the County Recorder of Wright County, Iowa, and

Whereas, Wright County, State of Iowa, issued a Quit Claim Deed to the above described real estate to Dan Grove, said deed being dated July 1st, 1940, filed for record July 3rd, 1940 and recorded in Tax Sale Deed Record 6, Page 185 of the records of the County Recorder of Wright County, Iowa, and

Whereas said deed was issued by proper Resolution of the Board of Supervisors of said County, but no Resolution was made approving said deed as required by the Code of Iowa, and

Whereas the lack of said Resolution approving the deed constitutes a cloud upon the title of said property and the Board of Supervisors desires to remedy this situation at the request of said Dan Grove,

Be it therefore resolved by the Board of Supervisors of Wright County, Iowa, that the Quit Claim Deed from Wright County above referred to and described, be, and the same is hereby appproved by said Board of Supervisors.

The foregoing Resolution was introduced by Pinkham, seconded by Smith.

Upon roll call the following members voted aye: Pinkham, Trowbridge, Smith, Fisher, Henry. Nays: None. Motion carried.

Minutes were read and approved.
On motion meeting adjourned.
T. J. HENRY, Chairman,
DAVID G. ERICKSON, County Auditor.

Clarion, Iowa, January 20, 1949
1:30 o'clock P. M.

The Board of Supervisors met in session at the courthouse in Clarion, this being the time and date set for the hearing on benefit of assessments on D.D. No. 214. The following members were present:

T. J. Henry, Chairman; A. W. Smith, Geo. S. Trowbridge, H. C. Pinkham, Wm. Fisher, and with the county auditor in attendance.

There were not any objections filed and not any objectors appearing, therefor it is moved by Pinkham, seconded by Trowbridge that the said assessment be accepted and that February 12, 1949, be the final date that said assessments may be paid without interest. Motion carried.

Minutes were read and approved.
On motion meeting adjourned.
T. J. HENRY, Chairman,
DAVID G. ERICKSON, County Auditor.

Enlistment In Armed Forces Remains Open

The Director of Selective Service has determined that on February, 1949, and thereafter until the National Military Establishment places a call with the Selective Service System, any registrant may volunteer for enlistment in the Regular Army, Navy, Marine Corps, or Coast Guard.

This announcement came on Wednesday from H. V. Schoonover, Chairman of the Wright County Selective Service Board.

EGG

Abe Hankins and A. J. Arends, Anamosa hatchery proprietors, are trying to hatch out an ostrich egg which Mr. Arends brought back from California. The dark-green egg measures 14 inches around the long way and 12 inches the short way. They don't know whether the egg is fertile or infertile, or how long it takes to hatch an ostrich egg but are hoping for the best.

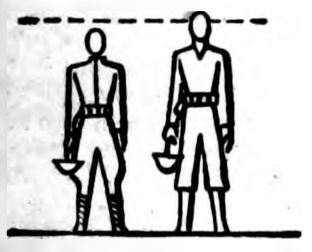
DODGE TO INTRODUCE NEW KIND OF CAR BUILT FOR TODAY'S BIGGER TALLER AMERICANS

Daring New Dodge establishes new trend . . . provides more head room, elbow room and leg room, at the same time decreasing outside dimensions. Extreme lines, uncomfortable seats and cramped interiors have no place in Dodge thinking.

"BODY-CRAMPING ROOF LINES MUST GO," said Dodge! Army physical exams revealed that our wartime generation was bigger, taller and more active. A car with *more* interior space—not less—is the goal Dodge engineers achieved.



Army statistics revealed that the G.I.'s of World War II averaged 1½" taller than the Doughboys of World War I. The same statistics showed they were also heavier and more active.

DODGE STARTED WITH A SPACIOUS INTERIOR—and practically built the rest of the car around it! Here is room to "roam around in"—plenty of room to let the human body take positions that are *natural* and therefore *comfortable*.

DODGE SAID "NO" TO THIS . . . repairing dented or torn fenders is sure to be costly when fenders are formed right into great masses of sheet metal. Now look below and see why Dodge owners don't have this worry.

TIRING? YES! Doctors agree that people can't go for long periods "sitting on their spines" without becoming tired, irritable. Dodge did something about this, too!

AH-H! RELAXING! Dodge "knee level" seats, shown above, put the entire body in a *natural* position . . . with full leg support for restful, all-day comfort.

DOWN GO REPAIR COSTS! No costly-to-repair, massive sheet metal fender sections in new Dodge. Fender unit is bolted (not welded) to body; easily removed, repaired and even replaced, if necessary, at reasonable cost.

"'NECK-CRICKING' CONTOURS ARE ALREADY OLD-FASHIONED," says Dodge. How can today's bigger, taller Americans be comfortable in a car where it's even hard to lean back or sit up straight?

DODGE ROOMINESS IS ROOM ALL AROUND... The new Dodge, shorter, narrower and lower, gives you more elbow room . . . leg room . . . head room . . . that today's bigger Americans will WELCOME!

LOWER ON THE OUTSIDE . . . *Higher on the Inside* • SHORTER ON THE OUTSIDE . . . *Longer on the Inside*
NARROWER ON THE OUTSIDE . . . *Wider on the Inside*

SEE HOW DODGE DOES IT! Coming Feb. 25th

JEANNE HEMMINGSEN RECEIVES ONLY FIRST IN SPEECH CONTEST

Jean Hemmingsen of Belmond was the only local student to receive a first rating at the preliminary speech contest held here last Wednesday.

Jean won for her entry in the interpretive reading division, "Patterns" by Amy Lowell. Her prose selection was an essay on major and minor poets. Barbara Bowman of Clarion also received a one in this division.

Of the other six first ratings in the contest Clarion received four and Williams two.

The three ones for declamations were given to Donna Lindstrom of Clarion who recited "Many Moons", Anna Jane Lamfers of Williams who presented "Sweet and Girlish" and Mary Lois Tallman who gave "The Waltz."

Charles Walker of Williams took home a first rating for his radio speech entitled "The Great Crippler."

Of the four one-act plays presented in the evening, the judges rated Clarion's play "Sugar and Spice" first and Belmond's play, "Sparkin'" second. The winning cast of five included Lelan Barnes, Barbara Bowman, Patty Bunn, Janis Oldham and Larry Shupe.

No ones were given for extemporaneous speaking.

The judges distributed 12 second ratings as follows: Eagle Grove, six; Belmond, three; Williams, three; and Clarion, one.

Those from Belmond receiving second ratings were the play cast, Janis Bailey, and Marian Anderson.

Students who received first will attend a sub-district contest at a time and place to be decided later.

Editorials of the Week—

STUDENT GOVERNMENT AND CLASS MEETINGS

The scene is the U. S. capitol building in Washington. The House of Representatives is in session. The important Taft-Hartley labor bill and the Wagner act are the topics before the eighty-first congress. Can anyone visualize the bedlam that would ensue if the 345 delegates from across our nation would converse among themselves on subjects far removed from the laws of the land, or if all would try to gain the attention of the speaker simultaneously?

Thus far, so it has been in the majority of the class meetings in B. H. S. The subjects to be considered, when presented by the chairman, are virtually inaudible due to the unattentativeness paid the discussion. Then, too, there is a "follow the leader" routine in voting on nominations. We must realize we should place the most logically suited candidate in the position.

With such important events in the future as the junior-senior banquet, the senior class play, and graduation, numerous class meetings will be necessary.

Our class advisors have all attended meetings in college, where class administration is carried on with a larger scale. Let's give them our wholehearted support and assimilate some methods and functions of improves class government during the remainder of the year.

LET'S DO OUR PART TO HELP THE JANITORS

"Oh, why don't these kids pick up their own paper?"

As we pass out of the doors at night, we see the janitors standing there with their brooms and mops, all ready to clean up after us. All day long they wait patiently while groups of boys and girls go by, dropping gum and candy wrappers or Kleenex. They sit tight (counting to ten) while this goes on all day.

Anyone looking at the study hall immediately after school is dismissed, can see that it is in terrific disorder. The newspaper has been torn, magazines are scattered all over, erasers are everywhere but on the blackboard tray, and the chalk has all been stepped on.

As soon as we've left the building, the janitors begin to dust and sweep, just for us to mess up again the next day. Their duties also include keeping the fire going and seeing that everything is in good condition.

When we come to school in the morning, let's give a thought to the janitors and try to keep the halls and rooms a little more neat.

—Norma Jean Hopkey

Square Dancing Is G. A. A. Entertainment

The Girls' Athletic Association sponsored a party in the hot lunch room of the school house on Thursday, February 10. The entertainment consisted of three types of square dancing.

The girls played basketball last night and they will play again next Wednesday, March 2.

CONSCIENTIOUS GUIDANCE IN TIME OF NEED

BAND TO PARTICIPATE IN APRIL 9 CONTEST

The band will take part in the music contest to be held at Clear Lake on April 9. Here, the local group will compete with the following Class C schools: Britt, Buffalo Center, Dows, Garner, Kanawha, Northwood, Thompson.

Extra practices will be held from 7:30 to 9:00 on Wednesday evenings. Mr. Cunning, the director, announced that the general public is welcome to attend these rehearsals.

Recordings are being made during practices. In this way mistakes by both the band and director can be checked.

Janis Bailey and Jerry Hanson, vocal soloists, will also participate in the coming music contest in addition to those named previously.

Hot Lunch Program Serves 300 Per Day

Over 300 a day! And 1,547 during the week of February 7 to 11!

These figures sound impressive, don't they? They concern the hot lunch organization which serves over 300 meals a day. In other words, it furnishes the noon meal for almost one-half of the students in the local school.

About $300 is taken in each week for tickets. These cost each student $1.25 a week or 30c a day.

Fruit juice, milk and bread and butter are served daily with a variety of other foods such as chili con carne, creamed potatoes, beef and noodle soup, creamed chicken and baking powder biscuits, and many others. The cooks do all their own baking except bread. One day they made 350 doughnuts for just one meal. When served, about two gallons of pickles and 100 pounds of potatoes are used per meal.

The cooks begin working about 7:30 in the morning and finish about 3:00 in the afternoon. The entire hot lunch program is under the supervision of Mrs. Mattie Farmer and her assistants, Mrs. Bier, Mrs. Dettman and Mrs. Luick.

Jerry Hanson Tops Beginning Typists In 5-Minute Tests

Jerry Hanson is at the top of the beginning typing class with a speed of at least forty-five words per minute on five-minute tests. Virgil Bunjer and Shirley Proeger are next with a rate of forty. Those who have reached thirty-five words per minute are Duane Dorr, Bob Boss, Marilyn Madsen and Marilyn McNutt.

Several of the girls in the advanced typing class have been acting as secretaries for teachers. This work gives them practical office experience.

The bookkeeping class is working on interest and bank discount. They will begin working on their second practice set soon.

TIPS FOR TEENS

This week our etiquette column is considering a problem in which we're all very much interested. It's a pleasure we all enjoy, but one we can't use in school—for obvious reasons. By now you're curious and are wondering just what we're talking about. You probably have guessed, it's gum chewing.

Nothing is less pleasing than to see a group of girls or boys walking along the streets, in the movies, or studying in school with their jaws moving up and down as they try to get all they can out of a poor little stick of gum.

If you HAVE to do it, the way to look attractive in chewing gum is to do it invisibly. Visible chewing destroys a person's appearance, and noisy chewing gets on the nerves of all within hearing.

Let's be careful not to snap the gum and to squeeze so that it squeaks.

If you like to chew, and you want to do it well, sit down in front of a mirror, put a piece in your mouth and chew and talk to yourself.

The carelessness with which many persons dispose of their gum causes trouble and damage to others. It is very uncomfortable to step on a piece of chewed gum, and it's disgusting to run your hand beneath a theatre seat, restaurant table, or any desk or seat, and feel several thousand little mounds.

Finally, we come to the two ways of disposing of the remains. First, it can be taken from your mouth, slipped into a piece of paper, wrapped tightly and thrown away. Secondly, it can just be swallowed!

Belmond Completes Conference Season In Third Place

The North Iowa Conference basketball season drew to a close last Friday, February 18.

The conference champion is Forest City with a record of 11 wins and one loss. Herb Thompson and Dean Rye were the team's outstanding players.

Britt, with stars Jim Harvey and Mort Williams, ranked second with nine wins and 3 losses.

Belmond's Broncos ended up in third place with 8 wins and 4 losses for their conference record. Roger Kinseth and Duane Trager starred for the local team.

Kent Winters was the spark plug who lead Buffalo Center to fourth place with six conference wins and six losses.

Northwood finished with 3 wins and 9 losses. Lake Mills came next with a record of 5 wins and 7 losses. Garner drew the cellar position with 1 win and 11 defeats.

Question of the Week:

What season of the year do you like best and why?

Miss Dillan: Summer—I love to swim and unless there's a pool I can't do that during the other seasons.

Evanette Pals: Spring, because I'll be moving to Sheffield and will be meeting new friends.

Joe McLaughlin: Summer, because there are more things you can do and you don't have to wear so many clothes.

Darlene Chapman: Summer, because I enjoy not working and all those swell vacations that come along.

Mr. Squires: Fall, that's the hunting season and the temperature is not so extreme either way.

Kenny Kronk: Winter, because of snow and ice vacations.

Dorothy Halfpop: I like both summer and winter. In summer you can swim and in winter you can go coasting. I guess I like fall too, because of— and Spring —well—

Betty Pals: Spring of course, That's when things usually start happening to everybody. Spring fever, you know.

Marilyn Friesleben: I like them all 'cuz there's lots to do in all all of them.

Alvin Halfpop: Summer, because then on Sundays I can ride my doodle bug.

33-Piece Junior Band Will Be One of Three Instrumental Groups

For the first time in history a junior band has been organized in the Belmond school. The 33-piece organization is supervised by Duane Cuninng, local and director, and is made up of students who have studied music for more than one semester.

Members of the group, which rehearses on Tuesday and Thursdays at 1:50 p. m., are still working on beginning and simplified band music. As soon as the required assignments are completed, the players will advance to either concert or marching band.

The junior band, which is a complete organization in itself, will play a couple of pieces at the pre-contest to be given in the gymnasium on April 1.

Members of the band are as follows:

Cornets—Jim Gealow, Gary Dippel, Jack Dunton, Jerry Hopkey, Larry Schimp, Bradley Hammond, Tedmarr Thompson, Phylis Christenson.

Clarinets — Betty Dannewitz, Margaret Eccles, Carol Ann Leinbach, Samuel Leinbach, Carole Chinberg, Marlin Cunningham, and Carol Ann Waddington.

Horn—Marlene Bunjer.

Trombones — Roger Lathrop, Harold Tendall and Alan Trees.

Drums — Alice Koppernagle, Theatta Bunjer, Thelma Meyers, Mary Alice Studebaker, Susan Jones, Carmen McLaughlin and Eleanor Wagner.

As distinguished from the junior band, the concert band is made up of students from junior high and high school who have studied on an instrument for one year or longer.

A beginners' band will be organized this summer. This will make a total of three complete instrumental groups in the Belmond schools—namely, concert band, junior band and beginners' band.

F. F. A. Officers Installed Last Week By Eagle Grove Club

The local F. F. A. officers went to Eagle Grove Wednesday night, February 16, where they were installed into the F. F. A. by that chapter. This entitles them to hold an installation ceremony for the rest of the local members.

The group held a special meeting Friday, February 11. At this meeting they named the organization "The Belmond Friendly Service Chapter"; they also approved their constitution and this year's program of work. They made their initial move towards raising funds for the organization, by selling coffee and cookies at last week's night school.

FADS AND FASHIONS

It seems that Jack R. and Don F. have turned Irish. Did everyone notice the flashy green ties they wore at Norma and Marilyn's party ?

Sack dresses are coming back into style. The first ones seen lately were worn by Marlys W., Marge K. and Frances P.

Jeannie H., Marion L., Dixie C., Jeanette McG. and many others really have been going in for shorter hair styles?

What happened to Charles Mikesh's hair? Could it be that TONI got the best of him?

Have you noticed the different style of wide-rimmed, shatter-proof glasses that Trager and Faris have been wearing at basketball games?

Now for a few fashion forecasts: Girls, did you know that skirts will still be closer to the ankle than the knees, but they'll be an inch or two shorter?

There'll be three general styles to choose from: One will be full-skirted and skin-tight at the bodice. Another will be slim from neck to hemline, and the third will have looser bodices and fuller and slimmer skirts. As for colors, navy and black will be very popular. Blond tones and deep, gray browns will be emphasized too.

The boys certainly weren't left out in this spring's fashions. They'll be wearing the new, bold look with all kinds of bright-colored clothes.

CAMPAIGN CONDUCTED FOR LIBRARY CARE

The Student Council has been trying to figure out some way to take better care of the school library. At present, many of the magazines have been torn by the end of the day, and there is very little left of the newspaper.

The Council has asked the cooperation of the student body to keep the encyclopedias in the study hall where they belong, and to take care of valuable books.

GRADE NEWS

KINDERGARTEN

Mrs. Patterson has been substituting for Mrs. Christie, who went to Texas for two weeks.

The class has been making a farm and zoo scene on their sand table. Each day the two best-behaved people work on the project. Each student collected animals and buildings for it.

The kindergartners had candy, cookies and ice-cream for their Valentine's party on February 14.

Each child receives a gold star placed on a heart-shaped chart every time he passes inspection of hands, teeth and fingernails.

FIRST GRADE NEWS

Several children have been absent because of colds and flu.

Dean Pals and David Bergman celebrated their birthdays and treated the children to candy bars and cup-cakes.

The children had a Valentine's party on February 14.

The "Brownie" division began reading "Fun with Dick and Jane" and also using their new workbooks. They took a "Basic Reading" test last week.

SECOND GRADE NEWS

Many of the children have been absent due to illness.

They made Valentines and silhouettes of Lincoln in art.

The children have listened to stories about Lincoln and this week are reading about Washington.

Last week the class started its dental program. A student who brushes his teeth either morning or evening for a week receives a gold star.

The room also has a chart in home reading and seeing who which helps to promote interest reads the most books.

A new flag has been put up in front of the room.

The Valentine box resembled a merry-go-round. The children made valentines for their mothers and fathers in art class.

In spelling ten first graders received one-hundred.

THIRD GRADE NEWS

The following people received one hundred in spelling: Marlene Benson, Dwight Davis, Larry Esk, Janice Flanagan, Bill Kaufman, Douglas Nodland, Brenda Steenblock, Charlotte Studebaker and Jo Ann Williamson.

The class held a Valentine party on February 14. They had made "Valentine men" in art earlier."

Because of bad colds the following were absent from school: Marlene Benson, Pamela Martin, Susan Schmidt, Erwin Crabtree, Billy Abbas, Douglas Kestler, Jo Ann Williamson and Sara Simerson.

The class has been working on phonics and division of words into syllables.

FOURTH GRADE NEWS

The science class has completed the unit text "Living Things" and "The Air About Us." They have also started a new unit on "reptiles." Science booklets are being made, and the students have collected pictures of animals with backbones. They have also been experimenting with air pressure, especially the great force with which it presses on the earth's surface.

Billy Murray's birthdays was on Valentine' Day, and his mother brought treats so that the class could help him celebrate. Many other mothers sent treats to the Valentine party, and the fourth grade wishes to express its thanks.

FIFTH GRADE

Pupils having perfect spelling were Patty Ammerman, Mary Jo Benson, Marlene Bunjer, Darlene Busick, Marlin Cunningham, Jack Dunton, Russel Fleming, Connie Hill, Donald Hood, O. D. Jenison, Char. Johnson, Mary Ellen Johnson, Monica Jones, Neva Kyser, Mary Lou Roth, Roger Shahan, Jolane Sheller, Ronald Smith, Shirley Soma, Tommy Stadtlander, Sandra Steenblock, Arlo Stoltenberg, Merle Van Gerpen, Bernard Wessels, Bradley Hammond.

The fifth grade students had a Valentine's party last week and had a great variety of refreshments.

SIXTH GRADE

The geography class is making scrap books of the Mediterranean lands. They have also been working on relief maps and electric maps.

In science one group of pupils is studying rocks, while the others are reading about dinosaurs.

In a basketball game played on Tuesday, February 15, Eugene Mehl's team defeated LeRoy Smith's team by a score of 19-4.

JUNIOR HIGH

There are now 42 students in the seventh grade and 37 in the eighth.

A new American flag has been given to the room, and the classes wish to thank the school for it.

Julian Turner is leaving his classmates and is moving to a farm near Dows.

VOL. 30 NO. 20 | OFFICIAL CITY PAPER | Belmond Wright County, Iowa Thursday, March 3, 1949. | OFFICIAL COUNTY PAPER | The Family Newspaper

MAIN STREET

By George C. Hansen

While on the most timely subject of basketball we should like to print a statement sent in by one of the local fans, Mrs. M. L. Proeger, with whom we heartily agree. Mrs. Proeger said, "Mr. Faris, Mr. Patterson and Mr. Scott are to be complimented on their efforts to train the student body to show respect to visiting basketball teams.

"Very little 'Booing' is noticed among the twenty to forty year group.

"Why can't the older group catch on?"

—M-S—

They had a newspaper, lost it, now they want it back!

If you are desirous of wanting to run a newspaper — with the feeling of security—here is your chance.

A town west of here has been without a newspaper for several years. Now the business men of that community are really making an offer fit for a "king" especially with the shortage of housing.

All you have to do is show the business men you are willing. They offer a new home and will aid financially.

I talked with one of the business men some time ago and he remarked, "I have a big investment in this community, and I certainly will lose it all if we don't get a newspaper.

A town without a newspaper is like a row boat without oars. Of course, there are many who know it—but dislike to admit it openly.

—M-S—

By the time a man collects his thoughts, he's too tired to write them down.

An apology is better than an explanation—and quicker.

—M-S—

Noticed in looking over the items for "Way Back When" in the group taken from the issue of 20 years ago a paragraph about Belmond's basketball team which read as follows:

"Belmond's basketball team worked its way to the final game in the district tournament, held at Britt last week, losing to Britt Saturday night, 33 to 22, in a clean, hard battle.

W. H. TRAFFORD FELL ON ICE; BROKE KNEECAP

W. H. Trafford suffered a broken kneecap a week ago Sunday when he fell on the ice.

$2000 Is Quota Of Belmond Red Cross '49

Virgil Smith, chairman of the Belmond Red Cross fund drive announced Wednesday that the quota set for the Belmond Chapter for 1949 is $2,000. 24 per cent of the amount raised goes to the National Red Cross, while 76 per cent is kept in the local chapter for use in the Belmond vicinity.

Plans are being made for a fund drive kick-off meeting next weekend. Both Smith and his co-chairman, A. P. "Dutch" Thompsen, are working on the organization of their staff of fund drive workers preliminary to this meeting.

A large percent of the local receipts is used to finance the water safety program. Financial aid is also given to the health program of the Belmond schools. The water safety program was started two years ago with the Belmond Red Cross chapter financing swimming lessons for Belmond school children above the fourth grade at the Clarion pool, together with transportation. This program has met with such success that plans have been made for its continuation.

All-Conference Basketball Teams Chosen by NIC Coaches

Roger Kinseth Makes Forward Spot, Top Team

North Iowa Conference coaches have announced the all-conference basketball teams, for which they chose Roger Kinseth of Belmond for one of the forward spots on the top team and Keith "Sonny" Greenfield as one of six on the second team. Duane Trager and Wilmer Gabrielson are among those receiving honorable mention.

The seven chosen for the all-conference first team are as follows:

H. Thompson, Forest City, Forward
Roger Kinseth, Belmond, Forward
Winter, Buffalo Center, Center
G. Thompson, Lake Mills, Guard
Rye, Forest City, Guard
Harvey, Britt, Guard
Williams, Britt, Center.

Second team includes Erickson, Garner; Brackley, Lake Mills; Anderson, Northwood; Huisman, Buffalo Center; Greenfield, Belmond; Hinds, Northwood.

Receiving honorable mention were Trager, Belmond; Gabrielson, Belmond; Engstler, Garner; Johnson, Forest City; Bolstad, Lake Mills; Oetkin, Northwood; Patterson, Northwood; Moeckly, Britt; Thies, Britt; Smith, Buffalo Center.

Eugene Bradley Is Manager Of 'New Belmond'

Has 20 Years' Show Business Experience

Eugene Bradley, who has been in business at Dows the past several months, came to Belmond Sunday night to take over management of the New Belmond Theatre.

Bradley has been in various phases of the show business for twenty years. He and his wife, acting and dancing in vaudeville, have worked all over the country, mostly in the middle west. Most recently, for three years, they made commercial motion pictures and also worked in television at Detroit, Michigan

At the present time Mrs. Bradley is conducting dancing classes for children at both Dows and Rowan.

Bradley had three years in service with the U. S. Navy during World War II, during which time he was in charge of entertainment and an 18-piece service band at San Diego, Calif.

Observe 'World Day of Prayer' First Friday In Lent, March 4

Services Held Tuesday For Elaine Kaufman

P. T. A. Hears Report on Summer Recreation Plan

At the P. T. A. program held Monday night at the school house auditorium, main topic of business discussed was the proposed summer recreational program for children under the fourth grade.

Mrs. Fred Pals, heading the committee which had been making preliminary plans and investigating means of conducting such a program, made a report which suggested a program to include the following: daily story hours and game periods for kindergarten and pre-school children, field trips, games and contests for older children; providing of additional equipment such as sandboxes in a supervsed play area in the park for little children; sports equipment placed in several vacant lots around town for use of older children; a full-time recreational supervisor together with such assistants as may be needed.

The P. T. A. members present voted to give the committee authority to go ahead with plans for the summer program on the basis of the report.

Plans for the P. T. A. carnival, to be held on March 25 for the purpose of financing the summer recreational program, were discussed and committees announced by the chairman, Mrs. Laurence Murray.

Solos by Jeanne Oberhauser and Beverly Madsen made up the music on the program. The girls sang numbers which are among the selections for the music contest at Dows on Saturday, March 12.

FREEZER DEMONSTRATION AND COOKING SCHOOL WELL ATTENDED FRIDAY

The Whiting Freezer demonstration and cooking school held at the I. O. O. F. Hall last Friday was a success, according to Theodore Bonte, owner of Bonte Hardware and Appliances which sponsored the event.

Coffee and cakes were served to approximately 115 women, the best crowd that has been present at an event of this kind in the territory. A number of the women received door prizes.

All Churches Invited To Services At Methodist

Annual observance of the World Day of Prayer will be on Friday afternoon, March 4 at the Methodist Church at 2:30 o'clock. An invitation is extended to members of all churches to come and participate in this observance.

The uniform theme of this year's service "The Lord Is My Keeper" and several of the prayers used therein have been contributed by Christian women in China. The final arrangement is presented by the World Day of Prayer Committee of the United Church Council of Church Women, which is international, interdenominational and inter-racial.

Traditionally, on the first Friday in Lent, Christians the world around unite in prayer for home and foreign missions. They keep the day in the heart of Africa, in the frozen reaches of Baffin Land, in the bustling port cities of Latin America, in isolated villages of the Orient, as well as in thousands of communities in the United States and Canada.

The service for the day of prayer finds its way into the walls of institutions; the sick, the aged, the blind, the residents in leper camps and tuberculosis sanatoriums all share in the observance. Children join the chorus of praise and petition; business women set their noon hour apart for corporate worship; groups of young people meet at night to pray together. There is no barrier of language, nor of distance, of color, of creed; all make a common approach to the Father.

Over the years the World Day of Prayer has come to be perhaps the greatest single unifying force among all Christian women everywhere.

Mrs. Ollie Packard, 71, Died Monday, Born And Lived All Of Life Here

Services were held Wednesday afternoon at the Congregational Church for Mrs. Ollie Packard, 71, who died Monday evening, February 28, at the Mercy Hospital in Fort Dodge. Rev. Lee C. State officiated at the service and burial was at the Belmond cemetery.

Mrs. Packard had spent part of the winter visiting in Texas at the home of her two sons and had returned to Iowa about three weeks ago, going to Fonda for a visit in the home of her daughter, Mrs. Uyntah Mahoney. On Thursday of last week she became ill and was taken to the Mercy hospital at Fort Dodge Saturday, where she died two days later.

Mrs. Packard was born here and lived all her life in this community. Besides her daughter at Fonda and two sons, Dr. John Packard at Harlinger, Texas, and Dr. Duane Packard, Kerrville, Texas, she is also survived by two sisters: Mrs. Anna Fee and Miss Henrietta Pals, both of Belmond.

Fulton Funeral Home was in charge of the services.

Mrs. H. R. Bayliss received word from Percy Jones General Hospital at Battle Creek, Mich., that Delmar Quandt had a major operation on his leg Friday morning. She also had a telephone call from him Monday morning and he says he is getting along nicely.

Mrs. Philip Erdman Honored On Birthday

Mrs. Philip Erdman was honored on her birthday Monday evening by a family party at her home. Guests were Mr. and Mrs. Arthur Pringnitz and Karen, Mr. and Mrs. Archie Lee and family, Mr. and Mrs. Ed Schimp and Larry and Mrs. Minnie Kolpin and children.

Munnis and Frye Purchase Belmond Sales Pavilion

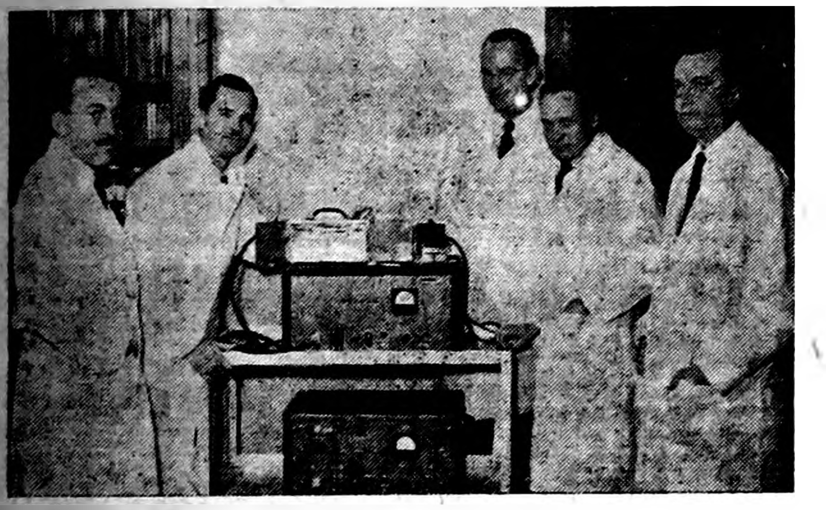
J. H. Munnis of Clarion and Ray Frye of Dows, both auctioneers, purchased the Belmond Sales Pavilion last Thursday, February 24, and took possession March 1.

Both men are well-known in this territory. Munnis has been auctioneering 37 years and Frye the past 22 years.

Sales will be continued as usual on Tuesday afternoon, but larger consignments of livestock are expected in the future. The new partners also expect to hold machinery sales from time to time.

Marvin Pals ,former owner of the Belmond Sales Pavilion, will devote his entire time to trucking and corn shelling.

To Direct Cancer Research



Announcement has been made of a $35,000 gift to the state university of Iowa by the Iowa division of the American Cancer Society, making a total of $70,000 granted by the Iowa division for cancer research and equipment of the university's radiological laboratory under the direction of Dr. Titus Evans. Pictured above are some of the men who are participating in the important research projects now underway: R. J. Stein, Doctor Evans, Dr. W. O. Nelson, Dr. E. D. Warner and Dr. M. H. Soley.

More For Cancer Research AT SUI

Mason City—The board of directors of the Iowa division of the American Cancer Society has voted another grant of $35,000 to continue and expand the work in cancer research now being done at the State University of Iowa, it has been announced by Dr. W. H. Morgan of Mason City, chairman of the Iowa division. The university had asked for $37,800 in addition to a contingent fund of from $10,000 to $15,000 to provide for subsequent requests that might arise at the university.

The $35,000 allocated is in addition to a similar grant made by the division last year, making a total of $70,000 so far awarded the university. Dr. H D. Kerr, chairman of the committee on research of the Iowa division, reported that the previous gift of $35,000 for a radiological laboratory at the university is being used for the purchase of equipment, and that a staff of three had been acquired. The laboratory, under the direction of Dr. Titus Evans, asked that an additional $5,000 be granted for the purchase of chemical equipment and a specialized Geiger counter, and that $15,000 more was needed for placing partitions and walls to make the laboratory ready for use.

To Aid Experimental Work

The department of anatomy (Dawson) submitted a request for $1,000 to evaluate the Beard and Harris tests for cancer. It also asked for $800 for experimental work covering the possibility of developing malignant changes in certain benign spontaneous breast tumors of rats (Nelson).

The department of obstetrics and gynecology (Plass) asked for $6,500 for the development of a tissue culture laboratory.

The department of surgery and pathology (Womack and Warner) requested $2,000 for the development of a collection of colored lantern slides, and the cancer committee of the university asked for $7,500 for the development of a small animal house with cages and animals; this sum will include air conditioning of these rooms and salary of a man to care for and feed the animals.

Professional Education

In support of its professional education program, the Iowa division has also gven $600 to the State University to provide lectures on cancer as part of this year's college of medicine lecture series.

OLD CAR

Two Canadian residents stopped in Leon recently, driving a 1910 McLaughlin-Buick, in which they were enroute to California. Although 39 years old, the automobile is running perfectly and even the fenders are bright and shiny.

MIDGET

Wm. Agena, of near Dows, was presented with a perfectly formed midget calf by one of his roan shorthorn cows recently. The calf weighed only 26 pounds and stands 15 inches high. In order to reach his dinner, he must stand on a scaffold but otherwise is alive, frisky and doing well.

Wanted: New Ideas on Window Drapes

Do you want a new idea for your window curtains? This is the time of year that homemakers are beginning to think of buying new draperies or glass curtains. Some of the questions that homemakers ask are: How long should curtains be? Does one line draperies? When should glass curtains and draperies be used? These questions will be answered in the lesson on "Window Treatment" to be given in the Family Living Program lesson in Wright County during the month of March by Mrs. Lettie E. Zuber, county extension home economist.

One lesson will be given in each township as an open meeting. Date, time and place are published under Rural Events in the local papers each preceding week.

What do the terms Everglaze and Bellmanized mean when they are on labels of cotton material? Illustrative material on chintz, paper curtains, and draperies will be shown. There will be helpful hints on the too narrow window or too wide and other window problems.

Every homemaker in the county is always invited and we are always happy to have a new homemaker come to an extension lesson.

NINETY-FOUR

At Forest City, Mrs. John Harstedt recently observed her 94th birthday.

HOW OLD?

Pete Kramer, who left Harlan back in 1892, was back there recently trying to locate other members of his family. He had two brothers and two sisters but has had no trace of them for 57 years. Among other things, Mr. Kramer wants to find out how old he is. A check of the Harlan newspaper files reveal no trace of any member of the family since 1906, at which time the family farm was sold.

SEVENTEEN

When Matt Huber, Bremer county farmer, drew a bead on a cluster of pigeons on his barn roof last week, 17 birds rolled to the ground dead as a result of the one shot. He has witnesses to prove it, too.

HAMBURGER

A skunk's fondness for hamburger proved his undoing recently. The striped visitor came to the Wayne Watkins home in Griswold and took up living quarters in the basement. He appeared willing to eat everything, including hamburger loaded with strychnine. It took four servings.

ASLEEP

When highway patrolman Orris Dillinger got word by radio that a suspected thief was believed to be on a south-bound bus, he drove 28 miles in 23 minutes and caught up with the bus at Lineville just before it crossed the state line. He found his man, W. E. Jones, of Des Moines, sound asleep.

[illegible] Ellingstons Have Lived On Mystery Farm All Their Married Life

Mystery Farm 24 has been the home of Mr. and Mrs. Elling Ellingston and family for 34 years. The couple started farming this place when they were married, purchased it from Nic Johnson.

The farm is 240 acres in size and is located four and a half miles west of Belmond. Last year 100 acres of corn, 40 acres of beans and 50 acres of oats were under cultivation. Ellingston also had 50 more acres of oats put in on a rented piece of land. He fed 40 head of purebred Hereford cattle last year and raised 125 to 150 Duroc hogs.

About 350 layer chickens, Leghorns and Rocks are kept on the place. These have always been in Mrs. Ellingston's department.

During the last few years the Ellingstons have been remodeling their house so that now they have a modern home. A new tile barn was built about three years ago, and a few years before that a new crib was added to the improvements.

There are seven children in the Ellingston family: five girls and two boys. The boys, Leo and Raymond, are at home. Ray is a sophomore in the Belmond high school; Leo, out of school, farms with his father. The five girls are married and include Mrs. Elmer Michelson, Mrs. Keith Bailey, Mrs. Roy Christianson, Mrs. Bob Nelson and Mrs. Lauren Fjetland. All live in or near Belmond except Mrs. Keith Bailey who lives in Tacoma, Washington.

Mr Ellingston takes an active interest in community and farming affairs. He was a school director for 14 years, was a member of the AAA board for three years. The Ellingstons have been members of the St. Olaf Church all their lives.

Mystery Farm 25 may be found this week in an advertisement sponsored by the Alexander Hatchery. Occupants of farms pictured are reminded to stop at the Independent office to receive free enlargement of picture shown and to give information about farm and family for publication the following week.

NOTE—The livestock markets have improved considerably Our sales have been holding up well in volume and prices.

CATTLE—We will have some good breeding bulls and milk cows, stock cattle and veals, fat cattle and butcher stuff. We have a good cattle market. Plenty of buyers who are willing to pay the market price.

HOGS—We have been getting a lot of brood sows and feeding hogs but not near enough to supply our demand. If you have some good brood sows and feeding hogs let us have them. We have the buyers.

SHEEP—We always have soom good bred ewes, feeding and fat lambs. Good native ewes are in demand and selling well.

HORSES — There is a farmer demand for good broke teams and we have a good killer market for those big fat horses.

To sum it up livestock of all kinds is still bringing good prices. The spread in prices are due to the quality and condition. The markets are flusterating considerably but we assure you that our markets will be in line at the time you sell.

Fortune's Survey Shows Farmers Have 38 Million Farm Machines In Use

By holding costs -- through mass production -- to what farmers can afford, American manufacturers have made it possible during the last eight years for farmers to buy machinery with a total of 30 million horsepower, it was revealed in a recent survey by Fortune magazine.

The machinery census taken by the the magazine showed that there are now more than three million tractors on American farms. In addition, farmers operate about 35 million other pieces of machinery.

Recent increases in farm income have sped up farm mechanization, it was found. In depression years farmers were unable to buy machines of an expensive type. Agricultural machinery companies, in fact, were forced, in some years, to use cast-iron where alloy steels would have been better. Otherwise the machinery would have priced itself out of the market. Farm implement companies, the magazine learned, have always been relatively low profit organizations.

The farm machines have a value over and above labor-saving. Since they are faster than manual or horsepower labor, they enable the farmer to take better advantage of favorable weather in planting and harvesting crops.

Searchlights on the machines are particularly valuable to farmers, since they enable them to work at night in rush seasons. The searchlights are used in harvest on thousands of farms.

Worthy of Consideration

Sentiment is growing for the manager plan of city and county government. The manager plan has accomplished such splendid results in the matter of city management that the feeling is growing that it can just as well be applied to county government. Four counties and 68 cities adopted the manager system of government in 1948. At the present time there is a total of 876 towns, cities and counties under the manager form of government.

In each instance in which an effort is made to secure the manager form of government for a county or a town the move is opposed by the politicians. The reason, the manager form makes for a more business like handling of tax money. As taxes mount the man who has to pay them out of his earnings and savings begins to think more and more about their being wisely spent. The manager system for city, county and town government is on the way all over this country.

Any progressive city or county might do well to give this matter serious consideration.

Editorially Speaking--

Air farming is gaining favor in California. The past year considerable rice land was planted by plane at a considerable cost saving. No less than 70 concerns are fitted to spray and plant for farmers. Quite a lot of fertilizer is of an air-spread variety. When a proper plane can be built—one that can safely fly close to the ground and dodge telephone wires, and turn corners — a plane will be part of many a farmer's equipment in sections where farming is done on a big scale. The helicopter type of plane seems to be the best bet.—Wright County Monitor.

Wealthy Must Share

This is about the only time of year that we common folks can look at the wealthy and think :"Well, we don't have to share as generously with the government now as you do." — Clear Lake Mirror.

Begins At Home

Glad to see our federal government sending thousands of dollars and snow removal equipment to these snowbound states. Far better help our own needy people than those unappreciative folks over seas. Charity begins at home.—Sibley Gazette-Tribune.

OBITUARY

MRS. MARY DRURY OF DOWS

Mary Ann Herberth, daughter of Elizabeth and Frank Herberth was born at Metamora, Illinois, July 19, 1860. She was educated and grew to womanhood in that vicinity.

On August 10, 1882, she was united in marriage to Edward Drury of Lexington, Ill. To this union seven children were born.

In the spring of 1900, the family moved to Iowa locating on a farm near Popejoy, later they moved to the Dows and Rowan communities where they spent the remainder of their lives, with the exception of several years that they lived in Highmore, So. Dak. Although they had reared their family to maturity, they were again called, through the death of the mother, to the duty of caring for Bernice, the infant daughter of their son, Ezra. She was a great joy and comfort to them in their later years.

Mrs. Drury was a faithful member of the Methodist church. She loved her home and her happiest hours were spent with her husband and their children, grandchildren and great grand children in family gatherings. She always had words of praise for the whole family. "Her children Rise, and call her Buessed."

After the death of Mr. Drury, on December 7, 1936, Mrs. Drury kept her home in Dows, but being in poor health the past year, she spent most of her time in the homes of her daughters, Mrs. A. R. Trousdale and Mrs. H. L. Hadley and also visited with her other children. Her eldest son, Almon E. Drury of Dows, preceded her in death February 28, 1948.

Mrs. Drury passed away Wednesday noon peacefully, at the home of her daughter, Mrs. H. L. Hadley, near Rowan.

Those left to mourn her death are Mrs. A. R. Trousdale of Alden, Mrs. May Pascoe of Washington, D. C., Mrs. H. L. Hadley, of Rowan, Frank Drury, of Clarion, E. P. Drury of Harrold, So. Dak. and J. J. Drury of Kanawha. Also the granddaughter, Bernice Warrick of Gettysburg, So. Dak., whom they reared, and 18 other grandchildren and 28 great grand children, Morris and Valoise Drury preceded her in death.

SAMUEL DWIGHT HINCKLEY

Samuel Dwight Hinckley passed away at his home in Rowan February 18 at the age of 71 years and 19 days. Mr. Hinckley was apparently in good health and after making a trip to town he complained of feeling distress and passed away before a doctor could arrive.

Dwight Hinckley, the son of James and Alice Hinckley, was born at Lake City, Iowa January 30, 1878. He lived most of his young manhood in Carroll county. In 1909 he was united in marriage to Nellie Carter. To this union were born seven children. One son, Edwin, preceded him in death at the age of two years.

Surviving are his wife, Nellie, six children, Marie Utz of Clarion, Neva Aldrich of Belmond, Lyle of Prairie City, Ruth Hoke of Des Moines, Ardyce Riis of Latimer, Harry of Belmond; nine grandchildren; three great grand children; a brother, Merton Hinckley and a sister, Charlotte Edwards of Armour, So. Dak., and many other relatives and friends.

He was a true and faithful husband, a kind and loving father and was always looking on the bright side of life.

Funeral services were held on Monday afternoon, Feb. 21 at 2:00 o'clock at the Methodist church. Rev. Strait officiated. Services were in charge of Mr. Eyler of Clarion and burial was in the Rowan cemetery.

Pall bearers were Clarence Gordon, George Pritchett, Bill Bailey, Perlie Lague. Clarence Lindsey and Worthie Usher.

Edward Rietz, soloist, was accompanied by Mrs. Sim Stout

BELMOND LOCALS

Members Of C. I. F. B. A. Keep Accurate Records Of Their Farm Business

Bernard Collins of Wright County was elected president of the Central Iowa Farm business Association at a director's meeting in Ames early in February.

Collins will assume his new duties at once in the association which has 17 members in several central Iowa counties.

Members in the association keep accurate records of their farm business. These are analyzed by the fieldman of the association and compared with other members for the various farm enterprises. Kenneth Oakleaf of Ames is the fieldman for the association. Members pay a set fee, depending on the size of the farm, for the farm management and record analysis service.

Among the members are several in the Belmond vicinity: Alfred Jaacks, Iowa township; Wm. H. Sheriff, Hancock county Clarence Hildebrand, Troy township.

Electric Brooding CUTS PIG LOSSES ON HIGHLINE FARMS!
YES . . . Reddy Kilowatt, your dependable electric servant, is ready to play nursemaid to your new-born pigs again this Spring. Heat from an R-40 Mazda Heat Lamp reduces chilling and keeps baby pigs from crowding during their first hours. Successful Iowa Hog Raisers have already proved that electric brooders, built around an R-40 Infra-Red Heat Lamp, reduce baby pig losses as much as 50%. Electric Brooding requires little special equipment. You can have Reddy on the job in your brooding houses in a few minutes. This is just another of the many ways you can farm electrically — and enjoy the extra profits.
YOU CAN MAKE A BROODER YOURSELF—IT'S EASY!
Provide protection for the pigs. Brooder may be boards or rail nailed across the corner of the pen, or a hover with a top. Hovers give extra protection from drafts, and help save body heat. Place the R-40 Mazda Heat Lamp in position 24 inches above the floor, where it will do the most good . . . out of reach of the sow. Remember, these lamps heat by radiant energy. They do not necessarily heat the air of the house.

TRICK OF THE WEEK
You remark that a cigarette can be judged by the length of its ash, just as a good cigar is judged . . . You proceed to smoke a cigarette all the way down and the ash stays put. Your friends can't do it . . . The necessary something is merely a toothpick inserted in cigarette as shown in sketch . . . It works better with one of those toothpicks that is fat in the middle.

WE CAN'T FURNISH YOU WITH A MAGIC WAND . . .

VOL. 30 NO. 21 OFFICIAL CITY PAPER Belmond Wright County, Iowa Thursday, March 10, 1949 OFFICIAL COUNTY PAPER The Family Newspaper

MAIN STREET

By George C. Hansen

A note came last week addressed to Dick from Don A. Harris, who was formerly owner of the Belmond Greenhouse. Harris as at present in the "landscape gardening" business located near Colorado Springs, Colo. He wrote as follows:

"We received your card and the three copies of your paper that we missed. Sure was glad to get them, thanks a lot. We have had a nice winter here, no snow but a little cold the last week, has been around 60 in the day. I suppose the little town of Belmond has grown since leaving there. We hear from some of the people and sure do welcome their letters as we have a warm feeling for Belmond. Tell Geo. and Eva Hello and all the rest."

—M-S—

Is your dog wearing his own license or one belonging to some other dog? This may seem like an insignificant, unimportant matter, but it might be worth checking over.

It has been reported by a number of people in town that they have purchased dog licenses and then soon found both license tags and collars missing from their dogs.

Should the law bo asked to check up on such a problem as this, it would be easy enough to discover mixed-up, mis-matched licenses if wrong dogs were wearing them.

—M-S—

Have recived a copy of the March 2 issue of "The Arizona Republic" daily newspaper published at Phoenix, Arizona, which showed a large picture of three men and their game under the caption "Javelina Hunters Score on First Day." One of the Arizona hunters shown in the picture was Hoyt Klemme.

The description under the picture read as follows, "Just 30 minutes after leaving their car southeast of Gila Bend one group of javelina hunters jumped a band of nine hogs and had trophies on the opening Tuesday of the state's javelina season.

In case "javelina" isn't in your vocabulary (it wasn't in mine until I came across this picture although, I have long been enthusiastic about various kinds of hunting) it is just another name for "wild boar." The three hunters in the picture each had a javelina.

The Hoyt Klemme family, formerly of Belmond is now living at Buckeye, Arizona.

Mr. and Mrs. Clyde Blau and Mr. and Mrs. Henry Pals of Meservey were Sunday evening visitors at the Emil Trager home.

Mr. and M.rs. Bill Sturm of Waterloo and Miss Lenora Sturm of Des Plaines, Ill., visited at the home of their brother, Albert Sturm Friday evening.

Red Cross Drive Kick-Off Is Monday

Annual 1949 Red Cross drive kick-off meeting of workers is to be held at Quig's Inn Monday evening at 8 o'clock, according to Virgil Smith and A. P. Thompsen, co-chairmen. Workers will be notified before date of meeting by the sub-chairmen for the drive. Material will be given out on Monday night.

The co-chairmen of the drive, have set a tentative goal of 1500 individual memberships for the chapter area, comprising the city of Bemond, Pleasant, Belmond and Norway townships.

A goal of $2,000 has been set, 76 percent of which will remain in the local chapter's treasury. The quota has always been met and generally exceeded in past drives and it is the hope of the co-chairmen that this record will be maintained.

Smith pointed out that the American Red Cross was recently cited by General Pick of the U. S. 5th Army headquarters at Omaha for the splendid cooperation given during the recent emergency created by the heavy snows in the midwest and west and that funds are always needed to continue the work of the Red Cross in future emergencies.

Journalism Students From Iowa State College Will Edit March 24th Issue of The Independent

Belmond Newspaper One Of Four Used By Ames Group As Laboratory

Ames, Iowa.— For the third consecutive year, Iowa State College journalism students have selected the Belmond Independent as a laboratory in which to gain practical newspaper experience.

Already students assigned to the Independent staff are busy in their laboratories and classrooms planning their edition of the Belmond paper. Accents in both advertising and editorial content will be on farming, youth activities and spring.

Heading the staff this spring will be Robert Doran, Perry, business manager, and Byron Phillips, New Sharon, editor.

Doran is sports editor of the Iowa State Daily, student newspaper. He has served on the advertising staffs of both the Daily and of the Iowa Agriculturist, student agricultural magazine. He is business manager of the current edition of the Iowa State song book.

Phillips is a copy editor and has served as a reporter on the Iowa State Daily and for two quarters was editor of the Ward News, a student publication.

He served as feature writer and photographer for the Osceola Sentinel and Tribune for three months last summer. Last spring he was farm editor of the student edition of the Eagle Grove Eagle.

Alfred Swenson, Jr., son of Mr. and Mrs. Alfred Swenson, Sr., of Belmond, will be staff photographer. He is a freshman in agricultural journalism at Iowa State.

Daniel F. Wozniak, Cedar Rapids, will be the student farm editor of the Independent. In 1947 and 1948 he worked in the farm department of Radio Station KCRG-KCRK in Cedar Rapids as a farm announcer and market editor. He attended high school in Fullerton, Neb. Later

(Continued on page 7)

Iowa State College journalism students who will publish a special student edition of the Belmond Independent March 24, discuss their plans. They are, left to right, back row, Jerry Borum, East Lansing, Mich., reporter; Anne Ekdahl, Chicago, Ill., advertising salesman; Jeanette Fowler, Omaha, Neb., society editor; Paul Hackett, Seattle, Wash., sports editor; Daniel F. Wozniak, Cedar Rapids, farm editor; front row, Janet Dunlevy, Des Moines, advertising salesman; Robert Doran, Perry, business manager; Byron Phillips, New Sharon, editor; and Ann Nelson, Des Moines, reporter.

Spurlings Buy Hall Cafe, Possession On March Third

Mr. and Mrs. Ed Spurling announce this week the purchase of the Hall Cafe, management of which they took over last Thursday, March 3.

Both Mr. and Mrs. Spurling have had experience in the restaurant business, having worked at one time for Henry Hokel who owned this same restaurant several years ago.

ELECTION IS MONDAY FOR TWO VACANCIES ON THE SCHOOL BOARD

No opposition has been announced for the two vacancies on the Belmond school board, election for which will be held Monday, March 14, from 12:00 noon until 7:00 o'clock p. m. Polling place is at the Belmond City Hall.

Both vacancies are for three year terms expiring this year. Mrs. A. C. Hanson will seek reelection and Dr. A. M. Larson, who had been appointed to fill unexpired term of Dr. H. J. Clasick, will seek election.

THOMAS BERHOW, WHO SUFFERED HEART ATTACK, IS SLOWLY RECOVERING

The many friends of Mr. and Mrs. Thomas Berhow will be pleased to learn that Mr. Berhow is recovering slowly from his heart attack, suffered when they were making preparations for returning to Iowa. He will now have to spend some time at the hospital in Long Beach, California. Mrs. Berhow is the former Mrs. Caroline Rierson.

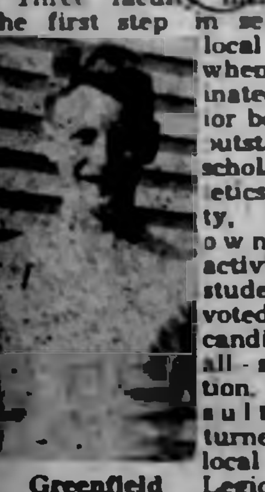
Keith Greenfield Chosen for American Legion Boys' State

Keith (Sonny) Greenfield, son of Mr. and Mrs. Carl Greenfield, has been chosen as Belmond High School's delegate to the annual American Legion Boys' State in Des Moines this summer.

Curtis (Curt) Mennenga, son of Mr. and Mrs. George Mennenga, has been selected as alternate.

The aim of Boys' State is to teach young men to become better citizens through understanding their state government.

Three faculty members took the first step in selecting the local candidate when they nominated ten junior boys who are outstanding in scholarship, athletics, personality, and their own leadership activities. The student body voted on these candidates in an all-school election. These results were turned over to local American Legion organization, which picked the candidate and alternate on the basis of the election and on school records.



Greenfield

Keith was chosen as a member of the second team in the All-Conference basketball selections this year. He has played both football and basketball in all three years of high school. Last year he played shortstop on the Legion ball team and ran in the Drake Relays as a track team member.

Three Belmond Troops To Celebrate Girl Scout 37th Birthday Saturday

Girl Scouts of Belmond will join in the nationwide celebration of the Girl Scout 37th birthday, Saturday, March 12, it was announced today by the three local troops: the Sunbeam troop, the Wild Rose troop and the Brownies. The observance will commemorate the founding of the Girl Scout movement 37 years ago by Juliette Gordon Low in Savannah, Ga., March 12, 1912.

From the first Savannah troop with its 12 members, the movement has grown to include 1,072,495 girls across the U. S. and its possessions. Membership in Belmond totals 40 girls, 5 leaders and 3 part-time helpers. There are many more girls who would like to form troops, provided more leadership is forthcoming.

The Belmond Girl Scouts have been given an opportunity to join an association with Garner and Cear Lake which will provide camping experience for all of them next summer. The local girls are required to raise the sum of $200 for their share of the amount needed to maintain and staff the camps and provide for leadership training.

They will open their drive for funds on March 12, when letters asking for contributions will be sent to various clubs and organizations. Groups are urged to respond promptly as it is essential to have the money in by April 1st.

The local Girl Scouts will join with Garner in observing the birthdays on Sunday, March 13, at which time Garner will be hostess to the Belmond girls at a Court of Awards and a Juliette Low silver tea. Several Belmond girls will be awarded their second class badges at this time.

Overall sponsor of the girl scouts in Belmond is the Chamber of Commerce. Individual troop sponsors are the Culture Study Club for the Brownies; Catholic Daughters of America, Wild Rose; American Legion Auxiliary, Sunbeams.

Wright County Girl Reports On Trip To National 4-H Club Congress

Janet Shillington, Wright county 4-H Club girl was among 30 in an Iowa delegation which made the trip last fall to National 4-H Club Congress. She has written a report of her trip, telling about the various activities and entertainments planned.

She said "It was a wonderful time for which I would like to thank the sponsors and friends of 4-H, the State and Wright County extension service, the county committee and the 4-H girls of my county and club, all of whom helped to make the trip possible.

The report was given as follows:

There were thirty of us in the Iowa delegation, thirteen girls, thirteen boys, accompanied by Miss Esther Whetstone, Miss Kagarice, Jerry Linaweaver and Mr. P. C. Taff, who made the trip to National 4-H Club Congress in Chicago November 28 to December 2. Our leaders planned for us to go a day early to have time for some extra fun and sight-seeing.

We stayed at the Stevens Hotel which was headquarters for the Congress. Early the first morning we went on a tour of Chicago in a bus with a glass top. Among the many things we saw were Navy Pier, the Fountain of Time and old homes of famous people. We went to the LaSalle Street Station to meet Bobby Driscoll, the movie star, and had our picture taken with him. We had lunch at the Congress hotel. After the lunch we went to see the stage production of the musical comedy 'High Button Shoes." To finsh off a wonderful day we had a Smorgasbord dinner at the Kungsholm.

Sunday morning we attended services at the Rockefeller Memorial Chapel at the University of Chicago, a non-sectarian church.

The first session of the Club Congress was held in the Grand Ballroom of the Stevens Hotel on Sunday afternoon. The principal speaker was Dr. Regina Wescott, a phychologist from Milwaukee, Wisconsin. She defined happiness as the pleasure that comes from working toward a goal, and believed that 4-H'ers were such a happy lot because they were always working on projects and achieving goals.

Discussions were led by Prof. Don Phillips of Michigan State College. He had to use his 'Plan 66", which is a device for breaking a large group into small intimate groups of six for discussions to obtain the opinion of the whole group.

Sunday night we were guests of the Chicago Sunday Evening Club.

Monday morning breakfast, we were guests of the Firestone Tire and Rubber Company. We were entertained by Judy Canova and Eddie Bracken, after which we marched in battalions to the Chicago Museum of Natural History. The things that interested me most were the mummies, the stages of development of Man from the Cave Man to the Modern Age, and the exhibits of jewels and precious stones.

At noon we were entertained at luncheon by the International Harvester Company. The Dinning Sisters were the special entertainment and we received a copy of "The Reaper Man", as a gift.

Monday evening we were guests of Wilson & Company. Thomas E. Wilson, chairman of the company, is also chairman of the National Committee on Boys and Girls 4-H Club work. We were entertained by several sports celebrities, notably: Frank Aschenbrenner, Lou Boudreau, Paul Christian, Babe Didrickson, Bob Feller, Johnny Lujack, Lloyd Mangrum, Ted Schroeder and Charlie Trippi. We also saw a preview of Walt Disney's latest movie, 'So Dear To My Heart," starring Bobby Driscoll.

Tuesday morning I was one of the guests of honor at breakfast given by the Kellogg Co. in the Crystal Ballroom of the Blackstone Hotel. This was the company that sponsored my trip to the Congress; they sponsor trips for all Health Improvement winners. We were entertained by a magician from the Kellogg company, M. M. Rush Each guest of honor was given a leather holder for two large photographs engraved in gold as a souvenir from the company.

Tuesday noon the 4-H girls went to the Edgewater Beach Hotel for luncheon as guests of Montgomery Ward and Company, and each received as a gift Cook Book. A two hour program by Fred Waring and his Pennsylvanians was the special entertainment. We learned to sing the song, "A Place in the Sun" written by Fred Waring and Jack Dolph for the 4-H club, and we each received a copy of the song as a gift from Fred Waring.

That evening we were guests of the Spool Cotton Company at a dance in the Trianon Ballroom.

Wednesday morning we were guests of Sears, Roebuck and Company at breakfast in the Grand Ballroom of the Stevens Hotel. We were given large souvenir photographs of our particular tables. At luncheon we were guests of General Motors in the Ballroom of the Palmer House. Here we were entertained by the Empire Room Revue and a ventriloquist.

AUTO--LIFE--FIRE--HAIL

Drastic Cut in Auto Insurance Costs

SAVINGS UP TO 24% FOR IOWA DRIVERS ANNOUNCED BY WORLD'S LARGEST AUTO INSURANCE COMPANY

Today comes the best news in many years for every family driving a car!

Today, when prices on almost everything you buy are still rising sky high, the cost of insuring your car through State Farm Mutual is being greatly **reduced!**

The world's largest automobile insurance company has just announced drastic price savings in automobile insurance — **effective immediately!**

Why Savings Are Possible

Three reasons make it possible for State Farm Mutual to give car drivers the benefits of lower insurance rates at this time:

1. State Farm is a **Mutual** company. Whenever savings in operation can be made, these savings are immediately passed on to the huge family of more than one and one-third million policyholders. During 1948 our cost of operation was reduced. These savings will be shared with policyholders, new and old, in the form of reduced insurance rates.

2. State Farm Mutual policies are written for a six-month period rather than the usual 12-month period. It is therefore possible to refigure rates and make savings available at more **frequent intervals.**

3. The ideals and principles of State Farm Mutual are embodied in the insuring of only careful drivers. This keeps down the number of accidents among State Farm policy-holders — keeps our cost of operation down to the minimum.

Who Is Eligible

All car-owning families may take advantage of State Farm Mutual's new low rates on auto insurance. It doesn't matter whether the car you drive is new or old. The only requirement is that you are a careful driver and maintain your car in good physical condition.

The hundreds of thousands already insured by State Farm Mutual will enjoy the benefit of these lower rates on their next renewals, although renewal notices now in the mailing process, of necessity, are based on former rates.

FOR FULL DETAILS

Contact your friendly State Farm representative. He is a trained insurance agent. He will be glad to advise you on all your insurance problems. Look under "State Farm Insurance Companies" in your telephone book.

FIVE reasons why it pays to insure with State Farm

- **State Farm Mutual's rates are now lower—because State Farm is a mutual company issuing six-month policies and seeking to insure only careful drivers.**
- **For your extra security, State Farm provides twice as much public liability protection plus five times as much property damage protection as is required by any state financial responsibility law.**
- **Sound management, financial stability assure prompt payment of legitimate claims.**
- **State Farm Mutual is the largest antomobile insurance company in the world.**
- **7,500 representatives at your service, coast to coast, in the U. S .and Canada.**

CLIP and SAVE this coupon to remind you of the reductions in auto insurance costs State Farm Mutual is now offering careful drivers.

Red Cross Asks For Money During March

Soon the citizens of this vicinity will be asked for their annual conributions to the American Red Cross. Most everyone is pretty well informed about the services of the Red Cross, both locally and nationally, but an emphatic reminder of the great work this organization does at times of disaster is timely just now before the fund drive.

A page from a recent issue of the Red Cross Courier entitled "Disaster Shorts" reminds you of the great need Red Cross be asked for their annual contributions is constantly filling through volunteer services and funds collected in the annual campaigns.

DISASTER SHORTS

The Texas tornado, January 4, was a grim reminder that more Americans died in homefront aaccidents and from diseases during World War II than as actual war casualties. The Pineville, Ky., mine explosion-fire and early January tornadoes in Mississippi, Louisiana and Arkansas with additional toll of dead, further emphasized the understandable fact that staggering war headlines for our years eclipsed brief news notices of sudden death from catastrophes at home. The American Red Cross with its army of chapter workers in all states was called upon to serve in an unprecedented number of disasters throughout the war period.

In floods and hurricanes, they warned residents of threatened areas in time for safe evacuation; in remote sections they effected rescues. In all disasters, tornadoes, fires, floods, hurricanes, train wrecks, quickly first aid, arranged for hospital care. Quietly they buried their dead. Hundreds of thousands of homeless were sheltered, clothed and fed as long as necessary.

Most recent examples are typical. In six Texas counties lashed by a terrific tornado, 32 died; 364 were injured, 107 of them hospitalized. Families affected totalled 738, with 192 homes destroyed, 298 damaged, and 639 other buildings destroyed and damaged. Red Cross chapters opened shelters in each county, set up emergency medical stations. The national organization rushed doctors, nurses to supplement local needs. Surveys for rebuiding already have begun.

More than 600 of some 945 affected families received Red Cross aid in western Oregon in late December when the Willamette river rampaged for 100 miles from Eugene almost to Portland. Seven Red Cross chapters provided emergency care when 2,000 persons were evacuated from their homes. Red Cross shelters were in operation five days. Approximately 200 families are being given rebuilding and repair assistance.

While news attention of the country was riveted Christmas week on the tense vigil at explosion-wrecked Straight Creek Coal Mine, Pineville, Ky., Bell County Red Cross workers met emergency needs of all families affected and fed some 300 volunteer fire fighters and rescue crews probing ravaged mine corridors for 31 entombed men. Seven rescued miners survived.

Immediately Red Cross surveys revealed that 82 children were orphaned by the tragedy. One bewildered mother, widowed by the explosion, has five children ranging from 8 to 19 years. In addition, three nieces aged 7 to 13, orphaned several years ago by a mine accident that killed their father, also are her dependents, and two small grandchildren presently are dependent on the family.

For this and other families, affected by the mine accident, disaster-caused needs and problems of the widows and orphans will be part of the Red Cross rehabilitation program supplementing state aid, for some months to come.

Red Cross records bulge with the resourcefulness and heroism of the disaster volunteers' army. There was the first aid instructor whose wife and only child were killed outright in a tornado, but who went on to help the living, the injured, throughout the blacked-out night. There was the county disaster chairman who left the comfort of his Florida winter home to wait a month for the Ohio Valley flood he knew would come, and then worked 'round the clock for two weeks to help his neighbors.

A Mississippi valley chapter chairman slogged feverishly — and tight-lipped — through two mud-sodden days of flood rescues before he mentioned the War Department death message in his pocket. And down the mileways a Red Cross chapter executive secretary worked on one day, maybe three, through the flood emergency, before she told that her only son was missing over Tokyo.

For this army there will be no demobilization. Instead, there are now, and will ever be new enlistments. For they are the warp and woof of broader community effort toward disaster preparedness. They are the men and women who found time to aid trouble-plagued neighbors in 260 disasters last year. They are the ones who will be there to help when disaster strikes this year in the next town or this one. They are the next disaster workers of the local Red Cross.—By Eleanor Adams.

Editorially Speaking--

Take a lesson from this one, our favorite aunt, a staunch Republican, while visiting in Waterloo recently had occasion to attend a Democratic Victory dinner with her niece, a Democratic committeewoman .

During the course of the evening, the wolf in sheep's clothing was prevailed upon to help the welcoming committee welcome the guests as they arrived and seemed to be making quite a hit with her unsuspecting public. Evidently some shrewd democrat must have penetrated the disguise during the evening because when it was time to go home the lady found herself bereft of her overshoes—in a snowstorm. Just an (almost) barefooted republican again caught out in the cold. Her advice to fellow republicans (are there any?) is to be most careful for the next four years or they may find they have more than their bare feet sticking out.—Wright County Reporter, Dows.

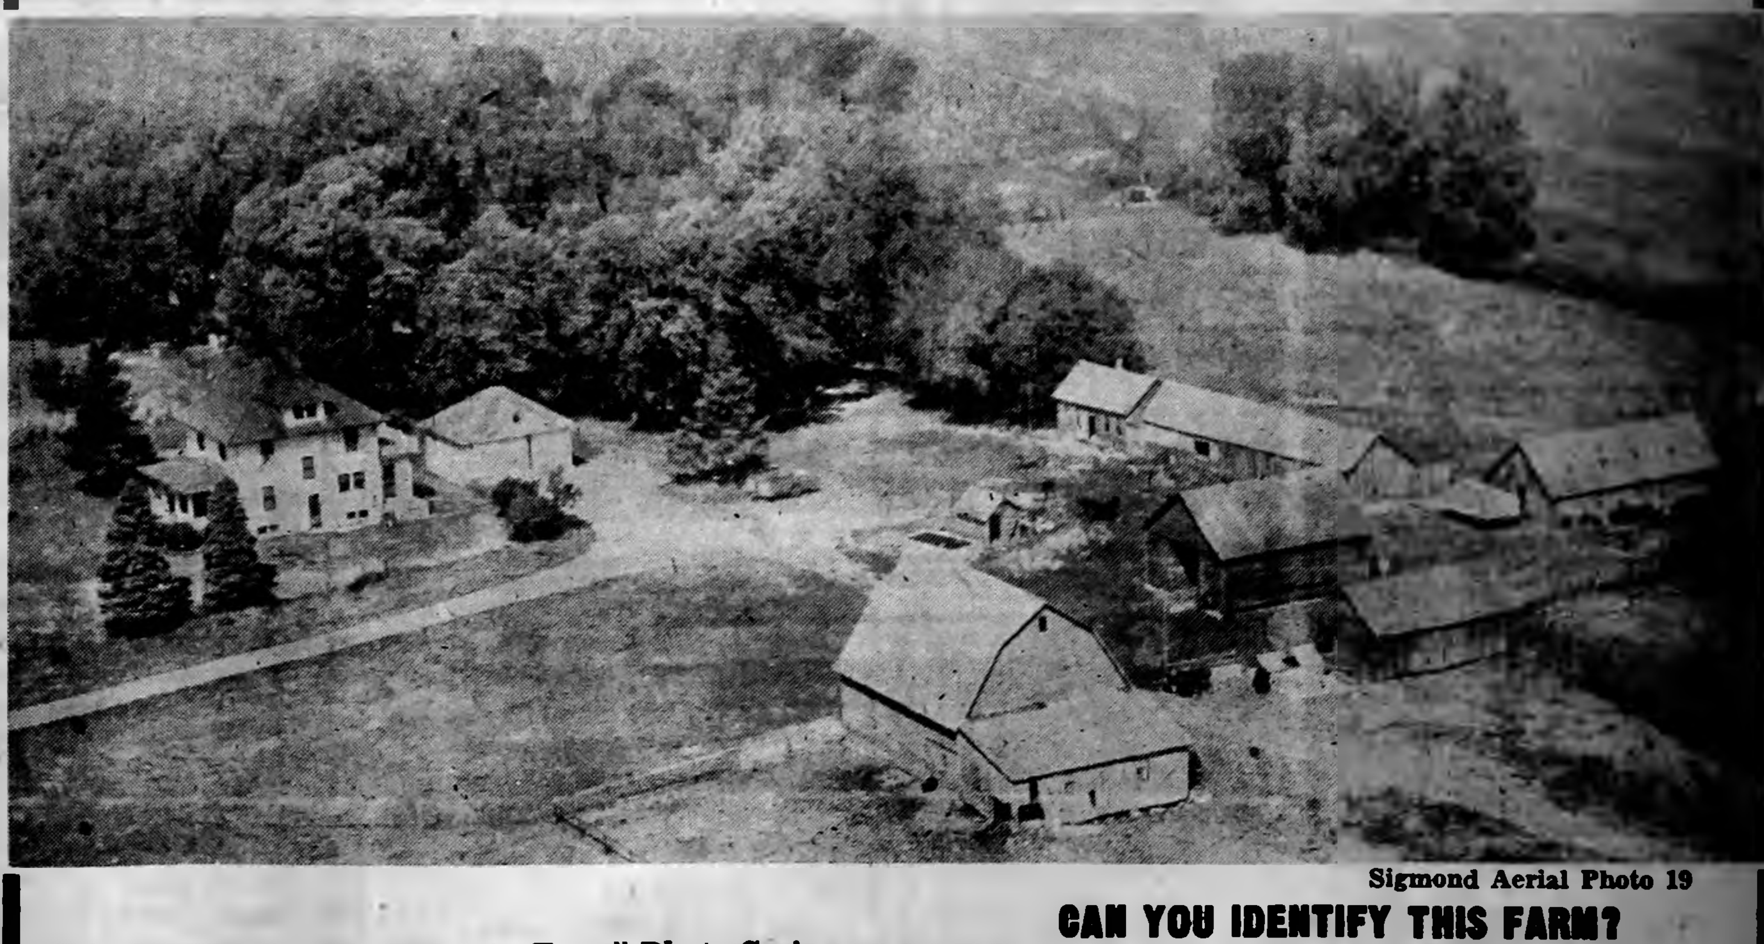
Alexander Hatchery FARM PHOTO FEATURE

IDENTIFY THIS 'MYSTERY' FARM



Sigmond Aerial Photo 19

This is No. 26 in the "Mystery Farm" Photo Series sponsored by the Belmond Independent and other business firms. This week the Alexander Hatchery of Alexander, who hatch and sell the famous Hy-Lines chicks and the big type White Leghorns and White Rocks, is cooperating to bring Independent readers this feature.

CAN YOU IDENTIFY THIS FARM?

If you live on the farm pictured above, stop in at the office of the Belmond Independent this weekend, if possible, where you will receive free of charge an 8x10 enlarged aerial photo from which the above engraving was made. It is a beautiful picture well worth having.

Are You A Taxpayer?

SIX POINTS YOU SHOULD REMEMBER ! !

1. This office determines values. We raise, lower and adjust to obtain equity.
2. Equity is a comparative value only.
3. When equalization is obtained, each of us will pay only our just share of the tax load—no more—no less.
4. THIS OFFICE DOES NOT DETERMINE YOUR TAX.
5. Your tax is determined by the expenditures of our taxing bodies, and their expenditures are determined by the services you and I demand of them.
6. Expenditures being equal, any increase in value, in a taxing district, will bring a corresponding increase in millage.

SOCIETY

Norma Jean Fleming Is Married to Calvin Johnson

At a beautiful candlelight ceremony performed at 8 o'clock on March 6, Miss Norma Jean Fleming, daughter of Mr. and Mrs. Ivan Fleming of Belmond, became the bride of Calvin Johnson, son of Mr. and Mrs. Gerhard Johnson of Belmond.

The Rev. W. L. Patterson performed the single ring ceremony which took place at the home of the groom's parents.

The attendants were Mrs. David Kennedy, sister of the groom, and Marvin Fleming, brother of the bride.

Miss Janyce Larson played nuptial music before the ceremony and Mrs. Betty Harriger sang "Because."

The bride, who was given in marriage by her father, wore a two piece navy blue dress and a corsage of red roses Her attendant wore an aqua two piece dress and a corsage of yellow jonquils. The bridegroom and his attendant wore blue suits with white carnation boutonnieres.

The bride's mother wore a black dress and the groom's mother a brown dress. Each wore a corsage of white carnations.

Following the ceremony a reception for 40 guests was held. The three-tier wedding cake was topped with a miniature bride and groom. Candles and pink and white carnations decorated the table.

For going away the bride wore a powder blue suit with navy accessories. After a short honeymoon they will make their home in Belmond.

FRUITS OF COMMUNISM

Communism in Europe has now come to a head. The government has been sentencing members of the church for high treason and attempting to overthrow the government.

Joseph Cardinal Mindszenty, Roman Catholic priest, was tried and convicted on his own allegedly signed confession. Later it turned out that several of the other witnesses were forced by the communists to sign their confessions and it has been surmised that the Cardinal was also forced to sign his life away.

The communists are getting mighty high handed but this will evenually lead to their own downfall. The total population of Austria, Belgium, Czechoslovakia, France, East and West Germany, Hungary, Italy, Netherlands, Poland, Portugal, Spain, and Yugoslovia in a very recent survey shows that there are approximately 283,364,00 inhabitants. Of this population 192,388,00 are loyal church worshipping Roman Catholics.

The communists may push a few of the people down but can they quiet the whole 200 million Catholics down. Besides arousing the Catholics they have also sentenced some Baptists, Pentecostal, Methodists and Congregaional ministers, thus arousing the whole world against their actions. They cannot forever ride rough-shod over the common man or he will rise up and fight for his rights as he had to do against the feudal Barons of long ago.

ATHLETICS

GIRL'S BASKETBALL

The girls' team concluded their basketball season by defeating Rowan on Feb. 18 by the score of 32-38. This was the last game in their high school career for three Senior girls: Joye Vestweber, post forward; Mary Lou Stoffer, forward, and Shirley Kuper, guard. This victory gives the Alexander girls a record of 9 wins and 11 lossses. The team had a tough schedule this past season, and the girls deserve much credit for their efforts put forth. The team next year has some very promising prospects for a victorious season.

On Friday, March 4 the girls' basketball team, their coach, chaperone, manager, and the cheerleaders leave for Drake Fieldhouse at Des Moines, to witness the finals of the girls' state tournament.

BOYS' BASKETBALL

The boys' team was defeated by Rowan on Feb. 18 by 40-36. The Alexander boys were ahead at the first quarter 14-6 but then the Rowan Trojans eased up on them and came out ahead with a margin of 4 points. It was a tough one to lose for the Alexander Bulldogs.

Alexander was taken out in the sectional tourney by Meservey. Meservey's Jake Koenen and his 20 points helped set back the Alexander team 27-47. Alexander will have its whole squad back again next year except Max Benson and Bernard Norem.

Home Economics News

The Home Economics Coeds sponsored a Valentine's Party on Feb. 16, with each girl inviting a friend. The committees did a very fine job with decorating, entertainment, and refreshments. The evening was spent playing "Bunco" with a traveling prize which was won by Richard Hill. A prize was given to the boy and girl with the highest and lowest score. For refreshments there was angel food cake with pink frosting, ice cream, a candy dish, and coffee. Everyone seemed to have a good time.

The sophomore girls are going to keep cool this summer with the shorts they are making. They have adopted a new motto, which is "As ye sew, so shall ye rip."

It won't be long before the senior girls will complete their garments and begin a short requested study on knitting. Miss Kaiser is our very capable instructor.

Band Concert April 9

The band is now practicing for a band concert which will be held April 9. They will play two numbers, a march, and an overture. During the week the band has received several new pieces of band music.

KINDERGARTEN NEWS

The children with the help of their teacher, Mrs. Hensel, made a windmill scene to illustrate the poem "Blow Wind Blow."

Lenard Bobst had a birthday and treated the room with candy bars.

Mrs. Hensel has been teaching the children new words for their chart. Then they have lots of fun building sentences with these words, and acting out sentences.

FIRST GRADE NEWS

We are going to decorate our room for March with tulips, windmills and kites to illustrate the coming of Spring.

We have started studying about our community in social science and find it very interesting.

We have started to add numbers in Arithmetic and we are all progressing very well.

SECOND AND THIRD GRADE NEWS

Lately we have been concentrating on our operetta. Each afternoon different groups practice for their part in the operetta.

Everyone is quite interested in Art class as we have been drawing faces of different nationalities. We have also been studying the facial characteristics of different nationalities. Most of the boys and girls think the Chinese are the most fun to draw.

The second grade has already finished their workbooks in arithmetic and will be starting some interesting new ones soon.

The person who has the most stars on our spelling chart wins a prize. Kenny Hawley, Billy Latham, Marilyn Burger, and Rosemary Trager are all fighting for the prize.

FOURTH AND FIFTH GRADE NEWS

In fourth grade health we have finished our posture booklets and most of us turned in very nice ones.

In fourth grade geography we have some pictures of scenes in Switzerland which we have found to be very interesting to look at.

We have been taking more speed tests with the comprehension tests following in reading.

In fourth language class we are learning how to use the telephone directory.

The fifth graders are also having speed and comprehension tests in reading.

In the fifth language class we are learning how to use commas after the words, yes and no, in sentences and are learning how to write invitations.

We are beginning the study of the South Atlantic states in fifth geography.

The fifth health class is studying about good posture, the right kind of shoes to wear and the proper way to walk.

We had two birthdays last week and they were: Diane Vestweber and Val Jean Hansen who treated us. Games were played in the afternoon and all had an enjoyable time.

SIXTH AND SEVENTH GRADE NEWS

The sixth and seventh grades are making autobiographies and biographies for English.

The seventh grade has just started a food nutrition course in Science. They find it very interesting. Along with this course they are keeping track of the amount of calories they have each day.

Miss Carpenter, their teacher, has brought some plants to school which have added to the decoration of the room.

FRESHMEN NEWS

The Freshman Algebra class is working with the use of Algebraic fractions in formulas, equations and problems of division.

In English the students are giving book reports and learning about tenses of verbs.

The students in the Science class are studying about the winds and air masses and how it enables us to predict the weather.

The Sophomores and Freshmen are studying about Europe on the Eve of Revolution in their history class.

SOPHOMORE NEWS

The Sophomore class in English are on the second book of "Tale of Two Cities," and are getting ready for a test over the material covered.

The geometry class is working on the angles of a polygon and the different kinds.

JUNIOR AND SENIOR NEWS

The Juniors are now studying short stories in American Literature. In typing we are typing business letters and are taking time tests.

In speech the Seniors are working on their Senior class play. They are giving short speeches to prepare themselves for a fifteen minute speech later in the year.

In history the Juniors and Seniors are studying current events and the time of the New Industrial Age. In typing the seniors are now typing legal documents and working for speed so they can get pins at the end of the year.

In bookkeeping we are trying to find out what to do with bad debts and the different kinds of taxes.

TRICK OF THE WEEK

EVER READY MATCH

They will think you're a real magician when you reach into the ash tray, pick up a burnt out match and calmly light your fag with it, and it's easy! . . . Beforehand you place a prepared match in the ash tray. All you do is dip an unused match in black ink and let it dry. It really looks burned out . . . but do they gasp when You light it!

There's Been a Change Made Here!

We've talked a good many times about getting back into the restaurant business for ourselves since the days when we first got our fingers in the gravy and served up our first cups of coffee.

So last Thursday, we decided to get our feet back of the counter for sure and purchased the Hall Cafe.

We're going to do our best to serve the kind of food you like to eat and give you the kind of service you like to get. And by the way, maybe we are taking a lot for granted but we're hoping you will stop in. We'll appreciate a trial, when the inner man calls, and if we forget to thank you, your order is ON THE HOUSE.

Describes Three Steps To Eliminate 75% Of Dirt In Milk And Cream

Three simple steps will eliminate 75 percent of the sediment in milk or cream marketed during the dusty months ahead, according to A. W. Rudnick, extension dairy industry specialist at Iowa State College.

He points out that most sediment in milk comes from three sources: first, putting milk in dirty cans; second, dirt getting into cans stored on the farm; and third, dust sifting underneath lids of cans on their way to the plant.

Rewash Cans

The first is often caused by using cans without rewashing them after they arrive from the plant. Rudnick says that no dairy or creamery in Iowa washes milk and cream cans clean enough to be used without rewashing even though the plants have the best of can cleaning equipment.

He cites the example of the Boone Dairy of Boone which has recognized the impossibility of washing cans thoroughly at the plant. The dairy stencils on every can that is sent back to the farmer that the can should be thoroughly washed again before using.

Use Hot Water

Rudnick has this recommendation for rewashing cans. Use hot water, a wetting agent such as Vel, Dreft or Swerl, and a brush, to thoroughhly clean the cans. He says not to ruin a good washing job by rinsing with cold water after rewashing, because most well water contains sediment.

There isn't a milk or cream can designed today that will prevent dust particles from sifting under the lid, Rudnick says of the second and third source of sediment. He recommends placing a small plastic cover over the lids of cans which are reeopened from time to time on the farm, even if in the cooler.

Before shipping milk to the plant, place a 15-inch square piece of parchment paper underneath the lid. This will catch any dust particles that may sift under the lid while the milk is on its way to the plant. He gives this reason for using the plastic covers for cans stored on the farm and parchment paper for cans on way to the plant.

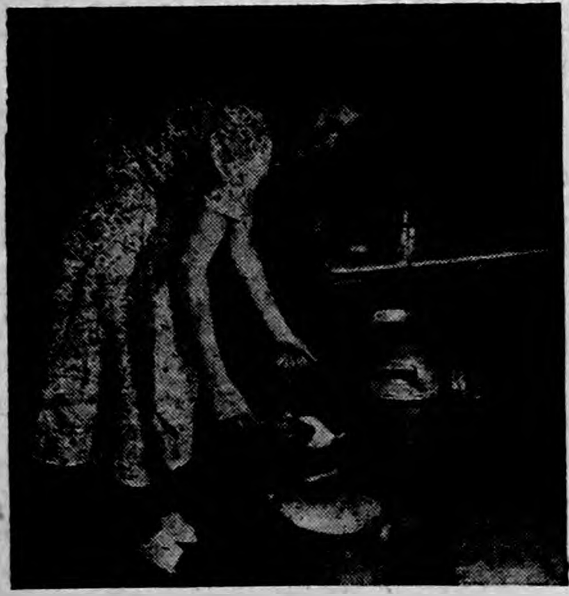
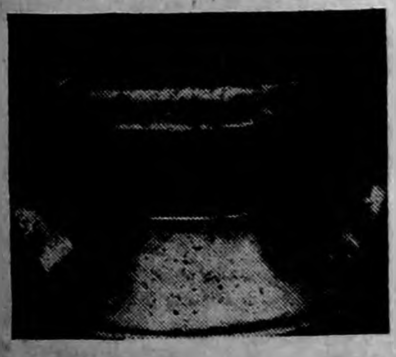
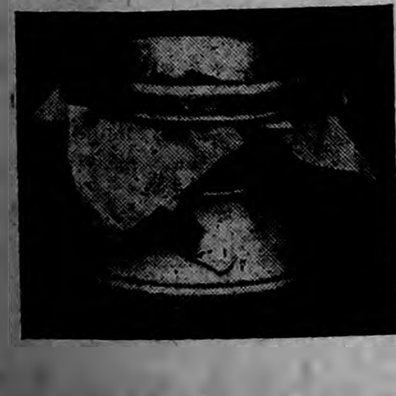
. . . just these 3 steps

REWASH CANS before using. Even though Belmond Co-op. Creamery has the best of can-washing equipment, cans do not come back to the farm clean enough to be used before they are rewashed. Use a wetting agent and brush to wash thoroughly.







KEEP DUST OUT of cans on the farm. Use plastic hoods to cover part-filled cans that are to be reopened on the farm. That will keep out dust particles that are ever-present in the air.

KEEP OUT DIRT on the way to the plant. Roads are dusty and milk or cream cans do not fit tightly. Place parchment paper underneath lids of cans being sent to the plant.

These three practices plus marketing your milk or cream at Belmond Co-op. Creamery mean more dairy profits to you.

Harley Thompson Makes Four-Day Tour of Major John Deere Factories

Harley M. Thompson, of the Farmers Implement Store, John Deere farm equipment representative in this community, returned Saturday, March 5, from a four-day tour of the major John Deere factories in Iowa and Illinois. Mr. Thompson was a guest of the John Deere Plow Co. of Moline, Ill.

This four-day trip, according to Mr. Thompson, was an educational tour for 75 John Deere representatives from Northern Iowa. On Monday, Feb. 28, the group visited the John Deere Plow Works, the huge plow manufacturing plant located in Moline, Illinois. After a discussion of production problems, the group saw the manufacture of many different types of plows. Highlight of this tour was a visit to the testing and research laboratories where extensive tests are madae on steel, paints, and other materials used in the production of John Deere equipment.

Mr. Thompson mentioned how pleased he was to see the efficient production facilities of the John Deere factories. More and more power farm implements are being built every day to meet the demands of American farmers. Production in John Deere plants has more than trebled in volume during the past 10 years.

21 F. H. A. Members Secure Club Funds Through Candy Sales

"Mmm-mm. Is this ever good!"

And you can bet it was, too, for the preceding remark was made by many who purchased candy from the F. H. A. (Future Homemakers of America) girls in the halls of B. H. S. Friday, February 25.

The F. H. A. girls find that their candy sales are becoming profitable. Everyone makes a mad rush for the counter, and the supply decreases rapidly. The girls made $7.63 at their first sale, and the last one netted them $6.73.

All profits are placed in the treasury. The nice thing about F. H. A. is that there are no dues to pay—instead the girls make money for their organization through candy sales.

The local organization has 21 regular members. These girls, with their advisor, Miss Dillan, attend meetings held in the home economics room after school on alternate Thursdays. Here, until five o'clock, they discuss plans for their club. The girls plan to co-operate with the F. F. A. boys, and the two organizations hope to have a party together.

"Dis and Dat" has been chosen as the local club name. The girls have written a constitution which, among other things, includes plans for the initiation of any new members.

A state meeting of the F. H. A. girls will be held at Hotel Kirkwood in Des Moines, April 21st through 23. Two members of the local chapter and their advisor are eligible to attend this meeting.

ALUMNI NEWS

This week we re-introduce you to five recent alumni.

Joan Pals, '48, is a freshman at Iowa State Teachers College in Cedar Falls, while Cortland Haupt, '47, is a sophomore student at Iowa State College, Ames.

Neoma Johnson, '46, attended Waldorf College for two years and is now teaching sixth grade in Story City.

Merlin Braun, '45, married an Alexander girl and now is employed at the General Mills plant.

Robert Summers, '44, served in the navy for three and one-half years. He is now married to a girl in Italy.

QUESTION OF THE WEEK

With whom would you like to be on a slow boat to China and why?

Athur Van Gerpen: With somebody that nobody around here knows. Just 'cause.

Don Faris: A certain party; just for the fun of it.

Lila Jean Johnson: The captain, so that I'd be sure to get there.

Marion Loats: That's the $64 question.

Robert Redmond: Some beautiful movie star with a million bucks.

Joan Mehus: Frank Sinatra. Why? The way he can sing.

Bernadine Summers: Trigger, because I like horses.

Loren Kalkwarf: Alberta Deikson. Why? There are so many reasons I won't try to name them.

Julane Gaffri: Ardell, just for fun.

Bill Trees: Elizabeth Taylor Woo! Woo!

Jeanette McGuire: A certain somebody because I think he's swell.

SAVE HURT FEELINGS BY BEING TACTFUL

The dictionary defines tact as "skill in saying and doing what is best in most circumstances."

Some of the things that have been said in high school rooms and halls lately make us wonder whether some students have ever heard of the word and how to do the things that word implies.

A tactful person has a wonderful gift. Most of the world's people think they have that asset, although everyone has thoughtlessly offended someone, sometime or many times in his life.

The habit of being tactless often becomes habit-forming. Many think it amusing to hurt other's feelings, although later they realize how wrong they have been.

Let's be careful to say and to do the right things. It's terrible to realize that a thoughtlessly made remark might hurt some one person all his life. And remember — it only takes a few seconds to make an enemy, but it sometimes takes a lifetime o make a friend.

THANKS TO BRONCOS FOR THE IMPOSSIBLE

On Tuesday, February 25, the high school held an assembly for the basketball team before their big sectional tournament game with Britt that night.

Mr. Luin Cox spoke at the assembly. He titled his talk "He Did the Impossible" and told the story of a blind man who was never supposed to becom a radio engineer because of his affliction. This man studied the blind man's way of reading and then went ahead with his study of radio. He is now teaching blind students how to become radio engineers.

What has this to do with a basketball game? Well, Belmond attempted the impossible too. Britt had trampled over the Broncos during the conference season. Many of their supporters were convinced the local team needed only the courage to go out there and win. That was the impossible for many people.

Mr. Scott's Broncos galloped onto the floor and were ready to fight at 7:30 p. m. They took the lead and increased it all through the game. They made the impossible change to the possible and did it. The student body and town people backed the boys to the finish. We congratulate the team on winning the sectional tournament and on being runner-up in the district meet at Forest City.

Instructors Present Their Teaching Aims

Miss Miller— Happiness seems to be the goal in life that everyone is seeking. Education can promote happiness by inspiring students to seek higher standards of living and teaching them how to live amicably in ths democratic land of ours.

Miss Dillan—I believe my main ideal in teaching is to develop young people to be better men and women. If even one student becomes a better preson because of me, I shall feel my teaching well worth while.

Mr. Scott — Hoping to put across enough sound basic democratic principles so the youth of today may be better prepared to steer our ship of state through the stormy waters ahead.

Mr. Hugh—My basic teaching philosophy revolves around an attempt to develop ideas through systematic, critical, problem analysis and applying these idea to existing physical problems. It is my belief that applying this method of attack would eliminate much of the anguish caused by eratic, generalized, intuitive thinking in our one world.

Mr. Cunning—My major field is in instrumental work and it is in this field that I most want success. To me it is more important to give more students the opportunity of participating in musical organizations than it is to possibly have better groups with fewer students. It's not that the group may win or lose, it's what the students gain from the experience.

Ag. Classes Visit Places of Interest

Mr. Sandage and Bill McLaughlin attended the F. F. A. father and son banquet, held at Garner on Tuesday evening, March 2.

On Thursday, February 24, the Agriculture I class visited the Thompson Hybrid Corn plant.

The Agriculture II class went to the Paul Jenison farm Tuesday, February 22, where they judged Holstein dairy cattle. On Monday, February 28, Dr. Classick, local veterinary, spoke on diseases and sanitation.

The Agriculture III division went to Renwick where they attended a Regisered Duroc Gilt sale.

Meet the Band— Carol Hemmingsen Plays $1,000 Bassoon

New to the Belmond band this year is the addition of a bassoon. Carol Hemmingsen began taking lessons on the bassoon last July and has made unusual progress on this difficult, double-reed instrument.

Reed instruments are of two types: single reed and double reed. Most common of the single reed instruments are the clarinet and saxophone. Those instruments use one reed made of imported cane that, when blown over, vibrates on a mouthpiece.

The double-reed is made by taking two small strips of cane, connected at the base. Blowing between these pieces produces a tone. Most common of the double reed instruments are the oboe, English horn, and bassoon. Because the bassoon is made entirely of wood and doubles back on itself for many times, it reminded the early German composers of a bundle of sticks or "fagots", as they are known in German. The name "faggot" was given the instrument, and this name still is used today in Germany.

The bassoon is one of the more difficult double-reed instruments to play in time because of varying degrees of pressure used for different tones on the reed. Carol, from the first, took a big interest in mastering the instrument. In the fall during marching season she plays cymbals with the marchng band because the bassoon is not used on the march. She entered concert band at the beginning of the season.

Carol is in seventh grade this year and has five more years left in which to improve and to study the bassoon. She must take special care in playing and handling the instrument because of its value, both in price and to the band. The bassoon now used in the local band is a German imported instrument valued at nearly one thousand dollars.

Don't Take All Walk-- Give Others Room Too

This week our column, third in a series of articles, concerns sidewalk etiquette.

Many teenagers walk down the street blowing huge bubbles or chewing their gum viciously and violently. Then, too, they just throw this chewed gum anywhere on the sidewalk where others step on it and later find it sticking to their shoes.

There are also the people who charge down the street six abreast, forcing other people to step out to or past the curbing in order to avoid them. And haven't you seen a gang of them running down the sidewalk, regardless of who might be coming from the other direction?

Still others (and, of course, many of those we've already mentioned, too—one bad habit leads to another) shout at a friends three blocks away. Sometimes the language they use isn't very pleasing to people nearby, either.

The sidewalks have been made to assist in easier and faster walking—they haven't been built as places on which to discard old gum, to shout, or to injure someone in a mad rush.

Vocal Contestants Give Program Today

A musical program will be presented in the high school auditorium this afternoon, March 10, by vocal soloists and groups who will participate in the preliminary contest at Dows on March 12.

Participants will be Janis Bailey, Mary Lou Baker, Marilyn Ellis, Jerry Hanson, Loren Kalkwarf, Marilyn Madsen, Marilyn McNutt, Jean Oberhauser and Janyce Larson. The latter will play a piano solo as her part of the program.

Also taking part in both the program and contest will be the boys' quartet, girls' trio, girls' sextet and madrigal groups.

Marilyn Madsen and Jean Oberhauser sang at the P. T. A. meeting February 26. Marilyn presented "My Johann" by Grieg and Jean sang "Bless This House" by Brake and "O Lovely Night" by Ronald.

B. H. S. Chemistry Lab. Compares With Finest

By Roger Hanson

We're proud of it! In the opinion of the atomic age-minded junior Einsteins of Belmond High School, the laboratory of the chemistry department takes a back seat to no one.

With the long-awaited arrival and installation of individual sinks with running water rounding out the equipment, any necessary experiment can be conducted with relative ease.

It is truly an educating sight to witness an experiment in progress. An imposing array of test tubes, Bunsen burners, beakers, and chemicals are utilized in the process of producing bromine or chlorine gas.

The production of bromine, one of the latest products undertaken, is typical of the many thus far performed. A mixture of manganese dioxide, sodium bromide, and sulfuric acid is heated in a retort. The bromine itself is collected in a test tube filled with water and surrounded by cold water.

Pleasing results have been obtained almost without exception, as experiments are made and tested during the course of a class period.

Animal stories are being read and the class is starting work on "Before We Read."

FIRST GRADE

The class has several perfect test booklets in the "Basic Reading Test." In reading the "Fairy" division has been reading a unit on Fun at the Farm, while the "Brownies" and "Canaries' are on Family Fun.

The children have been keeping a "Weather Chart" on which they record the kind of weather each day on individual charts. A large chart has been placed in the front of the room. They have learned the different kinds of weather, such as cloudy, rainy, snowy and sunny.

Last week the class began a new unit on the outdoors. Here they study many kinds of plants, their uses, and their growth and reproduction.

FIRST AND SECOND GRADE

The "Busy Bees" have started the book "Our New Friends" and the "Willing Workers" have begun reading "Fun with Dick and Jane." Both groups are having new and interesting experiences with these books.

The "Busy Bees" took a basic reading test last week.

The "Eager Beavers" are discussing sun, wind and weather in science class. Making patriotic emblems for the month of February has been the work of the art class.

SECOND GRADE

Velma Christensen and Larry Harms have been absent two weeks because of illness.

The children are learning to write numbers in straight colums, concentrating on adding two rows and carrying. Recently the class made silhouettes of Washington and worked on the turtles they started some time ago.

Pupils earning "A's" in spelling were Jean Ann Johnson, Kay Lyn Wiegand, Cecil Eccles, Sharon Dorr, Sharon Just, Peter Jenison, Alan Flanagan, Janeal Bayliss, Judy Sheller, Judy Larson, Linda Bonte, Karen Dannewitz, Roger Hopple, Cynthia Kestler, Karen Chapman, Karen Buchanan, Vicki Lou Wolf and Sharon Koppernagel.

FOURTH GRADE

Mrs. Squires has been substituting for Mrs. Parker this week.

Our language class is continuing the study of book reports and movie reports. We have learned that such reports must be brief, but interesting to others.

We've visited Manuel in Mexico and Roberto in Argentina. It is interesting to note the likenesses and differences in their ways of living compared to ours.

Marorie Sue Johnson brought two Mexican dolls to school to show us the Mexican costume.

Those who received 100 percent in spelling for the week were: Paul Nassen, Jimmy Stadtlander, Larry Schimp, Karen Hansen, Richard Bruner, Carol Pals, David Long, Betty Eccles, Joan Kriens, Gordon Sandman, Marilyn Nelson, Carole Chinberg, Leonard Steenblock, Billy Murray, Larry Flanagan, Vicki Pals.

SIXTH GRADE

Dennis Scott, new student from Renwick, Iowa, entered school here Monday, Feb. 21.

The pupils have been making product maps in geography, and have been giving reports in language. The history class has been studying the unit on "How England Became a Nation." The science class is finishing its work on "Rocks and Prehistoric Animals."

JUNIOR HIGH

The eighth grade lost Julian Turner who moved to Dows. Marlys Christensen and Jack Johnson have returned after long absences.

The history class has been working on panel discussions. Delores Nelson, Gertrude McLaughlin, Frances Chapman and Mavis Pierce gave a talk on farm problems and future helpfulness while Jan Kelly and Avis Pierce talked about Democrats and Republicans.

The English class has been studying the use of personal pronouns, and the eighth grade literature class has been reading "Treasure Island."

A style show recently furnished entertainment for the junior high assembly.

HOME ECONOMICS NEWS

The advanced home economics girls enjoyed a birthday party Friday, February 25, in honor of the birthdays of Nadine Hanson and Marilyn Dorr. The girls treated the class to ice cream and cookies.

The freshman girls are learning to make plackets and to insert zippers.

LIVESTOCK SALES EVERY SATURDAY

SPECIAL MENTION -- Remember, we operate a good established auction that has served you so dependably for 25 years. A good sale 52 weeks of the year. Thousands of satisfied customers.

NOTE—The livestock markets have improved considerably Our sales have been holding up well in volume and prices.

CATTLE—We will have some good breeding bulls and milk cows, stock cattle and veals, fat cattle and butcher stuff. We have a good cattle market. Plenty of buyers who are willing to pay the market price.

HOGS—We have been getting a lot of brood sows and feeding hogs but not near enough to supply our demand. If you have some good brood sows and feeding hogs let us have them. We have the buyers.

SHEEP—We always have some good bred ewes, feeding and fat lambs. Good native ewes are in demand and selling well.

HORSES — There is a farmer demand for good broke teams and we have a good killer market for those big fat horses.

To sum it up livestock of all kinds is still bringing good prices. The spread in prices are due to the quality and condition. The markets are fluctuating considerably but we assure you that our markets will be in line at the time you sell.

FURNITURE and MACHINERY SALE EVERY WEDNESDAY

Our Wednesday sales on furniture, machinery and appliances are holding up well and bringing satisfactory prices. Bring yours in.

VOL. 30 NO. 22 OFFICIAL CITY PAPER Belmond Wright County, Iowa Thursday, March 17, 1949 OFFICIAL COUNTY PAPER The Family Newspaper

MAIN STREET

By George C. Hansen

BASKETBALL IS KING THIS WEEK

On Tuesday afternoon I received a telephone call from Ben Carter, editor of the Forest City Summit, asking the Belmond Independent to run a display advertisement, thanking the Belmond Chamber of Commerce and others responsible for the "Forest City Booster Sign" that has been hanging across Highway 69, giving the Forest City Indians the moral support of Belmond basketball fans in the sub-state and state basketball tournaments.

Later, in the afternoon mail I received a letter which was a reply to a letter sent to Coach Del Mully and his Forest City basketball team the week before, congratulating them on winning the district tournament and sending best wishes for success in sub-state and state tourneys.

The letter received Tuesday afternoon was headed with the caption on the first booster banner that went up across highway 69 and was signed by 116 Forest City basketball fans, both men and women. It read as follows:

FOREST CITY
BEAT NEVADA
BELMOND IS BACKIN' YOU

"Yes, we saw it, we read it, and we remembered it!

"We, the undersigned fans of Forest City Indians, thank you and every citizen of your town for this excellent display of your sportsmanship and support. We shall try to follow the good example you have set for us now as we follow our team and in the future.

"YOUR FOREST CITY NEIGHBORS TO THE NORTH"

Above is a picture of the first banner that was put up. After Forest City defeated Nevada at Ames last week, the sign was taken down and re-written, "Beat West Waterloo", taken down again yesterday and re-written "Beat Ankeny."

Forest City meets the fast Ankeny crew in the second round of the State Basketball tournament Thursday afternoon (today) at Iowa City, station KGLO, Mason City, broadcasting.

To go back to the beginning, it was Fred Fulton who gave birth to the booster banner idea. Larry Gunderson painted and re-painted it, Central Telephone Co. and Central States Electric Co. have been responsible for hanging and re-hanging it. Not to be overlooked is the "Simon LeGree" head of the Chamber of Commerce (his initials are R. W. C.) who looked over the project with boastful pride after the work was done.

The impressive letter from Forest City with the 116 signatures may be seen at the Independent office or at the next meeting of the Belmond Chamber of Commerce.

—M-S—

Our reporter, Louise Johnson, on her Monday morning news-round-up of Main Street, got an item from George Infelt at Infelt Stores to the effect that his sister, Mrs. Margaret Carl of Lake Mills, had come down to spend the day with them Monday. He mentioned that she is the manager of Infelt's Dime Store in Lake Mills and then remarked, "There are very few lady dime store managers, and she is one of the best managers in the state." From this remark you can readily see that George is proud of the fine work his sister is doing.

New Plymouth On Display At Hub Garage March 18

The new line of Plymouth automobiles, with outstanding mechanical improvements and up-to-the-minute styling, make their appearance in dealer showrooms here and throughout the United States Friday, H. D. and L. C. Tudor announced today.

Completely redesigned and streamlined, the new Plymouth contains a 97-horsepower engine which is smoother, livlier, and more economical. Other changes make notable contributions to beauty, safety and passenger comfort.

Wheelbase has been increased for a better ride and more road stability but at the same time the over-all length has been reduced for ease of handling. Although lower and narrower, the new bodies provide greater interior room for the passengers. The [illegible] dimensions reflects a [illegible] change from last

Membership of Farm Bureau Is Near 1,300

Quota For '49 Is 1462 The Same As '48 Total

A total of 1287 Farm Bureau memberships have been paid in Wright County for 1949 according to Gerhard Thompson, county organization director.

Quota for 1949 was set at 1462 members, the same membership that was reached in 1948.

The membership reached so far this year is almost the same as for last year at the same date. Some loss in membership was expected because of the increase in dues from $10.00 to $15.00. This has not been as great as expected and membership workers are now expecting to reach quota.

Eagle Grove township was the first township to achieve quota. Eagle Grove township had 108 Farm Bureau members their exact quota and also the membership reached in 1948.

Township captains and leaders are now working on the final completion of the drive which was delayed because of icy roads.

Township Farm Bureau membership for all townships to date are as follow:

Belmond township 72, Blaine township, 66; Boone township, 78; Dayton township, 81; Eagle Grove, 108; Grant township, 91; Iowa township, 90; Lake township, 79; Liberty township, 81; Lincoln township, 107; Norway township, 75; Pleasant township, 95; Troy township, 67; Vernon township 58; Wall Lake township, 70, and Woolstock township, 68.

Alexander PTA Sponsors Al Bell Radio "Op" Show

Two Evenings Of Fun In Alex Gym March 25-26

Happy Al's Radio Opportunity Show will appear on the stage in the Alexander school gym two nights, Friday and Saturday, March 25 and 26. There will be a brand new show each night.

Anyone can enter the talent contest and an entry blank will be found in an advertisement on the Alexander news page in this issue. Anyone interested is urged to clip the entry blank and send it to Mrs. Fred Trager, Alexander, Iowa.

Al Bell will m. c. the fun fest which will be complete with comedy monologues, imitations, impersonations and spur of the moment comments. An added feature will be "Mama Bell" who will entertain with an exhibit of mental telepathy and mental concentration.

The audience, this year, will come in for its share of the fun as electrical appliances will be given for audience participation in the show.

Starting time of the shows will be at eight o'clock each evening. Auditions will be held at four o'clock the afternoon of the first performance. The event is sponsored by the Alexander PTA.

MARCH P. T. A. MEETING CHANGED FROM MONDAY, 28th, TO TUESDAY, 29th

March meeting of P. T. A. will be held on Tuesday evening, March 29 instead of the regular date of the last Monday in the month, Monday, March 28, because of the conflict with the Adult School Banquet which will be held on the night of the 28th.

Belmond H. S. Students Won 10 "1's" In Preliminary Music Contest

Winners Go To District Mason City April 29-30

Belmond high school students came home from the preliminary music contest held at Dows Saturday with 10 "I" (one) ratings out of 13 entries. This highest rating entitles the winners to participate in the district music contest which will be held at Mason City April 29 and 30.

State contest finals will be held at Boone on May 7.

Winners of the highest ratings were six vocal soloists: Mary Lou Baker, Janis Bailey, Marilyn Ellis, Jerry Hanson, Loren Kalkwarf, Jean Oberhauser; piano soloist: Janyce Larson; boys' quartet; Odean Severseike, Tom Harty, Richard Elliott, Jerry Hanson; girls' trio: Janis Bailey, Marion Anderson, Janyce Larson; Madrigals: Marilyn Madsen, Janis Bailey, Marion Anderson, Janyce Larson; Loren Kalkwarf, Tom Harty, Richard Crapser and Jerry Hanson.

Number "2" ratings went to Marilyn Madsen for a vocal solo and the girls' sextet: Marilyn Ellis, Dorothy Halfpop, Kaye Reno, Darlene Rierson, Nancy Johnson, Jean Hemmingsen.

Contestants were directed by Miss Cornelia Lunde, vocal music instructor.

Accepting Taxes March 21--Penalty After April 30

Announcement is made this week by H. E. Sullivan, Wright County treasurer, that the county will be ready to accept tax payments on March 21. Taxpayers will have until April 30, instead of the usual date of March 31, to pay taxes without penalty, due to the late date of establishing taxes this year.

Congress Designates April As Cancer Campaign Month--Co. Head Appointed

HARRY A. MURPHY, New York, national campaign director of the American Cancer Society, will be the speaker at a meeting of cancer campaign workers at Ames Sunday, March 20, which will begin with registration at 11:00 a. m. at the Memorial Union, Iowa State College. The society's campaign to raise $301,900 in Iowa and $14,500,00 in the United States will be held in April.

State Chm. H. B. Hook Is Speaker At Workers Meeting, Clarion Mar. 21

Announcement has been made by H. B. Hook of Mason City, state campaign chairman of the Iowa Division of the American Cancer Society of the appointment of Mrs. Lynn Thompson of Clarion as fund raising chairman for the cancer control program in Wright county. She succeeds Ronald Courson and George Hansen, who as co-chairmen, served in that capacity the past year.

The campaign will be held during the month of April, which has been designated by congressional resolutions as cancer month. The National organization is asking for $14,500,000 this year. Iowa's goal for 1949 has been set at $301,900, a 10 percent increase over last year.

A Wright County Cancer Campaign meeting will be held in Clarion at the American Legion Hall Monday, March 21, at 2:00 p. m. for all workers who are being chosen by Mrs. Thompson to assist in the 1949 campaign, and all others interested in the cancer program. State Chairman Hook, who is manager of radio station KGLO, Mason City, will be the speaker and give suggestions and information valuable to the workers.

Mrs. Clyde Burt, Clarion, secretary and treasurer of the county cancer campaign, will give all workers their materials at the meeting and inform them where to turn money in after they have completed their solicitations.

"The need for funds to expand the Society's program of research, education and service is greater today than ever before," Mrs. Thompson, county chairman explains. 25 percent of every dollar contributed is earmarked for the national research program. More than $1,000,000 will be used for professional and public education at the national level, and about $9,000,000, or 60 per cent, will be returned to the states to be used for research, education and service in the various state and county divisions of the Society, according to Mrs. Thompson's report.

At the present time the Society is supporting the work of hundreds of doctors and scientists in scores of universities and research centers throughout the United States, and it is fostering a training program designed to bring hundreds of qualified young men and women into the cancer research field, but it was forced to turn down more than a million dollars of promising research projects last year because of lack of funds, Mrs. Thompson stated.

Congregational Minister Assumes Pastorate Here

Reception, Pot-Luck Supper Sunday Night

Reverend Alfred McKeith arrived in Belmond this week to take over the pastorate of the Congregational Church here. He comes from Mendon, Illinois, where he has served the Congregational church for three years. He is a graduate of the University of Nebraska and Chicago Theological Seminary.

The McKeith family includes three children: one son who is working in Quincy, Illinois, another attending Carlton College at Northfield, Minnesota, and a daughter in the eighth grade.

A pot-luck supper and reception will be held for Reverend and Mrs. McKeith and family on Sunday evening, March 20, at 6:30 in the church basement. Each family is asked to bring table service, a covered dish and sandwiches.

Mar. 31 Is Final Date To Sign For 1949 Farm Plan

At a meeting of the township committee chairmen and county committeemen of the Wright County Agricultural Conservation Association, soil conservation practices for the 1949 program were selected which are considered most practical for Wright county.

March 31, 1949 is the final date for signing up for the 1949 Farm Plan.

All farmers, whether they are owners-operators, landlords or tenants, are urged to give careful consideration to the selection of practices most applicable to their farms, Oscar Hanson, County A. A. A. chairman stated this week. Hanson further explained that in cases of tenant-operated farms, tenant and landlord should consider the farm program together where it is possible to do so, even though it is only necessary for one party to sign the intention sheet.

WHAT IS YOUR DECISION

Where will I go after graduation is the question most seniors are asking themselves this time of year? Will it pay for me to go to college or shall I get a job right away? Millions of students go through this every year. Many decide for college and many more against it. The trend for higher education is increasing by leaps and bounds during the last few years. Let us take two examples for illustration.

Jerry and Bill graduated from the same high school together. Both lived in a small town and both had their own ideas about post-graduate days.

Bill's father was a carpenter who made a comfortable living on his income. Bill decided to work with his father. When the slack season came, Bill was surprised to get an offer from a large construction company. Bill's father had taught him the trade as well as he could. In eight months Bill was made foreman; but he was finding the job increasingly difficult. He was having trouble with figures and diagrams.

When his boss told him he had a chance to become traveling engineer for the firm, Bill was elated, but he failed to pass the required test. He was as high as he could go in his field without higher education.

Now Jerry all this time was going to college. When he graduated he was given a job in a drug store as assistant pharmacist. The owner of this store was an old gentleman named Mr. Brown. He liked Jerry's cheerful ways and admired the way he worked. In a few years Mr. Brown let Jerry rent the store and he retired. Soon Jerry was able to make a substantial down-payment on the store and would soon own his own business.

These two cases may help you decide this question for yourself in a way beneficial for you.

"Shure, an' its your presence
We're requestin'
At the grand shindig we're
plannin' in the gym
On March 9th at 6:30 P. M.
Will yiz' come?"
Home Ec. Colleens

This is the invitation we sent to all members of the school board, all the faculty members, and the janitor. Of the thirty-three people who were invited twenty-nine of them were present at our dinner which was served in three courses. The menu read as follows:

Eatin' O' the Green
Shamrock Juice
Fluffy Murphys
Irishman's Delight
Killarney Vitamins
Bit O' Green
Emerald Isle Shamrocks
Bit O' Blarney
Irish Icebergs
Spirit O' the Irish

Now would you like us to decipher it for you? The tomato juice cocktail was called Shamrock Juice and was served with Ritz crackers.z The first course was removed by head waitresses, Joye Vestweber and Lola Markwardt with the very necessary assistance of Marlene Schulte, Marcele Larson, Helen Larson and Carol Johnson. In the kitchen we had an assembly line that was really "On the Beam." This consisted of Edith Schulte serving the Fluffy Murphys or potatoes; Alberta Dirksen topping them with gravy; Phyllis Vestweber placing the Irishman's delight which was tender enough to be cut with a fork and a golden brown in color just as steak should be. Norma Madsen was responsible for the Killarney Vitamins or butter peas, to which was added color by Dorothy Wiemann, who placed the cranberry jelly, carrots sticks and parsley, jello salad consisting of Jello, pineapple, and celery was cut in shamrocks shapes and placed on a lettuce leaf, then was stuffed with mayonnaise. The homemade clover-leaf rolls were served and there were plenty for all. On the relish dishes were olives, carrots and celery. After the main courses, the dishes were cleared and dessert was brought on which was angel food cake with light green frosting and a special made ice cream with shamrocks in the center of each piece cut. Coffee was served to all.

Between courses Irish records were played with green and white candles, and two floor lamps by the piano for lighting. A section of the gym floor was blocked off by streamers of green and white crepe paper. The two long tables met at one corner forming a right angle and all courses were served from this end. For place cards, there were Irish hats with each guest's name on them, and nut cups of green and white and programs with the menu and entertainment typed inside the shamrock cover.

After the dinner the girls sang two Irish songs, "My Wild Irish Rose", and "Too-ra-loo-ra-loo-ra" after which a picture was made by placing each piece at a time, made of flannel, at which time Carl Johnson read the poem and Alberta Dirksen on the piano played "Home Sweet Home." Following the picturegraph a short skit was given by the following:

Marlene Schulte — leader—dressed in clashing colored skirt and blouse with glasses and a big hat. She is a busybody traveling from one meeting to another with all kinds of paper and books.

Joye Vestweber—Food Specialist—In a uniform and apron. Carrying a box of raisins, carrots and iodine so she would have her daily requirements.

Phyliss Vestweber — Clothing Special—was dressed in clothes to clash with her hair, with plaids, blues and greens.

Dorothy Wieman—was the Perfect Dressed Woman with jewelry and a clustered up hat and dress.

Lola Markwardt—Home Management—She was dressed in overalls and plaid shirt and bandana. She carried her tools and boards, and nails with her. Everyone seemed to enjoy the sound of these Home Experts.

While the Home Ec. Colleens were busy with their dishes, the guests ended the evening by playing "Bunco." Prizes were given to the winners. Mr. Hussong won the "Bunco" prize with his wife, Mrs. Hussong receiving the high prize for the ladies. Mrs. Sauerberg received the low prize. For the men, Jerry Beenen received high prize and Loren Tinkey low prize.

Band News

We are practicing for the band concert to be held at Clear Lake on April 9. We are working on two new pieces, a March and an Overture. Sharon Schulte is going to Klemme this coming Monday night for a band rehearsal held there. On Thursday afternoon the band played a few pieces for the Band Mothers.

MUSIC NEWS

The sextette and two soloists entered the contest at Dows on Saturday, March 12. Larry Myers, the baritone soloist sang, "The Blind Ploughman" at 4:35 P. M. Mary Lou Stoffer, the soprano soloist sang "Morning" at 9:10 a. m. The sextette sang "Now the Day Is Over" and "Lo How a Rose 'er Blooming" at 8:18 p. m. The altos were Edith Schulte and Thelma Abel, the second sopranos were Lola Markward and Joye Vestweber, and the first sopranos were Shirley Kuper and Mary Lou Stoffer. We were accompanied by Alberta Dirksen. We had worked hard to get our music ready for contest, since it was the first time we had been entered in contest for several years.

The Girls' Glee Club is entering the music contest in Clear Lake on April 8. We have 20 members in our glee club.

P. T. A. Program

A program was given for the P. T. A. Monday evening March 7. The sextette and the two soloists sang their contest numbers and in addition the girls' glee club sang "Sundown" and "The Cradle Song."

GRADE NEWS - -

FIRST GRADE NEWS

Sandra Blau will have a birthday March 11th and we are all looking forward to it very much.

We have started a new arithmetic book entitled "Number Stories."

We received our pictures from **the National** Studio taken some time ago and they all turned out very nice.

In science we have been talking about birds and are to watch out for different birds. This gives us something interesting to do and tests our observation.

SECOND AND THIRD GRADES

We have been gaily decorating our room with touches of spring. For a border we have made dogs of cotton prints with pearl button-eyes, which look very cute as a border.

In third grade geography everyone is helping to set up an exhibit of different materials that we use in our clothing. It will show where each material comes from and how it is used.

Writing letters is the new accomplishment of the second grade in language. Friends and relatives have the honor of receiving mail from each pupil.

"The Land of Make Believe" is rousing the imagination of both the second and third graders in reading. Lately the "North Wind" has been able to talk and "Jolly Pig" has been able to make pies. We are certainly covering an interesting unit.

FOURTH AND FIFTH GRADE NEWS

We have a big kite in the front of our room for a decoration to illustrate the season.

In fifth history we are making up riddles about famous authors and are trying our best to guess who they are.

We have made good posture posters in fifth health and some of them are very nice.

We are having experiments in fifth science to test materials for acid.

We are working with improper fractions in fifth arithmetic and we really enjoy it, much to the surprise of everyone.

We are learning about the table of contents and the index of our books in fifth language.

In fourth grade health we are studying about good food and are making good vegetable posters.

We are going to have a test in fourth geography over Switzeriand—"The Winter Playground of Europe."

The fifth graders are also going to have a test over the South Atlantic States in geography.

We received our picture that we had taken sometime ago from the National Studios.

SIXTH, SEVENTH AND EIGHTH GRADE NEWS

Joanne Hopkey, a seventh grade pupil, spent Monday in Marshalltown getting her eyes checked. We are glad to report that her eyes are coming along very good and the doctor hopes to change her glasses very soon.

The boys and girls of all three grades are practicing basketball very hard for the Junior High Tournament which will be coming up very soon. They must have a C average to be eligible.

In arithmetic the eighth grade are studying triangles and in science magnets.

Lonny Myers is back in school now after being absent from school for two weeks with an appendicitis operation. We are very glad to have Lonny back with us.

Saturday afternoon five students from the sixth, seventh, and eighth grades will be going to Hampton for the county spelling bee.

Gladys Olson was first with a prize of $1.50, Oliver Olson second with a prize of $1.25, Marjorie Barkema third with a prize of $1.00, Sharon Meints fourth with a prize of 75 cents and Robert Berninghauser fifth with a prize of 50 cents. We are all very proud of our spellers !Good luck, to all five of them in the Spelling Bee!

FRESHMEN NEWS

The Science class is learning how to control indoor weather and heat transference, moisture control ,air-conditioning and how it affects the human body.

The English class is studying the tenses of verbs and forms of the passive voice and future tense.

In Algebra we are on multiplication of algebraic fractions and division, addition and subtraction of fractions.

SOPHOMORE NEWS

In English the sophomores are finishing the second book of "The Tale of Two Cities."

In Geometry the students have now completed the poloygons and are now starting on quadrilaterals.

The students in History, both sophomores and freshmen are studying the French Revolution.

JUNIOR AND SENIOR NEWS

The Junior class is studying short stories and personal essays in American Literature. In typing they are typing business letters and are learning how to address envelopes.

The work benches now in the industrial arts room have been in use for a long period of time. Most of the benches were quite scarred up, some parts on the benches were broken, and on somoe benches the vises were broken. Lately we have been busy making new parts, fixing the vises and sanding, shellacing and varnishing the benches. The work benches will now withstand a lot more use than they ordinarily would have.

The seniors are typing legal documents and taking ten minute speed tests. We are taking these time tests to work for typing award pins, which we will receive at the end of the year.

In speech the Seniors have picked out their senior class play. The name of it is "Our Gal Sal." There are three boys and six girls in the play. This play is a hilarious three-act comedy.

In bookkeeping we are learning how to make more adjustments in the work sheets. We are also studying about fixed assets and depreciation of fixed assets.

Belmond Youngsters Tour Eagle Grove Co-op Plants

(Upper left) Club leaders Walter A. Schleiffarth and Lloyd Lerdal watch closely as a co-op employe operates a sewing machine used to close and attach Open Formula tags to bags of feed produced in the Boone Valley Cooperative Processing Association plant at Eagle Grove. (Upper right) The 4-H club members give undivided attention as Albert Koolhof, farmer near Webster City, president of Boone Valley Cooperative Processing Association, tells them some of the reasons why farmers formed cooperatives. (Lower left) These boys listened closely as Ed Olson, general manager, explains one of the steps necessary in manufacture of soybean meal. (Lower right) Merle Blue, general manager CCA's manufacturing plants in Eagle Grove, pinch hits for the laboratory technician in explaining some of the numerous tests constantly being made to assure the highest possible quality in farm supplies made in the co-op factories at Eagle Grove.

Eighteen of Belmond's coming farm leaders from the Belmond and Dows communities visited their dad's manufacturing plants at Eagle Grove, Saturday, March 5, to find out how and why farmers operate cooperative factories to turn out farm supplies. The youngsters, members of the Belmond Boosters and Vernon Victors 4-H Clubs, were guests of Boone Valley Co-op Processing Association and Consumers Cooperative Association. They were conducted on an inspection tour of the manufacturing facilities of the soybean processing, feed mixing, commercial fertilizer and animal protein plants operated by these two regional cooperatives, as well as being their guests at luncheon. Walter A. Schleiffarth and Lloyd Lerdal, club leaders, Belmond, accompanied the group.

Youngsters making the trip included Johnnie Schroeder, Galt, William Route, Jr., Route 2, Dows, and Maurice White, Galt, all members of the Vernon Victors Club; Carolyn Schleiffarth, Norma Jean Hopkey, Beverly Lerdal, Betty Schleiffarth, Jerry Hopkey, Paul W. Oberhauser, David Hauge, Sherman Oberhauser, Kenneth Lerdal, Donovan McClure, Roger Pals, and Bob McClure, all Route 2, of Belmond; Lowell E. Fleming and Marvin L. Fleming, both Route 1, Belmond; Harlan Nassen, from Goodell, all members of the Belmond Boosters.

AWAY BACK WHEN

TEN YEARS AGO—

Funeral services were held on Tuesday afternoon at the St. Olaf church, west of Belmond on Sunday for Ole Hanson who died at the age of 86 years. Mr. Hanson had lived in that vicinity for the past 69 years.

—1939—

The First State Bank completed this week the installation of a Sound Wave Burglar Alarm system.

—1939—

Word was received this week that Mr. and Mrs. E. L. Tiede of Santa Ana, Calif. and formerly of Belmond, had celebrated their sixty-second wedding anniversary.

—1939—

At the regular school election held Monday, 57 votes were cast. George Elder and John Greenlander were re-elected to three years terms and Roy A. Henderson was elected to fill the unexpired two years of the term of the late W. A. Parker.

—1939—

Jerry Adams of Spencer spent Sunday at the home of his parents, Mr. and Mrs. J. A. Adams.

TWENTY YEARS AGO—

Harley Miller, who has been employed by the Central States Elec. Co., here as local manager has resigned, and his position is to be filled by Carl Nolte of Iowa Falls.

—1929—

The warm weather the latter part of last week melted the snow rapidly, and for a couple of days water was everywhere. Ice jams in the Iowa river caused some fear for several bridges, but all withstood the high water. Friday and Friday night workmen from the CGW railroad company were kept busy dynamiting the ice jam at the railroad bridge over the river.

—1929—

Some 25 friends and neighbors gathered at the Ralph Christie home recently, to assist them in celebrating their fifteenth wedding anniversary.

—1929—

Mr. and Mrs. Ralph Wendel are the parents of a baby boy, born Thursday, March 14.

—1929—

Belmond is assured of band concerts for this summer, through action taken by the band at a meeting last week. Sixteen concerts will be played, to start the latter part of May.

THIRTY YEARS AGO—

Miss Wilma Trumbell has been enjoying a two weeks' vacation from her school work. She will begin school again next Monday.

—1919—

Dr. J. E. Wallace has moved his office into the rooms above Johnson's store at one time occupied by Dr. Hoxie and Dr. Meyer.

—1919—

A lady who owns property on Spruce street was attending to business matters here last week. She advised this paper that when she came she expected to "holler" about paving not being needed. She says that looking over the street convinced her that now was not the psychological time for a "holler."

—1919—

Geo. Baidridge of Kanawha was in Belmond last week visiting relatives. George is able to get around nicely on crutches. He had a close call when shot through the right leg last fall while hunting.

—1919—

•Lieutenant Clarence Townsan has received his discharge from the service and arrived in Belmond last Thursday for a few days visit with relatives.

—1919—

Joe Kaufman has arrived home from the army service overseas. Gradually the boys are getting back home.

FIFTY YEARS AGO—

Monday evening some sneak stole a buggy cushion of White & Co. and a set of harness from Abner Gilpen. Belmond has always been free from petty thieving and if the perpetrator of the above deeds is detected he will suffer from that tired feeling.

—1899—

C. D. Beckwith, of Goodell, was awarded the contract of building a handsome new farm residence for Thos. McNulty, between here and Goodell. Work will be commenced next week.

—1899—

Mr. and Mrs. B. J. Johnson: will commence housekeeping in the Walton house in the northwest part of town next week.

—1899—

E. M. Lathrop has put a new steel mill on his sky scraping tower and is now ready for business.

—1899—

Miss Anna Wallace's term of school closed in the Baker district Friday. Miss W. has proven herself an excellent instructor and will teach the same school this summer.

BELMOND LOCALS

Mrs. Dale Thompson of Ellsworth spent Sunday in the parental L. M. Helland home.

Mrs. Juanita Duncan who lives in South Dakota is visiting a few weeks in the home of her parents, Mr. and Mrs. Frank Caldwell.

Mr. and Mrs. Fred Geitz Observe Golden Wedding Anniversary

Sunday, March 13th, marked the golden wedding anniversary celebration of Mr. and Mrs. Fred D. Geitz, long time residents of this community. Mr. and Mrs. Geitz were united in holy wedlock on March 14, 1899 at the Geitz parental home southeast of Belmond. Pastor August Wellner performed the ceremony.

The couple was remembered at a special service held in their honor at St. John American Lutheran Church. Rev. H. Senft spoke concerning the happiness of the Christian home. Mrs. Daryl Jenison sang "O Perfect Love" following which Elder Albert Rabe presented them with two gifts from he congregation as well as congratulatory cards.

Following the dinner given in their honor, a short program was presented . St. John Ladies' Aid presented the couple with two bouquets of flowers. The afternoon was spent in extending well wishes to the celebrants.

The three children of the Fred Geitz family were present for the golden wedding anniversary celebration. They included: Philip and family of Dubuque, Iowa; Walter and family of Williams, Iowa, and Mrs. Leona Spanier and family of Hinsdale, Chicago, Ill. Other relatives and guests from out of town included the following: Mrs. Gus Vestweber, the older sister of Mrs. Geitz, from Lakefield, Minn., Mr .and Mrs. Henry Grein and family of Lakefield, Mr. and Mrs, Ernie Frickle and family of Lakefield, Mr. and Mrs. Albert Vestweber and family, also of Lakefield, Mr. and Mrs. Christal Dipple of Peru, Ill., Mr. and Mrs. John Grabbe of Hampton, Mr. and Mrs. Earl Grein and family of Latimer. Also Miss Bertha Bossenburger of Williams, Mr. and Mrs. Geo. Oakland of Williams, Mr. and Mrs. Willard Hoverstein of Williams.

Numerous relatives and friends from the Belmond vicinity were present for the occasion. Mr. and Mrs. Wm. Gealow, attending the couple at the Fred Geitz wedding 50 years ago, were there and are themselves looking forward to their own golden anniversary in less than a year.

Following the services at their church the relatives and friends of the couple were entertained at "open house" on Sunday afernoon.

Mr. and Mrs. Geitz make their home just on the outskirts of northwest Belmond having lived there for a number of years.

1949 Easter Seal Campaign Gets Underway Today

Receipts Are For Iowa Crippled Children

The 1949 Easter Seal campaign for the Iowa Society for Crippled Children and Adults again headed by Earl Hall, editor of the Mason City Globe-Gazette, gets underway today, March 17, and continues until Easter Sunday, April 17. About 600,000 Iowa homes will receive sheets of Easter Seals mailed by the Society and its affiliated county units.

Mrs. William Fisher, Eagle Grove, has been named secretary-treasurer of the campaign for Wright county. Among others assisting in the county, is Mrs. A. C. Hanson of Belmond .

Funds from the Seal sale provide the main source of income to maintain the wide and varied program of services offered the handicapped by the county Easter Seal organization. Included are such assistance as equipment, medical and dental care, hospitalization, physical therapy, camping ,convalescent care, special schooling, help for parents of spastic children, and home employment.

Educational assistance provided by Easter Seals includes tuition to private schools, speech correction and transportation. Handicapped boys and girls are given the advantage of summer camping for crippled children conducted in the state each summer by the Iowa Society. Another phase of the work is the rehabilitation program carried on in the handicappeds' own homes, providing part-time employment.

year's models. The Plymouths may be seen at Hub Garage, Friday, March 18.

Designers have achieved a "common sense" streamlining in which ease of handling, safety and comfort have received strong consideration. Fenders which blend perfectly into body lines are nevertheless separate and detachable.

Increased visibility is provided in the windshield which is 37 percent larger and the rear window which is 35.4 percent larger. Windshield wipers clean 61.5 per cent greater area.

Seats are wider and deeper and there is more rear seat leg room.

A new automatic electric choke, of the same type used on other Chrysler Corporation cars, has been added. Among the outstanding innovations is the combination ignition and starter switch which completely eliminates the starter button.

A new fresh air car heater, which steps up defrosting and more readily removes window fog, is available in three models. It may be used in warm weather as a fresh air circulator.

TRICK OF THE WEEK

YOU can make water run up hill! Take a plate, a glass, about half a glass of water and a piece of paper . . . Place water in plate . . . Put paper in glass and light paper . . . Quickly invert glass with burning paper in it and put mouth down into water in plate . . . As flame burns it eats up the oxygen inside the glass causing a vacuum which in turn pulls water up into the glass.

Winter Hard On Streets

Winter is hard on many things, especially is it hard on city streets. Belmond's streets will require the usual, if not more than usual repair this spring. On the gravel streets particularly we have been noticing the sharp, cup-like indentations which always seem to come after several freezes and thaws during the winter season.

This spring, too, many low spots have developed where thawing ice has made large pools of water stand on some streets. This latter development is not very pleasant for either automobile drivers or pedestrians. Only part of the population which seems to like the water spots is the smaller school children, who, like ducks, seem to be drawn as if by a magnet to the dirty ponds of water.

In a recent issue of "The Iowa Taxpayer," bulletin published each month by the Iowa Taxpayers Association, there was an editorial discussing the plan of President Truman to revamp the federal government's 1800 bureaus into something more efficient and less costly than they are at present.

Reading as follows, the editorial was entitled:

Hercules Did It, Maybe Hoover Can

One of the older legends that has lived something like two thousand years has to do with an individual called Hercules, whose physical prowess has been both the envy and the inspiration of boys in all parts of the world for many centuries.

If our rather hazy recollection of the whole story serves us correctly, there were some seven tasks assigned to this robust young man, only one of which is generally recalled—that of cleaning the Augean stables where mountains of good fertilizer bad been allowed to accummulate.

Since he must do the job in a single day Hercules knew that a pitchfork or its early Grecian counterpart wasn't going to be of much help so he just diverted a convenient river so that the torrent raced through the stables sweeping all of the contents before it and so the job was done with, of course, total disregard for anti-pollution statutes that may or may not have been then in effect.

With our Federal Bureaucracy loaded down with inefficiency and other surplusage of even less potential value than that which Hercules sought to remove, President Truman and Congress called on the great former president, Herbert Hoover, to head a commission which is now presenting in a series of reports, following the great major plan outline which Congress and the President received three weeks ago, their suggestions for putting our house in order.

Your newspapers have told you the story. It remains to put it in force, not with this and that exception of pet departments, but as a whole so that it may have a chance. By the time this little publication reaches you the first test vote may have already been taken on the proposal to give the President authority for revamping the 1800 bureaus into something that may eventually constitute a working machine with possibilities of usefulness.

The whole plan is stupendous only because federal bureaucracy has become stupendous. It may be over-simplification to say that the only problem which all of these forces including President Truman, Herbert Hoover, hundreds of the country's top men and Congress have to solve is to make human time and, shall we say with some hesitancy, human effort, reasonably effective in governmental employ. That's all. But what a job.

And if it is done, and it MUST BE DONE IF WE ARE TO RETAIN A REASON-ABLE DEGREE OF INDIVIDUAL LIBERTY, this country should and will honor its venerable statesman and leader, Herbert Hoover, for the accomplishment of an almost superhuman job.

Editorially Speaking--

Sound Economics

There is no magic in laws which set a floor under wages for all workers. No law can guarantee any higher wages than a worker is able to earn by production. The worker not worthy of his hire will not be working long. At least that's the sort of economics that was taught back in our school days, and we doubt if it has changed much.—Traer Star-Clipper.

A Cheaper Car

Some auto manufacturer is missing a bet. Somebody should be turning out a good little car about the size, speed and economy of the old Model A Ford—a dependable car that would take you there and back, without all the modern flummeries that are unnecessary except for show and talk—a car that could be sold today for a thousand dollars and could be kept on the road, without busting its owner in case a fender was bent.—Clarion Monitor.

Mystery Farm 26 Is Home Of Garfield Holversons Jr.

Garfield M. Holverson, Jr., his wife, Esther, are the occupants of Mystery Farm 26 which is owned by his father, Garfield T. Holverson, Sr. They have lived there the past three years.

160 acres in size, the farm is located three miles north and four west of Belmond.

Last year Holverson had 65 acres planted in corn, 50 in oats, and the remainder was in hay and pasture. He raised 18 head of Herefords, 90 fall pigs, and 200 springs pigs—cross breed. They keep about 300 laying hens, white Leghorns, on the farm.

Both Mr. and Mrs. Holverson like to fish and generally take a week off in the fall of the year for a week's fishing trip in Minnesota.

Mystery Farm 27 may be found this week in an advertisement sponsored by Sorenson and Wirtz. Occupants of farms shown in the paper are reminded to call at the Independent office for free enlargement of picture and to give information about farm and family for publication in the Independent the following week.

LEGAL NOTICE
NOTICE OF PETITION FOR ESTABLISHMENT OF DRAINAGE DISTRICT
No. 215 within Pleasant Township Wright County, Iowa

TO: Blenda Ahlstrom, John Lowenberg, Henry Foss, Peter Steenblock, Jr., Dick D. Pals, Carl F. Rietz and Gladys L. Rietz, Minnie A. Schmalle, Henry Busick, Ralph H. Jenison, Anna B. Jenison, et al, G. Leroy Jenison, George Smith, Lillian H. Graepler, August H. Rabe; lienholders or incumbrancers of land through which or abutting upon which Drainage District No. 215 extends; and to all other persons whom it may concern, including occupants of land within the proposed district:

You and each of you are hereby notified that on the 7th day of September, 1948, there was filed in the Auditor's office of Wright County, Iowa, a petition signed by Ralph Jenison, Minnie A. Schmalle, and Henry Busick, asking the board of supervisors to establish a drainage district within Pleasant Township in said County.

That Rowat and Murray were appointed engineers, as by law provided, to make a survey and report on the expediency of establishing said drainage district. That their report was filed on March 1, 1949, in which they recommend that said drainage district be established to consist of lands as follows:

NE¼, NW¼; NW¼, NW¼, N 45 acres; NW¼, NW¼, S 15.7 acres; SW¼, NW¼; SE¼, NW¼; NE¼, SW¼; NW¼, SW¼; SW¼, SW¼ SE¼, SW¼; NW¼, SE¼; SW¼, SE¼; all in Section 4, Township 93, Range 23; NE¼, NE¼; NW¼, NE¼, E½; NW¼, NE¼, W½; SW¼, NE¼; SE¼, NE¼; NE¼, NE¼, NW¼, SE7½ acres; SW¼, NW¼; SE¼, NW¼; NE¼, SW¼; NW¼, SW¼; SW¼, SW¼; SE¼, SW¼; NE¼, SE¼; NW¼, SE¼; SW¼, SE¼; SE¼, SE¼; all in Section 5, Township 93, Range 23; SE¼, NE¼; NE¼, SE¼; SE¼, SE¼; all in Section 6, Township 93, Range 23; NE¼, NE¼, Section 7, Township 93, Range 23; NE¼, NE¼; NW¼, NE¼; NE¼, NW¼, NW¼, NW¼, SW¼, NW¼; SE¼, NW¼; all in Section 8, Township 93, Range 23; and the NE¼, NW¼ and NW¼, NW¼ in Section 9, Township 93, Range 23.

That the board of supervisors met in session on March 7, 1949, adopted said recommendation, and ordered the county auditor to give notice thereof as provided in Section 455.21, Code of 1946, of the pendency and prayer of said petition, and the favorable report thereon by the Engineer.

That said board of supervisors set the 18th day of April 1949 at 1:30 P. M., for hearing on said petition and report, at the courthouse in Clarion, Iowa.

That said report may be amended before final action is taken.

That all claims for damages must be filed in the office of the county auditor of said county not less than five days before the day set for hearing upon the petition.

Dated at Clarion, Iowa, this 10th day of March, 1949.
Roger Charlson, County Auditor

"Mystery Farm" 25 At Edge Of Olaf Is Home of Archie Lee Family

Mystery farm number 25, which appeared March 3 in the Independent, is occupied by Mr. and Mrs. Archie Lee and three girls, Donna Mae, 13, Phyllis Rose, 10, and Leone, 8.

The 120 acres of good soil and all modern buildings is located on the edge of Olaf, seven miles west and two and one-half north of Belmond.

Fourteen years ago, shortly after their wedding, the Lees moved on the farm which was then owned by an insurance company. Two years later they purchased the place and have been improving it ever since. All the buildings are now modern with running water, electricity, etc.

Archie prefers livestock raising to grain farming and last year had 35 head of Hereford cattle, some registered and averaged 75 head of Chester White hogs. Of the 120 acres, 60 were in corn last year, 18 in oats. The balance consisted of pasture and hay.

The family believes in fun as well as work and looks forward each year to a two weeks' vacation in northern Minnesota, where they spend part of their time fishing. Mrs. Lee enjoys a large flower garden each year and last year raised 400 White Rocks, which she expects to do again this year. All three of the girls are taking piano lessons and enjoy their music.

Mystery farm number 26 in this issue is again sponsored by the Alexander Hatchery, and as soon as the occupant of the farm has identified it he is invited to come into this office for a free 8x10 enlargement of the picture. The Independent also wants information about farm and family for publication the following week.

Obituary

MRS. C. J. UHLENHOPP

Julia Alpha Uhlenhopp, eldest daughter of J. T. and Emma Yon was born at El Paso, Illinois, October 18, 1897 and lived for a few years in that community before moving with the family to this vicinity where she attended and graduated from the Eagle Grove schools.

In 1924 she was united in marriage to C. J. Uhlenhopp of Kesley, Iowa, who survives along with five children, Mrs. Betty Haupt of Ames, Harold J., Mrs. Bonnie Buss, Wesley and Roger of Shell Rock. Two grandchildren her mother, Mrs. J. T. Yon of Eagle Grove and her two brothers.

At an early age she united with the Methodist church of Eagle Grove and has remained an active member of the church, Sunday School and Woman's Society of the church.

Her health began to fail several months ago and grew progressively worse until she passed away quietly at the home of her mother early Sunday morning, February 13. Her family and friends will miss her because of her devotion and the courage with which she met life's problems.

Are You A Taxpayer?

SIX POINTS YOU SHOULD REMEMBER ! !

1. This office determines values. We raise, lower and adjust to obtain equity.
2. Equity is a comparative value only.
3. When equalization is obtained, each of us will pay only our just share of the tax load—no more—no less.
4. THIS OFFICE DOES NOT DETERMINE YOUR TAX.
5. Your tax is determined by the expenditures of our taxing bodies, and their expenditures are determined by the services you and I demand of them.
6. Expenditures being equal, any increase in value, in a taxing district, will bring a corresponding increase in millage.

F. Ross Henry, Deputy County Assessor
